CHEAP BOOKS, ANNUALS, TOY BOOKS,
Fancy Goods, Stationery, &c.,
may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability;—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

GROVER & BAKER'S
Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE
GROVER & BAKER
SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The ease with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others.
ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

From the Journal.

HIGH SCHOOL EXAMINATION.—The examination of the Girls' High School, under the charge of Mr. Nichols and Miss Morgan, secured a large attendance of spectators on Wednesday. The recitations, which were fifteen minutes in length, lasting throughout the day, evinced a proper appreciation of the several subjects, especially in the higher mathematics. In the afternoon two of the young ladies read compositions of their own and their schoolmates, the style of which, we are happy to say, was of a higher class than is frequently presented on like occasions. We were particularly pleased with a poem, "Oh, what is beyond?" and a prose article entitled, "A kind word." At the close remarks were made by Rev. Mr. Hitchcock, Rev. Mr. Medbery, and by A. R. Hatch, Esq. in behalf of the Committee. Mr. H. said a proposition had been made, which it is hoped the city fathers will favor, to fit up a gymnasium in the upper story of the school house. It is but too evident that such a means of exercise is imperatively called for, and we hope the proposition will not be suffered to die out without any action. The school could not fail to gratify all who were present, and to reflect a faithful performance of duty on the part of the teachers.

The Boys' High School, under Aurin M. Payson, principal, and Lewis E. Smith, assistant, was examined on Thursday. The attendance of friends here was large through the day. We only had time to make a short visit, which left upon our mind a very favorable impression of the high standing of the school, for good discipline and accuracy of recitations. One who attended through the day remarks, that the pupils showed that they had expended no little study on their lessons; yet he could not help thinking that to recite less consistently and memoriter would be more judicious. We want to train boys to think quickly, and to use original language to convey the ideas they find in their books. In declamation the common fault of speaking too fast was apparent, though the last declamation was an excellent one. With a full appreciation of the ability and care of the teachers, he thinks there is yet room for improvement in the management of the school.

It is proposed to confer a *diploma* on all who shall hereafter complete a course of study here. Appropriate speeches were made by Mr. Hatch and by Rev. Mr. Patterson. The discipline of the school has been faultless for the last year, and no complaint has been made of misbehavior on the part of the young gentleman. This is a cheering fact.

From the N. H. Gazette.

Change of School Books.

The frequent changing of the instruction books used in our public schools is a most serious evil—we had almost said nuisance,—which requires to be abated. It has been carried on to such an extent in all the larger communities throughout New England, as to have become not only a serious burden to parents, but, we believe, a positive injury to the pupils, and may with truth be said to be the one great error of our common school system. It was felt to be such an evil in Massachusetts that legislation was undertaken, and we think adopted last year, to correct it, and a similar course will have to be pursued in other States, unless public opinion shall be brought to bear with a will for its abatement upon the superintending school committees.

S. CLEAVES & SON.
Feb 1.

SUPREME JUDICIAL COURT, AT EXETER.
NESMITH, J. presiding.

Since our last report the following actions have been tried:

123. Andrew Simpson v. Theophilus M. White. This action was commenced against the defendant as second endorser of a note drawn by one Daniel S. Watson, payable to the order of Montgomery & Co. at Merchants' Bank, Boston; endorsed by them to defendant, and by defendant in like manner endorsed to plaintiff. The plaintiff offered in evidence the note, together with the certificate of a Notary Public of Boston, as evidence of demand and non-payment of the note, and as evidence of due notice to the defendant endorser, who resided in South Deerfield, N. H. The defendant contended that the notice was not sufficient in form and substance to charge the defendant as endorser. The Court directed a verdict for the plaintiff upon the testimony, subject to the opinion of the Supreme Court. Wood for plaintiff, Emery and Collins for defendant.

132. John Conner and al. v. N. E. Steam and Gas Pipe Co. This action was brought to recover of the defendants the balance of an account for coal and iron freighted from Portsmouth to Exeter. The cause had been heard before an Auditor, who reported a balance of $35.47 due the plaintiffs. Upon this report the plaintiffs elected to try the case by the jury. The defendants tendered to the plaintiffs the sum of $40.25, being the amount found due by the Auditor, and interest.—The jury upon trial awarded the plaintiffs the sum of $153.30 over and above the amount paid into court, by defendants—being the full amount of plaintiff's claim. C. H. Bell for plaintiffs, Hatch for defendants.

166. Nathan Jones, app't. vs. Joseph M. Tucker, Edwin R. Locke. This action was brought to recover damages to the amount of $150 for injuries done to plaintiff's horse, by defendants, their bailees and servants, by hard driving, ill treating, overloading, negligence and want of proper care. The evidence was very conflicting. The horse was driven from Portsmouth to Rye Beach and back Aug. 23, 1856. It was proved that the horse was sick when let by the plaintiff to the defendants.—Defendant's bailees drove the animal about eight miles an hour, two in a carriage and took proper care of the same. The plaintiff introduced evidence to prove that the horse was neglected on returning to the stable of defendants, and maintained that in consequence of that neglect the animal became foundered and worthless. The jury returned a verdict for plaintiff, awarding 103.25 damages. Defendants moved to set aside the verdict and for a new trial, for several reasons which are submitted to the court. Hatch & Webster for plaintiffs, Bell & Towle for defendants.

179. Town of Chester v. Town of Plaistow.—This action was brought to recover of the Town of Plaistow the sum of $53.25, expended by the town of Chester for the support and maintenance of Philip Flanders and Hannah Flanders his wife, who were poor and unable to support themselves. The case is now on trial, and will be the last action for the jury at this term.—*Ballot.*

From the Journal.

On entering upon the discharge of his duties, Mayor Reding made liberal professions, declaring that he should act only for the public welfare, and in the nomination of city officers would insist only upon the selection of good and competent men, without regard to their political sentiments. Some of the members of the City Council being desirous of meeting these liberal professions in a liberal spirit, the Republican majority reelected the veteran City Clerk to make the Mayor's duties less arduous, and reelected the democratic Messenger to the City Council; while the Common Council, three-quarters of which are Republicans, elected a democrat Clerk. This done, the Mayor claimed such pro portion of the offices for his party as would give the Democratic officers of the city *two* dollars to every *one* the Republicans should receive. The board of Aldermen, also three-fourths Republican, offered such a lien as would about equalize the salaries between the two parties.

The nominations of the Aldermen were all rejected by the Mayor, without the least pretence that the nominees are not good and competent men—but merely on political grounds. The Aldermen then nominated and elected a whole Republican board—which the Mayor would not accept, and thus nullified their proceedings. The Mayor now claims, that as January has passed, no election can take place, and therefore the democratic officers of last year will hold their places during the present year. This construction of the charter is not correct—for the plain intent of the amendment was to require the organization to take place three months earlier than required by the origina charter—which says that the election shall take place in the month of April, or as *soon thereafter as may be.* The election has in some years, under this limit, taken place in May or June.

By virtue of his office, the Mayor is *ex officio* chairman of the Board of Overseers, and presides at their meetings. The City Charter gives to the Overseers of the Poor the election of the Superintendent of the City Farm and Almshouse. The Overseers (composed of one member from each ward) at a late meeting, elected by a vote of two to one, a Superintendent for that office, when the Mayor insisted upon his right to vote and did so against the majority, thus making a tie and defeating a choice. We do not know whether the new nominee was any better fitted for the office than the old incumbent, that is not now for discussion—but it is a stretch of power, even over the almost supreme authority the charter gives him as Mayor, to vote to *make a tie.* As Mayor he has no such authority, and no precedent can be shown that any more power has been claimed in presiding over the board of overseers, than in the Mayor's chair.

THE DOORKEEPER.—Mr. George W. Marston, who was the successful candidate for Doorkeeper of the House of Representatives, is a native of Sandown, New Hampshire. About a dozen years since he removed to Portsmouth, was a clerk in a grocery store, and failed in making an effort to trade for himself. He procured means enough to travel to Washington after Pierce's election—laid his claims as a good democrat before the President, and was put into a clerkship in the Treasury Department with a salary of $1200 a year. In due time, sharing the fate of many of Pierce's friends, Buchanan gave his place to one of his own friends. This of course made him an anti-administration man, and being of a courteous disposition and good manners, he has succeeded in obtaining the honorable position and emoluments of Doorkeeper.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Tetter in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, whether Chronic or Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for those complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simon Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a child from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of my wife withregard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, are a sovereign remedy. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try it. Rev. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. GONOON.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together.
THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and *can say,* in all confidence and truth, of its effects, that we have never HAS IT EVER FAILED IN A SINGLE INSTANCE, of any of our patrons, who have used it, but on the contrary, all who have used it, are unanimous in their testimony, and speak in terms of highest commendation of its operation, by one who is a practical nurse and female, and this matter, *what we speak of we know as we speak and write, and pledge our experience, and pledge our judgment of what we have here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be given in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST SKILLFUL NURSES EXPERIENCED and has been used with in New England and THOUSANDS OF CASES. It not only relieves the child from pain, but invigorates the stomach, corrects acidity, and gives tone to the entire system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe this remedy is the best and surest remedy in all cases of DYSENTERY AND DIARRHEA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own pieces of others,* stand between your suffering child and the relief that is ABSOLUTELY SURE in this medicine, if timely for using will accompany the use of Dr. Comstock's MUNN'S ANODYNE SOOTHING SYRUP. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York. *Price only 25 cents per bottle.*

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and B. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who has profited from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up in over-every-one's companions of it with any other article for infantile complaints will show: the very roots from which it is distilled being dug from the place under the direction of Dr. Eaton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the cases of disease, which is the cause of merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING, such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a pleasant preparation, it can be given on convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs no much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result of the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within the months subsequent to introduction, over 2000 consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Difficulty of Breathing, Palpitation of the Heart, Loss of Appetite, or Pain in the Side,* I lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility,* or your sleep is broken and disturbed, if your Spirits are depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *tea drops* in a teaspoon, and increasing to any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the more incurable cases of *Dyspepsia,* the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Complaints or Weaknesses,* the sufferer, after trying other remedies in vain, may rest assured, that a cure will result from the use of *two or three bottles.* The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofula, and in the complaint of *Pale and emaciated children and adults* are immediately benefitted by its use. It gives strength to the body, and a healthy beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists. No. 35 Maiden Lane, New York.

LOTTERIES.

THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, are under the Management appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after such order comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to
WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

jy11 No. 47 Congress St., Portsmouth, N. H.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under date of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting Ten Dollars. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents by ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to secure a patent, with the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.
"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1860. **R. H. EDDY.**

All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of articles lost, &c.,—to be cash or its equivalent.
And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.
For Notices in editorial columns 10 cts. per line, each insertion. "Special Notices," 8 cts. per line, each insertion; per Square, double the rates of other advertising.
As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS.
The Chronicle Office is open from 4 o'clock in the morning till 9 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed—and will be inserted next morning if necessary or desired.
All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.
In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle, and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.
We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be put inside the house door; or if necessarily left out, not left to be rung.
If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.
We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

Morning Chronicle.

SOUTH CAROLINA.—By the Constitution of South Carolina, the qualification of eligibility to the Legislature and to Congress is a large amount of property—either a freehold of five hundred acres of land and ten negroes, or of other real estate. To be eligible to the State Senate, a larger amount of property is necessary. The House consists of 124 members, chosen for two years; the Senate 37 members, chosen for four years. The Governor and Lieut. Governor for two years, and each must own not less than 1500 pounds sterling, or $7500 clear of debt.

All voters must be twenty-one years old, have resided in the State two years, have fifty acres of land or a town lot, or pay three shillings sterling of tax. This gives the whole government power to the landed aristocracy. The apportionment for representation made sixty years ago still continues, which, in reference to the white population, gives the Legislature to a small minority.

This is the State (says the Boston Journal) from which we hear such loud complaints and threatenings against the general government. The truth is, the popular masses of South Carolina are infinitely more oppressed by their own State government than by the general government.

TENEMENT HOUSES.—The coroner's jury, in the case of the persons burnt on Thursday in a tenement house in New York, have given their verdict, which is just and impressive. They say that the building was constructed without regard to the safety of its occupants in case of fire, having no means of escape after egress by the main entrance had been cut off, as it was higher by two stories than the buildings which adjoined it, thus preventing escape by the roof. Mr. Edmund Waring, the owner, responsible, to a great extent, for the loss of life, as it was his duty to have made provision for a contingency not at all unlikely to occur in a building so overcrowded. They call the attention of the Legislature to the number of buildings in New York construction similar plans, and recommend the enactment of a law requiring the owners of tenement buildings to place iron stairways, or some other approved means of egress, on the outside, and that their height be limited to five stories.

☞ On Friday, in Brooklyn, N. Y., the largest school-house in the place was destroyed by fire, in consequence of the gale tearing off the roof and upsetting a stove.—Loss $27,000.

THE TWO GOOD TIMES.—In the most calamitous circumstance, there are two 'good times' always present to the consciousness of Humanity—'the good old times' and 'the good time coming.'

☞ Two-thirds of the suicides committed in the United States during the past year, have directly or indirectly been occasioned by the use of intoxicating beverages.

Closing out a large Stock of Clothing.

The undersigned, previous to laying in his SPRING STOCK, is selling off his ENTIRE STOCK of **Overcoats, Heavy Pants, Vestings, &c.,** at REDUCED PRICES FOR CASH, in order to be able to buy his new Stock entirely for Cash, thus giving his customers the advantage of buying their Clothes cheaper at his Store than in any other similar establishment.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS PERRY, JR.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously catered by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children.

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous;—their persons are invaded by this parking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is compiled from the most active vegetables that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Disease it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, ERYSIPELAS, ANTHONY'S FIRE, INFLAMMATIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND DISMEMBERED, ENVENOMED, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating property to search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so efficacious and safe.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous disorders which have long seemed to defy all skill, and have been pronounced incurable, are now conceded to be within the control of these pills. Some of the most astonishing cures have been effected by them, of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral

FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, there we no longer hesitate when we anticipate to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior preparations thru-t upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec30 6m d&w

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, FEB. 14, 1860.

THE MAILS AND POSTAGE.—In Washington at this time there is a company of gentlemen who are about to make a proposition to Congress to carry the entire inland mails of the United States, provided the franking privilege is abolished, for the revenue therefrom; the company is abundantly able to perform the work. Should the franking privilege be abolished this session, there are a number of members who have resolutions already prepared, abolishing the whole Post-Office system, and allowing the mails to be carried by private enterprise, or in the same manner that express matter is now carried.

While the democratic party held the power and expected to keep it, in Congress, at the White House, and in the post-offices throughout the country, there did not seem much zeal on their part to abolish franking, or to diminish the patronage or power of that department. But now that some of their power is gone, and the rest of it seems likely to go out of their hands, there is considerable zeal in that direction. This, however is a small matter.

But the merits of the Post Office question itself, carry it into the region of importance. There never should have been any franking—and Government monopoly of postage is wholly unconstitutional and oppressive.

Ben. Franklin, Isaac Hill, and Peter Green knew how to manage mails and post-offices vastly better than any Congress ever did: and they knew more about the matter than all our P. M. G.s put together except John McLean and Amos Kendall.

The general government however, has the post-office in its own hands now;—and if it will abolish franking, make post-masters elective by the people, and keep postage low enough,—it can be kept in order, made to pay, and rendered useful beyond any precedent.

If they *raise* the postage, they will throw the *best* of the business into private hands; if they keep the appointing power where it is, every change of office at the White House will change thousands of postmasters and of course make more or less confusion.

Our post-office system is unreasonably behind the English in responsibility, exactness, and reliableness. For this there is no good reason.

We hope, therefore, that Congress will first pay up the old score of the Post Office, and then reform the abuses, one by one, till all is right.

☞ Since the revival of manufacturing industry, in the last year, several projects for new mills have been started, and some of them consummated or in a fair way of success. Last week, a new mill was erected at Springfield, one of the largest and handsomest structures in New England, owned by J. C. Howe and others of Boston. In Lawrence the Everett Mill stock, which includes the Lawrence machine shop, the building for the factory, has been taken by the York Mills Company of Saco, which has come forward with some $600,000 to equip and put the mill in operation. The site of the Pemberton Mill will be sold at auction shortly, and probably a new mill be erected there this year. In Manchester, N. H., the Blodget paper mill has been sold to the Amoskeag company, and will be converted int a cotton mill this season. In Lewiston, Me., the Franklin company have determined to erect a very large mill, probably the largest in New England. This, with the re-building of the Suncook Mills, at Pembroke, N. H., comprises all the operations of importance that we have seen announced.

NEW YORK INEBRIATE ASYLUM.—At the annual meeting of this institution it was stated that upwards of three thousand applications have been made to enter the Asylum, many of which are from the patients themselves. These applications have been received from every State in the Union, and from the Canadas. The venerable Dr. John W. Francis stated at the meeting that he regarded the Inebriate Asylum as one of the most important institutions ever projected in the United States.

☞ In a recent lecture, the Rev. Henry Ward Beecher gave an account of his first year in the ministry, the first flock which he gathered consisting of only nineteen poor women! He was then not only the pastor, but the sexton of the church, filling and lighting the lamps, which he was compelled to buy himself, kindling the fires and sweeping out the church.

THE HANDSOME THING.—The Transcript states that the family of an opulent citizen of Boston, recently deceased, have presented the pastor and physician of their honored parent a thousand dollars each, as tokens of respect.

☞ The Ship Canal across Cape Cod is pronounced a visionary scheme by the Barnstable Patriot.

NEW PUBLICATIONS.

ANNUAL OF SCIENTIFIC DISCOVERY: or Year-Book of Facts in Science and Art for 1860.—Boston, Gould & Lincoln, publishers.

This is a volume of 480 pages, just published. It exhibits the most important Discoveries and Improvements in mechanics, useful arts, natural philosophy, chemistry, astronomy, geology, zoology, botany, mineralogy, geography, antiquities, &c.—It is edited by David A. Wells, A. M.

When we took our first look inside this new book, observing its large pages, crowded with small type, and reading the words "Scientific Discovery," our exclamation, natural and involuntary, was, "This must be a useful book to many people, but we shall probably not read it much."

The first part of our remark is no doubt correct; but the rest of it is already contradicted on the highest authority.

We have read articles on the Floating Boom Derrick, on London Draiage, the Uniform Pitch in Music, the Steam Iron Ram, Vulnerability of Iron Plates, etc.—every one of which we found interesting.—And we see the titles of forty more articles, which will richly repay any reader who wishes to be informed of the world's progress in things common or uncommon.

The book is furnished with a good index for reference, so that each reader can find what he seeks, with great facility. And it is written in popular style, as free from technical terms as such a work can be.

CASSELL'S ILLUSTRATED FAMILY BIBLE. Part 1, has just been received at the Chronicle office per mail, with request to *please exchange*.—As this pictorial bible is a serial, published twice a month, we can exchange; and tho' we can hardly see how our Daily or Weekly Chronicle can aid the *editors* of such a book, yet as the *publishers*, Cassell, Petten & Galpin, New York, are also publishers in London, of other cheap and valuable works, no doubt the exchange may be useful on both sides.

The Family Bible, of which we have part 1, will no doubt prove a popular saleable book in the market, especially as a serial.—It is to be completed in about 30 parts, or numbers, at 15 cts. each, delivered twice a month. The New York Observer says of it:

This edition of the Bible has attained an enormous circulation in England. It is a magnificent copy of the Holy Scriptures, illustrated with engravings. These pictures are large, often covering an entire page, and so numerous that one meets the eye on nearly every leaf. The text is a accompanied by a running Commentary at the foot of the page, like the *Cottage Bible*, and we are assured that the comments are prepared by *Evangelical* scholars, and are free from sectarianism.

This bible is sold wholesale by Dexter & Co., and Ross & Toucey, New York,—and by publishers and book agents generally.—This No. 1 contains 32 engravings.

☞ A very intelligent and attractive young lady, named Clara Fisher, was sentenced at Buffalo, last Friday, to four years and six months' imprisonment at Sing Sing, for larceny at a dry goods store, committed while pretending to purchase. This is a sad episode in the life of one who, the Commercial affirms, might have filled a different position in society.

A Virginia lyceum has revoked an invitation given to Bayard Taylor to lecture before them, on the ground that he has been connected with the New York Tribune, and that he defended the religious character of Humboldt. Mr. Taylor, in the course of a pungent reply, says:—"Nowhere, in any of the lands or races most bitterly hostile to republicanism and christanity, have I ever been subjected to a narrower or more insulting censorship."

The New London Star recently published the news that Neal Dow had fallen from Temperance. Mr. Dow having written that paper to vindicate "the facts of history," the editor rubs his eyes, and comes to the conclusion that the mistake grew out of the published fall of Mr. Dow *from a beam in his tannery!* Perhaps in New London, tannery and temperence are thought to be synonymous terms.—*Portland Transcript.*

☞ The item, alleging that a Mr. Baker, a young organist, had been "driven out of Augusta by a pro-slavery mob," is entirely destroyed by the Utica Observer, which has Baker's own authority for saying that he left Augusta voluntarily, and without coercion.

☞ Mr. Knowlton, ex-member of Congress from Maine, has been appointed by door-keeper Marston, superintendent of the House folding-room, with a salary of $1800.

Plain men think handsome women want passion, and plain women think young men want politeness; dull writers think all readers devoid of taste, and dull readers think witty writers devoid of brilliancy.

☞ A New Orleans dispatch says that fifty wealthy free colored agriculturalists, from the interior of Louisiana, are preparing to depart for Hayti.

Aaron Burr used to say, never do to-day what you can put off until to-morrow, as something might occur to cause regret for premature action.

The most sensible people are generally the least sensitive.

☞ From Washington, as usual after Sunday, we get quite a batch of items.

Mr. Memminger, having waited several weeks in vain for a response from the Virginia Legislature to the proposition of South Carolina, has left Richmond for Charleston. So his mission turns out to be a fizzle, and Virginia don't find it convenient to secede nor even to make a coalition.

Benj. Perley Poore (the Perley of the Boston Journal) has been appointed clerk to the House Committee on Foreign Affairs, of which Tom Corwin is chairman.—As Tom is the Wagon Boy, and Ben was the Wheelbarrow Man, the appointment is quite appropriate.

The N. Y. Herald's correspondent says:

The Republican Congressional Committee, at their first meeting last night, voted unanimously to decline the offer of Mr. Defrees, to pay them one-half of the net proceeds of the House printing.

The House Committee on Printing have awarded the contract for binding to George W. Alexander, of Westchester county, N. Y., and H. D. Cook, of the Ohio State Journal. The work will be executed in Washington, a thing never done before.

The Democratic Senatorial caucus met again this morning, and were in session upwards of four hours. The subject of the last caucus was resumed, which was to harmonize the various resolutions now under discussion in the Senate, in regard to slavery in the Territories, with a view to presenting some general platform which will meet the conflicting views of all the Democratic Senators.

I learn that about half the Senators are opposed to adopting any resolutions whatever; the other portion expressed themselves favorable to those presented by Senator Davis. Senator Brown's resolution, asking legislation by Congress to protect slavery in the Territories, found no advocates. Senator Brown moved, finally, that a committee of five be appointed, to whom all the resolutions be referred, with power, if deemed expedient, to report a substitute for the present resolutions. Senator Douglas was present and took part in the debate.

☞ The U. S. Senate was not in session, Saturday, Feb. 11.

In the House, Mr. Sherman, from the Committee of Ways and Means, reported back the post office appropriation bill, whereupon the House resolved into a Committee of the Whole on the state of the Union on the subject, Mr. Grow occupying the chair.

Mr. Sherman said the Senate amendment providing for the printing of the post office blanks by contract was one which ought to be adopted in an independent law, and all the members of the Committee of Ways and Means were in favor of such legislation, but they were opposed to its incorporation in an appropriation bill to carry out an existing law.

The debate was continued on the propriety of abolishing the franking privilege and relative to giving the Post Office blanks to the lowest bidder, when the Committee rose. No definite action on the bill was taken.

NEW YORK, Feb. 11.—(Tribune Washington corr.)—A personal difficulty happened after the adjournment of the House. As Mr. Hickman was returning home thro' the Capitol grounds, he was overtaken by Mr. Edmundson of Va., who, upon approaching him, called out and drew his hand to strike. Mr. Clingman, who was accidentally passing, hastened up and seized his arm, when Mr. Edmundson struck at Hickman with his left hand, knocking off his hat, but doing him no injury. The whole affair was instantaneous, and seemed to surprise Mr. Hickman. Mr. Breckinridge, who came up, took him away, and the scene was ended. The alleged provocation for this attack was an insulting reflection upon Virginia, contained in a recent speech of Mr. Hickman's, in which he charged that seventeen men and a cow had frightened the State.

☞ "The States and Union" thus alludes to one of the officers of Congress—the late postmaster:—

"We avail ourselves of the occasion to testify our appreciation of the character of an official dismissed for his devotion to Democracy, and his unwavering hostility to the doctrines of Abolitionism.

William I. Tours, a N. Y. Custom House night watchman, was found murdered on his beat on Saturday morning, and as he was not robbed he is supposed to have been killed by subordinate officers whom he had repremanded for neglect of duty.—*Boston Post.*

☞ Some of the friends of Senator Pearce of Maryland, are using efforts to present his name as a candidate for the Presidency at Charleston.

Hazlitt remarks in his Essay on Thought and Action:—"The great requisite for the prosperous management of ordinary business, is the want of imagination, or of any ideas but those of custom and interest on the narrowest scale."

☞ In England, it is said, our common mullen is cultivated in pots, as a choice plant, under the name of the "American Velvet Plant."

The best way to put an end to vulgarity (and consequently vice) of every kind, is to diffuse Luxury, and to make the cultivation of the fine arts, in all their branches, take rank among the noblest objects of human ambition.—*Saturday Press.*

DIRTY HANDS.—Lamb once said to a brother whist player, Martin Burney, whose hands were none of the cleanest, "Martin, if dirt was trumps, what a hand you would have."

They who are ever peering into, forecasting and crowding on towards the future, are rash and visionary. Their inventions are humbugs, their schemes are impracticable.

MARRIED.

In this city, Feb. 13th, by Rev. A. J. Patterson, Mr. HIRAM L. FREEMAN, of Portland, Me., to Miss HELEN M. CHASE, of this city.

DIED.

At Jamaica Plains, Mass., Feb. 12, Mrs. GEORGETTE B. ROBINSON, aged 23 years, wife of Mr. Horace E. Robinson, and only daughter of Capt. George T. Ball, of Greenland.

G. V. ROWE,
feb6 JOHN STOKELL.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results.

W. B. LINCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c.

H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNSVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan F. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. F. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

In Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

C. C. WHITTEMORE.

NEW HAMS.

500 lbs. New BOSTON HAMS, for sale by LAFAYETTE LAIGHTON.

Local.

☞ A paper in this State names Manchester, Concord, Dover, Portsmouth and Nashua—and says, "more liquor is sold in *all* these places now, to-day, than ever before, and poorer liquor."

We can believe that the liquors now sold are not only poor, but positively poisonous; for drinkers, sellers and doctors *tell us so.*—And besides we see their havoc every day. But in regard to Portsmouth, it is certainly *not true* that more liquor is sold here than *ever* before, as we have good reason to know.

From 1810 to 1815, when Portsmouth had about 7500 inhabitants, the liquor shops, stores and taverns were 240.

About the year 1825, there were 200 such places.

In 1860, with about 10,000 inhabitants, we have 62 such places—though, to be equal to 1815, we should have 320.

Eight or ten of the present places sell a great deal of liquor; and from 1810 to 1815 there were eight or ten as large in their sales.

There is just about as much distilled spirit sold here now, as there has been for the last three years; and a much larger amount of *beer* than formerly, as there are three breweries here.

Drunkards abound, as they ussually have done; and a large class of drinkers besides are destroying their comfort, health and usefulness.

The same paper says:

The Maine law inaugurated the era of poor liquor; at first it made the selling so hazardous that venders set their wits to work in adulterating, and the country is dotted over with cheap liquor shops.

If the writer means to say that the adulteration and poisoning of liquors *began since* the Maine law passed—we have only to say it is a great error. Bogus liquors, and wines that never saw a grape, were made and mixed in Portsmauth, 25 or 30 years ago; and elsewhere also. That these practices have *increased*, of late, we suppose there is no doubt. But most of the bad liquors are made and sold where *that law* has never been.

As to the cheap liquor shops dotted over the country, they are a nuisance, and nothing else. But we have no more of them in Portsmouth now, than we had six years ago, and only a quarter part as many as we had 45 years ago.

And in the towns round about Portsmouth, equal in the aggregate to 10,000 more people, where there is *one* cheap liquor shop now, there were *ten*, 30 or 40 years since.

CHARITABLE.—We understand that a concert of sacred music is to be given in the Stone Church, in a short time, in aid of the City Mission, the funds of which are exhausted, at a time when the calls for its aid are loud and frequent. Mr. Preston has taken hold of the matter, by request of the friends of the Mission and the poor; and a large chorus of singers, from the various choirs in town, have the programme in rehearsal.

FIREMEN'S BALL.—The firemen and their friends are to have a grand Ball at the new Irving Hall, in Market Street, to-morrow evening. Everything will be done up in good style, of course—it always is by the Sixes.

WASHINGTON'S BIRTH-DAY, Feb. 22, is to be observed in this city as a semi-holiday. Bells are to be rung, and salutes fired; and it will be seen that there is to be a Ball on the evening of next Wednesday, Washington's Birthday, some particulars of which may be seen in Mr. Lamprey's advertisement.

MUSICAL.—By an advertisement it will be seen that a competent Band, sufficiently powerful for an in-door concert, is to perform at the Temple next week—and announce a capital programme.

☞ All persons who wish to learn more of their own past lives than they know themselves, and to learn all of their future life that she can tell them, will call on Madame Dubois, at the City Hotel.

INSTALLATION AT BROOKLINE.—Rev. William Lamson, D.D., late of Portsmouth, was publicly installed Aastor of the Baptist church in Brookline, Sunday even., Jan.29. Rev. Dr. Stowe preached the sermon.—Brethren Stearns of Newton, Mason of Cambridgeport and Anderson of Roxbury also took part in the installation services. The occasion was one of deep interest.

☞ The alarm of fire on Monday evening, was false—as usual.

Queen Victoria and the Empress Eugenie are lavish in their patronage of ear-rings.

A man's religion is not a thing all made in Heaven, and then let down into him. It is his own conduct and life.

To succeed, you must keep moving; to grow rich, you must keep saving.

To be worthy of a an office now-a-days, one must be entirely unworthy of anything else.—*Ex.*

Man's life is long or short, not according to his years, but according to what he does.

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

WHICH ARE WARRANTED FOR FIVE YEARS.

Having had an extensive experience of 25 years in the business, and having at present the most complete facilities for turning out twenty Pianos per week, they feel confident in guaranteeing perfect satisfaction to all patrons.

As an evidence of the superiority of their Pianos,—this house has received the awards of thirty-two Premiums, with Medals of gold, silver and bronze; nine of which were first Premiums, for the best Grands and Parlor Grands, over all competitors.

There are many instruments in Portsmouth, from this manufactory—to the owners of any of which, we would respectfully refer.

A splendid 7-octave Piano from the above celebrated makers, may be seen at the Temple; and any information given, or instruments furnished at the manufacturers' prices, on application to

FRANK W. MILLER.

Portsmouth, Dec. 20, 1859.

Fousel's Pabulum Vitæ.

☞ THE GREAT FRENCH REMEDY possess extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASE.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease both from its innocent nature and most astonishing curative properties; *it being the only remedy known that will arrest the development of Tubercles in the Lungs or restore the vital functions of the pulmonary organs to their normal condition.* Its invaluable properties have been obtained for it the highest recommendation and praise from some of the most eminent physicians and chemists in the country; while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. J. A. HAYES, in reference to th unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium, or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration.

J. A. HAYES, M. D., State Assayer.

16 Boylston St, Boston, Dec. 1857.

In the Boston Transcript of December 11, 1858, the editor says:

"We have seen a letter from an eminent physician of this city, in which he says—'I have used *Fousel's Pabulum Vitæ* in several cases of Bronchial disease, and in some with great benefit. I know of no remedy equal to it for children, where a minute dose is essential; or for adults of irritable stomachs, or having a tendency to reject ordinary medicines given for coughs, etc. I shall continue to use it in my practice.'"

Testimonial from the Sisters of Charity, of the St. Vincent's Orphan Asylum, in Boston.

BOSTON, July 31, 1858.

To Mr. F. LAFORME, Agent:

"The Sisters are happy to state that, having used *Fousel's Pabulum Vitæ*, they have found it efficacious in several instances, for bad coughs and colds. Signed by the SISTERS OF CHARITY.

Testimonial from a well-known Apothecary's Clerk.

BOSTON, March 10, 1859.

J. F. LAFORME, Esq.:

Dear Sir—I had been suffering for a considerable length of time from a severe cough, and had in vain had recourse to nearly all the cures in use. My cough began to give me much uneasiness from its serious effects on my system, when three days' use of *Fousel's Pabulum Vitæ* restored me to complete health. The medicine being new in this market, I had recourse to it last; but I can now confidently recommend it as the best medicine I know of. Yours, truly,

CHAS. H. FOSTER.

At Fred Brown's, Washington, corner State St.

In the Boston Post, Sept. 24, 1858, the editor says:

"An extraordinary cure of Consumption has recently come to our knowledge, effected through the instrumentality of *Fousel's Pabulum Vitæ*; the evidence of which is in the handwriting of the subject, Mr. Wm. F. Brigham, No. 130 Albany st., in this city. It seems that for eighteen months he had been exhibiting all the usual symptoms of Consumption, and that after having had recourse to the skill of various physicians, without benefit, he had to abandon his business and be confined to his house. Hearing of *Fousel's Pabulum Vitæ*, and of several remarkable cures effected by it, in cases as desperate as his own, he concluded to try it as a forlorn hope. The result has been most happy—he has now entirely recovered, and is engaged in his usual pursuits. It is such well authenticated cases as this that we take pleasure in laying before our readers, since, by so doing, many valuable lives may be saved, and much good effected.

It is sold at the low price of 50 cents, and $1 00 per bottle, thus placing it within the reach of all classes. F. J. LAFORME, sole Agent, Boston. M. S. BURR & CO., General Agents, No. 26 Tremont street, Museum Building, Boston, and for sale by all druggists. Circulars with testimonials of its efficacy can be had of the Agents nov7ly

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.

That it makes a more *elastic* seam, which will stand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever dis covered for all Diseases of the

CHEST AND LUNGS, such as COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Sent to any address, give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S

PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of turning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

E. A. STEVENS,

No. 46 MARKET STREET.

Morning Chronicle.

LIQUOR IN DETROIT.—The Detroit Tribune states that Dr. L. G. Miller, inspector of liquors in that city, has published an account of his transactions under the law passed by the last Legislature "to prevent the adulteration of alcoholic liquors, and to punish all persons who shall sell or offer to sell adulterated liquors and other beverages." Dr. Miller says that he has found very little pure liquor, "after a complete and thorough chemical analysis," whatever that may mean. Of three hundred and eighty-two samples of whiskey inspected, he found but two pure. He found no pure French brandy. In one hundred and sixty-four samples of gin, he found twenty-nine pure. In thirty-two samples of Jamaica rum, he found but nine pure, and so on.

WESLEY AND HIS COMPANION.—He could be noble in his reproofs as in all things. Joseph Bradford was many years his traveling companion, and considered no assistance to him too servile, but was subject to changes of temper. Wesley directed him to carry a package of letters to the post; Bradford wished to hear his sermon first. Wesley was urgent and insisted;—Bradford refused. "Then," said Wesley, "you and I must part." "Very good, sir," replied Bradford. They slept over it. On rising the next morning Wesley accosted his old friend, and asked if he had considered what he had said, that "They must part?" "Yes, sir," replied Bradford.—"And must we part?" inquired Wesley.—"Please yourself sir," was the reply. "Will you ask my pardon?" rejoined Wesley.—"No sir." "You won't?" "No sir,"—"Then I will ask yours!" replied the great man. Bradford melted under the example, and wept like a child.—*History of Meth.*

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN. Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and Women of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Nov. 20, 1858.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I would not give my name, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling of arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.

BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Sizmastun, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir:—Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever, at least from my experience. Believe it all! Yours truly,

WM. H. KENEDY.

P. S.—You can publish the above if you please.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for $1 per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3 a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Pauacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaints, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough in my family. I know of others who have a visit from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 5, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy.. I have found nothing that gives relief so quick. I let every suffering person try a phial and try it. REV. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together.

THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say of it, what we have of any other medicine, FAILED IN ONE INSTANCE TO EFFECT A CURE, or did we know an action by any one who to the contrary, all are delighted to speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter, *that we speak our experience, and pledge our reputation for the fulfilment of what we here declare.* In almost every instance where a child is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone to the entire system. It will almost STOP THE GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest remedy in all cases of DYSENTERY AND DIARRHŒA, IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your prejudices of others,* stand between your suffering child and the relief that is ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None can be sure of CURING A CHILD unless they use the article. *Mind and guide,* and be sure to see that the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York. *Price only 25 cents per bottle.*

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and B. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently will relieve by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show: the very roots from which it is distilled being dug from the earth under the direction of Dr. Eaton, many of them by his own hands. Fourthly—It is perfectly harmless and cannot injure the most delicate infant, while a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; but if comments be needed, it would be the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort discovered the idea of ANALYZING THE BLOOD, and applying the subject of phisiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the introduction of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months, from the commencement of this use, consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Cough, Difficulty of Breathing, Pain in the Breast, Loss of Appetite, or Pain in the Side,* lose no time in procuring a bottle of the "BLOOD FOOD." It has no unpleasant tastes or smells, and your sleep is broken and disturbed, if your Spirits are depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *ten drops.* If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will cure to bring it healthy, and to be lively and healthful action. In the most inveterate cases of *Dyspepsia,* the patient can here find the most efficient and speedy relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Complaints or Weaknesses,* the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles.* The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofula, and other kindred complaints. *Pale and emaciated children and adults* are immediately benefitted by its use. It gives strength to the body, and color and beauty to the skin. Thousands of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 36 Maiden Lane, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia; and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as those who reside in Boston. Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $250,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.

Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under date of 1837.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting one Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials now given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE GREAT TEST OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe; and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of unpublished official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents issued in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, or the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more likely to secure their application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on twenty rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. **R. H. EDDY.**

Half Column, in Daily, per year,		$80.
" " "	six months,	50.
" " "	three months,	30.

Business Cards, of not more than half a square, $6 per year.

All bills settled quarterly or semi-annually.

All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of articles lost, &c.,—to be charged extra.

And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.

For Notices in editorial columns 10 cts. per line, each insertion. "Special Notices," 6 cts. per line, each insertion; per Square, double the rates of other advertising.

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and throughout the State.

NOTICE TO ADVERTISERS,

The Chronicle Office is open from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., only authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed—and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle, and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be put inside the house door; or if necessary, left out, but to be rung.

If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil—but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure papers, we will not consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

JOB AND CARD PRINTING

PROMPTLY EXECUTED

At the Portsmouth Chronicle Office.

Anything from good sized Posters, Bill Heads, Circulars, &c., to the smallest Label

Our facilities for Card Printing are excellent.—Business Cards, Wedding or Visiting Cards, furnished and PRINTED or ENGRAVED, in the best manner, at the shortest notice. Envelopes furnished and stamped if desired.

☞ **S. R. Niles,** (successor to V. B. Palmer) Newspaper Advertising Agent, No. 1, Scollay's Building, Court Street, Boston, is authorized to receive advertisements for this paper, at the same rates as required by us.

S. M. Pettengill & Co., 119 Nassau st., New York, and 10 State st., Boston, are authorized to contract for us at our LOWEST RATES.

Morning Chronicle.

GATHERING OF THE OLD WHIPS.

One evening recently, were gathered together in Springfield, Ms., about two hundred and fifty old stage proprietors, agents, and drivers, from various parts of New England, by an invitation previously extended. A humorous correspondent of the Boston Saturday Evening Gazette gives a capital report of the proceedings, from which we extract a paragraph as a specimen:—

Prominent among the veterans present was Genery Twitchell, President of the Boston and Worcester Railroad. Nature, in her original plan of his creation, probably intended to make a horse of Genery, but after getting together the requisite amount of strength and speed, concluded to dispense with the extra legs, and other superfluities, and alter the shape of the head, because more liberal of brain, and proceeded to make a man of him. The "vis transporto" is native to him. It is not positively known that he was born in a manger, but it is certain that he began to drive very soon after abandoning a purely lacteal diet, and has been a "driver" from that day to this.

Among other numerous good things said and done at this festival, were the following readable rhymes on

THE OLD STAGE COACH.

Oh the days are gone! when the merry horn
Awakened the echoes of smiling morn;
As—breaking the slumber of village street,
The loaning "leaders" galloping feet,
Told of the rattling, swift approach—
Of the well-appointed—"Old Stage Coach!"

When "Jehu"—at the Tavern door—
With a "Whoa, Ho!" stopped the smoking four;
And, to waiting hostler threw the reins,
While the landlord counted expected gains—
From the "mugs" and "bottles" he soon would broach
For the thirsty ones—in the—"Old Stage Coach!"

And the twelve outside, and the nine within,
Eagerly bent on—breakfasting,
Thinking of "fried," or "boiled," or "roast," or "toast,"
Cracked hungry jokes upon "Mine Host,"
About flesh, and fish,—whether perch' or roach?
In those jocund days, of the "Old Stage Coach!"

Those jovial days! when knights of the whip—
Cracked their jests, as they drank their flip,
Heedless of perils which do environ—
The draughts that are brewed with a heated iron,
And Reformers were few, who cared to reproach
The jolly crew of the "Old Stage Coach!"

Ah! those were the days! when the driver's seat
Was with all the glory of thrones—replete.
When the men all envied the Driver; and maids?
What wouldn't they do for him?—the jades!—
Who on manor forbidden would poach
When he wasn't driving—the "Old Stage Coach."

For he was a king, who the handkerchief threw
At many a damsel—who wished he'd woo!
As she blushingly smiled on his handsome face,
While, passing her window, he'd slacken his pace,
And little she'd heed the maternal reproach
For "staring so long at that pesky Coach!"

But, gone are the days of the blood-ed team!
And bone and sinew give way for steam.
Snorting monsters—that eat no peas—
With backs of iron, and ribs of brass,
On the gallant roadster's rights encroach,
And he no more pulls the "Old Stage Coach."

The jolly Sir Jehu—grown thinner, and pale,
Atones for his sins by riding—a rail!
But is still—to all errant maids—instructor,
In his new capacity of—"Conductor!"
And various larger watches, rings, and brooches,
Than he did in the days of the "Old Stage Coaches."

But he wields no more his sceptre—the whip,
Nor sips th' ambrosial draught of "flip,"
No longer for him expectant—waits
The smiling maid, at the garden gates,
Postmasters, Turnpikes, Landlords, Inns!
For him! are among the by-gone things!

And he rides—through daylight and through dark,
In a car—a dangerous "Noah's Ark"
Set up on wheels, which cost quite a pet,
Would probably settle his final debt;
And with eyes filled with cinders, he feels that such is
A different thing from the "Old Stage Coaches."

He misses his "lines!" and the pleasant places—
Where once they fell. His "tugs" and traces!"
The chance to relate his long old stories
Of horses, and drivers who shared their glories
In four mile heats. The "*Sir Henry*" touches—
They boasted, in days of "Old Stage Coaches."

Then up! with your glasses—ye chosen few!
And drink to the memory of old Jehu!
Here's to the Stagecoach of long ago!
The staunch and true whom *now* we know.
Long may they live! Nor, till Death approaches,
Ever forget their "Old Stage Coaches"!

Closing out a large Stock of Clothing.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.

It is one of the most complete and useful inventions ever introduced into the market.

It balances the sash perfectly at any point.

It requires no expense for boxing, consequently it is much cheaper than weights.

It can be applied to old as well as new buildings, without any alteration of the frames.

It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

☞ Also, *CARPENTER WORK* faithfully executed. ADAMS PERRY, JR.

No. 32 Penhallow St.,
Next door to John Rider & Son,
nov8 3m Portsmouth

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous;—their powerful grasp laides in this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMS, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral

COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate who to confide to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, FEB. 15, 1860.

EDUCATION.—One of the most ably edited, practical, and valuable of our exchanges, is the famous New York Ledger.—From a timely article on education, by the editor, we extract these sensible remarks:

Two things are to be ever borne in mind by those who have the care of children.—First: the chief duty of childhood is to *grow*. Secondly: an injury done to a growing creature, can never be remedied.

Algebra? Rhetoric? Moral philosophy? Metaphysics? What do girls want with such things? What are *they*, compared with backbone, deep chests, bright eyes, plump cheeks, and good digestion? A majority of those girls are destined to be the wives of poor men. They will have to scrub, and bake, and carry, and lift, and bear children. How are the schools preparing them to perform those labors—so pleasant and easy to a woman reared as she ought to be reared—so wearisome and fatal to such women as these are growing up to be?

This is the great evil of our day and generation. It is an evil compared with which all others are trivial. It destroys the very raw material of human nature.—It demands a remedy instantaneous and radical.

FROM SANTA FE.—The Speaker of the House has introduced a bill to repeal the law passed at the last session of the Assembly, proclaiming slavery in the Territory of of New Mexico, and on the next day a resolution was almost unanimously adopted, requesting him to resign the Speakership, which he did. He subsequently resigned his seat in the House, and went home. Mr. Cuellar was elected Speaker in his place, and the bill in question was referred to a select committee, who reported in favor of its rejection, which was done without a dissenting voice.

LEWIS CASS.—A Washington correspondent of the N. Y. Sat. Press, says the Secretary of State "is in reality the most punctual and hardest working man in his office. No one thinks it a hardship to be pressed into that service. The Premier treats his clerks not merely like gentlemen, but like friends; and they love him like a father, and serve him like sons."

If all who are "in authority," should do likewise, we should have less complaint of unfaithful servants and troublesome "help." And why should not the golden rule obtain here, as well as elsewhere?

The old General, who has retained his health and strenthen to nearly three score and ten, by temperance and care, seems to know how to enjoy life, even at his age.—Hear the same writer—and remember that our hero lives in Washington, and is very wealthy.

"At half-past 12, daily, a servant enters his office with a covered basket, containing a light repast, of which the General partakes in his ante room; that is his only dinner. Nothing after that but a cup of tea in the evening; when, with literature, with art, and with the delights of a happy home and intellectual friends he occupies himself, after disentangling his neck from the yoke of state."

THE EXTINCTION OF VESUVIUS.—Some of the German journals announce seriously that a company of English capitalists have made an application to the King of Naples for a concession for the extinction of Vesuvius. The principal seat of the fire in that volcano is situated several thousand feet below the level of the sea. By cutting a canal which would carry the water into the crater, the fire would be completely extinguished, and the operation, which would only cost 2,000,000f., would restore to cultivation land of ten times that value.

FLORA TEMPLE—Wilkes' Spirit, in concluding the interesting "Life of the Little Bay Mare," says, "The rough-coated little animal who was once sold for $13, has gone on step by step, piling up renown, until she far excels in glory any racer that was ever known to fame. She has received forfeit five times, and paid it only twice. She has won, during her career, in purses and stakes the sum of $69,500, and has lost in stakes only $6000, making a balance in her favor of $63,500, irrespective of the amount which her backers have made on her in so many of outside bets. She has trotted 67 1-4 winning miles in an aggregate of 2 hours 46 minutes and 54 seconds. The entire aggregate of the miles she won, 249 1-4, —is 10 hours 20 minutes, 46 seconds. Her best average three single miles were those performed by her over the Eclipse Course, L. I., on the 9th of August, 1859, when she scored 2:23 1-2—2:22—2:23 1-2. Her best mile was scored at Kalamazoo, Nov. 15, 1859, when she made her famous 2:19 1-9. Flora is now about fifteen years old; she is spending the winter in New Jersey, but is to be taken to the farm of Wm. McDonald, her owner, near Baltimore, in the Spring.

☞ The students of Georgetown College burnt Henry Winter Davis in effigy, the other night, and the Richmond Enquirer commends the act by saying, "well done, boys."

☞ Congress, on Monday, Feb. 13, noticed the death of Senator Broderick with the usual formalities. In the House, the second voting for printer gave Defrees 90 votes, Glossbrenner 89, scattering 4. Glossbrenner was supported by the Democrats, Briggs, and all the South Americans present, excepting Etheridge and Stokes, who voted for Gales & Seaton. Defrees received the votes of all others present, including Davis of Md., and excepting Stanton, Adams and Carey.

Senator Douglas has prepared a eulogy on Mr. Broderick, which was to have been delivered on Monday, but Sunday night he was attacked with pleurisy.

Mr. Farnsworth intends introducing a bill for the transportation of the mails from the Missouri to the Pacific by railroad.

Mr. Grow will shortly introduce a bill for the admission of Kansas.

As the contest for the House Printer is close, the expected arrival of Mr. Stallworth is a matter of much interest among the Democrats.

☞ The Augusta, Me., correspondent of the Boston Journal writes:

Our State Temperance Executive Committee and their officers are in a little hot water just now. Mr. E. W. Jackson was appointed State Agent, and in consequence Dr. Colby, another appointee, has refused to serve, and Mr. Stackpole of Gorham, Treasurer and member of the committee, has resigned his positions.

The same correspondent intimates that Treas. Peck's responsibilities, *aside* from the State, which were set down at $70,000, will not probably be more than 25 or 30,000 dollars. He also says, as the result of the late investigations:

Nobody fears that the State will be called upon to lose a dollar. Mr. Somes has been summoned from Washington to appear before the Committee, and the strictest examination will be made into his connection with Peck, as also into the relations sustained to him by Messrs. Neal Dow, Dudley Sennott, George M. Weston and others.

☞ Young Ridlon, who was concerned in the school house affray at Hiram, Me., two or three weeks since, has been committed to jail for trial on the charge of murder. The Oxford Transcript gives the following particulars of this sad case:—

"Ridlon, one night, after school, tore up a seat, and ripped off some boards from the ceiling of the school house. Wadsworth, who with one other boy was present, desired him not to destroy the house, and on reaching home, told his adopted father of the injury to the building. The father warned Ridlon to discontinue such practices. The next day, Ridlon approached Wadsworth, saying, 'Now, I have got you,' and kicked him several times. Wadsworth, after the first kick, begged him to desist, saying, 'You have broken my side in.'—Wadsworth, immediately went home in much distress, and died a week from the day he was injured. Ridlon was immediately arrested on a charge of murder; after a lengthy examination, was committed for trial."

DANIEL E. SICKLES.—The New York correspondent of the Charleston Courier says a rumor obtains very generally that the Hon. Daniel E. Sickles has experienced a change of heart, and that he contemplates connecting himself with some church. His former friends say that they have noticed a marked difference in his conduct recently. At Washington he leads a very different life from what he once did in New York. Before he leaves the capital it is thought he will make a public profession of Christianity.

☞ The Dutch government has commenced, we are told, the work of the emancipation of slaves in Java. The slaves are to serve an apprenticeship of six years' duration, commencing Jan. 1, 1860, and the owners are to receive 150 francs for a slave worth 1000 francs—that is, fifteen per cent. upon his value.

A DIVORCE CASE.—A Mrs. Howard, celebrated for her intimacy with the Emperor previous to his marriage, and on whom he bestowed a handsome income immediately previous to that event, afterwards married the son of Sir Trelawney, the Welsh Baronet; and now, after a separation of a short time from her husband (on whom she had settled about $2000 a year,) the lady is taking measures to secure a divorce.—Unless hushed up, the case will bring up past circumstances, not at all agreeable for high personages.—*Glasgow Herald's Paris Correspondent.*

☞ Private accounts from Rio Grande represent that the statements regarding affairs in that quarter are much exaggerated. The object being to afford a restless set of adventurers a pretext for crossing into Mexico. Apart from Cortinas's band, the Mexicans are represented as very friendly.

A letter from Kansas, states that Brown, who edited the so-called Herald of Freedom, and, Judas-like, sought to betray the Free State party into the hands of the Administration, has fled the Territory in disgrace, and his wife has filed a petition in the county court charging him with being "an inhuman monster."—*Boston Journal.*

☞ The Saco Democrat calls "the Union Democrat a New Hampshire Republican paper." It happens, however, to be decidedly a supporter of the Democratic party, ranking nearly with the N. H. Gazette and Democratic Standard.

A lady whose dress is on fire may be said to stand in her own light.—*Post.*

NEW PUBLICATIONS.

PETERSONS' DETECTOR.—The February number has been received by us. It contains a full description of ninety-five new counterfeits; complete and perfect descriptions of over one hundred bogus bank-note plates, engraved in the best style, and which are being altered nearly daily to various banks throughout the country; a page of information on finance, trade, commerce, money, specie, stocks, bonds, banks and railroads. Price—semi-monthly, $2 a year; monthly, $1 a year. T. B. Peterson & Brothers, Philadelphia, publishers.

JAMES'S NEW BOOK.—The Man in Black, by G. P. R. James, Esq., being fully equal to anything ever written by him, is published by T. B. Peterson & Brothers, Philadelphia, and for sale by all booksellers everywhere. Price 50 cents a copy.

The copies of the library edition of Worcester's Dictionary are nearly all subscribed for; and the delivery will be completed in a few days. The trade edition will be out next week, in all the varieties of binding. This valuable standard work is meeting with great success. Hickling, Swan & Brewer, Boston, publishers.

☞ By the Bohemian, at Portland, we have Liverpool dates to the 1st Feb.

Ship Endymion, for New York, was burnt in the Mersey, as she was about to sail for her destination. Damage £30,000; insured.

The Paris newspaper called the *Univers* has been suppressed.—Reason, its publication of an encyclical letter of the Pope to the Archbishop and Bishops, in which he states the motives for his refusal to accept the advice of the Emperor to give up the Romagna.

Other journals had been forbidden to publish the letter.

The Correspondente, a religious periodical, had received a second warning.

The Moniteur of the 31st says government had otten deplored the irritating character of the controversy in religious questions.

WASHINGTON ITEMS.—(N. Y. Herald corr.)—Col. Forney has decided to appoint R. U. Sherman, of N. Y., principal Clerk at the desk in the House. It was expected that Sherman would take the place of Mr. Walker, the present reading Clerk, but over a hundred Republicans petitioned Forney to retain Walker. Bassing of New York has been appointed Stationery Clerk, and Mr. Chaffee, member of the 34th and 35th Congress, Librarian of the House. The announcement that Knowlton, of Maine, was appointed Superintendent of folding-room, was a mistake.

Matrimony is—Hot buckwheat cakes, warm beds, comfortable slippers, smoking coffee, round arms, red lips, kind words, shirts exulting in buttons, redeemed stockings, boot-jacks, happiness, &c.

Single blessedness—Sheet-iron quilts, blue noses, frosty rooms, ice in the pitcher, unregenerated linen, heelless socks, coffee sweetened with icicles, gutta percha biscuits, flabby steak, dull razors, corns, coughs, cholics, rhubarb, misery, etc.

☞ Henry Ward Beecher says men work ten times as hard to be villians, as they would be obliged to work to be honest men. The greatest slaves are those whom the devil has got the upper hands of, and is compelling to dodge between the supreme law of God and their worldly prosperity.

☞ Daniel C. Kenyon, the defaulting cashier of the Rhode Island Exchange Bank, has been arrested upon a charge of embezzlement, and committed to the jail in Kent county to await his trial before the Supreme Court, which meets on the 2d Monday of March.

☞ The whole amount paid by the city of Boston on account of the new Cochituate forty-inch main, from the Brookline Reservoir, up to the first of January, was $270,276. Since then there has been paid, on account for iron, and other bills, about $24,000, making a total of $295,000.

☞ The Charlestown Advertiser alludes to ladies who go skating purely for exercise, sweep over the pond very nicely, and ride home in the horse cars and spend the next day, their limbs swathed in liniments and embrocations.

They steal worse than ever out in Utah, and the great apostle, Brigham Young, disposes of complaints as follows:—"I have had no revelation in regard to the stealing that is going on in this Territory. When the Lord wants it stopped, He will stop it! I believe that a man can steal and be justified in the act."

☞ No less than seven hundred persons are said to be professionally engaged in counterfeiting money in the State of Ohio alone.

IDLERS.

An idler is a watch that wants both hands,
As useless if it goes, as when it stands.
—*Cowper.*

☞ Rev. T. Starr King, with his family, will sail from New York, April 5th, for San Francisco.

Mrs. Partington says that nothing despises her so much as to see people who profess to expect salvation, go to church without their purses when a recollection is to be taken.

☞ William Howitt, in a letter to the London Critic, avows himself to be a Spiritualist.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.
S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficial results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.
W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.
A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heartcontitorumenos.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

Has readily cured or effectually relieved, in numerous cases in various parts of New England, the following complaints, viz: Neuralgia, Sore Throat, Croup, Chapped Hands, Chilblains, Cuts, Bruises, Sprains, Burns, Scalds, Spider Bites, Sore Breasts, Erysipelas, Frost Bites, Dysentery, Colic, Cramp in the Stomach or Limbs, Rheumatism, Ague, Toothache, &c. The above complaints may either be relieved or cured in a few minutes.

NEW HAMS.

500 lbs. New BOSTON HAMS, for sale by LAFAYETTE LAIGHTON.

Local.

ALARMS OF FIRE.—False alarms are getting to be so common, that nobody now pretends to start, until waiting a while to be sure there *is* really some cause for it.—On Sunday evening, a barrel of shavings on Christian Shore, was lighted in a conspicuous place, purposely to cause an alarm; and ere the excitement of that died away, the rascals kindled another in a different location. On Monday evening, there seems not to have been even any pretence of cause for the cry of fire. Three fictitious alarms in twenty-four hours, is laying it on rather heavy, we think; and it does seem as if something or somebody might bring to justice, the idle villains who commit these repeated outrages.

ST. VALENTINE'S DAY.—Tuesday, Feb. 14th, and the rest of the week, is the time-honored festival of St. Valentine. "It is a joyous day, to be participated in by young and old," but don't seem to be receiving much attention, here or anywhere else, although this leap year gives the fair sex such great privileges. Perhaps the bachelors about here may be deemed incorrigible, and being "bound to their idols," the girls have concluded to "let them alone."

☞ The School Committee of District No. 2, will hold their annual examination of the Schools, in the following order:—

Miss Walker's, State st.,—Wednesday, A.M.
Miss Clapham's, Academy— " "
Mr. Hoyt's, Cabot street, " P. M.
Miss Ham's, " " " "
Mr. Durgin's, Court House, Thursday, A.M.
Miss Hill's, Academy, " P. M.

Parents and friends of the scholars are respectfully invited to be present.

L. D. SPALDING, Sec'y.

☞ The annual examination of the schools in District No. 3, will commence to-day, at the Infant and Primary School's, and will continue on Thursday at the Grammar School, in the Haven School House, commencing at the usual school hours. Per Order.

☞ Mr. Oliver Philbrick, who has been on the Navy Yard forty two years and six months, and who has been the faithful and trustworthy Porter of the Yard for thirty-six years, has just resigned that post, and will retire to his farm in Kittery.

His duties in crossing the river during all these years, have been so steadily performed, and this short voyage has been so often repeated, that his boating in this service amounts to a distance equal to seven and a half times the circumference of the globe.

And his uniform courtesy, kindness and spirit of accommodation, have secured for him troops of friends on both sides of the water, and the thanks of thousands who have crossed safely under the guidance of his helm.

THAT FIREMEN'S BALL, so long and loudly talked of, comes off to-night. This is the second given by the Atlantic boys, and will be fully up to their high mark of last year. All the arrangements are on the most liberal scale, and the details not forgotten or slighted.

SKATING—TIME.—The Boston papers report a race on their South End Skating Park, in which the best time made was 3:48 for a mile, which won the prize valued $25. Portsmouth can send 'em up some skaters who will leave their mark low down in the thirties, sure, if not below that—perhaps a unit off the minutes. Three young men here made twelve miles, the other day, in about 47 minutes; and one of them, (Mr. James Ayers) immediately afterwards scored his sixteenth mile in 3:20! Will the Boston Herald please let us know when the next race comes off.

"THERE'S NOTHING LIKE LEATHER," says the old adage. Perhaps there isn't;—but Mr. Larrabee has shown us, at his saddlery establishment, some specimens of beautiful enamelled cloth, which is far prettier than any leather we ever saw, while it resembles the best morocco very much in appearance—and which he is prepared to make up to order, or sell by measure. See his advertisement.

COUNTY ITEM—*From the Exeter News-Letter.*—Rev. W. Rogers of Stratham, has removed to Sandwich.

In Hampton there are three religious Societies: Congregational, F. W. Baptist and Methodist. They worship in union on the last Sabbath evening in each month, alternately in each meeting house.

The meeting house on Nottingham Square has been sold, and is being removed to Northwood for a dwelling. It will be much missed. It stood on an elevation, and was seen at many different locations in the county. In our childhood we used to hear its bell, though our home was four miles off. Then we had no idea what a bell was.—We thought that the steeple itself was seen to move while it rang.

Peter Varnum of Raymond, a town charge, who spent a large part of a long life, in traveling about, getting a little food as persons were disposed to give him, sleeping often in barns and sometimes under shelving rocks by the way-side, died recently, aged 78. His death succeeded exposure to the cold, he having laid by the side of the road, chilled and benumbed.

MARRIED.

In this city, 12th inst., by Rev. J. Hall, Mr. ANDREW SAMPSON to Miss DOROTHY CUNNINGHAM, both of this city.

DIED.

In this city, Saturday, Feb. 11. Mr. SAMUEL BATCHELDER, aged 72.

In Kittery, Me., Mr. ANDREW CLARK, aged 87 years, formerly of Rye.

In Exeter, Feb. 11th, suddenly, Mrs. Abigail Gilman Perry, aged 70, wife of Dr. Wm. Perry.

Fousel's Pabulum Vitæ.

☞ THE GREAT FRENCH REMEDY possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASES.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease both from its innocuous nature and most astonishing curative properties; *it being the only remedy known that will arrest the development of Tubercles in the Lungs or invigorate vital functions of the pulmonary organs to their normal condition.* Its invaluable properties have obtained for it the highest recommendation and praise from some of the most eminent physicians and chemists in the country; while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to th unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium, or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration.

A. A. HAYES, M. D., State Assayer.
16 Boylston St., Boston, Dec. 1857.

In the Boston Transcript of December 11, 1858, the editor says:

"We have seen a letter from an eminent physician of this city, in which he says:—'I have used *Fousel's Pabulum Vitæ* in several cases of Bronchial disease, and in some with great benefit. I know of no remedy equal to it for children, where a minute dose is essential; or for adults of irritable stomachs, or having a tendency to reject ordinary medicines given for coughs, etc. I shall continue to use it in my practice.'"

Testimonial from the Sisters of Charity, of the St. Vincent's Orphan Asylum, in Boston.

BOSTON, July 31, 1858.

To Mr. F. LAFORME, Agent:

"The Sisters are happy to state that, having used *Fousel's Pabulum Vitæ*, they have found it efficacious in several instances, for bad coughs and colds. Signed by the SISTERS OF CHARITY.

Testimonial from a well-known Apothecary's Clerk.

BOSTON, March 10, 1859.

J. F. LAFORME, Esq.:

Dear Sir—I had been suffering for a considerable length of time from a severe cough, and in vain had recourse to nearly all the remedies in use. My cough began to give me much uneasiness from its serious effects on my system, when three days' use of *Fousel's Pabulum Vitæ* restored me to complete health. The medicine being new in this market, I had recourse to it last; but I can now confidently recommend it as the best medicine I know of. Yours, truly,

CHAS. H. FOSTER.
At Fred Brown's, Washington, corner State St.

In the Boston Post, Sept. 24, 1858, the editor says:

"An extraordinary cure of Consumption has recently come to our knowledge, effected through the instrumentality of *Fousel's Pabulum Vitæ*; the evidence of which is in the handwriting of the subject, Mr. Wm. P. Brigham, No. 183 Albany st., in this city. It seems that for eighteen months he had been exhibiting all the usual symptoms of Consumption, and that after having had recourse to the skill of various physicians, without benefit, he had to abandon his business and be confined to his house. Hearing of *Fousel's Pabulum Vitæ*, and of several remarkable cures effected by it, in cases as desperate as his own, he concluded to try it as a forlorn hope. The result has been most happy—he has now entirely recovered, and is engaged in his usual pursuits. It is such well authenticated cases as this that we take pleasure in laying before our readers, since, by so doing, many valuable lives may be saved, and much good effected."

It is sold at the low price of 50 cents, and $1 00 per bottle, thus placing it within the reach of all classes. F. J. LAFORME, sole Agent, Boston. M. S. BURR & CO., General Agents, No. 26 Tremont street, Museum Building, Boston, and for sale by all druggists. Circulars with testimonials of its efficacy can be had of the Agents nov7ly

Fancy Goods, Stationery, &c.,

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability.—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or the work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER
SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The ease with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spool*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & FAINE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the

CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR CLARKE, M.D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a safe and sure remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S
PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

The High Schools.

The annual examination of the Girls' High School in this city took place on Wednesday last; and the Boys' High School was examined on Thursday. As many of the parents and friends of the pupils as could be accommodated in the rooms, were present each day; and the appearance and proficiency of the schools drew forth a general expression of pleasure and approval. These schools are fast becoming models of excellence, which we need not be ashamed to compare with any other schools of similar grade. The discipline of both schools is admirable. Everything moves with the regularity of clock work, and as silently. Yet the visitor never perceives the machinery, by which order and attention are so perfectly secured. Indeed the department both of the girls and boys is that of young ladies and gentlemen, and would furnish an excellent and reproving example to any equally numerous assembly of their seniors.

The standard of instruction in these schools has been raised from year to year, until they now offer opportunities for education, hardly surpassed, except in colleges and universities. In the girls' school, the Latin and French languages, Algebra, Geometry, Natural Philosophy, Physiology and History are taught in addition to the fundamental branches of an English education; and in the boys' school, Latin, Algebra, Geometry, Surveying, Navigation, Mechanics, Natural Philosophy and History form part of the regular course. The committee announced their intention of granting certificates or diplomas to the boys who shall remain four years in the school and fairly complete the regular course of studies.

The declamations of the boys and the original compositions of both schools attracted much attention and were highly commended. The productions read by the young ladies were in thought and expression decidedly above the standard of the popular magazines of the day.

Our High Schools are creditable to their teachers and to the city, and we earnestly commend them to the favor of the public.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20, 1858.

GENTLEMEN—Your preparation for the hair has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting a certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dye. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all bachelors who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,

BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Shamaston, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man may not be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever and keep it so is my experience. Believe it all! Yours truly,

WM. H. KENEDY.

P. S.—You can publish the above if you like. By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds a pint, and retails per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion than the medium for a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1, bottle.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Sciatica, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Purgative. Price 25 cents.

His Conserve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Vegetable Medicines made by Dr. Simon Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a visit from that disagreeable cough, to use it freely. MARY N. RICKER.

I know the above testimony of my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from any other medicine put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness, and voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try it. NOAH WORCESTER, D. D.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together.

THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, in confidence and truth, of it, what we have say of any other medicine, NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, nor did we know an instance of dissatisfaction by any one who tried it, but all delighted to speak in terms of highest commendation of its magical effects and medical virtues. We speak, in this unequivocal experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where a child is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after this syrup is administered.

This valuable preparation is the prescription of one of the MOST SKILLFUL NURSES in EXPERIENCED and has been used with in New England and THOUSANDS never failing success, in OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC.

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest REMEDY IN THE WORLD IN ALL CASES OF DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints, *Do not let your own prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper Sold by Druggists throughout the world. Depot at No. 13 Cedar st. New York.

Price only 25 cents per bottle.

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and R. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every other preparation of the kind, for all complaints incidental to infancy. First—It is the preparation of a regular physician, and is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, and a comparison of it with any other article for infantile complaints will show the very roots from which it is distilled being dug from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—It is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For colds the effect is a sure cure. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs no more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertisements; for reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself,—a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the analysis of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 200 consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Coughs, Cold, Debility, Palpitation of the Heart, Loss of Appetite, or Pain in the Side,* lose no time in procuring a bottle of the "BLOOD FOOD." This will invigorate the system, and give you sleep is broken and disturbed, if your Spirits are depressed or your organs relaxed, you will find in this an invigorating tonic, by commencing with *ten drops.* If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into healthful action. In the most inveterate cases of *Dyspepsia,* the patient can here find the most grateful relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Complaints or Weaknesses,* the sufferer, after trying other remidies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles.* The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofula, and all other like complaints. *Pale and emaciated children, and adults* are immediately benefitted by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 36 Maiden Lane, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or Georgia, and that the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to the place where money comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

Be careful in ordering the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.

Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent FREE

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

MONEY

To loan on good City Mortgages and Farms, in sums to suit customers.

Money wanted to loan on the best of Mortgages and Securities. All persons having money to loan, or wishing to hire money, would do well to call, as all transactions are confidential if desired.

Uncurrent money bought, sold, and exchanged.

JOHN S. HARVEY,
Real Estate and Stock Broker,

Jy11 No. 47 Congress St., Portsmouth, N. H.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington,

Removed to 64 STATE STREET,

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers relating to Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claim of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but from its peculiar advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that a number of other offices in the Patent Agency for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of the most valuable mechanical and scientific works, are at his disposal, and are open to the inspection of his patrons.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure them the utility and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1859.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." CHAS. MAGOON,
Late Commissioner of Patents.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Boston, Jan. 1, 1859. R. H. EDDY.

LIFE INSURANCE,

"	" six months,	80.
"	" three months,	50
"	" one month,	25.
"	" one week,	10.
Half Column, in Daily, per year,		$80.
"	" six months,	50.
"	" three months,	30.

Business Cards, of not more than half a square, $6 per year.

All bills settled quarterly or semi-annually.

All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of other advertising, &c.—to be charged extra.

And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.

For Notices in editorial columns, 10 cts. per line, each insertion; for "Special Notices," 5 cts. per line, each insertion; per Square, double the rates of other advertising.

All Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS.

The Chronicle Office is open from 6 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after office is closed—and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterwards "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences to be placed in the "drop-boxes," if any; and if none, to be put inside the house door, or if necessarily left out, the bell to be rung.

If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply such loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

MORE TRUTH THAN POETRY.

Chewing in the parlor,
Smoking in the street,
Choking with cigar smoke
Every one you meet:
Spitting on the pavement,
Spitting on the floor;
Is there such enslavement?
Is there such a bore?

Fetid breath forever,
Saturated clothes;
Would that we'd been never
Created with a nose!
Ladies with their long dress,
Sweeping down the street,
Gathering up the nasty mess,
Smear it round their feet.

Puddles at the corners,
Swelling into one,
Forming lakes and rivers,
Drying in the sun.
Maidens, when you marry,
Tobacco-worms don't take;
Think not Dick or Harry
Will quit it for your sake!

Declare the thing a curse,
And when gents come to woo,
You "pop the question" first—
"Sir, do you smoke or chew?"
Mark well each word or look,
And if they don't say no,
Just cross them off your book,
And tell them why you do.

THE REAL ISSUE.—The secret of Black Republicanism seems yet to require explanation. Why is that so many representative men, in so many States, stand arrayed against the institution of slavery? And why do the masses, in so many States support these men?

It is certainly not from philanthropic views and feelings. The Northern people have no such kindly considerations for the negroes as prevails among us. Those of our own people who have been among them well know to what a state of vassalage and misery those blacks are reduced whose lot has been cast in the Northern States.—They are beneath the ordinary class of menials—they are the servants of servants.

The Northern States are not combining to secure an equality of races; for they do not pretend to establish it among themselves. They have no such interest in this matter as would lead to any political combinations. The Northern sentiment is aversion to the blacks. There is no room for the negro among the "free State" men so-called; there shall be no place for him in the slave States.

The power of the Black Republicans is easily explained. They array the Northern against the Southern laborers—a subtile policy, for the former have each a vote, while the latter have only three fifths of a vote. The second section of the first article of the American Constitution breaks the power of the masses at the South. It permits the masses at the North to do whatever willful power may crave or popular prejudice may demand.

The spirit of Republicanism is hostility to the negro. Its strength is among the Northern artisans, who are jealous of any other laboring class than their own. It can be rebuked only by non-importation from the North, which will bring this class to their senses, and by securing to the South a representation corresponding to its numerical population, of whatever class or color it may be composed.—*Charleston Mercury.*

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS PERRY, JR.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which the fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by the lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active vegetables that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND VENEREAL AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, RIDGE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. It is a popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid, who has bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and efficacious.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Gout, Neuralgia, Liver Disease, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a diuner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec10 6m d&w

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, FEB. 16, 1860.

☞ *Rather late, but better late than never*, says Uncle Toby, as he reads a new revelation from Judge Conway of Kansas.

Some time ago, Mr. A. D. Richardson, the former Kansas correspondent of the Boston Journal, gave it as his impression that Judge M. F. Conway, member of Congress elect from Kansas under the new Constitution, had informed him that "Old Brown" in a conversation with him, admitted being present at the killing of Doyle and his confederates on Pottawatomie Creek, Not feeling absolutely certain in regard to the matter, Richardson enclosed the paragraph to Judge Conway, asking whether he had understood him correctly, and has received from Judge Conway a reply dated Lawrence, Kansas, Jan. 28, in which he says:—

You are mistaken in supposing I told you that Brown confessed to me complicity in the affair at Pottawatomie. He said the very opposite. My recollection of our conversation is that I told you he said to me that he was not *at* the killing, but he approved of it. This is, at any rate, the fact. I have some solicitude to be correctly represented in this matter, because the Old Man was one of the noblest of those who stood up in defense of Kansas; and no Kansas man can see his memory unjustly aspersed, without indignation—much less, be himself used to asperse it, without regret and anxiety.

Judge Conway also repeats this statement more emphatically, in a letter to the Boston Journal, and says:—

The statement made to me by Brown was precisely the same made by him to all his best and most confidential friends, touching the subject, and may be very safely taken for the truth, the whole truth, and nothing but the truth in the matter. The fearful story of his seizing five or six men in their beds at night, tearing them away from their weeping wives and children, killing them by slow degrees, within hearing of their families, and then wantonly mutilating their dead bodies, was invented and propogated by one of the most notoriously lying rascals in the United States—an individual who has been doing all manner of base work for these three years past, in this territory, and getting paid for his wretched service in hard cash.

☞ A "Pater" writing in the Boston Transcript, is down on skating and riding races, especially for the young, and particularly for the ladies. But to judge from his article, he would not discountenance a literary or scholastic race, even when stimulated and excited by medals, &c. We think the choice is decidedly in favor of the outdoor striving; and hail with joy, the tendency to sports of this sort. We dislike mere "weeds," whether among vegetables, horses, or mankind. Give us health and stamina; and then you have something on which to build an education.

O, consistency! The very people who hold up their hands with horror at a lottery, will gamble in note-shaving or other speculations or risky business; and those who loudest denounce a trial of ability, skill and development, as a rider or skater, etc., will encourage similar tests in the school-room.

SPITEFUL REVENGE.—The Buffalo Courier of Feb. 7th says that a young man, who had been a regular visitant at the residence of "a young lady citizen," so as to create the belief that he intended ultimately to "propose," was asked in a jocose manner by the mother, while at the tea-table, when he and the daughter intended to be married; to which he replied, with an appearance of astonishment, that such an idea had not been entertained by him. Whereupon the "young lady" got up from the table without speaking, went into an adjoining room and brought thence a bottle of vitriol, and without a word or gesture of warning, threw the fierce liquid into the face of the young man, shockingly disfiguring it, and destroying the sight of one of his eyes, while hopelessly injuring the other.

Very bad indeed, to lose a right eye, but better far than to be cast into matrimony with such a fiery wife.

LATER FROM HAYTI.—The schooner Sarah Burton, Capt. Haskins, at Boston, brings advices from Aux Cayes to Jan. 23. The country was tranquil, and nothing of interest had transpired. The people were very much interested in the fate of John Brown, the hero of Harper's Ferry, and had manifested their sympathy for him with much enthusiasm. His career was the principal topic of conversation among all classes. There was to be a grand public demonstration on the 26th of Jan., in honor of his memory.

MAHALA DOYLE, AGAIN.—This lady has again turned up in a statement to which she makes oath, to the effect that her husband and two sons were killed by John Brown's party at Pottowattamie.

WASHINGTON'S BIRTH-DAY.—Unusual preparations are making in Newburyport for the celebration of the 22d. The bells will be rung and salutes fired, morning and evening, and both political parties will celebrate by suppers, speeches, songs, &c., perhaps dancing.—*Herald.*

MATTERS IN EPPING.

EPPING, Feb. 15.

Old Epping seems to be a place of town meetings. At an adjourned town-meeting, last March, it was voted to pay the sum of $200 to defray the expenses of a suit in which the selectmen of 1857 were indicted for illegality in correcting the check-list.—The present board, although of the same politics, refused to pay, having been so advised by eminent counsel. A well attended town meeting was held some months since, and it was voted to sustain the present board of selectmen in *not* paying said sum of $200; and at said meeting without notice in the warrant, in unexpected and gross charges, in which no opportunity was allowed for explanation, the town liquor agent was accused of selling great quantities and the meanest qualities of liquors, in open violation of the law. These charges thus made by an old physician of the place, resulted in voting to revoke the agency.—The argument was, that by revoking the agency, there would be a saving of $30 to the town, the remainder of the year.—The friends of temperance, opposed to any license, took the ground that the town, at the annual meeting, having voted to have an agency, could not close it till the year was out; and if the liquors were bad, the agent could not be blamed, as he purchased them of the State Liquor Agent, and ordered good articles of the kind.

Last Saturday, at a full town-meeting called to choose a committee to investigate and report what became of the town's "surplus revenue money," after choosing a committee for examining the affairs of the Liquor Agency,—by which they ascertained that less than $200 worth had been sold,—and that to the satisfaction of the friends of temperance and the selectmen; resolutions were adopted and unanimously passed, approving of the manner in which the town agent had transacted the business; and that the charges made against him by a brother physician, were "maliciously false," and that these resolutions be entered upon the town records by the town clerk, where they must forever remain, unless expunged by a vote of the town. L.

PRIESTLY INTOLERANCE.—The Mahoning (Ohio) Register relates that a young married woman named Catherine Garlow died on the 3d inst., after giving birth to a still-born child. The mother and child were placed in one coffin and taken to the Catholic church, where a funeral service was performed by Father O'Connor. At the conclusion of the service the coffin was opened to permit those present to view the remains, when the priest, discovering the child in the burial case, ordered it to be taken out, because it had not been baptized. He declared that if buried with the mother it would send her to perdition, and that such an outrage was a disgrace to the church.—The friends of the deceased insisted that the two should be buried together, at which the priest became highly excited, claimed that the corpse was in his power, hustled the mother of the dead woman away from it, assaulted the husband, and in short created a general row. The upshot of the matter was that the relatives of the deceased took the bodies away and had them buried in another cemetery the next day, a Presbyterian minister officiating.

Father O'Connor is said to be very bigoted and intolerant. Only a week or two since, a Catholic woman, through his influence, was coerced into deserting her Protestant husband, under the belief that her soul could not be saved if she continued to live with him. Another instance of priestly assumption was that of inflicting a severe personal chastisement, with a leather strap, upon a woman of his own congregation, found under the influence of liquor.

☞ The New York Evening Post's correspondent represents the attack by Edmondson of Virginia, upon Hickman, as a blow on the head with a cane:

Hickman was about to repel the assault when he was caught by Vice-President Breckenridge, who led him away; Keitt and Bouligny of New Orleans taking care of Edmundson. It is reported that Keitt called out to Breckenridge, alluding to Mr. Hickman: "Take the *hound* away."

It will be remembered that both Keitt and Edmundson were the instigators of the attack on Sumner. It must be remembered that the brutal attack was unprovoked, and if the excuse be offered for Edmunson that he was tipsy, it will be replied that when sober he offered no apology. I think it is safe to say that the offence will not again be repeated this winter, for every Republican member will henceforth be prepared for any assault.

A league has been formed in Wisconsin to resist the foreclosure of the mortgages upon farms, given to aid the building of the Racine and Mississippi Road. This is the other side of the story. When the "Farm" bonds were offered in the Eastern cities, there was great talk of the firmness, energy and patriotism of the Wisconsin farmers, who had "even mortgaged their farms," that the railroad should be built, by their doors.—*Boston Post.*

All the music of the Creator is simple, yet grand and full of melody, from the deep bass of the sea to the sighing of the breeze.—*Palladium.*

What do sea bass know about music?—*Register.*

☞ In the U. S. *Senate*, Tuesday, Feb. 14, the chairman presented the Kansas Constitution of the Wyandotte Convention.

Mr. Seward moved its reference to the Committee on Territories.

Mr. Brown offered a resolution that the committee inquire whether the provisions of the *English* bill had been complied with.

Debate ensued, in which the administration Senators showed their opposition to the admission of Kansas.

Mr. Harlan presented a petition in favor of repealing the fugitive slave law.

Mr. Brown's resolutions were called up.

Mr. Hale repelled the charges that the Northern States had violated the Constitution, and read the laws of New Hampshire to sustain his views. In the course of his argument, he said the Supreme Court, in its decision in the Dred Scott case, had affirmed that the negro has no rights which the white man is bound to respect.

Mr. Benjamin said the Chief Justice only referred to the condition of the negro prior to the war of the revolution.

Mr. Hale said the statement of that condition was *the basis* on which the Dred Scott *decision* was made. He then referred to the veneration lately expressed by the Democratic party for the decisions of the Supreme Court. This was a new idea with that party, for, from the time of Jefferson down to the period when they obtained control of the Court, it had been at open and undisguised hostility with its decisions. Jefferson had denounced it. Jackson disregarded, and Mr. Buchanan assailed it upon this floor. The Supreme Court once decided that the U. S. Bank was constitutional, and the Democratic National Convention immediately thereafter passed resolutions diametrically opposed to that decision. He then read the opinions of Jefferson, adverse to the deference now exacted for the decisions of that Court, and also adverted to the views of Mr. Buchanan, in which he said the Court always leaned to the prerogatives of power.

Mr. Toombs said the efforts of the Senator from New Hampshire showed that the way of transgressors is hard. He quoted the law of New Hampshire to show that a man who came to reclaim a fugitive slave was imprisoned for five years. He asked the Senator from New Hampshire if he was willing to carry out the fugitive slave law?

[Mr. Toombs probably did not know that the law he read was repealed.]

Mr. Hale said he believed that the provisions of the Constitution relating to the rendition of a fugitive, should be carried out in a fair and constitutional manner.

Mr. Toombs—Ah! you want trial by jury, or some mode by which the law *cannot* be carried out.

Mr. Doolittle said he would answer the arguments of the Senator from Georgia at some other time.

Mr. Toombs said the country expected him to answer or *apologize* for the action of his State.

In the *House*, the election of a printer was postponed to Wednesday at 1 o'clock.

Mr. Sherman reported a bill for the payment of invalid and other pensions, a bill for support to the Military Academy, and a bill for the payment of consular and diplomatic expenses. They were referred to the Committee of the Whole. The Post Office appropriation bill was then taken up.

Mr. Pryor favored the abolition of the franking privilege, by which speeches were circulated which were never read, and seed distributed which would never come up.

Mr. Moore of Ky. opposed the so-called reform. There is a light which emanates from Washington, and the only way to get it to his constituents is by means of the franking privilege.

Mr. Dawes offered an amendment allowing the exchange of newspapers between publishers. Rejected.

Mr. Montgomery proposed that the Senate be deprived of the franking privilege. (Laughter.) He had no idea the Senate was in earnest in inserting the amendment. He wanted to test its sincerity.

Mr. Sherman would make no distinction between Senators and Representatives. He appealed to gentlemen to cease debate, and have the amendments voted on.

The Senate's amendment, directing the Post Office to have blanks of contracts printed, was agreed to, 150 to 20.

The Senate's amendment, abolishing the franking privilege, was rejected by a vote of 160 against 12.

The other amendments of the Senate were concurred in.

Mr. Spinner's amendment, abolishing the Post Office Department, was rejected.

Adjourned.

WASHINGTON, Feb. 14.—The report of the illness of Mr. Cass was much exaggerated. It was a slight attack, from which he seems to have recovered, and to-day is attending to business in the State Department.

Mr. Stallworth (Democrat) took his seat in the House this morning for the first time this session.

The Post Office appropriation bill will to-morrow be returned to the Senate, which will surrender its abolition of the franking privilege amendment in view of the two-thirds of the House against it.

Mr. Burnett has given notice of his intention to introduce a bill to effect the object as an independent measure.

So far, the Senate Harper's Ferry Committee has made no important new discoveries, or added any national facts not known before the investigation was commenced.—Its proceedings excite no public interest here whatever.

Capt. Sawyer, of the Navy, died here to-day, after a short illness. He entered the service in 1812.

HICKMAN AT HOME.—*Westchester, Pa., Feb.* 14.—Mr. Hickman arrived here this evening, on a visit home. He was received at the depot by an immense crowd, and to an appropriate welcome address by Wm. B. Waddell, he responded in a brief but eloquent speech. A large crowd, headed by a band of music, then escorted him to his residence.

☞ Gov. Banks is to deliver a political address in Manchester, next week.

NOTICE.

All persons indebted to the late firm of ROWE & STOKELL, are requested to call and settle before March 1st; at which time all unsettled bills will be left in the hands of an attorney for collection. G. V. ROWE.
feb6 JOHN STOKELL.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.
S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thoroughly system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of the nature with invariably happy results. W. B. DYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend it to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON. and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

Has readily cured or effectually relieved, in numerous cases in various parts of New England, the following complaints, viz: Neuralgia, Sore Throat, Croup, Chapped Hands, Chilblains, Cuts, Bruises, Sprains, Burns, Scalds, Spider Bites, Sore Breasts, Erysipelas, Frost Bites, Dysentery, Colic, Cramp in the Stomach or Limbs, Rheumatism, Ague, Toothache, &c. The above complaints may either be relieved or cured in a few minutes.

C. C. WHITTEMORE

Local.

A QUACK AND IMPOSTOR, a man about 50 years old, who answered here to the name of Abbott, called at a house at the South End, where is a lady very low with cancer, a few days since; and saying her family elsewhere sent him, proceeded to give her powerful emetics and prescribe otherwise in a strange manner,—at the same time berating the physicians she had had; and after coming five times in two days—during which of course "the woman was nothing better, but rather grew worse,"—and roundly abusing several ladies whom he met there, because they would not respond to his statements of benefitting the sick woman, he left as mysteriously as he came. He said he belongs in New York state, but a fellow bearing similar description, a few years since, was guilty of the like outrages in Exeter, and was forced to vacate the town. Look out for him. He is a tall, thin, dark man; and we advise him to keep out of the clutches of the gentleman at whose house he visited.

☞ The schooner Gazelle, Low, from Boston, for Deer Isle, Me., arrived in this harbor on Wednesday, with loss of sails, anchor, boat, rigging, &c.,—having been blown off from the coast by the northwest gale of last Friday. The crew suffered severely from the cold, and were badly frost bitten. The vessel had three feet of water in the hold. She will be repaired before proceeding further.

☞ We learn that Capt. Berrien has been detached from the Portsmouth, N. H. Navy Yard, and Capt. Misroom ordered to his place here.

Mr. Edward N. Anderson has been appointed Porter of the Yard, and Coxswain of the Yard boats, in place of Oliver Philbrick. He will fill his place acceptably.

☞ The second Rehearsal for the Concert in aid of the City Mission, will take place at the Music Room of Mr. Pearson, this (Thursday) evening, at 7 o'clock.

All members having copies of the Harpsichord, are respectfully requested to bring them.

☞ Rev. Daniel P. Pike, of Newburyport, is to deliver a Temperance Address in Portsmouth, Wednesday evening, Feb. 29.

☞ There is to be a skating-race in Boston this afternoon; distance five miles. The prizes are—a silver pitcher worth $125, another pitcher valued at $75, and a silver goblet appraised at $35. It is expected a party of Penobscot Indian skaters will be present and contest for the championship.—A fast skater, of this city, has consented to enter, at the request of his friends here, and by invitation of the proprietor of the grounds in Boston.

It may be well to state here, that the track on the North Mill Pond, in which the remarkable time a spectator reported for us the other day, was made, is found to be considerably short—as we expected. The distance was paced at first, for fifteen miles; but actual measurement shows it to be much less—so that the distance actually gone over, was about twelve miles in the 47 minutes, instead of fifteen. However, this is about as good time as we have seen reported, under similar circumstances; and as the track will be in much better condition in Boston, we hope the Portsmouth boy will bring home that pitcher.

☞ We have long since ceased to dun anybody through the columns of our paper, as our readers well know. Indeed, we never have made a practice of doing so at all. It hits the innocent harder than the delinquent. When we can't settle our bills privately, as other people do, we shall let the debtors go, and look out sharper next time. But so far, we have had no reason to find any fault—and when we can't get a settlement once a year, at farthest, we don't want to extend that account.

The terms for the Weekly Chronicle are only $1 per year, always in advance. A few subscribers out of the city, are owing from January 1, 1860. Unless their subscriptions are renewed at once we shall consider them as not desiring to continue on our list, (at any rate, *we* shall not desire them to remain there,) and shall forward them no more papers.

☞ Somebody, writing from New Hampshire, tells the Portland Advertiser that on Saturday one Whitten was carried before Justice D., of Freedom, N. H., on a charge of assault and battery on one Welch. Justice D. found Whitten guilty, and imposed a fine of eight dollars and costs. Thereupon Whitten turned round and had Justice D. arrested for drunkenness. The trial came off before Justice N., who, after a full hearing of evidence and able arguments, found the same Justice D. guilty of being a "common drunkard," and fined him five dollars and costs!

☞ The Democratic State Convention of Connecticut have nominated Thos. H. Seymour for Governor. He had 215 votes;—James T. Pratt had 185, and there were 14 scattering.

MARRIED.

In Seabrook, Mr. S. A. Felch, of Amesbury, Mass., to Miss Mary S. Stoker, of Epping.
In Dover, Mr Elbridge D. Marston, of Nottingham, to Miss Martha A. Noble, of Epping.

DIED.

In Keene, Feb. 10, of consumption, Mrs. LYDIA H. KNOWLTON, aged 54 years, wife of Capt. Joseph Knowlton, formerly of this city.
In Kensington, Mr John W. Fellowes, aged 22.
In Raymond, Mr. John Batchelder, aged 82.

MARINE CHRONICLE.
PORT OF PORTSMOUTH.

Arr 14th, sch Lizzie M. Stewart, Stewart, Boston.

Ship Georgianna, Salter, ldg at Liverpool 30th ult, for New Orleans.

WASHINGTON, Feb. 15.—(Tribune cor.) It is stated in Democratic circles that if Kansas should be admitted under the Wyandotte Constitution, the President will veto the bill without hesitation.

Four or five Democratic Senators are ascertained to be against the Mexican treaty, and have exhibited no disposition to yield to the manipulation of the President. Without a positive reaction it cannot be ratified, even with the aid of a few New England votes, which have been claimed without authority.

The action of the Joint Committee of the Virginia Legislature, declining the invitation of South Carolina to a Southern Conference, extinguishes that project.

(Herald cor.) The Committee on Agriculture have instructed Mr. Grow to report a homestead bill. The bill introduced into the former Congress by Mr. Grow included only the land subject to private entry. The new bill covers all the land subject to preemption, and extends the right to all who are now settled, as well as those who may hereafter settle.

CARBONDALE, Pa., Feb. 14.—Our City Hall, the Court House, and the Jail, were this morning set on fire by a prisoner named Higgins, and entirely destroyed. Higgins perished in the flames. The fire is still raging, and other property is in danger.

THE GREAT HOTEL.—Paran Stevens opened his new Continental hotel in Philadelphia for inspection on Monday, when it was visited by ten thousand people. It is the greatest establishment of its kind in the country, and will accommodate 1000 persons.

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

Fousel's Pabulum Vitæ.
☞ THE GREAT FRENCH REMEDY possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASE. This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease both from its innocent nature and most astonishing curative properties; *it being the only remedy known that will arrest the development of Tubercles in the lungs or restore healthy functions of the pulmonary organs to their normal condition.* Its invaluable properties have obtained for it the highest recommendation and praise from some of the most eminent physicians and chemists in the country: while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens—invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certainty of cure; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.
Certificate of Dr. A. A. HAYES, in reference to the unequalled virtues of this great discovery.
This preparation, by chemical analysis, was proved to be free from opium, or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration
A. A. HAYES, M. D., State Assayer.
16 Boylston St., Boston, Dec. 1857.
In the Boston Transcript of December 11, 1858, the editor says:
"We have seen a letter from an eminent physician of this city, in which he says:—I have used *Fousel's Pabulum Vitæ* in several cases of Bronchial disease, and in some with great benefit. I know of no remedy equal to it for children, where a minute dose is essential; or for adults of irritable constitution, or having a tendency to reject ordinary medicines given for coughs, etc. I shall continue to use it in my practice."
Testimonial from the Sisters of Charity, of the St. Vincent's Orphan Asylum, in Boston.
BOSTON, July 31, 1858.
To Mr. F. LAPORME, Agent:
"The Sisters are happy to state that, having used *Fousel's Pabulum Vitæ*, they have found it efficacious in several instances, for bad coughs and colds. Signed by the SISTERS OF CHARITY.
Testimonial from a well-known Apothecary's Clerk.
BOSTON, March 10, 1859.
J. F. LAPORME, Esq.:
Dear Sir—I had been suffering for a considerable length of time from a severe cough, and in vain had recourse to nearly all the remedies in use. My cough began to give me much uneasiness from its serious effects on my system, when three days' use of *Fousel's Pabulum Vitæ* restored me to complete health. The medicine being new in this market, I had recourse to it last; but I can now confidently recommend it as the best medicine I know of. Yours, truly,
CHAS. H. FOSTER.
At Fred Brown's, Washington, corner State St.
In the Boston Post, Sept. 24, 1858, the editor says:
"An extraordinary cure of Consumption has recently come to our knowledge, effected through the instrumentality of *Fousel's Pabulum Vitæ*; the evidence of which is in the handwriting of the subject, Mr. Wm. P. Brigham, No. 139 Albany st., in this city. It seems that for eighteen months he had been exhibiting all the usual symptoms of Consumption, and that after having had recourse to the skill of various physicians, without benefit, he had to abandon his business and be confined to his house. Hearing of *Fousel's Pabulum Vitæ*, and of several remarkable cures effected by it, in cases as desperate as his own, he concluded to try it as a forlorn hope. The result has been most happy—he has now entirely recovered, and is engaged in his usual pursuits. It is such well authenticated cases as this that we take pleasure in laying before our readers, since, by so doing, many valuable lives may be saved, and much good effected.
It is sold at the low price of 50 cents, and $1 00 per bottle, thus placing it within the reach of all classes. F. J. LAPORME, sole Agent, Boston
M. S. BURR & CO., General Agents, No. 26 Tremont street, Museum Building, Boston, and for sale by all druggists. Circulars with testimonials of its efficacy can be had of the Agents novl1y

NEWSPAPERS.
CHEAP BOOKS, ANNUALS, TOY BOOKS,
Fancy Goods, Stationery, &c.,
may be found at the subscriber's store.
Among the very large number of Newspapers there I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.
In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.
If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of them, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.
Patronize your own.

OVER THIRTY THOUSAND IN USE
These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.
THE NEW MACHINES INTRODUCED BY THE
GROVER & BAKER
SEWING MACHINE COMPANY
Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.
What is specially claimed for the "GROVER & BAKER" machine is—
That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.
That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.
That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.
That it is nearly noiseless in its operation.
That its construction is more simple, and its liability to disarrangement less than any other.
That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.
Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.
That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.
That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.
Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?
TESTIMONIALS.
PORTSMOUTH, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, is the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.
PORTSMOUTH, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

RELIEF IN TEN MINUTES!!
Bryan's Pulmonic Wafers!
The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.
These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.
TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!
Sir Jas Clarke's celebrated Female Pills
Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.
This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.
In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.
These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.
To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.
For full particulars, get a pamphlet, free, of the agent.
N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

E. A. STEVENS'
House Furnishing Establishment,
NO. 46 MARKET STREET.
Just received, a fresh invoice of the world-renowned
OLD DOMINION COFFEE-POTS!!
of which so many thousands have been sold during the past year.
COFFEE.
Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.
The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.
Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.
There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.
We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times.—*Ladies' Home Magazine.*
The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.
OLD DOMINION TEA-POTS.
made upon the same principle as the Coffee-pots.
WOOD'S
PATENT COFFEE-ROASTER.
A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.
It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

Morning Chronicle.

THE GENTLEMAN.—The true gentleman is the only successful man. To be a noble, chivalrous, accomplished gentleman! that is a worthy ambition. It is written by Souvestre: "To love something better than one's self—that is the secret of all greatness; to know how to live for others—that is the aim of all noble souls."

Who misses or who wins the prize?
Go, lose or conquer as you can;
But if you fail, or if you rise,
Be each, pray God, a gentleman.

☞ A report prevails that the Secretary of State, Mr. Cass, has been attacked with serious illness.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20, 1859.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that it was my hair that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclining to curl. Five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,

REV. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Siamsston, Ala., July 20th, 1859.

To Prof O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly,

WM. T. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I have several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood—Dear Sir—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3 a bottle.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His Conserve cures the Piles, Headache and Costiveness, and the surest remedy for wormed in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough of late, and I could advise all who have a visit from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore consider sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicines in my knowledge." ELIZA ANNE CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick, and I at every suffering brother, I shall pin and try it. Eld. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the throat and lungs, of which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together

THEOPHILUS CURRIER,

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and ten years, and can say, of it, what we have of any other article, NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, or did we know an instance in which, on the contrary, all are delighted to speak in terms of highest praise of its magical effects and medical virtues. In almost every instance where from pain and exhaustion, within twenty minutes after the syrup is administered.

This valuable preparation is the PRESCRIPTION OF ONE OF THE MOST SKILLFUL NURSES in New England and has been used with THOUSANDS OF CASES, and never been able to say OF ONE INSTANCE, when timely used, NEVER HAS IT FAILED TO EFFECT A CURE, or did we know an instance in which, on the contrary, all are delighted to speak in terms of highest praise of its magical effects and medical virtues. In almost every instance where from pain and exhaustion the child from pain, but and bowels, corrects, and energy to the whole system. It will almost GRIPING IN THE BOWELS, AND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY IN THE WORLD IN ALL CASES OF DYSENTERY AND DIARRHOEA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices of others, stand between your child and the relief that* ABSOLUTELY SURE *this medicine, if timely used* will follow the use of for using will accompany each bottle. One cent size of CURTIS & PERKINS, New York. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York. *Price only 25 cents per bottle.*

We have sold this article for over ten years, and can say, in confidence and truth, we never been able to say of any other article, that it never failed, when timely used. Nor in the instance of dissatisfaction, or even a case, with its operations, and recommendation of its magical virtues. In almost every instance, after ten years experience, and pledge our reputation for the truthfulness of the above, that the infant is suffering, relief will be found within twenty minutes after the syrup is administered.

We also would say to every mother who has a child suffering from any of the foregoing complaints—prejudices, or the prejudices of others, stand between your child and the relief that ABSOLUTELY SURE *this medicine, if timely used. Full directions for using will accompany each bottle. One cent size of CURTIS & PERKINS, New York. Sold by Druggists throughout the world. 13 Cedar st. New York. per bottle.*

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and B. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening the sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show! Fourth—It contains no alcohol, which being dried from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it is perfectly certain to relieve immediately, leaving a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it. We feel there is too much more than other preparations of the kind, that we cannot afford such long advertisements as can those who have to depend on their advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, conceived the idea of VITALIZING THE BLOOD, and applying the subject of phiseology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were effectually cured by it. If you have any symptoms of a consumptive tendency, *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, or Pains in the Side,* lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility,* or your sleep is broken and disturbed, if your spirits are depressed and your nerves relaxed, you will find in this an unfailing remedy, by commencing with *ten drops.* If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia,* the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle. In Male or Female Complaints or Weaknesses,* the sufferer, after trying other remedies in vain, may rest secured, that a certain cure will result from the use of *two or three bottles.* The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children and adults* are immediately benefited by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists No. 35 Maiden Lane, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or Georgia, to the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received during the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.

Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," to remit money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

Uncurrent money bought, sold, and exchanged.

JOHN W. HARTWELL,
Real Estate and Stock Broker,
jy11 No. 47 Congress St., Portsmouth, N. H.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, author of U.S.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to prosecute inventors in United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its invaluable advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST TEST OF ADVANTAGES AND ABILITY, he would ask that he has abundant reason to believe, and can prove, that no other office of the kind offers the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a great collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. R. H. EDDY.

" " "	six months,	80.
" " "	three months,	50.
" " "	one month,	25.
" " "	one week,	10.
Half Column, in Daily, per year,		$80.
" " "	six months,	50.
" " "	three months,	30.

Business Cards, of not more than half a square, $6 per year.

All bills settled quarterly or semi-annually.

All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of articles lost, &c.,—to be charged extra.

And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.

For Notices in editorial columns 10 cts. per line, each insertion; "Local" notices, 10 cts. per line, each insertion; per Square, double the rates of other advertising.

Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS,

The Chronicle Office is open from 4 o'clock in the morning till 3 in the evening, and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street door, after the office is closed—and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be placed inside the house-door; or if necessarily left out, the bell to be rung.

If subscribers will immediately inform us of any deviation from the above rules, we will try to remedy the evil; but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects may commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed subcrisic; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIVE AND EXUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can scarcely withstand or resist them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they expel the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec20 6m d&w

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, FEB. 17, 1860.

THE DRUNKEN CURSE.—One of our exchanges has the following items on Noah's drunken curse:

Helper, speaking in his book of the curse pronounced by Noah against Ham, calls it "poor old besotted Noah's intemperate curse of Ham."

According to the old-fashioned Christian Bible, Noah was a pretty good sort of a man. He "found grace in the eyes of the Lord."—*Genesis*, 6, 8.

"Noah was a just man, and *perfect* in his generation, and Noah walked with God."—*Genesis*, 6, 9.

True quotations these; but if *honesty* of purpose had guided him who selected them, he would have gone further, and quoted Genesis chap. 9, verses 20–22, 24, 25, in which we read that Noah planted a vineyard, drank of the wine, was drunken, was uncovered, and was seen naked by Ham, the father of Canaan; and that Noah awoke from his wine and said, Cursed be Canaan, a servant of servants shall he be unto his brethren.

This verifies Helper's assertion — and shows that the item-maker designed to deceive the poor creatures who hear his paper read, or who may possibly be able to read it themselves; but who know as little of the contents of the "Christian Bible," as they do of the Hebrew Scriptures, or of the Alcoran.

And, by the way, this terrible book of Helper's, which has played so important a part in Congress, is now selling rapidly at the North, and even in this city, at a very low price—so that no person who can raise a quarter, need to believe any lies about the book, but may read it for himself.

☞ At the Manchester Police Court, Feb. 14, James Price was complained of by Julia Clifford for selling one pint of intoxicating liquors on the 12th inst., plead guilty, and ordered to give $200 bonds for further appearance. Miss Clifford was ordered to give $50 bonds to appear as a witness against him, but came to the conclusion about that time that she was mistaken in regard to the article bought of Mr. Price.—She and Price lived in one house. They had a neighborly quarrel on Sunday; she said she bought a pint of beer of him for a "sick woman" living in the same tenement with her, and she complained of him on account of the difficulty aforementioned. The judge suggested that Price had plead *guilty*, and that one of them was practicing deception, and desired to know who was telling the truth. Julia finally acknowledged that it was gin that she bought, and went in pursuit of her overseer to get him to "go bail."

☞ The Concord Patriot furnishes the following report of indictments by the Grand Jury at the S. J. Court for Merrimack county, Judge Doe presiding.

Charles Furgerson, formerly of Lowell—two indictments for stealing—plea guilty.

William H. Wallace, formerly of Worcester—two indictments for burglary—plea guilty. For breaking into Odlin & Hardy's store, three years in the State Prison; not yet sentenced for breaking into Carr's.

Jeremiah H. Nute and James M. Bean of Epsom for assault and battery—plea guilty of aggravated assault—six months in the county jail and a fine of $200 each, and costs of prosecution, and stand committed until paid.

Bradford Harlow, jr., transient person—four indictments for passing counterfeit money—plead guilty to all.

Leander Barnes and Eliza Bisbee, of Concord, for lewd conduct—plea guilty—sentenced six months each in the county jail and pay a fine of $50 and costs.

James Ordway, jr., of Hooksett, six indictments for selling liquor—plea *nolo con.* to two and guilty to the remainder—fined $50 and costs in each.

William W. Dow of Concord, for keeping liquor for sale—plea guilty—fine $50 and costs.

Luther Roby of Concord—for keeping liquor for sale.

Jane Burgess of Concord—three indictments for selling liquor.

Abraham Burgess of Concord—three indictments for selling liquor.

Charles Wheeler of Hooksett—two indictments for selling liquor—plea guilty to each—fined in each—$50 and costs.

A wedding took place in Detroit, the other day, between an aged female of sixty five and a young man of twenty-one.—They were cousins, and on uniting themselves in matrimonial bonds, became possessed of ten thousand dollars by bequest. The donor of this money had upon his death-bed willed them five thousand dollars each, under condition that they married in the family.

We should call this a "sell," all round.—Wonder if anybody pronounced a "thus saith the Lord" over this union—"what God hath joined together," &c. No doubt this pair of fools, the bigger one who "left" the money, (evidently only because he couldn't *take* it with him,) and the friends who sanctioned the outrageous match,—would look with horror on a woman of ill-fame; but who deserves the stoning most, they who fall or err through human weakness, or those who voluntarily and coolly enter upon so vile a contract as this? F.

☞ Motto for indolent housewives:—'Never too late to mend."

☞ In U. S. Senate, Thursday, Feb. 16, Mr. Mason, from the Harper's Ferry Committee, reported a resolution that the President of the Senate issue warrants for the arrest of Sanborn, John Brown, jr., and Redpath, who had refused to obey the summons of the Committee to testify, and bring them before the Senate to answer for contempt.

Mr. Hale said he would vote against it. He believed there was no power in the Senate to compel the attendance of these men.

The resolution was adopted—yeas 46, nays 4. Those voting in the negative were Bingham, Hale, Sumner and Toombs. Messrs. Seward and King both voted yea.

Mr. Hunter moved to take up the Post Office Deficiency bill. Carried.

The House having refused to concur in the amendment of the Senate abolishing the franking privilege, Mr. Hunter moved the Senate recede from its amendment. He was unwilling to attempt to force legislation on the other body.

The motion was then agreed to—yeas 42, nays 11.

Mr. Toombs moved to reconsider. He was opposed to the Senate's receding. In the debate in the House a strong opinion was expressed adverse to the franking privilege, but they were opposed to legislation being incorporated in the appropriation bill. The amendment regulating the printing of blanks effected a radical change in the existing laws. Therefore he moved to reconsider.

The motion to reconsider was lost—yeas 14, nays 42.

This, we suppose, settles the question, so that the Post Office can pay its debts.

Mr. Gwin now asked the Senate to proceed to the consideration of the bill to *abolish* the franking privilege. Agreed to.

Mr. Hamlin moved to strike out all the bill, except the few lines abolishing the franking privilege. He wanted to abolish the system. He did so on the ground of personal convenience. He did not advocate it as a measure of economy.

Mr. Pugh was in favor of striking out entirely the federal government, which expends more than all the States. The enormous amount, if raised by direct taxation, would not be borne a moment. If government expended ten millions, we would never hear of an irrepressible conflict.

Mr. Hamlin's motion was carried.

Mr. Mason voted to add that hereafter nothing pass free by mails. Carried.

After debate, Mr. Powell moved to amend the substitute of the committee, so that the law take effect on the 15th of April. Agreed to.

The substitute of the Post Office Committee was then agreed to.

The bill was then read in full time, and passed, only two voting against it, Hemphill and Wilkinson, and 54 in favor of it.

This abolishes franking, so far as the Senate's action can do it.

The *House* tried twice to elect a printer, but failed. Defrees had 91, Glossbrenner 90, Gales & Seaton 1.

Mr. Grow introduced a bill to prevent the sale of public lands except to actual settlers, until ten years after their survey; a bill for the admission of Kansas into the Union; and a Homestead Bill.

Mr. Florence introduced a French Spoliation Bill, and a bill granting pensions to soldiers of the war of 1812.

NARROW ESCAPE.—Wednesday afternoon as the half past two o'clock train from Boston, on the Eastern Railroad, was within a mile of Ipswich station, the Engineer discovered a long butt of wood laying across the rail; the shrill alarm whistle was sounded, and every possible effort made to stop the train, but the danger was too near, and the fender knocked the log twenty feet, without damage. It was a stick of hard wood, just cut, and very heavy, fourteen feet long and eight inches through. An Irishman, well known in that vicinity, had been teaming wood across the road within an hour of the occurrence, and is supposed to have dropped the log from his load undesignedly.—*Traveller.*

☞ The journeyman shoemakers of Lynn had a great meeting on Wednesday evening;—and they struck for higher wages, which has already began in Natick, is to take place at Lynn, Feb. 22,—probably in other towns in Massachusetts at the same time. The Traveller of Thursday evening gives a full account of the meeting. The strike will certainly bear very hard on many a poor family: it may be quite a relief to some manufacturers: and must relieve the market of the overstock, of any. *New* is the time, for Virginia and Carolina to strike out in the shoe line, and carry off the best workmen. Now or never!

THE PARDON OF STEVENS.—Mr. Sennott is to appear before the legislative committee at Richmond in behalf of Stevens, with a view of obtaining a pardon. Mr. Sennot goes upon the invitation of Gov. Letcher, with the promise that the subject shall receive his most careful attention.

☞ Mr. Rarey, having tamed horses, is now seeking to tame their drivers. He has become a missionary to the cabmen of London. The real difficulty of his life has now begun.

Mr. Sickles's eyes are objected to, being, we presume, evil eyes. We should think his hands were most to be dreaded.

Dan don't "keep house" this winter, but "boards out" in a private family; Teresa being the Eve of his Paradise. He's a philosopher, though not precisely after the order of La Fontaine.—*Trib.*

☞ "The right man in the right place"—a husband at home.

☞ We are rich or poor in this world, not by what we possess, but by what we desire.

NEW PUBLICATIONS.

THE RELIGIOUS EDUCATOR.—We have before us No. 1, vol. 1, of The Religious Educator, a very neat and attractive periodical, published by the Sunday School Teachers' Institute, at Walker, Wise & Co.'s, Boston. James P. Walker is resident editor; and there are twelve others, one for each month. The plan of the work is:

It is proposed to issue, on the 1st of every month, a magazine of twenty-four pages, of this size and style, at one dollar per annum. This number, which is dated January for the purpose of beginning the year squarely, will be followed within a few weeks by the February and March numbers; the April number appearing on the first day of that month.

It will be under the charge of a Board of thirteen editors, appointed by the Institute. One of this number will serve as the resident editor; while the remaining twelve will rotate, each editing one number per annum, their names appearing on their respective numbers.

The work is in able hands; and will have a useful mission.

PETERSON'S MAGAZINE for March is up to its own high mark, in all respects. The fashions we dare say are "reliable"—till they change; the literary matter is always ably and carefully prepared; and the engravings, "The trial of patience" and "Covetousness," are admirable, life-like, and must excite a laugh if you have any in you.

MATTERS IN EPPING.

EPPING, Feb. 15.

We have had two public Levees; one lately to Rev. J. H. Stearns, intended as an expression for his unwearied exertions in his now flourishing Sabbath School; as also one to purchase for our talented and esteemed friend, A. B. Clifford, leader of our popular Band, a silver cornet,—both of which gatherings were pleasant and successful.

At the present time, Prof. Bond is instructing our Band. They have purchased with their Rockingham Fair prize money, handsome grey pants, and are now prepared to answer any orders in their line.—Last Sabbath, the choir of the congregational Society, assisted by Prof. Bond, performed the beautiful requiem, "Rest, spirit, rest," as a voluntary; and closing with Luther's grand and sublime "Judgment hymn," trumpet solos by Bond. This choir is well practiced, and especial regard paid to the sentiment of the psalm or hymn, without which all church music is tame and insipid. They sing at sight, and have their music written on sheets, but one part on each sheet. Having their hymns as early as Saturday evening, any changes or alterations of tunes are prepared and placed before the choir previous to commencing the services. They may not have such good voices as some other choirs; and have an inferior organ; yet I think their usual Sabbath performances will compare favorably with any of our volunteer choirs.

I notice you are soon to have a Sacred Concert in the Stone Church, aided by their magnificent organ. I doubt not that it will be worthy of the place, while the music and the object merits a crowded house.

I had almost forgotten to mention that at the close of Prof. Bond's instruction, the Band, aided by him and his two daughters, and other resident talent, will give a Grand Concert, about the first of May, for the benefit of the Band.

Please keep in remembrance my former prediction, that Douglas will receive the Charleston Convention nomination, and consequent election. I.

NEW RAILROAD MOVEMENT. — We hear of extensive operations in the stock of the Concord and Portsmouth Railroad Co. at a very large advance upon recently reported sales. Seven hundred shares have changed hands at $67 to $75, and none is now offered at less than $80. When it is considered that the Company has no debt of any kind, and that the Road is leased to the Concord and Boston at about 7 per cent. per annum on its capital stock, we do not see but the recent operations will prove very profitable to the purchasers.

It is supposed by some that the Manchester & Lawrence and the Concord Railroad Co. are interested in the recent movement of this stock, and that they wish to get control of the Company with a view to the building a branch from Candia to Manchester. Should this be the case, we see no reason why the stock will not ultimately go up to par. The movement will be of great value to Manchester manufacturing establishments, and probably to the whole upper patr of New Hampshire.—*Traveller.*

☞ The Green street (Baptist) Church, of Newburyport, is having a course of lectures; and Rev. I. S. Kalloch of Boston delivered the first on Tuesday evening, on "Strength from antagonism." The Herald says the church was well filled with a very respectable audience.

☞ In Newburyport, at a planing mill, the fireman found it impossible, one morning lately, to kindle his fire beneath the boiler; and a little examination discovered a hole worn through the iron, allowing the water to drop upon the fire!

☞ The courts of New Jersey hold that railroads are not liable for damages, when their own employees are injured!

Local Items.

SCHOOL EXAMINATION.—The Grammar School in District No. 2, under charge of Mr. Durgin and Miss Whittem, was examined by the committee on Thursday forenoon. There was a fair attendance of parents and friends of the school. The recitations were generally satisfactory, and that of the two upper classes in Geography was excellent.

Remarks were made by Rev. Dr. Peabody, and by the County School Commissioner, Henry L. Boltwood, Esq., of Derry. The Commissioner said that the schools were better graded and possessed of greater advantages in Portsmouth than any other town in the County; and yet he failed to see here that proportionate appreciation of educational advantages, which one might expect in comparison with other less favored places. This he attributed in part to the indifference of parents, who are apt to think that a well-arranged school needs no encouragement or sympathy from them.—His remarks were truthful and well timed.

The examination of the Grammar School, under Mr. A. M. Hoyt was to have taken place yesterday. It has, however, been postponed till Thursday of next week.

☞ We are indebted to our old friend, Capt. Wm. Lester, of ship Pampero, of New York, for a present of a Chinese umbrella, parasol, sunshade, or some such article.—The frame and handle are of bamboo; the covering, of oiled paper, profusely ornamented, illustrated and decorated with the usual tea-chest hieroglyphics and devices. The only piece of iron about it is the spring or snap to keep it spread; the *wires* to confine the ends of the sticks being all made of horse hair, or some other kind of hair. It is at once a clumsy and ingenious article, like all John Chinaman's work; and would no doubt answer a good purpose to keep off the rain or sun. The cold would make the oiled covering brittle; but next summer, when we "can't stand the fire" of Old Sol, we may raise our oriental protector.

We have called Capt. Lester "our old friend;" and really it dos not seem so inappropriate, after all, come to think it over—for, though he is yet considerably on the weather side of middle age, still he tells us he has followed the sea for sixteen years;—and as we were schoolmates, this sounds very much like shoving us both out from the ranks of young men. Capt. L. is one of the most successful of the young shipmasters who hail (only personally, alas!) from old Portsmouth; and has sailed in the ship he now commands for seven years. Long may he *wave!* or should he

"Leave ploughing the sea,
And go ploughing the land,"

success attend him! How his calling on us has brought up the old High School, with Master Tasker; and the hosts of boys—boys yet, in our fancy, except when occasionally, as in this case, some of them show us that we are all growing old. Well, never mind,—here's to the memory of those old times. F.

DOUGLAS.—There are two flags flying in this city, for the Little Giant for the Presidency—one from the quarters of the Douglas Club, so called, near the C. & P. Depot, in Deor street, and the other from a hall in Market street. It will also be seen that our old and well-informed Epping correspondent, who predicted the election of Marston, Goodwin and Douglas, still holds to the triple event.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 23, '59—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since. S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and benificent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.

S. W. FOWLE & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted. W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend it to all who are suffering with Asthma or Consumption. A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON. and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. F. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

Fousel's Pabulum Vitæ.

☞ THE GREAT FRENCH REMEDY possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASES.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease both from its innocent nature and most astonishing curative properties; *it brings the only remedy known that will arrest the development of Tubercles in the Lungs or restore the vital functions of the pulmonary organs to their normal condition.* Its invaluable properties have obtained for it the highest recommendation and praise from some of the most eminent physicians and chemists in the country; while the best and surest proof of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to its unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium, or any of its compounds, nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; and the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration

A. A. HAYES, M. D., State Assayer.
16 Boylston St., Boston, Dec. 1857.

In the Boston Transcript of December 11, 1858, the editor says:

"We have seen a letter from an eminent physician of this city, in which he says:—I have used *Fousel's Pabulum Vitæ* in several cases of pulmonary disease, and in some with great benefit. I know of no remedy equal to it for children, where a minute dose is essential; or for adults of irritable stomachs, or having a tendency to reject ordinary medicines given for coughs, etc. I shall continue to use it in my practice."

Testimonial from the Sisters of Charity, of the St. Vincent's Orphan Asylum, in Boston.

BOSTON, July 31, 1858.

To Mr. F. LAPORME, Agent:

"The Sisters are happy to state that, having used *Fousel's Pabulum Vitæ*, they have found it efficacious in several instances, for bad coughs and colds. Signed by the SISTERS OF CHARITY.

Testimonial from a well-known Apothecary's Clerk.

BOSTON, March 10, 1859.

J. F. LAPORME, Esq.:

Dear Sir—I had been suffering for a considerable length of time from a severe cough, and had in vain had recourse to nearly all the remedies in use. My cough began to give me much uneasiness from its serious effects on my system when three days' use of *Fousel's Pabulum Vitæ* restored me to complete health. The medicine being new in this market, I had recourse to it last, but I can now confidently recommend it as the best medicine I know of. Yours, truly

CHARLES H. FOSTER.

At Fred Brown's, Washington, corner State St.

In the Boston Post, Sept. 24, 1858, the editor says:

"An extraordinary cure of Consumption has recently come to our knowledge, effected through the instrumentality of *Fousel's Pabulum Vitæ*; the evidence of which is in the handwriting of the subject, Mr. Wm. P. Brigham, No. 130 Albany st., in this city. It seems that for eighteen months he had been exhibiting the usual symptoms of Consumption, and that after having had recourse to the skill of various physicians, without benefit, he had to abandon his business and be confined to his house. Hearing of *Fousel's Pabulum Vitæ*, and of several remarkable cures effected by it, in cases as desperate as his own, he concluded to try it at a forlorn hope. The result has been most happy—he has now entirely recovered, and is engaged in his usual pursuits. It is such well authenticated cases as this that we take pleasure in laying before our readers, since, by so doing, many valuable lives may be saved, and much good effected."

It is sold at the low price of 50 cents, and $1 00 per bottle, thus placing it within the reach of all classes. F. J. LAPORME, sole Agent, Boston M. S. BURR & CO, General Agents, 378 Tremont street, Museum Building, Boston, and for sale by all druggists. Circulars with testimonials of its efficacy can be had of the Agents novfly

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the

CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with accordingly effections, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other remedies in vain. To all classes and constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful medicine, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases peculiar to the female, prepared according to the directions these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

Local.

CITY COUNCIL.

In Common Council, Thursday evening, a series of resolutions was passed, protesting against the appointment of members of either Board of the Council, to any "office of emolument," by the Mayor and Aldermen. Also asking the attention of the Aldermen to the fact of the appointment of several Councilmen to the office of Firemen.

The subject of ousting the Councilmen-Firemen from their seats, was indefinitely postponed.

A motion to inquire into the expediency of placing a suitable Fire Bell on the proposed new Cabot street school-house, was lost. Also a resolution to place the old bell, formerly on the old school-house, on a suitable tower on No. 5 Engine House, was lost.

A joint Committee was appointed to examine the matter of placing gates at Liberty Bridge, to keep water in Puddle Dock, as a reservoir.

No vote was taken as to the appointment of City Officers.

A joint vote was passed to ring the bells half an hour, at sunrise, noon and sunset, on Washington's Birth Day. But no salutes will be fired—by the city.

The Firemen in the City Council. We are indebted to a well-informed and experienced friend,for a communication adverse to the right or policy of the Council unseating the members who have been appointed to the "office" of firemen. His idea is that their *appointment* by the Mayor and Aldermen was illegal, and so they cannot legally act as firemen; but having been properly elected to the Council, they cannot be removed thence. As members of the Council have expressed similar ideas, we do not publish the article.

The Ball of Atlantic Engine Co., No. 6, Wednesday evening, at Irving Hall, was in all respects a decided success. Other engagements prevented our accepting a polite invitation to attend. A friend who was present informs us that the company numbered about 70 couples; and everything went as merry as a marriage bell.—Among the gentlemen present, he mentions Chief Engineer Main, ex-Chief Hadley, members of the Board of Aldermen and Common Council, several of the Assistant Engineers, delegations from the Engine Companies of Dover, Boston, Charlestown, and Malden, Mass., and from Engines Nos. 1, 2 and 3 of this city.

It will be seen that Granite State Company are to have a similar social and festive gathering next week, at Rechab Hall; and all who know that Company will feel sure of a *No. One* time.

For the Chronicle.

Encourage Native Talent and Good Taste.—*Friend Chronicle*:—Mr. J. H. Head's little gem of a book entitled the "Home Pastimes, or Tableaux Vivants" will, after so long delay, be ready for sale in a few days. The combining of Poems and prose with the one hundred Tableaux, makes it quite a desirable and readable book. We hope Mr. Head will dispose of many copies in this city, as the greater portion of his profit will accrue from those sold here. Every one who can afford it should purchase one of these little mementoes of the author's efforts to please, and improve the tastes of the public. Most of the scenes described in the work, were produced by a great deal of pains and time, gratuitously, by the author, for the religious and other fairs, for the past eight years. Now is a good time for the recipients of Mr. Head's benevolence and kindness, to repay him by purchasing one of his books. The author is always ready to lend a helping hand on all occasions and at all times to promote the tastes, and embelish in his artistic manner, our churches, public buildings, etc., and an encouragement of these efforts, can in no way be better shown than in placing on the book-case, or on the centre-table, a copy of the Home Pastimes.

A Lover of the Beautiful.

The Ladies' Aid Society, of the Brodhead Church, will hold a Social Gathering at Hanover Street Chapel, this (Friday) evening. Doors open at 6 1-2. Admission 10 cents. Refreshments for sale.—Music will be furnished, appropriate to the occasion. Per order.

Alarm.—Respecting the fire alarm,Monday evening, for which we stated we could not discover even the pretence of a cause; a gentleman informs us that he went to the top of his house, and plainly saw a bright light, as of a burning building,—a long way off in a northerly or westerly direction.

☞ Our Eastern neighbors, in Maine, had their great snow on Friday of last week, when we had only a very little: ours came down handsomely on Thursday,—to do the duty of closing out the winter.

☞ Rev. Daniel P. Pike, of Newburyport, is to deliver a Temperance Address in Portsmouth,Wednesday evening, Feb.29.

☞ Rev. Messrs. Patterson of Portsmouth, and Hicks of Dover, are to preach on alternate Tuesday evenings, at South New Market.

I've seen pretty clear ever since I was a young'un, as religion's something else besides notions. It isn't notions sets people doing the right thing—it's feelings.—*Adam Bede.*

☞ Washington's Birth Day, this year, is also Ash Wednesday, the beginning of Lent, the great fast of the year.

Why is a ragged boy like a preacher who has nearly finished his sermon?

Because he's toward his close. (*Tor'd his close.*)

NEWSPAPERS.
CHEAP BOOKS, ANNUALS, TOY BOOKS,
Fancy Goods, Stationery, &c.,
may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability.—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs; to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

GROVER & BAKER'S
Celebrated Family Sewing Machines.
NEW STYLES. — PRICES FROM $50 TO $125.
HEMMERS, $5 EXTRA.
OVER THIRTY THOUSAND IN USE
These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.
THE NEW MACHINES INTRODUCED BY THE
GROVER & BAKER
SEWING MACHINE COMPANY
Are of elegant finish, and their operation is rapid and very quiet. The ease with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.
What is specially claimed for the "Grover & Baker" machine is—
That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.
That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.
That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.
That it is nearly noiseless in its operation.
That its construction is more simple,and its liability to disarrangement less than any other.
That it can be quicker learned, more easily kept in order, put ready for use, and changed from one quality or grade of work, than any other.
Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.
That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.
That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.
Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?
TESTIMONIALS.
Portsmouth, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. Allen & Paine.
Portsmouth, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, *see* the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.
Charles W Brewster.

E. A. STEVENS'
House Furnishing Establishment,
NO. 46 MARKET STREET.
Just received, a fresh invoice of the world-renowned
OLD DOMINION COFFEE-POTS!!
of which so many thousands have been sold during the past year.
COFFEE.
Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.
The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.
Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.
There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.
We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*
The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.
OLD DOMINION TEA-POTS.
made upon the same principle as the Coffee-pots.
WOOD'S
PATENT COFFEE-ROASTER.
A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.
It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

Morning Chronicle.

☞ In the Massachusetts Legislature, a communication was received from Josiah Perham, announcing that certain railroads had authorized him to extend an invitation to the Legislatures of Virginia, Pennsylvania, Maryland, New York and Maine, to pass and repass to Boston upon their roads, free of charge; and asking the Senate and House to take such action as will authorize the Governor to invite the Legislatures of said States to participate in the hospitalities of the State of Massachusetts, at some convenient time during the present session.

☞ Hon. James Hall, of Boston, died suddenly in the Representatives' Hall in the State House on Tuesday. He was not a member, but had business there, as a remonstrant against the betterment law.

The New York bank statement shows why money has become so abundant in Wall street. The loans have been increased above one million of dollars. The specie, meanwhile, diminished $140,000.—*Boston Post.*

☞ Charles H. Wilkins, of Piscataquog Hotel, for selling liquor, and Henry C. Joy for keeping it for sale, were bound over in $200 each, at Manchester, Feb. 13.

Bulwer says that "death often changes aversion into love." Certainly it does.—We may have an antipathy to swine, and yet love pork and sausages.—*Practice.*

☞ Mrs. Harriet Beecher Stowe is shortly to commence a fresh story in the Atlantic Monthly. She is at present in Europe.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and pendemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall-Street, New York, Jan. 20, 1858.

GENTLEMEN—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years, the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except by dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling of arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,

BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Siamaston, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly,

WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

O. J. WOOD & CO., 444 Broadway, New York, and 114 Market St., St. Louis, Mo.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, whether acute, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for those complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His Conserve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that Swett's Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a hard cough from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of tickling in lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try it. EBENEZER BURNAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together.

THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and never heard of it, what we have of any other medicine, FAILED, IN ONE INSTANCE TO EFFECT A CURE, or did we know an instance of dissatisfaction by the use of the contrary, all are delighted speak in terms of highest praise of its wonderful virtues. We speak in this matter, *what we know*, after long years experience, and *pledge our reputation for the fulfilment of our words* that in almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable prepa ration is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in England and *never failing success*, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of DYSENTERY AND DIARRHEA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every sufferer—*Do not let your own prejudices or the prejudices of others*, stand in the way of your child's relief, but if you have a child suffering from pain, be sure to follow the use of this medicine, if timely used, Full directions for using will accompany each bottle. Nurses will find the *full confidence* of CURTIS & PERKINS on the outside wrapper, to be true in every respect, and that no complaint, *prejudices, or the prejudices* between your suffering child and the relief that will be SURE—you to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. Nurses will find the *full confidence* of CURTIS & PERKINS on the outside wrapper to be true in every respect, and that no complaint, 12 Cedar st. New York *per bottle.*

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and R. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with the greatest care and accuracy, while all other article for infantile complaints will show: the very roots from which it is distilled being dug from forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—It is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

COLIC, FLATULENCY, SYMPTOMS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain, for regulating the bowels it is unequalled. For Cold in the Head it is a sure remedy. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and before a powerful application in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising for the season, it speaks recommends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, tried the effects of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the nature of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were effectually cured by it. If you wish to see testimonials of a consumption's tendency, *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, or Pain in the Side*, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your sleep is broken and disturbed, if your Spirits are depressed and your nervous organs relaxed, you will find in the an unlimiting remedy, by commencing with *tea drops*. If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate and bring it into a healthy and healthful action. In the most inveterate cases of *Dyspepsia*, the patient can here find the most efficient and grateful relief. It is always so experienced after taking *only one bottle*. In *Male or Female Complaints or Weaknesses*, the sufferer, after trying other remedies in vain, may be assured, that a certain cure will result from the use of *two or three bottles*. The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children and adults* are immediately benefited by its use. It gives strength to the weak, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 38 Maiden Lane, New York.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have several commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware and Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same are issued.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prices vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under the act of 1837.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents executed on the liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal opinions given, and rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, to the mutual benefit and stability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The subscriber can give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and if SUCCESS AND THE ADVANTAGE OF AN ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full models of patents granted by the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure to them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and fidelity on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE OF which was decided in his FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. **R. H. EDDY.**

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS,

The Chronicle Office is open from 4 o'clock in the morning till 9 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed—and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, be put inside the house door; or if necessarily left out, the bell to be rung.

If subscribers will immediately inform us of any violation from these rules, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $20 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and impure. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor history one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, improper air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparill
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequence. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIVE AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.
Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so compounded that they come within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis to the American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been rescued from dying and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies have been put into notoriety, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
PRICE, $1 PER BOTTLE, SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec20 6m d&w

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, FEB. 18, 1860.

☞ Our readers have seen the report that Neal Dow had become intemperate, and the denial of the same. Now, in answer to an article in the Portland Temperance Journal, the Portland Argus of Feb. 16, "ventilates" a *report*, that Dow, who was one of Treasurer Peck's sureties, got possession of Peck's safe, by stratagem, and abstracted therefrom some memorandum checks, signed by himself, for money (about $10,000) borrowed of Peck, and destroyed the checks, on the plea that they were paid. But the Argus says of the latter statement "we have not heard this so directly as to feel confident of its *truth*. The rest of the statement as above given is, we *think*, substantially the truth."

The Argus adds:—

We have *no comments* to make on this transaction now. It will be time enough to do that when all the facts are admitted or established.

In the very next lines, however, the Argus makes the following *comments*:—

All will agree with us however that according to the reported facts as above narrated, the transaction was a high-handed one, and will be likely to land this individual, whose wont has been to carry things with a high hand, where he will feel under some restraint, and be less defiant and dictatorial in his bearing than heretofore.

We should call this considerable of a comment.

The Argus of Feb. 17, has a note from Mr. George H. Shirley, who was named in the Argus as Dow's aid in getting Peck's safe. Shirley says:—

The statement in your issue of yesterday, concerning the late State Treasurer, is, to my personal knowledge, in some important particulars, very erroneous, and calculated to do injustice to the individual persons named and to mislead the public mind.

THE GALE of Friday week was accompanied by snow in the eastern part of Maine. The Bangor Whig reports the storm to be the most severe of the season. Although the quantity of snow was not great, the blow from the northwest, north and northeast was the heaviest which has been experienced for years under similar circumstances.

The gale also extended far enough south to rage through the city of Philadelphia with terrific violence, being attended with fatal results. At about 7 o'clock in the morning a new brown stone retort-house at the gas works was leveled to the ground, and two of the workmen were instantly killed. There were five in the building, but the others escaped injury. The building was 250 feet long, 56 feet wide, and built of Trenton brown stone, the walls being 18 inches thick.

☞ In Washington, on Thursday, Mr. Conway of Kansas, the former agent of the New England Emigrant Aid Company, was discharged by the Brown Investigating Committee. He testified that he met John Brown in Boston in 1856, heard him speak at meetings, and had conversations with him relating to affairs in Kansas. Brown never mentioned any design to invade the slave States. He never had any knowledge of his Harper's Ferry incursion until he read of it in the newspapers. The New England Emigrant Aid Company never had anything to do with John Brown, nor with any plan for forcibly disturbing slavery in any State or Territory of the Union.

Benj. Rush Floyd, brother of the Secretary of War, died suddenly, of heart complaint, at the Lafayette House, Wednesday evening. He was apparently in excellent health, but a few moments before his death.

Senator Bright, after two days consideration, has named the committee to arrange the Charleston platform, viz.: Green, Fitch, Bigler, Gwin and Chesnut, each of whom spoke in the caucus in favor of the Mr. Davis's resolutions. The object of the committee was to confer and harmonize the several propositions, but the gentlemen named are all on the same side, i. e., all in favor of slavery in the territories.

FATAL RAILROAD ACCIDENT.—Charles C. Hosley, a musician, of Winthrop, Me., was killed in Portland, on Wednesday, by his own carlessness in leaning out from the platform of a railroad car, when he was struck by the wire factory of Messrs. Farley, and thrown upon the track. Two of the wheels of the baggage car passed over him, diagonally, from his right shoulder to his left leg, breaking his neck, right shoulder, all the ribs on the right side, &c. His watch was crushed in pieces, and the gold guard chain flattened out. He was picked up immediately, but only gasped twice before he expired.

☞ Barbadoes is rich—its treasury surplus on the 11th ult. was £35,899.—It has 146,000 inhabitants, of which 85,000 are free negroes. It is one of the most healthy and best cultivated islands in the Atlantic Ocean.

☞ In the U. S. *Senate*, Thursday, Feb. 16, Mr. Doolittle called for the reading of his resolution instructing the Committee on Territories to report a bill for the admission of Kansas under the Wyandotte Constitution. The subject was postponed.

Mr. Gwinn reported from the Committee on Post Office and Post Roads, a bill for the construction of a line of telegraph to the Pacific.

Mr. Mason made some remarks upon the introduction of the Wyandotte Constitution. He said it was an unauthorized paper.

Mr. Brown gave notice of an act to punish offences against slave property in Kansas.

HOUSE.—A message was received from the President, announcing that he had signed the Post-Office Appropriation bill.

Mr. Jackson offered a resolution for the restoration of the old seats in the House Chamber, and providing for an adjournment of Congress for four weeks. Referred to the Committee on the Whole.

Mr. Curry introduced a bill to repeal the Fishing Bounties Act. Referred to Com. on Commerce.

Mr. Bingham introduced a bill amendatory of the act regulating the compensation to Congress, and repealing it so far as it allows mileage.

Referred to the Committee on Ways and Means.

Also a bill declaring null and void all of the Territorial acts of the Legislature of New Mexico, establishing or protecting involuntary slavery.

It was referred to the Judiciary Committee.

Mr. Bingham offered a resolution, which was adopted, referring so much of the President's message as related to the payment of the Amistad case claimants, to the Judiciary Committee, with instructions to report on the propriety of the President's recommendation, and also as to the legality of slavery in the Territories.

The election of Priater was postponed till to-morrow.

Mr. Sherman offered a resolution, which was adopted, instructing the Post Office Committee to inquire into the expediency of reporting a bill for the division of the territorial jurisdiction of the United States into postal districts of not less than one State each; secondly, the letting the entire postal service, including the delivery of mail matter, in such districts to the lowest responsible bidder, over present post wants; thirdly, the re-organization of the Post Office Department and foreign mail service, to conform to the foregoing propositions; fourth, the entire abolition of the franking privilege.

Mr. Sherman offered the resolve reported by the Select Committee last year, charging that the Secretary of the Navy, with the concurrence of the President, had abused his discretionary power in making coal and live oak contracts, and that the Secretary and President, for bestowing patronage for electioneering purposes, deserve the condemnation of the House. Referred to the Committee of the Whole.

Mr. Maynard introduced a resolution which was referred to the Judiciary Committee, with a view to the most efficient rendition of fugitives from justice.

Also a resolution which was adopted, setting forth that the geographical position of Cuba to the United States, renders it eminently desirable that there should be a free and unrestrained commercial intercourse between them; and directing the committee on foreign affairs to inquire into the expediency and practicability of a convention between the United States and Spain to as to facilitate commerce by the reciprocal importation and exportation of the agricultural and manufacturing products of the two countries free of either imort or export duties, and the free passage of persons from one country to the other.

Mr. Morris of Illinois introduced a bill to amend the Naturalization Laws.

Also a bill providing for the people of the Territories electing all their officers.

Also a bill providing for the election of deputy Postmasters by the people.

☞ A writer in the St. Louis News suggests a new way to rid Missouri of slavery. The State now has a bill before it to sell its interest in railroads for nine million dollars, and the writer thinks it could not be better invested, than to give a hundred dollars to every owner of a slave sold out of the State, which would be sufficient inducement for those wishing to emigrate to take their slaves off, or added to the present high prices of negroes, to sell them South, and thus free the State of ninety thousand slaves, and enrich it by a corresponding influx of free white labor.

CHANGED HIS MIND.—When the alarm was given the other night, says the Portland Advertiser, a sailor in a boarding house on Fore street, in his anxiety to get to the fire before his companions, got out of his window on to the roof of an adjoining building, and from thence jumped to the sidewalk, a distance of about eighteen feet. The footing was rather uncertain, and his face came in contact with the sidewalk, and he was pretty badly cut up. He was taken up and carried in, and after the application of proper remedies, some one asked him what he had been about. "Oh!" said he, I started to go to the fire, but afterwards changed my mind!"

☞ Mrs. Ann Wilson, residing in the family of Mr. Webster, at Rockport, has reached the good old age of ninety-four.—She is in perfect health and rises at sunrise in the morning. Her eyesight is good and she has never used "specs," daily reading the papers as readily as the younger folks. She is a native of Cape Ann, and has a wonderful memory on the matters pertaining to that locality for the past ninety years.

PUBLIC THEOLOGICAL LIBRARY.—A second meeting of the clergy of Boston, in favor of establishing a Public Theological Library, was held at Mercantile Hall, on Monday afternoon, Bishop Eastburn in the Chair, and Rev. Dr. Blagden acting as Secretary. The following committee was appointed to confer with the city authorities and Trustees of the Public Library upon the subject: Rt. Rev. Bishop Eastburn, Trinity Church; Rev. Dr. Blagden, Old South Church; Rev. Lorenzo R. Thayer, Bromfield street Church; Rev. A. A. Miner, School street Church; Rev. Dr. Adams, Essex street Church; Rev. Dr. Gannett, Federal street Church; Rev. Dr. Lothrop, Brattle square Church; Rev. Dr. Burroughs, Portsmouth, N. H.; Rev. Baron Stow, Rowe street Church. The plan is to have the library in connection with the Public Library.

This is an excellent plan, and ought to be imitated in every city and large town.—It would be a great saving of expense to individual clergymen; and a great benefit to them, to students, and others.

THERE WERE GIANTS IN THOSE DAYS. The Kennebec Journal says that during the session of the Maine Legislature, on Tuesday, there was an interesting exhibition, by a procession through the Senate Chamber and Representatives' Hall, of eight giant men, viz.: Gen. Henry P. Cotton, Sheriff of Lincoln county, 291 lbs.;—N. A. Farwell of Rockland, 235; Sumner Whitney, of Presque Isle, of the Senate, 262; Samuel C. Hamilton of Biddeford, of the House, 235; Raymond S. Rich of Thorndike, of the House, 254; Enos Phinney of Jay, of the House, 254; Mr. Morrison of Farmington, 250; and J. W. Davis of East New Portland, 245.

The Age says that when last seen, in the act of invading the executive department, they were mistaken for the "Investigating Committee," charged with the astounding details of the Peck defalcation.

AFRICAN BLOOD MIXED WITH WHITE.—*Columbus, Ohio, Feb.* 16.—The Supreme Court of Ohio decided the case of Alfred Anderson vs. Thos. Milligen on Thursday. The Court held that those having a mixture of African blood in their veins, the preponderance being white, were by the Constitution of 1801 entitled to exercise the elective franchise, and that no change having been made in this respect by the Constitution of 1851, the plaintiff having but one-eighth of African blood, and his vote having been refused at the Presidential election of 1856, for that reason alone, therefore the Court held that he is entitled to recover for the violation of the right conferred on him by the Constitution. The decision was unanimous.

WASHINGTON, Feb. 15.—The Committee on Elections to-day took up the contested election case of the Third Congressional District of New York. Mr. Williamson, the contestant, made a statement, to which Mr. Sickles replied, asking further time to put in his points. He takes the ground that in consequence of the failure of Mr. Williamson to serve him with a notice, the contestant is out of Court, and cannot be heard on the merits of the case.

Mr. Williamson replied that owing to the failure of the State canvassers to make such a declaration as is contemplated by the act of Congress, there was no sitting member to notify, and that by virtue of the action of that body, there was no way left him but to compel the attendance of witnesses under the act of Congress.

The case was then postponed until Tuesday next. The Committee will ask for the appointment of a Commissioner to take testimony, so that the case may be decided on its merits.

Two hundred and fifty-six bills and resolutions merely for the purpose of reference have been introduced into the House today—a larger number than were ever introduced before in a single day. There were forty-six yesterday, under the call of the several States. No previous opportunity had been presented for the members to empty their political budgets.

Augustus Wattles, formerly one of the editors of the Kansas Herald of Freedom, and an old friend of John Brown, arrived here to-day, and will, during the week, give his testimony before the Harper's Ferry Investigating Committee.

The Senate, in executive session to-day, ratified the treaty between the United States and Paraguay, and confirmed the nomination of Gen. Whitney as Collector of the port of Boston.

Judge Douglas, in response to a note from Fernando Wood, denies the truth of the newspaper statement that Wood, when Douglas was in New York, pledged his entire delegation to Douglas in the Charleston Convention.

☞ A fashionable young lady, a few days since, went into a store in Norfolk, Va., and after a thorough examination of its contents, bought a dime's worth of thread, which she ordered to be sent to her residence, over a mile distant. The proprietor procured an express wagon, the driver of which took the package, backed up to the door, lowered the tail-board, delivered the package, and collected fifteen cents, the usual charge.

☞ Both branches of the California Legislature have refused to elect chaplains to open the sessions with prayer.

Two young men in Normandy died recently of internal ulcers, caused by tobacco smoking.

A sea of troubles—the Papa-cy.

☞ A New Brunswick gallant was recently treating his beloved to a sleigh ride, when the bolt which held the pole of the sleigh broke, and further locomotion was seemingly impossible. The quick-witted fair one however jerked a stout wire from her hoop-skirt, and with this substitute for a bolt, the happy couple went on their way rejoicing.

A male child was born in Standishfield, Mass., last week, healthy and well formed, with "a well defined pair of soft, silky whiskers, stretching from ear to ear." The child is now five weeks, bright and lively, with a growing beard.—*Post.*

We are willing to "go" the whiskers, but think the Colonel must be mistaken in stating that the child "is now five weeks old," when it was born only "last week."—*Atlas.*

The Post replies that they won't split hairs about the age, since the Atlas is willing to go the whiskers.

The Bath Times guesses the youngster was a kitten.

When a man has bitten off another's nose or ear, is it proper to bind him over to keep the piece?

JUST PUBLISHED!

THE ATLANTIC MONTHLY

FOR

MARCH, 1860!

CONTENTS.

The French Character; The Pursuit of Knowledge under Difficulties; Implora Pace; The Progress of the Electric Telegraph; Love and Self Love; To the Muse; Screw Propulsion; White Mice; For Christie's Sake; The Nursery Blarney Stone; The Professor's Story; Is the Religious Want of the Age, Met?

G. V. ROWE,

feb6 JOHN STOKELL.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like disease, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgments of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co.,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend it to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. F. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per cent) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

MANUFACTURING.—For several years past the manufacturing of cotton and woolen goods has been so poor that few mills were built. This dullness of the business, we believe, was as much owing to the manner in which it was conducted as to any other cause. More mills of late have been put in operation in Rhode Island than in all the other New England states; and there it is more an individual business, and consequently conducted with more skill, prudence and profit. The day of large corporations with an innumerable number of stockholders is passed, and we have come to an era when manufacturing must be done on a different basis. We have seen no time when we thought that an individual or a small company could not build a mill in this city (we adopt the language of the Newburyport Herald, as equally applicable to Portsmouth) and run it, as they build a ship and sail it, with the same care and economy, to a fair profit; and we hope now in the better day that has come to the manufacturing interest, that the Rockingham Mill, (so long talked of about this time of year) will be built. The people of this city, suffering in the absence of ship-building, could well afford to invest for such a purpose, for the local benefit it would confer, alone.

DAILY PAPERS.—There are but three Daily papers printed in New Hampshire—the Mirror and the American, at Manchester; and the Chronicle, at Portsmouth.—Of these, the Mirror is much the oldest, having been printed, we think, about seventeen years; and the Chronicle, though the youngest, is considerably the largest.

The Mirror claims to be "neutral," we believe—but is always classed on the Democratic side; the American supports the Republican or Opposition party; the Chronicle claims to be and is "independent" of all party—at any rate, never yet had the countenance and support of any, and never asked it—though it has been styled neutral, republican, and given various other characters, to none of which it answers.

The Manchester papers are both issued and circulated in the afternoon and evening; and an attempt to change the American to a morning paper, if we recollect aright, was found not to suit. The Chronicle is out before the sun every morning, (except when interrupted by holy days, high days and holidays,) and its readers would hardly allow it to be changed from breakfast to supper. We wish they would—for it is much less labor and expense to print a paper in the afternoon.

☞ We are obliged to send the Daily Chronicle this morning to subscribers in a few towns, instead of the Weekly, in regard to which the supply accidentally fell short of the demand.

☞ The snow makes tolerable sleighing in this city, for light sleighs; but for loads, wheels are preferable. Out of town, we learn, very poor sleighing, if any.

☞ At the January term of the Supreme Judicial Court for York County, Maine, a divorce from the bonds of matrimony was decreed between Isaac Russell and Louisa R. Russell, both of whom reside in this vicinity. S. B. Allen was counsel for the Libelant.

☞ About a week ago, in Rye, a man named Matthews, in endeavoring to part a couple of fighting dogs, was severely bitten, making a painful wound, disabling him for a brief period; but we understand he is now doing well.

DEATH FROM VIOLENCE.—A lad named Beauchamp, about 13 years of age—whose mother is a widow, and who recently came to Portland from Canada—ten days since, was violently assaulted and beaten by some boys because he would not give up his sled to them. He made no complaint of the violent usage he had received, for six days, when he was taken down sick, and Wednesday morning he died. There is no doubt his death was caused by the injuries he received of the lads who assaulted him. —*Argus.*

WASHINGTON, Feb. 16.—(Tribune cor.) The Committee on the Printing Investigation was in session several hours this morning, and examined Mr. John C. Rives on various matters connected with the Congressional Globe, Messrs. Gales & Seaton's contract, and the like. He proved that the Senate printing was executed in his office, under an arrangement with Mr. Bowman, by which he (Rives) received two-thirds of the price paid by law for doing the work, and Mr. Bowman one-third as his profit on the job, without incurring any risk or responsibility.

DOME OF THE CAPITOL.—Mr. Bright's inquiry into the reasons for the delay in the construction of the dome of the Capitol will develope the facts that the contractor for the iron work agreed to furnish two classes at five and two cents per pound respectively. Application was made to Mr. Meigs for an increase of price, which he refused, as did his successor, Capt. Franklin. An order from the War Department raised the rate to seven cents a pound, making a difference of $120,000 in the cost of the material.

MARRIED.

In Dover, Mr. Uriah Blaisdell to Miss Susan A. Butler, both of Somersworth.

DIED.

In this city, Feb. 16th, Miss MARY NUTTER, aged 59. Maine papers please notice.

Funeral at No. 66 Water street, this (Saturday) afternoon, at 2½ o'clock. Relatives and friends are invited.

In this city, Feb. 15th, Mr. JOHN T. DENNETT, aged 22 years, son of the late William Dennett.

Funeral Sunday, 4 o'clock, P. M. Friends and relatives are invited to attend at No. 6 Vaughan Street.

In this city, Feb. 15, Miss Hannah Odiorne, aged about 70.

MARINE CHRONICLE.
PORT OF PORTSMOUTH.

Ship Portsmouth, Trefethen, hence, via Boston, arr at Mobile 9th.
Ship Clifton, Plumer, Charleston, arr at Liverpool 28th ult.
Ship Ella E. Badger, Billings, ldg London 1st, for Port Phillip.

☞ It appears by the last news from Washington, that the Postmaster in Haverhill, Mass., will have to sustain investigation on charges which would appear to be connected with the Shute lottery swindle.

☞ Major B. P. Poore, who, as Secretary of the National Agricultural Society, recently had voted to him a salary of $1000 a year, has been appointed clerk of the House Committee of Foreign affairs.

☞ A Centennial Celebration is to take place on the 30th of May in Amherst, N. H., and Horace Greeley, a native of that town, will deliver the address.

A returned Californian has a right to rest upon his ore.

TEMPERANCE MEETING.

The Annual Meeting of the Rockingham County Temperance Society will be held at North Hampton, on Wednesday, Feb. 22, 1860, at 11 o'clock, A. M.:—all friends of religion, morals and good order are invited to attend.

The State Temperance Committee will meet at the same time and place.

T. H. MILLER, *Sec.*

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

MADAME DUBOIS,
THE CELEBRATED ASTROLOGIST,
FORMERLY OF PHILADELPHIA,

Would respectfully inform the citizens of Portsmouth and vicinity, that after practicing a long time and giving perfect satisfaction to all who have consulted her, she will give information in relation to the *Past, Present and Future* events of Life. Also the *Prospective Position in Life*, the progress or drawbacks of position in the *Married State, Pecuniary Prospects*, and in fine all things pertaining to our sublunary existence.

MADAME DUBOIS has Room No. 1, CITY HOTEL, where she can be consulted from 9½ A. M. to 9½ P. M.

TERMS—Ladies 25 cents; Gentlemen 50 cts.

NEWSPAPERS.
CHEAP BOOKS, ANNUALS, TOY BOOKS,
Fancy Goods, Stationery, &c.,

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

RELIEF IN TEN MINUTES!!
Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N. Y

The Great English Remedy!
Sir Jas Clarke's celebrated Female Pills
Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 60 pills, by return mail.

E. A. STEVENS'
House Furnishing Establishment,
NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S
PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron sphere, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

MY DARLINGS' SHOES.

God bless the little feet that can never go astray,
For the little shoes are empty in my closet laid away
Sometimes I take one in my hand forgetting till I see
It is a little half worn shoe, not large enough for me
And all at once I feel a sense of bitter loss and pain,
As sharp as when two years ago it cut my heart in twain

Oh little feet that wearied not, I wait for them no more
For I am drifting on the tide, but *they* have reached the shore;
And while the blinding tear-drops wet these little shoes so old,
I try to think my darlings' feet are treading streets of gold.
And so I lay them down again, but always turn to say—
God bless the little feet that *now* so *surely* cannot stray

And while I thus am standing, I almost seem to see
Two little forms beside me, just as they used to be!
Two little faces lifted with their sweet and tender eyes
Ah me! I might have known that look was born of Paradise.
I reach my arms out fondly, but they clasp the empty air!
There is nothing of my darlings but the shoes they used to wear.

Oh the bitterness of parting cannot be done away
Till I meet my darlings walking where their feet can never stray;
When I no more am drifted upon the surging tide,
But *with them safely* landed upon the river side;
Be patient, heart! while waiting to see *their* shining way,
For the little feet in the golden street can never go astray.

From the Journal.

CITY COUNCIL.—*Board of Aldermen.*

The Board concurred with the Common Council in referring the subject of the Steam Fire Engine to the Joint Standing Committee on the Fire Department.

Petition of Benj. F. Walker for a private highway from Lang road, so called, to his premises, referred to Committee on streets.

Bill to shut up Puddle Dock by gates to make a reservoir of water for use in case of fire, concurred in with slight amendment.

Resolution protesting against members of the City Council being *Bremen*, sent up, referred to Committee on Fire Department.

A Committee to whom was referred the matter of sundry additions to Cabot st. School House, not mentioned in the contract, reported, and a number of items were adopted which will not swell the cost of the house beyond the appropriation.

Ald. Kimball and Moses appointed building committee on the Cabot street school house.

A request of Com. Council for attendance of a police officer at the meetings of the Com Council—granted.

Non-concurred in bill to fire salutes on Feb. 22.

THE REPUBLICAN STATE COMMITTEE met at Concord, Monday evening, every county being represented. It was decided to make, during the coming month, an open, vigorous campaign. Each county will regulate its own movements, and provide its own speakers. Among the speakers are Messrs. Rollins, Cragin, Bryant, Gove, Cross, Stevens, Fogg, Upton, Ela, and Benton. Hon. Daniel Clark, Hon. John P. Hale, and Hon. M. W. Tappan will address the people during the week before election.

THE BOYS' HIGH SCHOOL.—We last week gave our unqualified approbation of what we saw fo the appearance and discipline of this model school, and also admitted a remark from one who attended the exhibition through the day, who as a critic would probable find some imperfection in the eloquence of a Webster, or the elocution of an Everett. The remark that there is yet room for improvement, should not be regarded any more censorious than if applied to the most perfect specimens of machinery yet invented. When there is no room for improvement, we are unfitted for this lower and progressive sphere of action.

THE CHARITABLE CONCERT, by the united choirs of the several churches of the city, in aid of the City Mission, promises to be of the highest order of excellence. The programme is in rehearsal, and includes many of the finest Choruses, Duetts and Solos of the old and best composers.

Those engaged in it, evince a deep interest in the object; and there is no doubt but the Concert will prove far superior to any which has been given here for many years. We understand it will take place at the Stone Church, Sunday Evening, March 4th; and a rich treat may be expected. Bear in mind the object, and let the house be crowded. P.

CARD.—The President of the Howard Benevolent Society gratefully acknowledges the regular annual Valentine from an unknown source through the Post office, enclosing twenty-five dollars for the benefit of the Society. Feb. 14, 1860.

The Secretary of the Howard Benevolent Society gratefully acknowledges the receipt of Ten Dollars from E. Fitzgerald, Esq. of California.

Capt. Harrison, commander of the Great Eastern, had lost his life by the upsetting of a boat at Southampton. He was crossing the Solent from his residence at Hythe to Southampton on the morning of the 21st, in company with Dr. Watson, Surgeon of the Great Eastern, Captain Lay, the Chief Purser, and a son of the latter. The boat was manned by six men, including Ogden, the boatswain of the Great Eastern. The weather was very squally, and as the boat neared the Southampton docks, Capt. Harrison ordered the sail to be lowered, but it stuck fast, and a heavy gust of wind caused the boat to capsize. Capt. Harrison clung to the boat for a few minutes, making desperate efforts to right it, but he became exhausted, and fell back into the waves. He was picked up about twelve minutes afterwards, floating about a foot below the surface of the water, with his arm cast over an oar.

Warm eulogies were passed upon him, and his death was generally regarded as a very severe blow to the Great Eastern enterprise.

Capt. Harrison, was one of the most successful navigators of the age having crossed the Atlantic safely *one hundred and eighty times.* He has commanded the Arabia, Britannia, Hibernia, America, Africa and Arabia.

Festival.

THE Ladies of the CONGREGATIONAL SOCIETY of RYE, will hold a Festival at their VESTRY,

On TUESDAY & WEDNESDAY Evenings,
Feb. 28 and 29th.

The entertainment will be bountiful. No pains will be spared to render the occasion pleasant and instructive, by way of innocent amusements, among which may be mentioned, a "*Social Quilting Party*"

If either of the above named evenings are stormy, the next fair one. Admission 15 Cents

Rye, Feb. 18, 1860.

Morning Chronicle.

THE ROGUE.

With all his conscience and one eye askew,
So false, he partly took himself for true;
Whom pious talk, when most his heart was dry,
Made wet the crafty crowsfoot round his eye;
Who, never naming God except for gain,
So never took that useful name in vain;
Nor deeds of gift, but gifts of grace he forged,
And, snake-like, slimed his victim ere he gorged;
And oft at bible meetings, o'er the rest
Arising, did his oily best,
Dropping the too rough H in Hell and Heaven,
To spread the word by which himself had thriven.

His gain is loss; for he that wrongs his friend
Wrongs himself more, and ever bears about
A silent court of justice in his breast,
Himself the judge and jury, and himself
The prisoner at the bar, ever condemned.
And that drags down his life; then comes
What comes hereafter.

LIQUOR SEIZURE.—In Portland, Marshal Ring made a descent on the shop of Edw. Gould, on suspicion that liquors intended for illegal sale were deposited there. The liquors—a barrel and a keg of the ardent—were found stowed in a recess between his store and the adjoining building, and the Marshal took possession of them.—The retail part of the establishment was cunningly concealed on a hanging shelf beneath the floor, which could be easily tipped by a string, and its contents deposited in the dock. On the entrance of the Marshal the string was pulled; so the Marshal lost the retail, but secured the wholesale branch of business.—*Adv.*

PERSONAL.—The N. Y. Day Book says of Spurgeon, the sensation preacher—

"He has a huge voice, a great deal of brass, a smattering of learning, a subdued vulgarity, burly figure, a butcherly head, a bigoted soul, a little mind, and he is an Abolitionist."

When public performers can't draw, they had better withdraw.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20, 1858.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her, and I strongly recommend to all my friends who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,
BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Sizmaston, Ala., July 20th, 1858.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are greater than any of women may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever, at least this is my experience. Believe it all! Yours truly,
WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1853. I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.
FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion than the medium, retails for $5.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1,00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaints, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough in late, and I would advise all who have a visit from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of Mrs. Ricker, in regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1851. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELEAZARUM CURRIER.

EXETER, March 2, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others afflicted, that the cough cloche, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. And every sufferer should get the phial and try it. Eld. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the lungs, of any medicines with which I have been acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together
THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and B. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of rendering its condition worse. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show: the ingredients which it is distilled being drawn from the forests under the direction of Dr. Eaton; many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unrivalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied with perfect confidence; and, having a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs but much more than other preparations of the kind, that we cannot afford such long advertisements, and yet we choose to expend the money in giving you the benefit of the saving, and commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, pronounced incurable by all kinds of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of phiology to the human constitution, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, or Pain in the Side*, lose no time in procuring a bottle of "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your sleep is broken and disturbed, if your Spirits are depressed and your nerves unstrung, you will find in this an unfailing remedy, by commencing with *ten drops*. If your Liver is torpid or diseased in any manner, one or *two bottles* will tone it, be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia*, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle*. In *Male or Female Complaints*, or *Weakness*, the effect after trying other remedies in vain, may rest assured, that a certain cure will result from the use of two or three bottles of "BLOOD FOOD" It is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children and adults* are immediately benefited, and in the case of Females, it gives strength to the body and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

Real Estate and Stock Broker,
Jy11 No. 47 Congress St., Portsmouth, N. H.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, HAS OPENED AN OFFICE AT

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers connected with Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent issued by name, for One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but the oldest in Boston, and affords facilities for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not unexcelled by any other Agency. Inventors can be offered there elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE, and the subscriber, as well as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe have advantages, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." EDMUND BURKE,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office."
EDWARD DUBOIS BURNS,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. R. H. EDDY.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the door-house, if any; and if none, to be put inside the house door; or if necessarily left out, the bell to be rung.

If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any lost at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

Morning Chronicle.

☞ John Bowen was executed at Wilmington, Del., on Friday last, for the murder of John Dowlin in August last. He died professing repentance, acknowledged he committed the deed whilst stupefied with liquor, and his last words were a caution to his friends and associates to "beware of lager beer saloons and strong drink."

SENTENCE OF STEVENS AND HAZLETT. At Charlestown, Va., Stevens and Hazlett were sentenced to be hung on Friday, March 16. Both wore an unconcerned air, and seemed utterly unterrified by the awful position in which they were placed.

☞ Gov. Wise of Virginia, during the last two years of his term of office, pardoned one hundred and sixteen convicts, commuted the punishment of twelve, and reprieved four others; but he did not pardon nor reprieve John Brown nor his men.

☞ Her Majesty's steamship Triton has lately succeeded in capturing the notorious slaver, the Orion, with 885 slaves on board. The slaver, by hoisting the American flag, has repeatedly escaped. The slave dealers, with this capture, had lost 2080 slaves in less than two months.

☞ The late Rev. David T. Kimball of Ipswich has left more than two thousand sermons fully written out in a plain hand. He must have averaged forty new sermons a year during a pastorate of half a century.

Fugitive slaves are like popular plays—because they have a run for a number of nights.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS PERRY, Jr.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which the fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the red of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIVE AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.
Ayer's Cathartic Pills.
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec20 6m d&w

Morning Chronicle.

Portsmouth, N. H.

MONDAY, FEB. 20, 1860.

BEFORE THE HAPER'S FERRY Investigating Committee in Washington, Gov. Robinson of Kansas has testified that John Brown did not go to Kansas for peace but to make war—not to settle but for revolution, which he expected would overspread the country and liberate the slaves. James Redpath, he said, had the same objects, and several others of Brown's men, and also Gen. Lane. This is a most astounding development, and if it be true, instead of sympathizing with Brown, every honest man must say that Brown, Lane, Redpath and the rest of them deserved to be hanged the very moment they started on their mission, and upon the first tree that grew in their course.—*Newburyport Herald.*

The testimony of Robinson, as it came by telegraph, did not read quite so *astounding* as this item does. Robinson says of Brown:

His object was not peace, but revolution, and differed in this respect from the free State men generally. The only other person who avowed to the witness a similar object was James Redpath. * * * Soon after the creation of the Military Board, witness heard Gen. Lane say that he had give orders to the Brigadier Generals to strike at several points in the Territory, with a view, as he *understood*, to effect a general slaughter of pro-slavery men. His orders were *never obeyed, if given.* * * * Witness supposed, until the conversation with Redpath, that this was an insane movement of Lane alone, but he *now understands* that it was a concerted plan of the revolutionists. This was the end of that class of operations, so far as witness was cognizant.

This testimony is rather of the mare's nest order, and would not pass for a great deal in any court in this part of the country, where "orders never obeyed *if* given," would be thought no orders at all; and where an order *understood*, but not expressed, would not pass for much.

☞ Some men are wiser in their own conceit, than seven men who can render a reason. One Th. A. Davies has lately written and published a book, called "An Answer to Hugh Miller and other Theogetic Geologists."

Mr. Davies appears to think that Hugh Miller and his school of laborers, instead of adding to the stores of science, only succeeded in rendering muddy and uncertain what existed already. In his opinion their theories were vagaries, not so much leading nowhere, as to very mistaken and fatal conclusions. They are characterized as a "crowd of geological sappers and miners, who are undermining the very citadel of our Biblical Christian faith," and so very greatly endangering it.

A critic says of Mr. Davies' book:

"We doubt if the public will share the alarm to the extent he desires. The name of Hugh Miller is associated with positive and demonstrated science to an extent which no book like this will displace."

He might have gone further, and said that no man, learned or ignorant, ever had a higher reverence for divine revelation than Hugh Miller.

☞ A niece of Daniel O'Connell has been arrested in Chicago for vagrancy.—Some five or six years ago, the woman, whose name is Ellen Welch, ran away from Ireland in company with a dashing young Irishman, whom her parents had forbidden her to marry. Her father lived at Castle Kearney, and was a man of opulence and influence, and Ellen had been well brought up. She was married in Philadelphia.—Her husband died, and she married again. The second husband was drowned. Ellen maintained herself by sewing for a time, but finally fell in with disreputable characters, who fleeced her out of the clothing and an allowance of $30 which she received every three months from her father through a priest. She has been gradually sinking, until she has reached the point referred to.

☞ The strike among the shoemakers in Massachusetts, says the Boston Transcript, meets the approval of the manufacturers, and is probably the first instance of the kind where the interests of employers and employed were served by a strike. If the excitement can be sustained a month, and the men kept from work, there will of course be an advance on the stock on hand, now so much depressed. Some of the manufacturers can pay five hundred dollars to help the strike, and find it to be a good investment.

☞ As two sleighs were passing each other in Newburyport, one horse took it in his head to board the other sleigh, which he did, knocking the driver into an adjacent snow bank. The horses and sleighs coming in contact, both carriages were smashed; both horses went down; and before they could be separated, a piece of broken shaft pierced one horse in the neck, letting out a large quantity of blood; but neither men nor animals were much injured.

A South Carolina paper notices the death of a mule, whose age was known to be sixty two years at the time of his death.—*Exchange.*

South Carolina has long been celebrated for its mules. They never have found a proper "driver" except when Gen. Jackson took them in charge.—*Bath Times.*

☞ The U. S. Senate was not in session, Friday, Feb. 17.—In the House, a movement was made by Mr. Miles, to oust the chairs and desks, which some members had brought in for their own accommodation, but in *violation* of a foolish vote of the last Congress.—After debate, a special committee of three was ordered to enquire into the expediency of removing the benches, and replacing the chairs and desks, and to report the cost and time the change will occupy.

Mr. Keitt, from the joint committee to make arrangements for inaugurating Mill's Equestrian Statue of Washington, reported a joint resolution, appropriating $10,000 to defray the expenses. Passed.

Mr. Sherman moved that the election of Printer be further postponed until Monday. Agreed to—90 to 82.

The Senate's bill to abolish the franking privilege, was read.

Mr. Vallandigham moved to refer it to a Special Committee, that the House may have all the facts.

Mr. Stevenson preferred that the bill be put on its passage now, but he would have no objection to its taking the usual course, and being referred to the Post Office Committee.

Mr. Houston said the bill involved no new principle. He desired to keep it in a position where a vote could be had on it. He moved that its consideration be postponed three weeks from Tuesday.

Mr. Washburn of Ill. moved to refer it to the Judiciary Committee.

Mr. Reynolds moved to lay it on the table. Negatived—72 to 90.

The House refused to refer it to the Judiciary Committee.

A parliamentary struggle ensued as to what disposition should be made of the bill. The House refused, by 31 majority, to refer it to the Post Office Committee.

It was then referred to a select Committee of Five, and the House adjourned till Monday.

FROM WASHINGTON. — *Washington, Feb.* 17.—The votes to-day on the motion to table the Senate's bill to abolish the franking privilege, does not afford a fair indication of the House on the subject, as some of the members who recorded their names in the negative would have voted directly against the bill had the question on its passage been presented. Although Mr. Colfax, the chairman, and a majority of the Post Office Committee, are understood to be in favor of abolishing the franking privilege, they are said to be against interfering with the present law in regard to the circulation of newspapers. The House, by 31 majority, refused to give the bill that direction, and referred it to a special committee, which was moved by a gentleman who has publicly expressed his opposition to the proposed measure.

From certified copies of the returns which Judge Amy has obtained from the clerks of some of the counties in Kansas, he concurs with Judge Pettit and others in the opinion that there are over 100,000 inhabitants within the boundaries prescribed for Kansas in the Wyandotte Constitution. In Allen County, which is on the New York Indian Reserve, there are over 2300 persons, and in Lima County, which includes the Miami Reserve, there are over 1300 registered voters. These are two of the extreme Southern counties, and owing to the troubles growing out of the claims of the Indians to the lands, Judge Amy says their settlement has been retarded.

He says that Kansas has the requisite population, under the law of Congress, to entitle her to admission as a State into the Union, Judge Amy has sent for certified copies of the Registry, and the census taken last year, and for copies of the various election returns of last year. They have not been forwarded by the Secretary of the Territory to the State Department here.

A fire occurred in Brantford, C. W., Feb. 17; loss variously estimated at between $100,000 and $200,000. Amount of insurance not yet ascertained. Owing to the intense cold, the fire engines were unable to do much service.

At the same time, in Branford, Conn. the Squire & Parsons Manufacturing Company, and the Griley & Perkins Company, were burned out. Loss of Squire & Parsons, $50,000, insured for $34,000; Griley & Perkins, $10,000, insured for $6500.

GODEY. — Godey's Lady's Book for March is on our table. It gives the spring fashions, which all the ladies will of course be anxious to see before buying their new dresses—discusses the probability of the "fall of crinoline," &c. &c. This number contains the usual almost endless variety of matter, which will find interested readers in the family circle. Godey maintains his position ahead in this class of publications.

The Southern papers are complaining that only four members of the House of Representatives from their fifteen States, are chairmen of Committees, and three of those at the head of unimportant committees; while 9 of those who endorsed Helper's book are at the head of important committees, and 23 other endorsers fill places of trust. If they will turn their eyes to the Senate they will see the picture reversed. They should not have set so bad an example. If it is right to proscribe Republican Senators on account of their opinions, it can't be wrong to proscribe Democrats for the same reason.—*Newburyport Herald.*

The Washington States and Union announce that those who have *not* received the places they desired, talk of parading on the twenty second. They take the idea from the procession in Paris on the return of the army of Italy, when the "injured and wounded" occupied a conspicuous position in the column. Of course, they will not be at any expense for music, for every man is experienced in blowing his own trumpet!

☞ The Spring Trade is opening well in New York, where the Herald of Saturday says:—

The prospects of the spring trade, thus far, have been rather satisfactory than otherwise. The effect of the political excitement growing out of the John Brown raid and the contest for the Speakership would, it was expected, have stopped altogether the Southern purchases. The non-intercourse measures adopted by the Virginia, and recommended by several other Southern Legislatures, of course tended to confirm the apprehensions entertained by our merchants on the subject. So far, these fears have not been realized. Not only does the Southern trade open with its usual briskness, but it is observed that the purchases are much larger than those made in any former years. Whilst Western men are buying but little, the Southern merchants seem to be investing all the cash they can spare in goods which are evidently not intended for present demand. As there is a superabundance of goods in the market, this disposition is fortunate, for it makes up for the falling off in the Western trade, occasioned by the lack of money in that region.

BUENOS AYRES.—Advices from Buenos Ayres to Dec. 23, state that on the 5th, the Indian marauders were attacked by the Argentine troops as they were driving off their booty. One hundred and fifteen of the Indians were killed, and between 25,000 and 30,000 head of horned cattle were rescued.

Rumors were in circulation of a difficulty between Brazil and the President of the Argentine Confederation. Senor Derqui, having received the largest number of votes in the Electoral College, will be inaugurated President of the Argentine Confederation on the 5th of March next.

THE ATLANTIC MONTHLY.—The March number of the Atlantic abounds in excellent reading matter. It opens with an essay on "The French Character," which is instructive from the acuteness and discrimination of the writer, as well as from his experience as an observer of the people he describes. "The Pursuit of Knowledge under Difficulties" is the opening of a very readable story. The magazine has two very good articles of a practically scientific nature; the first on "The Progress of the Electric Telegraph," and the other on "Screw Propulsion." They are both written in an attractive manner. "The Professor" takes his hero along admirably, throwing all the while truthful glimpses into the highways and byways of New England life. His "story" proves to be the best part of the "Professor," decidedly. "Is the Religious Want of the Age Met?" is a candid and thoughtful inquiry into the character of the Christian ministry at the present time.

NEW YORK, Feb. 17.—The Grand Jury of Ulster County have found bills of indictment against Patrick Kenney, Tobias Butler, Patrick Moran and six others, on the charge of assault with intent to kill, and they have been arrested. This is the sequel to the horrible affray at Port Ewen, on Saturday last. Rylyea, who killed one of the assailants, was discharged on the ground of self-defence.

☞ An exchange says the election of officers of the "Liquor Dealers' Association," in New York, was attended with what came very near being a free fight. The ballot box was smashed in the row. A very appropriate place for such a muss.

LONDON, Feb. 2—Evening.—Le Nord says that on Monday couriers left London and Paris with identical instructions to the representatives of the two Powers at Turin, directing them to make known to the Sardinian Cabinet that the governments of France and England see no objection to the annexation of Central Italy becoming a *fait accompli.*

☞ At Calcutta, at the Governor-General's ball, a beauty appeared who was not "put out," though apparently on fire. In countless diminutive bags of gauze she had imprisoned *fire flies*, and these, tackled to her dress, far outshone the diamonds of the Oriental ladies.

ABDUCTING FREE NEGROES.— *Augusta, Ga., Feb.* 16.—Andrew Rogers, hailing from Helena, Arkansas, was arrested here to-day, on the charge of abducting free negroes and selling them into slavery. Subsequently he was conveyed to Macon for trial.

☞ A physician in Chicago has sued a wealthy gentleman for $20,000 damages for speaking disparagingly of his (the physician's) services in attendance upon his sick wife.

There is but one New England man who can be seriously thought of for the Presidency, and he is Gov. Banks. New England is so sure to go for any Republican candidate, that she don't deserve to furnish such a candidate, according to the ordinary mode of political reasoning, which is n't always politic.—*Traz.*

A NEW TEMPERANCE ORGANIZATION.—The Christian Band of Union, formed in Boston, for the purpose of reforming from the use of intoxicating drinks by moral suasion, meet every Monday evening.

An unpleasant disagreement between Messrs. Davis and Brown, the Mississippi Senators, is reported to have occurred in a late caucus at Washington. Mr. Brown made a remark understood to be a reflection upon Mr. Davis' course while in Maine.—*Bath Times.*

☞ Mary Howitt contradicts the statement that she has embraced Swedenborgianism.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Rendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thoughtful system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and since it is a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNSVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON. and for sale by Wm. H. Freeman, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontiormenos.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

500 lbs. New BOSTON HAMS, for sale by
LAFAYETTE LAIGHTON.

Local.

☞ We learn from the marine list that the ship Eagle Speed, Fuller, of this port, bound to Boston, from Liverpool, sailed from the Mersey Dec. 2, having a crew of 30 seamen, chiefly Americans, and the vessel in excellent order. The passage began with very bad weather; on the 5th, she had to put into Studwell Roads, on the Welsh coast, for shelter, and on the 11th of January, in a heavy gale from the northwest, the rudder twisted and sprang, thus rendering the ship almost perfectly unmanageable. At the same time all her sails were blown away, and to make matters worse, the crew were sick and exhausted with working at the pumps,—the vessel at the time being in a leaky condition. Under these circumstances, Capt. Fuller put about, and bore up for Cork Harbor. The ship was then in lat 44 02 N, and lon 41 10 W, having about one-half of her voyage completed. She sighted Cork Harbor during the terrific gale of the 21st, which was so disastrous to the shipping all around the coast of the United Kingdom. His crew being all sick and his ship in her crippled state, Capt. F. could not get into Cork harbor, and, having carried away his topsail yards in the gale, he bore up for Liverpool, where he arrived after being out 56 days, the ship in a very leaky condition.

The Eagle Speed is a fine ship of 1384 tons, and is well known in the American trade. Capt. Fuller showed great skill as a navigator in bringing his disabled ship to port through the recent heavy gales with an exhausted crew. The loss by the leakage to either ship or cargo cannot be accurately ascertained until the ship is discharged.

☞ Mr. Josiah H. Sanborn, of this city, has been appointed Road Master of the Concord & Nashua, Manchester & Lawrence, and the North Weare Railroad.—He has for some years held that position on the Concord & Portsmouth Road, and assumes the duties of the other roads, in addition to those of the former. He is a prompt and efficient business man, and a courteous gentleman; and we regret he is to remove from our city.

☞ A negro "fugitive" impostor visited Newburyport last week, and made a similar call at Portsmouth, where white men responded liberally to his aid. One person went to the cars to see him, gave him a quarter, and showered blessings upon his efforts to escape.

☞ The Manchester Mirror states that Mr. G. L. Bundy, of that city, a native of Nova Scotia, applied to the Supreme Judicial Court, to take the oath of allegiance, and become a citizen of the United States. Judge Bellows said a person of color could not be admitted, but would take the case under consideration and report upon it at some future day.

A Musical Convention will be holden at Great Falls, to commence Thursday, Feb. 23d, and continue one week. It will be conducted by Prof. Williams, of Boston, a most skilful and competent leader.

☞ A house was burnt in Exeter on Friday night, past midnight. The house formerly belonged to Mr. Flagg, now of this city, by whom it was sold to Wm. S. Hadley, Esq., who now owned it. Less, about $1500. Insurance, $1000.

Fire in Farmington.—The saw, grist and box mill of J. W. Waldron was consumed by fire on Friday morning, 10th inst. A dry house standing near, and containing some 20,000 feet of boards, was also burnt. Loss about $4000; no insurance.

Fire at Franklin.—The large shoe manufactory in Franklin Village, N. H., was on Tuesday last totally consumed by fire, together with all its contents. The fire broke out while the establishment was closed for dinner.

☞ A fellow named John Miller, believed to be a professional hen-roost thief, has been arrested at Salem, tried, and sentenced to a year's imprisonment in the House of Correction, for stealing twenty hens. His operations are believed to have extended into Maine and New Hampshire.

☞ It has been stated, by one of the parties to the Farmer Will Case, (lately tried in Exeter,) that the cost to both parties was between six and seven thousand dollars. So says the News Letter.

☞ In the Manchester Police Court, last week, S. R. & M. H. Perkins were arraigned on complaint of Marshal Kelly, for keeping for sale intoxicating liquors.—Bound over in $200 for May court.

Horace D. Corliss and Elijah Perry were each complained of for keeping liquor for sale; waived examination and were ordered to recognize in $200 each.

☞ The Concord Statesman says a man aged 77 years, residing in Lancaster, N. H., lately cut in one day a cord and a half of wood.

☞ In addition to the "Births, Marriages and Deaths," the Liverpool Mercury now adds the "Divorces."

Liverpool dates to Feb. 4, by the Arabia, gives us plenty of speculations on Italy, France and the Pope.

The Patrie pronounces false the statement of an approaching departure of the French troops from Rome.

The same journal says it appears certain that the question of annexation to Central Italy will be subordinate to the result of universal suffrage. All the powers are agreed as to the propriety of that measure, the early application of which will positively make known the state of public opinion in Italy.

☞ Senator Doolittle will probably call up his pending amendment, for the immediate admission of Kansas, on Monday, having control of the question by the yeas and nays being ordered.

☞ The Washington correspondent of the Philadelphia Press says that Senator Douglas will advocate the admission of Kansas, under the Wyandotte Constitution.

☞ It is now reported that Mr. Ryan of Philadelphia will not contest the seat of Mr. Florence, nor will Mr. Logan contest the seat of Mr. Stout of Oregon.

☞ The New York Tribune's Washington correspondent says, that after a careful canvass of the opinion of the Senate, it may be confidently asserted that the Mexican treaty cannot command a two-thirds vote.

TEMPERANCE MEETING.

The Annual Meeting of the Rockingham County Temperance Society will be held at North Hampton, on Wednesday, Feb. 22, 1860, at 11 o'clock, A. M.—all friends of religion, morals and good order are invited to attend.

The State Temperance Committee will meet at the same time and place.

T. H. Miller, *Sec.*

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for families of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

Portsmouth Circulating Library.

J. F. SHORES, Jr., No. 1 Congress Block,

Has just added to his Circulating Library,

Man in Black; by G. P. R. James.

NEWSPAPERS.

CHEAP BOOKS, ANNUALS, TOY BOOKS,

Fancy Goods, Stationery, &c.,

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the

CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—most used despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S

PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

KEROSENE! KEROSENE!!

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The ease with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "Grover & Baker" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

Portsmouth, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. Allen & Farrar.

Portsmouth, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never concent to part with it, after they understand its operation.

Charles W Brewster.

C. C. WHITTEMORE,

STORE NO. 3 MARKET ST

AGENT IN PORTSMOUTH

Fousel's Pabulum Vitæ.

☞ THE GREAT FRENCH REMEDY possesses extraordinary properties for the speedy and permanent cure of Consumption, Bronchitis, Coughs, Colds, and all Pulmonary Disease.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease both from its innocent nature and most astonishing curative properties: *it being the only remedy known that will arrest the development of Tubercles in the Lungs or restore the vital functions of the pulmonary organs to their normal condition.* Its invaluable properties have obtained for it the highest recommendation and praise from some of the most eminent physicians and chemists in the country: while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to its unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium, or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration

A. A. HAYES, M. D., State Assayer.

16 Boylston St., Boston, Dec. 1857.

In the Boston Transcript of December 11, 1858, the editor says:

"We have seen a letter from an eminent physician of this city, in which he says:—I have used *Fousel's Pabulum Vitæ* in several cases of Chronic disease, and in some with great benefit. I know of no remedy equal to it for children, where a minute dose is essential; or for delicate, irritable stomachs, or having a tendency to reject ordinary medicines given for coughs, etc. I shall continue to use it in my practice."

Testimonial from the Sisters of Charity, of the St. Vincent's Orphan Asylum, in Boston.

Boston, July 31, 1858.

To Mr. F. Laporme, Agent:

"The Sisters are happy to state that, having used *Fousel's Pabulum Vitæ*, they have found it efficacious in several instances, for bad coughs and colds. Signed by the Sisters of Charity."

Testimonial from a well-known Apothecary's Clerk.

Boston, March 10, 1859.

Mr. F. Laporme, Esq.:

Dear Sir—I had been suffering for a considerable length of time from a severe cough, and had in vain had recourse to nearly all the remedies in use. My cough began to give me much uneasiness from its serious effects on my system, when three days' use of *Fousel's Pabulum Vitæ* restored me to complete health. The medicine being new in this market, I had recourse to it last; but I can now confidently recommend it as the best medicine I know of. Yours, truly,

CHAS. H. FOSTER.

At Fred Brown's, Washington, corner State St.

In the Boston Post, Sept. 24, 1858, the editor says:

"An extraordinary cure of Consumption has recently come to our knowledge, effected through the instrumentality of *Fousel's Pabulum Vitæ*; the evidence of which is in the handwriting of the subject, Mr. Wm. P. Brigham, No. 130 Albany st., in this city. It seems that for eighteen months he had been exhibiting all the usual symptoms of Consumption, and that after having had recourse to the skill of various physicians, without benefit, he had to abandon his business and be confined to his house. Hearing of *Fousel's Pabulum Vitæ*, and of several remarkable cures effected by it, in cases as desperate as his own, he succeeded to try it as a forlorn hope. The result has been most happy—he has now entirely recovered, and is engaged in his usual pursuits. It is much well authenticated cases as this that we take pleasure in laying before our readers, since, by so doing, many valuable lives may be saved, and much good effected.

It is sold at the low price of 50 cents, and $1 00 per bottle, thus placing it within the reach of all classes. F. J. LAPORME, sole Agent, Boston. M. S. BURR & CO., General Agents, No. 26 Tremont street, Museum Building, Boston, and for sale by all druggists. Circulars with testimonials of its efficacy can be had of the Agents. nov7ly

Morning Chronicle.

THE ULTIMATUM OF INTEMPERANCE. No man and no woman is safe who has once formed the habit of looking to drink for solace, or cheerfulness, or comfort. While the world goes well they will likely be temperate; but the habit is built, the railroad to destruction is cut ready for use, the rails are laid down, the station-houses erected, and the train is on the line waiting only for the locomotive; it comes to us, it grapples, us, and away we go in a moment, down the line we have been years constructing, like a flash of lightning, to destruction.—*Charles Reade.*

NEW VERSION OF THE "MISTLETOE BOUGH."—A little miss of six, with whom the words "skeleton" and "skeleton skirt" were synonymous terms, in relating the melancholy story of the lost bride who hid away in the trunk and perished, and was not found till many years after, with wide staring eyes said: "And on opening the trunk, what do you think they found there, auntey?" "Why, what did they, my dear?" "Nothing in the world," answered the little story-teller, holding up her hands in horror, "but a hoop-skirt!"—*N. Y. Post.*

HOW TO PRESERVE LADIES' FURS.—Fine furs should be kept in a cold place. An experienced dealer will tell, the moment he puts his hands on a piece of fur, if it has been lying in a warm, dry atmosphere; it renders the fur harsh, dry and shabby, entirely destroying the rich, smooth softness which it will have if kept in a cold room.

It is suggested that the North Star has for a long time been in the habit of violating the fugitive slave law and of disregarding the spirit and compromises of the constitution, in aiding escaping fugitives.—It should be taken in or covered over.—*Bath Times.*

THE ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; if space permitted I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to fade and dry, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,
BENJ. A. LAVENDER.
To O. J. Wood & Co., 444 Broadway, N. Y.

Sizmastor, Ala., July 27th, 1859.
To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly,
W. M. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.
Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the greater part of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and, to my great joy, it was very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.
FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 percent. more in proportion, and retails for $3 a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Articular, Muscular, Lumbago, &c., &c. This compound has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His Conserve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a visit from that distressing complaint, to use it freely. ABEL BLANCHARD.

I know the above testimony of my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the 'phthisic' for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MEKINS.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaint, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try it. Eld. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most efficacious remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together
THEODORE CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, in all sincerity and truth, not one instance has it failed of any other medicine, —NEVER HAS IT FAILED IN A SINGLE INSTANCE, TO EFFECT A CURE. Never did we know an instance of dissatisfaction by any one who tried it, but all the highest encomendation of its operation, and we can say, in all conscience, we speak in terms of highest virtues. We speak, in this matter, "whereof we do know," after ten years experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion for a few minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST SKILLFUL NURSES EXPERIENCED and in New England and has been used with great success, in THOUSANDS OF CASES, to the childfrom pain, but it not only relieves the stomach and bowels, corrects, invigorates the stomach, acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC. and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in all cases of DYSENTERY AND DIARRHOEA, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—Do not let your sympathies or the prejudices of others, stand between your suffering child and the relief that is ABSOLUTELY SURE to give it, if you will only follow this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper Sold by Druggists throughout the world. 13 Cedar st. New York. Price only 25 cents per bottle.

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and S. Hutchings. sept26

MOTHERS,
In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has attempted to palm off.
First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very roots from which it is distilled being gathered from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over other preparations.
FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c; also, for the gums are swollen and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, Hoarseness and hard trying of disease, it can be relied on with perfect confidence, not being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it.—Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.
Sold by CHURCH & DUPONT, Druggists, No. 36 Maiden Lane, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

BLOOD FOOD.
Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of phisology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were literally cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, Pain in the Side*, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your system is broken down by long sickness, or you are depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *ten drops*. Prepared in the form of cordial, in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action the most inveterate cases of *Dyspepsia*, the patient can here find the most efficient and grateful relief. A benefit is always expected from taking *only one bottle*. In *Male or Female Complaints or Weaknesses*, the sufferer after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *one or three bottles*. The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children* and *nursing mothers* are immediately benefitted by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.
For full directions, see circulars. Price $1 per bottle.
Sold by CHURCH & DUPONT, Druggists, No. 36 Maiden Lane, New York.

LOTTERIES.
THE LOTTERIES OF
WOOD, EDDY & CO.,
Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything is conducted in the fairest manner, in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of
WOOD, EDDY & CO.,
are authorized by the Legislature of either State.
A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.
Whole tickets are $10; halves, $5; and quarters, $2.50.
No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.
Every prize is drawn, and the result of drawing forwarded to all parties who win the same.
☞ A circular showing the plan of receiving it. All communications strictly confidential.
Write your address plainly, and direct to
WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.
☞ All letters to our address in Boston are promptly acknowledged—and prizes cashed without delay.
NOTICE TO CORRESPONDENTS.
Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us
AT OUR RISK AND EXPENSE,
from any city or town where they have an office. The money and tickets are enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

American and Foreign Patents.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, and author of the Patent Law of 1837,
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST TESTIMONIAL OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office do the fees and charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
3m3 TESTIMONIALS.
"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure them as early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS; EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1860. R. H. EDDY.

" "	six months,	80.
" "	three months,	50.
" "	one month,	25.
" "	one week,	10.
Half Column, in Daily, per year,		$80.
" "	six months,	50.
" "	three months,	30.

Business Cards, of not more than half a square, $6 per year.
All bills settled quarterly or semi-annually.
All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of articles lost, &c.,—to be charged extra.
And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.
For Notices in editorial columns 10 cts. per line, each insertion. "Special Notices" 6 cts per line, each insertion; per Square, double the rates of other advertising.
As advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS,
The Chronicle Office is open from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the Street-door, after the office is closed—and will be inserted next morning if necessary or desired.
All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.
In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.
We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, will be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be placed inside the house door; or if necessarily left out, the bell to be rung.
If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that any loss results from a suitable place not being proved or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.
We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.
Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS FERRY, JR.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children, unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this baleful infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIVE AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "Impurity of the Blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate that fluid, without which sound health is impossible in contaminated constitutions.
Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so compounded that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been saved from the jaws of death and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are frequent to our climate. While many inferior remedies thru upon the community have failed and been discarded, this has gained ground by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, FEB. 21, 1860.

LOGICAL NECESSITIES.

We had commonly supposed that a logical necessity was some conclusion, which followed inevitably from certain premises. But we have lately learned that one writer at least, who aims at a desired conclusion, and who cannot reach it by argument, jumps at it by what he calls a logical necessity. In the Morning Chronicle of Feb. 13, speaking of Prof. Huntington's new volume of Sermons, on the Trinity, &c., we had this paragraph:

In the Boston Evening Traveller of Feb. 6, is a very favorable and flattering review of the Sermons, containing more flippant criticism, more bad taste, and more *ex cathedra* assumptions than are commonly crowded into three columns of small type.

The review is signed D. C.—is dated at Waltham—and it is stated in the introductory note that the "article was read before an association of gentlemen in Boston, and a strong desire was expressed by the members generally that it should be immediately given to the public."

As specimens of the review, we copy a few sentences:

Now, the Scriptures, as an entire volume, are a Divine revelation, or no parts of them are, inasmuch as they claim to stand together, as of *equal authority*. There is, then, no middle ground between the entire acceptance and the entire rejection of these ancient records, considered as authoritative in matters of religious faith.

Elsewhere in the review, D. C. alludes to Prof. Stuart as high authority. If he knows much of Prof. Stuart's views, he knows Prof. S. would not say that Solomon's Song was a book of *equal authority* with the prophecy of Isaiah or Jeremiah.

And Mr. D. C. would confer a great favor on the whole class of Bible readers, including Prof. Park, if he will quote the passage, or passages, in which the Scriptures themselves claim that all the books in our entire Bible stand together on an equality. Prof. S. could find no such passage.—On the contrary, he used to apply 2 Tim., 3:16, to Solomon's Song, as a *test*, to show that this song was not a divine revelation at all, as he pronounced its inspiration only that of an amatory poem.

We make another extract from D. C.:

The Trinity may be a truth, though it be inconceivable. Evil may exist in perfect harmony with the absolute moral perfection of God, though the fact is inconceivable. Human responsibility may co-exist and co-work with the Divine sovereignty and pre-ordination of "whatsoever comes to pass," though the precise *modus* is invisible. If, then, the *conceivable* is not the limit of the *true*, the fact destroys at once the whole class of objections against the doctrines of the Evangelical System, on the ground that they are inconceivable, and leaves us to accept or reject them according as they are supported or not by the Bible. *Logically*, then, to say nothing now of the Scriptural disproof of Unitarianism, that system, if such it can be called, is without a foundation.

Then, after mentioning Theodore Parker, Ralph Waldo Emerson, Dr. Bellows, Coolidge, Gage and Huntington, he says:

Large numbers still are floundering in that "Slough of Despond," unwilling to die as they are, but more unwilling to take Evangelist for their director to the "Cross." *Logically*, then, as well as biblically, Unitarianism is evidently a fated error, and the continuance of that anomalous exotic here is only a question of time. May the "Lord hasten" its extinction!

Whatever of logic there may be in any man's head, or elsewhere, we don't see any in these extracts, nor in what went between them, except that the writer uses the word *logically* in two places, and puts it in italic letters. As a matter of taste or perspicuity, the word *dogmatically* would have answered his purpose far better.

Two or three more very short extracts must suffice:

1. It as logically impossible that really converted men, who are intelligent, can become Unitarians, as it is logically impossible that intelligent and candid Unitarians can long remain where they are.

2. It is not necessary to deny—we do not deny, but, on the contrary, most gratefully acknowledge—that there are some vital, experimental Christians among Unitarians;—but they are such *in spite* of their system, and not by virtue of its legitimate effects. As Prof. Huntington has well said, such anomalous cases are to be ascribed to "hereditary" influences.

3. A man, in whose heart the grace of God has wrought so effectually as to regenerate him, has obtained such a practical insight into the nature and object of the Gospel, that he sees the logical necessity of the Three Persons in the Godhead to commence, carry on and complete the work.

Uncle Toby remarked, as he read these three assumptions, that No. 2 comes very near contradicting No. 1, but turns off with the words intelligent and candid; so that every person who does not believe in the trinity must be either *stupid* or *dishonest*, if he so remains. But then, among these *stupid* ones, there are, says D. C., some *vital, experimental* Christians. This is good—and so, if they should happen to die while in this condition, no doubt they would "go safe," as the old folks used to say, even tho' they were not trinitarians.

But then here comes assumption No. 3, which is, that every *regenerate* man sees the *logical* necessity of the trinity! Thus assumption No. 3 destroys Nos. 1 and 2;—for the vital experimental Christian must have been regenerated, *ergo* he sees the need of the trinity in No. 3, and can't see it in number No. 2.

This confusion of ideas make it "logically impossible" to know exactly the *status* of anybody, according to D. C.

And it is also "logically impossible" to tell what has become of those Old Testament worthies, from Abel and Noah down to Sampson and Samuel, of whom Paul says they lived and died in faith. If they had the grace of God, they must have seen, as D. C. does, the *logical necessity* of the Three Persons in the Godhead; and if they had all seen this, it is very wonderful that no one of them has said a word about it, in any book that has come down to us.

But as most of our readers would probably rely more on Paul's clear statement, than on D. C's muddy and confused assumptions; so they will dismiss all fear for the fate of these ancient heroes, and be seeking to please God after the pattern of Enoch and Abraham as copied out by Paul, rather than trying to follow a blind guide, who mistakes assertion for argument, and who babbles of a "logical necessity" while he is begging the question.

FATHER CHINIQUY VINDICATED.—The Kankakee City (Ill.) Democrat, announces the result of the trial of the suit for damages for slander, brought by Father Chiniquy against Father Brunette, a Catholic Priest, of the order of Poverty, sent to Illinois to preach a crusade against Mr Chiniquy on account of his change to the Protestant religion. Mr. Brunette, in his sermons, charged Father Chiniquy with arson in burning his church at Bourbonnais, in 1853, that he was a bad man, a bad priest, and distributed the Bible, which was a bad book. The trial lasted several days, over one hundred witnesses having been examined, and the result was a verdict for Father Chiniquy of $2500 damages. He has now gone to Canada on a missionary tour. At one of his late meetings at Montreal, over ten thousand persons were present.

THE MARYLAND COLONIZATION SOCIETY.—We are sorry to learn, says the Boston Advertiser, that the Colonization Society of Maryland having failed, in the opinion of the State Legislature, to accomplish its objects, the lower House has voted to cut off from the society the annual appropriation of $5000, and has left only the provision of the statute giving $70 for each free negro that may be taken from the State, with the clauses providing for the appointment of the Colonization Society and defining their duties.

THE MEXICAN TREATY.—The Washington correspondent of the New York Tribune says that the Senate committee on Foreign Relations have not reported the Mexican Treaty, because they are now equally divided. Messrs. Mason, Douglas and Slidell being for the treaty, Messrs. Crittenden, Seward and Sumner against it, and Mr. Polk absent. With a full Senate there would be sixty-five votes, allowing a vacancy in Oregon, requiring forty-four votes for ratification. The republicans have twenty-five opposed to the treaty, while Crittenden and perhaps three democrats, are expected to vote on the same side, so that the treaty cannot be confirmed. The administration and Senor Mata are said to be satisfied on this score, though it is hoped that by waiting for Ocampo's arrival, it may be persuaded through, like the Gadsden Treaty.

☞ There was a Democratic District Convention at Haverhill, Mass., on Thursday, to choose delegates to the Charleston Convention, and, according to all accounts, it was one of the most disorderly that has met of late years. They chose their delegates, and finally adjourned at eight o'clock in the evening, without passing any resolutions, or instructing their delegates in any particular.

During the day the doors were burst open by one set of delegates who were bolted out, and the "lie" was bandied about quite freely.

☞ Revivals in the Temperance cause are not at this time confined to any particular locality; they appear to be general.—From the "National," published in San Francisco, we learn that there is a renewal of interest in behalf of the cause prevailing in that city. Meetings are held every Sabbath afternoon, and the attendance is said to be large and fervent.

☞ I. H. Norris, for many years Superintendent of the Springfield section of the Vermont and Boston telegraph line, died at his residence at White River Junction, Saturday morning. The Springfield Republican says he had been living upon a limited diet for about a year, for the benefit of a weakness in his eyes, and his death is attributed to actual starvation!

A line for the ladies—Crinoline.

☞ Later accounts from Hawesville, Ky., inform us that H. A. Davison, the person who carried a lighted bomb into the store of a Mr. Duncan, had just died of the wound received in the explosion. Hon. William Sterrett still lies in a very precarious state. Mr. J. G. Duncan, the proprietor of the store, cannot recover. The loss upon the building is said to be about $30,000. The police have been stationed around the residence of the tinner who manufactured the infernal machine, to save him from the violence threatened by the populace.

☞ Mr. Redpath denies, under oath, the statements of Gov. Robinson before the Harper's Ferry Committee—says he never conversed with him on any revolutionary project—and affirms that he can refute, by affidavits and Gov. Robinson's own letters, his alleged evidence, as reported by telegraph. He only awaits the publication of the official report of the Committee, to print these documents. He adds, further, that the only foreigner among John Brown's followers was Realf, all the others being Americans, and that Kagi was a native born Virginian.

WELL INFORMED.—The London Daily News in speaking of the United States, says the nation has a Postmaster General, Secretary of Foreign Relations, "a Secretary of Coinage, of Customs and of Public lands. These are the five departments of the United States Government, and *these are all!* The Americans have no Secretary of the Treasury, of War, of the Navy and of the Interior, and there can be no just comparison between the legislative business at Washington and London."—This is *news* indeed. Wonder where they derived such remarkable facts.

☞ A large fire took place Saturday night in Merchants' Row, Boston, in the store of Manning, Glover & Co., resulting in the destruction of property to the value of about $60,000. The saddest part of the affair is the lost of human life. Charles Carter, of Warren Hook and Ladder Company, and Charles E. Dunton, of Washington Hose Company, were both instantly killed by the falling of a brick wall. They were both married men and leave families. The widow of Mr. Dunton is in a peculiarly delicate condition. The fire department were on service nearly all night.

☞ A marriage that was brought about in a very romantic manner was recently celebrated at Greenock, Scotland. Mr. Thomas Pendred of Dublin, was on the steamer Persia, last summer, on a voyage from New York, when Miss Marie Kohli of Berne, Switzerland, fell overboard. Mr. Pendred leapt after her, and was the means of saving her life, and this gallant action led to the event which has taken place.

STEVENS AND HAZLITT.—*Charleston, Va., Feb.* 19.—Stevens and Hazlitt, are kept in the closest confinement. Stevens says he feels more cheerful and resigned than he ever expected to be, and remarked yesterday that the consciousness of suffering in a good cause is sufficient consolation. Hazlitt is very low spirited, and declared he would infinitely prefer the wilds of Kansas to his present position.

☞ The sentence of death passed upon John Dillon, a marine, for having struck his superior officer, Lieut. Daly, on board her Majesty's ship Royal Albert, has been commuted to penal servitude for life.

The shoemaker strike is on the increase, gentlemen of the awl refusing to abate a peg. We shall see whether leather has all the virtues proverbially attributed to it.—*Trav.*

☞ Major S. B. Wentworth of Salmon Falls, has a pair of twin calves eight months old, which weigh respectively 606 and 618, making the weight of the two 1224. Said calves took the first prize at the N. H. State Fair last fall.

☞ The schooner Lizzie Williams arrived at Newburyport, on Monday, from Georges Banks, bringing between twenty-five and thirty thousand pounds of halibut and cod fish—about half each. She was absent nineteen days.

☞ The Westminster Review thinks that Mr. James is the author of Mr. Hopkins' work on the Puritans. The book, it will be remembered, opens with a party of horsemen issuing from a wood.

☞ Between fifty and sixty persons have been frozen to death in Texas the present winter. The Louisville Journal says it don't take much to freeze a person in that State.

☞ Miss Susan E. White, daughter of Mr. Thomas N. White of Bristol, R. I., died in that town, on Sunday evening last, from the effects of a fall on the ice while skating, a few days previous.

☞ The Boston correspondent of the Exeter News Letter understands that Prof. Huntington is to be ordained and installed into the ministry of the Episcopal Church.

☞ On Sunday evening in Boston, Rev. Dr. Huntington delivered a lecture in the Hollis Street Church, on "Eichhorn, the Rationalist."

The first man who jumped to a conclusion—Sam Patch.

WASHINGTON, Feb. 19.—The House Committee on Territories have under consideration the subject of Territorial governments for Nevada, Pike's Peak and Dacotah. Bills, it is said, will be reported in these cases, certainly as to the last named. The committee contemplate nothing further for Arizona at present, than a Surveyor General and Judicial district.

The Committee on Agriculture have decided to report a Homestead bill, which will pass the House; but its success in the Senate is uncertain.

The friends of protection are confident that the Committee of Ways and Means will soon report a bill imposing specific instead of ad valorem duties, whenever the same are practicable.

Those who have closely scrutinized the subject say the House is most equally divided on the question of the franking privilege, and the preponderance of feeling is against its abolition.

WHY IT WAS DONE.—The Charlestown, Mass., Advertiser, says, in speaking of Gen. Whitney's appointment as Collector of the port of Boston and Charlestown:—This is a great triumph of the foreign element in the Democracy over the "ruffled shirt" wing of the party, of which *Mr.* Austin was properly a representative. *Mr.* Austin's political weakness and great error consisted in the removal of adopted citizens from the Custom House, who were entirely unfit for the places to which they had been appointed, and positively refused to reinstate them on a demand so to do from the powers that be at Washington.

☞ Capt. Isaac Manchester, one of the surviving original claimants under the French Spoliation Bill, died on Monday last at Bristol, R. I., aged 91 years and 5 mos.

DIED.

In Hampton, Feb. 17th. THOMAS LEAVITT, Esq., aged 66 years—extensively known as proprietor of the Winnicunet House, Hampton Beach.

WANTED,

A good, steady BOY, from 12 to 14 years of age, to attend in an Insurance Office.

JOHN S. HARVEY, 47 Congress Street.

NOTICE.

All persons indebted to the late firm of ROWE & STOKELL, are requested to call and settle before March 1st; at which time all unsettled bills will be left in the hands of an attorney for collection.

G. W. ROWE,
feb6 JOHN STOKELL.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensible for the restoration of the health of the numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. F. Packer, Greenland; and dealers everywhere. 4mo4 4wd&w

---

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ **Mrs. Winslow**, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

Has readily cured or effectually relieved, in numerous cases in various parts of New England, the following complaints, viz: Neuralgia, Sore Throat, Croup, Chapped Hands, Chilblains, Cuts, Bruises, Sprains, Burns, Scalds, Spider Bites, Sore Breasts, Erysipelas, Frost Bites, Dysentery, Colic, Cramp in the Stomach or Limbs, Rheumatism, Ague, Toothache, &c. The above complaints may either be relieved or cured in a few minutes.

Local.

☞ Notwithstanding the heavy snow-storm and wind of Sunday, the various churches of the city were well-attended.—The congregation at the Unitarian church have seldom heard better sermons than those delivered by their pastor, last Sabbath. The afternoon discourse from the text, "Let your conversation be with grace," was eminently practical, and ought to be printed for the benefit of others besides the audience who were favored with it. We are happy to state that a rumor to the effect that Dr. Peabody had received a call from a well-known church in another city, is without foundation.

☞ People stand with mouths wide open to see "Sandy Marden" actually promenading our streets, *in propria persona*, in the latter part of yesterday forenoon. They seemed to think he had no right to be "off the road" at that hour; and indeed he *did* appear somewhat out of his element. The fact was, the Exeter mail coach did not set out, on account of the blocked-up state of the roads, and, (even as the sun once stood still in the heavens,) so "Saudemonium" was off the stage "for this day (*Monday*) only."

☞ The Ball of Granite State Engine Company is to take place at Rechab Hall, this (Tuesday) evening. This Hall has been enlarged and otherwise much improved, of late; the music will be excellent;—and of course the Firemen, with their guests and friends, will have a high time—though the price of tickets is not high. Indeed, people don't seem to fancy paying $3 or $5, now-a-days, for a dance, when they can enjoy equally as much good for $1.

☞ All lovers of Orchestral Music should secure tickets for the Brigade Quintette Concert, Thursday, evening. The programme, as will be seen, is admirable; and we are assured, and do not doubt, that the performance will be fine. Such entertainments are rare indeed in all save the large cities; and when such an occasional treat *is* offered, it would seem that it could not but draw a large audience of the appreciative. We learn that particular pains will be taken to circulate the tickets, so as to guarantee attendance commensurate with the heavy expenses of the concert.

☞ The alarm of fire on *Monday* evening, was occasioned by the burning of the woodwork of the boiler at the Dye House in Penhallow street. No other damage was done.

☞ The Register says the Dry Goods Stores in Salem will be closed on Wednesday next, 22d inst., now a legal holiday, in Massachusetts. It is not a *legal* holiday in New Hampshire,—but it is one of *our* holidays,—and the bells here are to be rung,—and many stores closed, we presume.

There is also to be a grand Washington Ball, at Irving Hall, in this city, in the evening.

☞ The Exeter News Letter states that the fire on Saturday morning was discovered by a girl living with Mrs. Smith, who aroused her mistress, and they had barely time to get out of the smoke without suffocation, losing all their clothes, and the girl freezing her feet. The News Letter also learns that the insurance on the building is $1400. Owned by W. S. Hadley.

☞ Hon. M. W. Tappan is chairman of the Committee on Claims. Hon. T. M. Edwards is on the Committee on Indian Affairs, and Hon. Gilman Marston on the Committee on Elections.

A MUSICAL CONVENTION will be holden at Great Falls, to commence Thursday, Feb. 23d, and continue one week. It will be conducted by Prof. Williams, of Boston, a most skilful and competent leader.

☞ The trial of Dr. Farrar, for abducting his own child, began at Dover on Monday.

☞ A mail train on Sunday evening, bound from Boston to New York, was detained in Southboro' all night; by the destruction of two engines and three tenders. The train was one passenger and one baggage car, three engines and three tenders, with a great snow plough. The three engines were on the lead, pushing the plough through deep snow. The middle engine broke down, the rear one run over it, and destroyed itself and the other, smashing all three tenders.

They were going only 15 miles an hour; and no person was seriously injured.

☞ Mr. Edward D. Wiley of South Reading, a large shoe manufacturer, committed suicide on Sunday evening. He had been some days deranged, having the idea that he should meet great losses, as he had met with some, and had recently put up a large and costly manufactory.

☞ Washington's birthday is to be celebrated in great style at Washington or Wednesday, when the famous 7th regiment from New York will be there. The Boston Traveller says the day will be quite generally celebrated throughout the Union.

VIRGINIA DEMOCRATIC CONVENTION. *Richmond, Va., Feb.* 18.—The Convention broke up in a row about two o'clock this morning, without announcing a vote on the resolution that it is inexpedient to declare a particular preference for any man for President, but pledging support to the nominee. The vote was not counted, and a motion is pending to take the vote again. The Convention is quarrelling about points of order.

2 P. M.—The Convention, amid noise and confusion, and without arriving at any satisfactory conclusion, adjourned till 4 P.M.

Feb. 19.—The Convention adjourned last night, after adopting a resolution to support the nominee of the Charleston Convention. After the adjournment, a *mass meeting* was held, composed principally of members of the Convention. The following resolutions were adopted: 1st. That every suggestion of patriotism and policy favor concerted State action as a measure of security for constitutional State rights. 2d. That the General Assembly of Virginia should respond favorably to the invitation of the State of South Carolina, by the appointment of a Commissioner to an united Southern Conference.

After the mass meeting adjourned, a crowd waited on Gen. Starke, Commissioner from Mississippi to Virginia, who arrived yesterday. In his speech he said Mississippi wanted the Conference for the Union, and not for disunion. The South would not go out of the Union, but if she was not protected by federal authority, she would *seize the federal property within her limits*, and defend herself. The speech was received with great cheering.

The Convention did not express any preference for any one for the Presidency. The majority favored a Southern Conference.

☞ The regular Washington telegram of *Monday*, says:—

The Special Committee appointed by the Senate Democratic caucus, have agreed upon a platform concerning protection to slavery in Territories, and are ready to report at an adjourned meeting. They accept *Mr.* Davis's resolution in the main, defining and enlarging the fourth, so as to say substantially that when a Territorial Legislature and the Judiciary find themselves incapale of furnishing *protection to slave property* under the Dred Scott decision, Congress must provide a remedy for the right there affirmed.

The Louisville Journal remarks: "A strolling vocalist writes to us from the North, asking whether he can 'sing anti-slavery songs in the South.' Oh, yes; and, as he will be tarred and feathered, he will be sure to get exactly the *pitch*."

TEMPERANCE MEETING.

The Annual Meeting of the Rockingham County Temperance Society will be held at North Hampton, on Wednesday, Feb. 22, 1860, at 11 o'clock, A. M.—all friends of religion, morals and good order are invited to attend.

The State Temperance Committee will meet at the same time and place.

T. H. MILLER, *Sec.*

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

NEWSPAPERS.

CHEAP BOOKS, ANNUALS, TOY BOOKS,

Fancy Goods, Stationery, &c.,

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability.—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organ is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S

PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

GROVER, & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original* spools—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

CHARLES W BREWSTER.

STORE NO. 3 MARKET ST

AGENT IN PORTSMOUTH

Fousel's Pabulum Vitæ.

☞ THE GREAT FRENCH REMEDY possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASE.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease both from its innocent nature and most astonishing curative properties: *it being the only remedy known that will arrest the development of Tubercles in the Lungs or restore the vital functions of the pulmonary organs to their normal conditions.* Invaluable properties have obtained for it the highest recommendation and praise from some of the most eminent physicians and chemists in the country: while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and tender with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to the unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium, or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officially used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration

A. A. HAYES, M. D., State Assayer.

16 Boylston St., Boston, Dec. 1857.

In the Boston Transcript of December 11, 1858, the editor says:

"We have seen a letter from an eminent physician of this city, in which he says—'I have used *Fousel's Pabulum Vitæ* in several cases of Bronchial disease, and in some with great benefit. I know of no remedy equal to it for children, where a mixture does is essential; or for adults, of irritable stomachs, or having a tendency to reject ordinary medicines given for coughs, etc. I shall continue to use it in my practice.'"

Testimonial from the Sisters of Charity, of the St. Vincent's Orphan Asylum, in Boston.

BOSTON, July 31, 1858.

To Mr. F. LAFORME, Agent:

"The Sisters are happy to state that, having used *Fousel's Pabulum Vitæ*, they have found it efficacious in several instances, for bad coughs and colds. Signed by the SISTERS OF CHARITY.

Testimonial from a well-known Apothecary's Clerk.

BOSTON, March 30, 1859.

J. F. LAFORME, Esq.:

Dear SIR—I had been suffering for a considerable length of time from a severe cough, and had in vain had recourse to nearly all the remedies in use. My cough began to give me such uneasiness from its serious effects on my system, when three days' use of *Fousel's Pabulum Vitæ* restored me to complete health. The medicine being new in this market, I had recourse to it last; but I can now confidently recommend it as the best medicine I know of. Yours, truly,

CHAS. H. FOSTER.

At Fred Brown's, Washington, corner State St.

In the Boston Post, Sept. 24, 1858, the editor says:

"An extraordinary cure of Consumption has recently come to our knowledge, effected through the instrumentality of *Fousel's Pabulum Vitæ*: the evidence of which is in the handwriting of the subject, Mr. Wm. P. Brigham, No. 120 Albany st., in this city. It seems that for eighteen months he had been exhibiting all the usual symptoms of Consumption, and that after having had recourse to the skill of various physicians, without benefit, he had to abandon his business and be confined to his house. Hearing of *Fousel's Pabulum Vitæ*, and of several remarkable cures effected by it, in cases as desperate as his own, he concluded to try it as a forlorn hope. The result has been most happy—he has now entirely recovered, and is engaged in his usual pursuits. He is willing to authenticated cases as this that we take pleasure in laying before our readers; since, by so doing, many valuable lives may be saved, and much good effected.

It is sold at the low price of 50 cents, and $1 00 per bottle, thus placing it within the reach of all classes. F. J. LAFORME, sole agent, Boston

M. S. BURR & CO., General Agents, No. 26 Tremont street, Museum Building, Boston, and for sale by all druggists. Circulars with testimonials of its efficacy can be had of the Agents nov7ly

Morning Chronicle.

PARDON BY THE PRESIDENT.—In the District of Columbia, Manuel Moran, a colored man, was thrown into jail and tried for harboring *his own son*, a slave, the jury bringing him in guilty, and Judge Crawford fining him $200 for the crime. The court gave Moran six months in which to collect the money, he giving bail for his appearance at the end of that time. Without the color of the law, before his bail-time had expired, he was seized and thrown into jail. Mr. Buchanan pardoned the poor man, and remitted his fine, a few days since.

Mr. Buchanan in this case has done well, —and in so doing he has written down a dreadful condemnation of slavery, which demands most gross injustice, misnamed laws.

THE UNIVERSAL PASSION.—A foreigner, who had mixed among many nations, was asked if he had observed any particular quality in our species that might be considered universal. He replied, "Me tink dat all men love lazy."

Love of praise dwells most in great and heroic spirits; and those who best deserve it have generally the most exquisite relish of it.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20, 1858.

GENTLEMEN:—Your note of the 16th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dye. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head. To my wife, the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,
BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Siamaston, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on my hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly,
WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the greater part of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.
FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Pauncea is unrivalled for the cure of Cancers, scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore eyes, inflamed eyes, and all impurities or humors of the blood. Price $1,00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in Hips, Joints, Shoulders and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His Conserve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops, prepared by Dr. Winslow Swett, have given me very great relief from the whooping cough of late, and I would advise all those who have a cough from that distressing complaint, to use it freely.
MARY N. RICKER.

I know the above testimony of my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY BICKER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try it. Yours truly, BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicine with which I am acquainted. WM. H. KENEDY.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together.
THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR SIMEON SWETT'S MEDICINES

MRS. WINSLOW,
An experienced Nurse and Female Physician,
presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and never been able to say of it, what we have of any other medicine, NEVER HAS IT FAILED IN A SINGLE INSTANCE to EFFECT A CURE, nor did we know an instance of dissatisfaction when it was used. On the contrary, all are delighted to speak in terms of the highest praise of its wonderful effects and medical virtues. We speak, in this matter, what we know from our own experience, and pledge the fulfilment of what we utter, that in every instance where a child is suffering from pain and exhaustion from it, relief will be found in fifteen or twenty minutes after this syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with never-failing success, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe this is the BEST and SURE REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every suffering mother—give this article a trial! Do not let your own prejudices of others, stand in the way of your child's relief, but if you have a child suffering from pain, or any other complaint, follow the use of this medicine, if timely ABSOLUTELY SURE to give relief. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st., New York. *Price only 25 cents per bottle.*

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and E. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every medicine that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the cause of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other infantile complaint medicine will show: the very roots from which it is distilled being dug from the forests under the direction of Dr. Eaton, and every drop of it by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the diseases, which is its chief merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the safest and most efficacious medicine, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. He has thus been the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after introduction, over 2500 consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Palpitation of the Heart, Loss of Appetite, or Pain in the Side*, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your sleep is broken and disturbed, if your Spirits are depressed or your organs relaxed, you will find in this invigorating food, a friend, by commencing with *ten drops*. If your Liver is torpid or disordered in any manner whatever, *one or two bottles* will be sure to regulate and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia*, the patient can here find the most effective remedy, and has been the production of the

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Falsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters! Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can derive for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIVE AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMS, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.
Ayer's Cathartic Pills.
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand the effect of them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, as it restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its beneficialness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases by the healing by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thru t upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, FEB. 22, 1860.

ESTIMATED POPULATION.—Some of the newspapers are anticipating the census returns of political statistics, but they very much disagree in their calculations. The Philadelphia Gazette, very reliable in such matters, places the total at thirty-two millions; but the New York Herald feels sure it will reach thirty-six millions. If the Herald is correct, our population would be about the same as France, and exceeding any nation of Europe except Russia.

Under the new census, Massachusetts, Rhode Island, Vermont, and probably Connecticut, will each lose a member of Congress, and one electoral vote. So Pennsylvania and Ohio will lose; but the great change of power is to be from the proud old slave States, like Virginia, Maryland, and the Carolinas, to the free northwest.—From 90 representatives the slave States will fall to 70; and from two-fifths of the electoral votes, they will have to content themselves with one-third. They must make the most of the coming election, as it will be the last within their control.

Some 10,000 to 15,000 Catholics recently assembled in the city of New Orleans, to give demonstrations in favor of the Pope's temporal sovereignty, about to be limited at least. The preachers passed severe censure on Louis Napoleon!

Query, whether these are the preachers who *never* meddle with politics? and query, also, whether this is non-intervention and popular sovereignty? Were the people of the papal states, so called, or of Rome even, freed from the gleam of bayonets in foreign hands, the Pope would not stay in Rome one hour. Indeed one serious proposition of the Romish Church in America is, to raise and equip an Irish brigade as a body-guard for his holiness, in case the French army leaves.

☞ The Newburyport Herald says:—

"We do not believe that so monstrous an outrage can be perpetrated as the rejection of Kansas. If it should be, it will furnish food for reflection in the free states before November, but will tell terribly against the party that does it.

Perhaps so: but we shall see it *attempted*, and we think *perpetrated* also. It will be an easy thing in the *Senate*, to hitch on amendments and provisos, as they did last year about Postage and the Post Office.

THE CHAMPION'S BELT.—In England, there is a "Pugilists Benevolent Association," which aims to dignify prize-fighting to a science. They provided what is termed the Champion's Belt, which cost £100, and is made of solid silver, most elegantly designed for the purpose. It was got up by public subscription, and given to the present Champion of England, Tom Sayers, on the conditions that he must fight all comers within six months from the time of winning each battle, or failing to do so, must forfeit all claim to the Championship of England; he shall not be bound to fight for less than £200 a side, unless he thinks proper; and after holding the belt three years without being vanquished, it becomes his own *bona fide* property, to do what he likes with it. The holder of the belt gives a bond of one hundred pounds as security for the belt, the said security to be returned at the expiration of the three years. Tom Sayers took it June 22, 1857; so it will be his next June, if he keeps it. But John Heenan, the Benicia Boy, has gone over from New York, to try to take it from Sayers; and they are to fight for $200 and the belt, April 16th.

"I HAVE THE READING OF IT."—It not unfrequently occurs, when persons are asked if they will subscribe for a newspaper, or if they will take it, that they reply, "No, but neighbor B—— takes it, and I have the reading of it." Such often add, that they like the paper, and sometimes they say they consider it "the best paper they know of." They are benefitted by the toils, perplexities and expenditures of those who receive nothing in return. Reader, if you feel reproved, just send in your name and take the paper yourself. (whether it be the Ledger, or any other publication,) not forgetting to pay for it.—*N. Y. Ledger.*

☞ George Washington was born Feb. 22d, 1732. This day, being the 128th anniversary of his birth, will be commemorated in Boston, by a salute of 128 guns fired on the Common, at twelve o'clock.

Dan Sickles is said to be converted. It was sought to get him under conviction last spring, but without success. He is probably charming. He is the kind of man to turn saint under false pretences.—*True.*

☞ Dr. Windship, the modern Sampson, now lifts over 1100 pounds, with his hands alone, unaided by straps.

Secretary Cass isn't sick, unless it be of his own Presidential prospect. The old boy is only in his 78th year, and it is cruel to seek to create the impression that he is failing, as he means to be a candidate for the democratic nomination.—*True.*

☞ Biddeford is building a City Hall at an expense of $69,900—to be one of the finest halls in Maine.

For the Chronicle.

PREDICTION.

There is light ahead for the church of Christ and the world, if they will receive God's truth in the love of it. History shows God's word to be true in the past, and the present, and will in the future soon.

I wish to set forth, in as condensed form as I can, the symbols in the twelfth, thirteenth and seventeenth chapters of the book of Revelation, as I understand them.

In the twelfth chapter a woman is clothed with the sun. This symbol is given to show the church of God was to give birth to a child, who was and is to rule all nations with a rod of iron. The great red dragon represents here the civil power of the Roman government in three divisions—first, the body; second, the seven heads; third, the ten horns. But one of these divisions act at a time, but the same spirit is manifest in the three divisions of the Roman government of the Roman kingdom. It was the civil powers of the Roman government which did seek to destroy the young child, which is Christ. The Roman soldier with a spear put Christ to death. He was put in Joseph's tomb. After three days he rose from the dead, and after forty days he was caught up to God and his throne.

The tail of the dragon, first divison, cast down four of the twelve stars, which were the twelve apostles. Much might be said about this woman, which is the Church going into the wilderness, and remaining there 1260 days, prophetic time which is years—and the remnant of her seed.

In the thirteenth chapter, second division of the civil power of the Roman government, symbolized by the seven heads and ten horns, on the leopard beast are crowned heads. These heads have their part to act without the horns. These seven heads are seven of the ten divisions of the Roman kingdom, after it was broken up, and three plucked up by the roots by the little horn in Daniel. Here is where the union is formed between the church and the civil power. Seven heads here, or seven divisions here, is the same as in Daniel, after three are plucked up. One of these seven divisions or heads received a deadly wound, and the deadly wound was healed. I understand that these seven heads or seven divisions are to remain in the Roman kingdom until the God of Heaven sets up a kingdom, as it is said in Daniel.

In the third division, seventeenth chapter, is brought to view a woman sitting on a beast having seven heads and ten horns. I understand these seven heads on this beast to be the same as on the leopard beast and on the dragon, which is the civil power in the Roman kingdom. I understand the woman to be a symbol of a church, and that the church and the seven heads or divisions should have a union together, until the ten horns come upon this beast, and on the leopard beast, and on the dragon. I understand these ten horns to come up out of the three divisions of the Roman kingdom, which were plucked up by the little horn brought to view in Daniel. We are told that one of these heads on the leopard beast was to receive a deadly wound, and to be healed. I believe that France is one of these heads, and is the one that received the deadly wound when Napoleon I. was cut off from that government, or seventh division of the Roman kingdom. This wound was to be healed. It has been healed by the Napoleon that is now on the throne.—The beast which was, and is not, and yet is, is now fulfilled. In chapter seventeenth, 9th, 10th and 11th verses, is brought to view seven heads and seven mountains. Here we have coupled together the woman or church and seven mountains. The last verse says the woman is the great city which reigns over the kings of the earth. If this is true, then we must look for a city that has seven mountains or hills. We find one city which has them, which has been mistress of the world, and that is Rome, where the Cæsars reigned in the days of Christ.

In my first division, when the Roman kingdom was broken up into ten divisions: here the woman or church locates herself in Rome. Here the Pope is head of the church, and the civil power, which was to last for 1260 days or years, ran out just before the days of Martin Luther. This eighth head brought to view, which is of the seven, is the one that was to take the place of the wounded head, which is the present head of France. These ten horns or kings have power to act as kings one hour with this eighth or seventh head, which I believe to be the present Napoleon; and these ten horns or kings are ten prominent persons, who are in the three divisions of the old Roman kingdom, which now is Italy, and has been ever since the Roman kingdom broke up. I understand that while the woman sits on the beast there is union; but there is a judgment pronounced against this woman or church. Her judgment comes when she sits on the waters. Waters is a symbol of people, nations, and tongues. I understand that when Napoleon came on the throne, and sent troops to Rome, and the Pope went back to Rome, which was in 1848, the woman or church says, "I sit as a queen, and am no widow." I understand that she was a widow from Napoleon I. to Napoleon II., for her plagues must come, for these ten horns or persons will give their power and strength to this seventh head or beast. I understand from this that these ten persons in Italy will be united with Napoleon, and he (Napoleon) will dissolve the union with the church and take his troops away.

When this is done, in one hour prophetic time, which is fifteen days, Rome will lay in ashes. Then the shipmasters and sailors will stand afar off, and see the smoke of her burning, when the Italians are to double to her (the church) the cup which she filled to them. When this takes place, consternation will fill every mind; then men's hearts will fail them for fear of what is coming on the earth. After they burn Rome, these ten persons shall agree and give their kingdom to the beast, which is France, until the the words of God shall be fulfilled. I expect then a time of trouble, such as never was since there was a nation on the earth. I expect that the word spoken by Jeremiah the prophet, in the 25th chapter, 15th verse, and onward, will be fulfilled. I think God may have some people among all religious bodies now, but he will call them out before long. I expect all this will be finished before May 19th, 1860. WM. S. WILLEY.

☞ The U. S. Senate, Monday, Feb. 20, received and passed a joint resolution from the House, appropriating $10,000 for the inauguration of the Statue of Washington.

Mr. Rice introduced a resolution that the Committee on Post Offices and Post Roads enquire into the expediency of revision of the postal law. Passed.

Mr. Brown's pro-slavery resolutions were debated; and Mr. Clark spoke "the time when the Senator from Georgia may, in his own words, call the roll of his own slaves on Bunker Hill."

Mr. Toombs made a full denial of the speech, and said he might have seen it contradicted. It had been contradicted in New England and New York; but that seems to be the policy of his party.

A message was received from the House announcing the death of Wm. O. Goode of Virginia, and the usual resolutions of respect were passed.

HOUSE.—The Speaker announced the select committee on the Senate bill to abolish the franking privilege, viz.: Vallandigham, Kellogg of Illinois, Burnett, Adams of Kentucky, and Stokes.

Mr. Sherman reported the Indian Appropriation bill.

Mr. Lovejoy asked leave to introduce resolutions appointing a committee to inquire into the harsh treatment of business agents in the Southern States, and whether legislation is necessary, with authority to send for persons and papers.

Mr. Pryor announced the death of Wm. O. Goode, whose successor he is. He eulogized the private and political character of the deceased.

The usual resolutions of respect were adopted.

WASHINGTON, Feb. 20.—The Republican Congressional Executive Committee met to night, and organized by electing Senator King, Chairman, Representative Covode, Treasurer, and George Harrington, Secretary.

The Democratic National Executive Committee are sending out a large number of political documents, while the Central Executive Committee of the Constitutional Union party have commenced the Presidential canvass by an extensive distribution of copies of an Address to the people of the United States.

The bill, reported from the Committee on Ways and Means to-day, for the construction and preservation and repair of fortifications, and other works of defence, appropriates $605,000.

Judge Army of Kansas has received from Hon. J. W. Robinson, Secretary of State under the Wyandotte Constitution, the census taken last spring, as filed in the office of the Secretary of the Territory, which shows that there were at that time 70,226 souls in Kansas. It leaves more than one hundred towns unreturned, and fifteen counties not returned. Riley is one county of which not a word is said. Atchison county is not returned, and Atchison city alone has 5000 inhabitants. He says that the official returns for delegate, when received, will show that Kansas has over 100,000 inhabitants.

WASHINGTON, Feb. 2.—The Committee on Ways and Means reported the fortification and Indian appropriations to-day, and will complete others by the beginning of next week. The tariff bill will be taken up, with the intention of bringing forward a moderate bill, founded on the best practical information, and having stability and proper discrimination for leading ideas.

STEAMER ASHORE ON CAPE SABLE.—*Halifax*, Feb. 20.—A large steamer went ashore last night on Cape Ledge, west side of Cape Sable. The sea was so rough that boats could not reach her. A vessel is preparing to go to her assistance. The American Consul proceeded at once to the steamer, but has not yet returned.

☞ The News Letter understands that James M. Lovering Esq., of Exeter has received an appointment at Washington, in the folding department at a salary of $1500, or $1800. Mr. L. will leave for Washington immediately.

The same paper states that Robert Means Esq., left last week, for Sioux City (Iowa,) to enter upon the duties of receiver of the land office at that place.

☞ The following are the New Hampshire Post Office contributions to the Washington National Monument up to the 1st of February:—Acworth 38 cts., Dover $1.36, Grafton Centre 33 cts., Hollis $1.00, Rochester 84 cts., Salmon Falls 25 cts., Stewartstown 70 cts., Troy 25 cts.

It is made matter of complaint, by some persons, that the New Hampshire Republicans are not working so hard this year as they usually work. Admitting the complaint to be well founded, it ought to be recollected that Gen. Pierce's friends are at work in New Hampshire, which will damage the democrats severely.—*True.*

☞ The Republican Committee in New Hampshire have canvassed the State, and put it down as good for five thousand majority in March.

HARPER FOR MARCH is on our table from John J. Dyer & Co., 35 School street, Boston, through John H. Locke of this city, who has all the magazines for sale. The illustrated articles are Life among the Loggers, and A peep at the Elephant—both capital. The fun is at the expense of "tobacco and its users."

It is easy to find fault. Hence, critics are seldom creators. The power to judge and the power to originate are seldom combined in the same person.

☞ The Louisville Journal thinks that the nominee of the Charleston Convention will be Alexander H. Stephens of Georgia.

MARRIED.

In this city, Feb. 19th, by Rev. A. J. Patterson, Mr. SAMUEL STAPLES to MISS ANN CARTLIDGE, both of this city.

DIED.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and unlikeness results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature.

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co.,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

DYE YOUR HAIR AND WHISKERS

By using Hutchins' Liquid HAIR DYE, you can color Red or Gray Hair to a beautiful Brown or Black. This is the best article in use. A lady says it is cheaper to use it than to buy caps to cover her head with.

A new lot just received for the accommodation of the public, by BRACKETT HUTCHINGS, No. 4 Market Street. m15

Local.

☞ In an article in the last Gazette, exceptions are taken against "the conduct of the Journal and Chronicle," in publishing certain matters of disagreement between the Mayor and Aldermen, and the overseers of the poor.

Our *conduct* in the premises amounts to this, that we copied two articles from the Gazette, viz: one about the City Marshal, and another about the disagreement; and we also published an article from the Journal on the disagreement.

Our editorial notes and comments on the matter are all summed up in less than 20 lines, and are anything but partisan, as any one will see on reading them.

We think the Gazette must have drawn upon its imagination, for any part we have taken in the matter about, which we have scarcely said a word, and in regard to which we have copied twice as much from its own columns as from others.

We do not feel called upon to devote time nor room now, to the discussion of what begins to be a stale subject. The disagreement exists: it is not likely to be removed at present: the old officers hold over for the present; and no great or new enterprise seems likely to be undertaken for the city, while the higher powers are so deadlocked. Another election or two, and other events, will unlock them by and by; and there will be life and motion again.

The dispute as to which of the two higher powers may be most to blame, is about as edifying as that *other* dispute, whether the Black republicans or the other black men in Congress were most to blame for not choosing a Speaker! when in good truth both sides tried as hard as they could to elect their own.

In the column of the Gazette devoted to the city offices, some statements are made about the "management of the school and school districts," which were so far from being correct according to our recollection, that we have made some enquiry into the facts. The Gazette says, in regard to schools and school districts:

The Democrats have *never* made politics a test here—the Black Republicans have *always* done so where they have had the power; and as a result, all the schoolmasters of the city save one are full-blooded Republicans.

In another place the Gazette says the Republicans have "all the schoolmasters." On enquiry, we learn that *four* of the *eight* in the district schools are of the Democratic party; that *three* of them are said to be Republicans, and *one* a non-voter. And setting both the masters of the high schools down as Republicans, we find of the ten schoolmasters, five voting that ticket, and five voting otherwise.

In the South District, "the Sebastopol of Democracy," there are only two school masters, both Democrats, "accidentally" no doubt—one of whom is eminent in his profession, and the other so far from satisfying the neighbors that they have got up a private school for their own benefit.

In the North District, we learn that one Democratic teacher has recently taken the place of a Republican—not on political grounds, however, on the part of the committee.

And of the Middle District, of which the Gazette asks, "When has a Democrat been been chosen on the school committee of of District No. 2?"—there are three schoolmasters, *one* Republican, one Democrat, and one non-voter.

We submit these facts without argument. The reader can make a verdict to suit himself.

☞ The fire in Penhallow street, Monday evening, which burnt into the Dye House, did not begin there, but evidently had its origin in the shoe store of Mr. De-Rochemont, where it burnt drawers and shelves, with the shoes they contained, smoked everything pretty thoroughly,—and made its way through the partition into the dye house. It was soon extinguished. Mr. D.'s stock was insured $600, we are told.

☞ The examination of the schools in Dist. No. 1 will take place as follows:

Wednesday, Feb. 22, A. M., Miss Patten's and Mrs. Mullin's.

Thursday, Feb. 23, A. M., Miss Simes's, School street.

Thursday, Feb. 23, P. M., Mr. Demeritt's, School street.

Friday, Feb. 24, A. M., Miss Dodge's, North street.

Same day, P. M., Mr. Shannon's, North street.

Monday, Feb. 27, P. M., Mr. Foss's, Gravelly Ridge.

Tuesday, Feb. 28, P. M., Miss Mason's, Hanover street.

Parents and friends of the scholars are respectfully invited to attend.

JOHN S. HARVEY,
Sec. School District No. 1.

☞ The attention of the reader is invited to a communication in another column, from a well known Second Advent believer in this city. The article will be found readable, at any rate; and of great interest to all searchers into such matters.

☞ As the Chroniclers have too much regard for themselves and the memory of the Father of his Country, to work to-day—of course there will be no Daily Chronicle issued from the office on Thursday.

☞ At least a dozen hard working traders, shop-keepers and others have expressed the wish that this day might be a holiday,—if all their craft would agree to it.

It will be a holiday to some extent; and we wish it might be entirely so. It is Ash Wednesday in the Church Calendar.

THE WASHINGTON BALL at Irving Hall to night, affords a fine opportunity for a good social dance, at a reasonable rate, and under the most agreeable circumstances. The occasion is one of interest to all who glory in the star-spangled banner; and the arrangements as made cannot fail to suit.—

Judging from what we see and hear concerning the preparations, and the persons concerned in it, we think we may safely promise that visitors will not be disappointed in expecting one of the most successful affairs of the sort, for this season, or any season.

☞ Don't forget that Concert to-morrow (Thursday) night—all ye who love instrumental music. The whole Orchestra or Band is said to be fine in chorus; and for solos, we are promised extra clarionet, violin, cornet and piano-playing.

☞ The dwelling house of Mr. John M. Foss, at Rye, was burnt to the ground before daylight on Tuesday morning. Mr. Foss lived near the Prospect House at Foss' Beach, and was about to remove into the country. He had his furniture, provisions and clothing all packed up, ready to be removed on Tuesday morning, and was alone in the house, on Monday evening, to finish packing.

When this was done, he slept in the kitchen, by the stove, for some time, into the night; but retired into another apartment and lay down in his clothes for daylight.

He was awakened by a dreadful smoke; and looking into his kitchen saw his stove in two parts, and everything so completely enveloped in flames that he had to get out through the cellar to save his life. Everything in the house was destroyed, except a bag of dried apples, and a basket of stockings.

The house was insured in the Home Co. for $375; and was worth $800. The furniture was not insured: and the loss falls heavily on Mr. F. and his family, who have lost their clothing and everything moveable.

TEMPERANCE MEETING.

The Annual Meeting of the Rockingham County Temperance Society will be held at North Hampton, on Wednesday, Feb. 22, 1860, at 11 o'clock, A. M.—all friends of religion, morals and good order are invited to attend.

The State Temperance Committee will meet at the same time and place.

T. H. MILLER, *Sec.*

A MUSICAL CONVENTION will be holden at Great Falls, to commence Thursday, Feb. 23d, and continue one week. It will be conducted by Prof. Williams, of Boston, a most skilful and competent leader.

JOHN STAVERS.

Wheeler & Wilson's

SEWING MACHINES.

—THE—

WHEELER & WILSON M'FG CO.

Invite the attention of Seamstresses, Housekeepers, Dressmakers, Tailors, Manufacturers of Shirts, &c., to the perfect adaptation and unrivalled excellence of these Sewing Machines for their uses. Their extensive and increasing sale, and the unanimous commendation that they have received, warrant the Company in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, fitted to adorn the parlor, and suited to the workshop—applicable alike to the use of the family and the manufacturer. Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting, as they do, healthful exercises and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as Woman's Friend.

Among their undoubted advantages are—

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

The Lock Stitch made by this machine is the only stitch that cannot be ravelled, and that presents the same appearance each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

Economy of Sewing Machines.

The Wheeler & Wilson Sewing Machine Company has prepared tables showing by actual experiment of four different workers, the time required to stitch each part of a garment by hand, and with their Sewing Machine. The superiority of the work done by the Machine, and the healthfulness of the employment are advantages quite as great as the saving of time. Subjoined, is a summary of several of the tables—

	BY MACHINE. Hours	Min.	BY HAND. Hours	Min.
Gentlemen's Shirts,	1	16	14	28
Frock Coats,	2	38	16	35
Satin Vests,	1	14	7	10
Linen "		43	3	14
Cloth Pants,		51	5	10
Summer "		38	2	50
Silk Dress,	1	13	10	22
Merino Dress,	1	4	8	27
Calico Dress,		57	5	37
Chemise,	1	1	10	31
Women Skirt,		35	7	28
Muslin "		30	0	1
Night Dress,	1	7	10	3
Drawers,		28	5	6
Silk Apron,		15	4	16
Plain "		9	1	26

Seams of any considerable length are stitched, ordinarily, at the rate of a yard a minute.

By the sworn statements made by the several Sewing Machine Manufacturing Companies, it is shown that the

WHEELER & WILSON MANUF'G CO.

made more than double the number of Machines of any other establishment, and were still unable to supply orders!

They have won the highest premiums at the Fair of the United States Agricultural Society;—at the State Fairs of Maine, Vermont, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Mississippi, Missouri, Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, California, and at the Fairs of the American Institute, New York; Mechanics' Association, Boston; Franklin Institute, Philadelphia; Mechanics' Institute, Baltimore; Metropolitan Mechanics' Institute, Washington; Mechanics' Association, Cincinnati; Kentucky Institute, Louisville; Mechanical Association, St. Louis; Mechanics' Institute, San Francisco; and at hundreds of County Fairs.

These machines have been used by many families in this city for several years, all of whom pronounce them to be the perfection of a Sewing Machine. Full instruction in the working of the Machine, given to purchasers.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS. these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET,

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water introduced into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S

PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the original spools—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others.

ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

CHARLES W BREWSTER.

Morning Chronicle.

The horses of the whole world are estimated at 57,420,000, of which number these United States are supposed to have 5,000,000, and worth at least forty millions of dollars, which is more in numbers and value than there are in any European country.

SCROFULA IN SWINE.—The American Stock Journal says scrofula is a disease of very frequent occurrence among that breed known as the "Suffolk."

ABSENCE OF MIND.—Rev. Mr. B——, pastor of the Congregational Church in Gilead, on Sunday last, tackled his horse to the sleigh, took in some butter and eggs and a lot of tin ware, and started for Gorham, N. H., about ten miles distant, to dispose of the former and to have the latter mended. Arriving there, he was much astonished to learn, as he offered his produce for sale, that it was Sunday. It was with some difficulty that he was convinced of the fact.—But, upon coming to the conclusion that it was Sunday, he said he would return and preach to his congregation in the afternoon. —*Portland Argus.*

Oxen and men are ruminating animals; the former are *neat* cattle, the latter often far otherwise.

A silent wag—The wag of a dog's tail.

A difference—A puncheon of rum and a punch in the head are both calculated to make a man stagger.

A nations preyers—Its politicians.

The place for a railroad convention—Kars.

It is less painful to learn in youth than to be ignorant in age.

Wonder is the foundation of all philosophy; inquiry the progress; and ignorance the end.

Every husband thinks he can tame a shrew, except the poor fellow that has her.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20, 1858.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dye. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend your Restorative, who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,

BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Stamaton, Ala., July 28th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman is nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly,

WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTOREATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

T. JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for three dollars.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the direst diseases of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Sleeplessness, Dyspepsia, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, Chronic or Inflammatory, Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for those complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough of late, and I would advise all who need it to visit from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of my wife with regard to the salutary effect of Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I think they would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of their throats, lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to others afflicted, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try it. Ed. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of the disease in our family, than from all other medicines put together.

THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, of it, what we have of any other medicine NEVER FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE. We have shown an action by any one who wishes, we are delighted to speak in terms of highest commendation of its magical effects and medical virtues. We speak, in this matter, "*what we know*," after ten years experience, and *pledge our reputation for the truthfulness of what we utter*. In every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after this syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with never-failing success, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC.

This, which, if not speedily remedied, end in death. We believe it the best and surest remedy in all cases of DYSENTERY AND DIARRHEA IN CHILDREN from teething, or from any cause, we have to say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others, stand* between your suffering child and the relief that will be SURE — you to follow the use of this medicine. Full directions ABSOLUTELY SURE used. Full directions which bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York *Price only 25 cents per bottle.*

25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 1 pint and quart bottles.

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and R. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every medicine that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up in quart bottles, and sold at a certain price, and all the following cases, which is the best merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING, such as DYSENTERY, COLIC, &c.; also, for soothing the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and be sing a powerful antispasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs no much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the merit of the article must sell itself, the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of phisiology to the state of the blood, and its health and system. The result has been the production of the "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were effectually cured by it. It is equally efficacious in all consumptive tendency. *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, or Pain in the Side*, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your sleep is broken and disturbed, if your Spirits are depressed, if your organs relaxed, you will find in this an unfailing remedy. It gives strength to *both mind and body*, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 36 Maiden Lane, New York.

LOTTERIES.

THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Maryland, and have seven commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington; Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after announcement to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under the act of 1837.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Reissues, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVERTISING, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relating to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him also a safe counsellor, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made one hundred applications, SIXTEEN of which APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. R. H. EDDY.

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS.

The Chronicle Office is open from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., only authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed, and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and not over on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be put inside the house door; or if necessarily left for, to be charged at one-half.

If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil; but in cases where we are convinced that they are complied with, and that we fail to results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

Morning Chronicle.

A RHODE ISLAND REMEDY FOR THE TOOTHACHE.—A young woman employed in a factory in North Kingston, R. I., complained for several days of a severe toothache, and at last left her loom, saying she would go to a doctor and have her tooth extracted. She, however, did not return, and her friends were unable to trace her to the office of any doctor or dentist. The anxiety of her friends had reached an alarming point by the 7th inst., when it was unexpectedly relieved by the receipt of a newspaper containing an announcement of her marriage on the 1st inst., with a young man of East Greenwich.

SINGULAR AND FEARFUL CASE OF SOMNAMBULISM.—Last Thursday night, during the violent snow storm, which was raging at that time, Mrs. Helper, wife of George Helper, of Fisherville, arose in her sleep without awakening her nurse, who was sleeping with her, and passed out at the back door, and jumped or fell into the well, 40 feet deep, containing about 2 feet of water. The nurse, subsequently awaking, missed her, when search was made, and she was at length found in that precarious condition and extricated. Mrs. H. had for years been in feeble health, and only one week previous had been confined, giving birth to twins. She had long been fearful that some of her children would fall into the well, and had frequently dreamed about it, and had probably been dreaming on this night of such an accident, and went to the supposed rescue. She escaped with a few slight bruises, but the shock to the nervous system of one in so delicate health, must have been severe. Her escape was almost miraculous.—*Manchester Mirror.*

A boy was asked what meekness was. He thought a moment, and said, "Meekness gives smooth answers to rough questions."

STEPHEN H. SIMES. JOHN S. RAND.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor before one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children.

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and intestinal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently far more numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system must precede the renovation of the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this, everywhere prevailing and fatal malady. It is compiled from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and for the cure of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND VENEREAL AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, DISPEPSIA, BLOOM OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOM. The popular belief in "taking out of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties make them active, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the Blood.

Ayer's Cherry Pectoral

FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thru-t upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE. SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec10 6m d&w

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, FEB. 24, 1860.

SAD NEWS.—Information is not definite, but sufficient is at hand to indicate that a steamship is ashore at Cape Ledge. The general belief is that it is the Hungarian, which left Liverpool on the 5th inst., for Portland. Other rumors are current that it may prove to be the Prince Albert, from Galway via St. John's, N. F., for New York. Whatever vessel it may be, it is supposed that all on board are lost. It will add another to the fearful catalogue of disasters involving the loss of human life, it may be by the hundreds.

The Boston Journal says the steamer reported ashore on Cape Sable, proves to have been the Hungarian. It is now supposed that all on board were lost. Small portions of the hull are now visible at low water.

There is nothing like news for the Associated Press, unless in the mail, a small portion of which has been saved in a damaged state. One passenger ticket has been found, with the name of Ellen Sheehan on it.

The Hungarian was a first class iron screw steamer, of about 2200 tons, built on the Clyde in 1858, and was in every respect a first class ocean steamer. She was a favorite vessel, and had made some of the quickest trips on record. She belonged to the Montreal Steamship Company. Her usual crew consisted of about 110 persons, including the officers, and some 40 stewards. She had accommodations for 150 first class and about 300 steerage passengers, but as the travel this way at this season of the year is light, it is not probable that more than four hundred persons, all told, were on board—a fearfully large number, however, to consign to a watery grave.

The Hungarian is the fourteenth Atlantic steamer that has been lost, beginning with the President.

☞ On Wednesday at East Cambridge, Mr. Andrew Lannergan, the widely known inventor and pyrotechnist, while experimenting upon a signal-gun for vessels, about 12 o'clock, M., was greatly, and it is supposed fatally, injured by the explosion of the gun and lodging of a fragment in his right side, just under the arm. The gun was the invention of a friend, who wished Mr. L. to test it. On the first discharge it burst, and a fragment of the gun, probably the breech pin, entered the right breast, cutting one rib off, and lodged beyond the lungs, out of the reach of the surgeon. Excessive hemorrage, as well as considerable external loss of blood, followed, besides at times the sharpest pains. Mr. L. retained his senses perfectly, but it was not expected he would survive till morning. He is about 40 years of age and has a wife and one child, and father and mother, who were somewhat dependent upon him for support.

☞ There was a pleasant and we believe profitable meeting of the Rockingham Temperance Society at North Hampton, on Wednesday, attended by members from a number of towns in the county, by visitors from Strafford, and one clergyman from Maine, and by a good audience of townspeople for such a day and such travelling.

The intelligence from the different towns in the county showed good progress in some towns, falling back in others, and some valuable advancement on the whole.

The officers and resolutions will appear in our next.

There was also a Lecture on Temperance in the evening, to a considerable assembly for a tempestuous night.

COMMON SCHOOLS OF NEW HAMPSHIRE.—Prof. Patterson, Secretary of the Board of Education of New Hampshire, gives an outline of the history of the public school system of that State. The following are some of the leading statistics:—

The number of school districts is 2392; whole number of scholars 86,708; average attendance 55,606; number of male teachers last year 1104; number of female teachers last year, 3184; average length in summer, weeks, 10.3; average length in winter, 10.7; total cost for past year $282,841; average pay of males with board $25.30; average pay of females with board $14.15; average cost of each scholar $2.89. In the cities the cost of schools is more than twice the cost in the farming towns. Concord appropriates $3.93 per scholar; Nashua $4.15; Dover $4.46; Manchester 4.52; Portsmouth $5.29.

☞ A grand parade of Military, 500 men of the New York 7th Regiment, came off at Washington city on Wednesday, when Washington's Statue was inaugurated.

The day was celebrated in Boston, with military and other displays.

In Portsmouth, by the ringing of bells at sunrise, noon and sunset.

SPRING must be coming, sure. Jones & Mendum's advertisements begin to tell about Spring Goods. And Dearborn & Co., opposite, also advertise the spring styles of Hats. "Blow, gentle breezes."

☞ In U. S. Senate, Tuesday, Feb. 21, Mr. Mason, from the Harper's Ferry Committee, reported a resolution that the Sergeant-at-Arms be instructed to bring Thaddeus Hyatt of New York before the bar of the Senate to answer for contempt for refusing to come here and testify before the committee.

Mr. Hale said that this was a dangerous precedent. There was no warrant for it in the Constitution. Powers not expressly delegated to the Federal Government were reserved to the States. This power could only be exercised by a latitudinarian construction of the Constitution. He would ask for the yeas and nays in the passage of the resolution.

Mr. Pugh said he had arrived at the conclusion that the Senate has no power to summon any witness from beyond the District of Columbia.

Mr. Collamer thought the Senate had the same power as a court to compel the attendance of witnesses.

Mr. Hale said he must differ from the gentleman from Vermont. He seemed to think they had all the power possessed by the British Parliament. Ours was a government of limited powers. The Senate could not sit as a Court with plenary powers.

The resolution was adopted, by yeas 43, nays 12.

The noes were Messrs. Bingham, Chestnut, Clark, Durkie, Hale, Hamlin, Pugh, Sumner, Toombs, Wade, Wilkinson, and Wilson.

Mr. Seward voted in the affirmative.

In the House, Mr. Washburn of Illinois from the Select Committee on the subject, reported in favor of removing the present seats in the Representatives' Chamber, and restoring the chairs and desks; and in order to give time for the purpose, proposing an adjournment, the Senate concurring, from Friday next to the 3d of March.

Mr. Mills made a minority report.

Mr. Washburn of Illinois, for the purpose of testing the sense of the House, moved the previous question.

Mr. Farnsworth moved to lay the reports on the table. Negatived by 16 majority.

The resolution for removing the chairs and desks was passed by nine majority. The resolution to adjourn from Friday to the 5th of March to make such change was tabled by 31 majority.

Mr. Haskin offered a resolution which was *adopted*, that the select Committee on Printing hand over to the Committee on Public Expenditures all their books and papers, and such evidence as they have taken, and be discharged from the further consideration of the subject.

On motion of Mr. Washburn of Maine, the election of Printer was postponed to Thursday, by 4 majority.

The House went into Committee of the Whole.

Mr. Lamar of Mississippi said it is the unanimous sentiment of the South that the existence of the Republican party is a standing menace to her peace and security, and a standing insult to her character.

Mr. Davis of Maryland ridiculed the Legislature of Maryland for their denunciatory course regarding him. He said there was no act he less regretted than his voting for Mr. Pennington, who was a symbol of peace to the country. He defended the North from the charge of complicity with John Brown. Adjourned till Thursday.

☞ The news from England is to February 11:—

In the House of Commons on the 8th, Sir J. Trelawny's bill abolishing church rates was debated. Sir G. C. Lewis and other government supporters favored the measure. Disraelli and others strongly opposed it, but its second was carried by a vote of 262 to 234. The majority was smaller than anticipated.

Mr. Duncombe moved that at the Parliamentary elections in Gloucester and Wakefield, which have rendered themselves notorious for bribery, the votes be taken by ballot. Palmerston spoke against the ballot, on general principles, and the motion was rejected by 31 majority.

The war steamer Pluto was reported to have taken a prize on the South coast, with six hundred slaves on board.

It is confirmed that Austria refuses to accede to the principal proposition of England, for the settlement of the Italian question, but formal communications on the subject notice have been received by England and France.

Count DeGenfield, commander of the 2d Austrian corps de armee, declares in an order of the day, issued at Verona, that from the 15th of February, the whole Venetian territory, the province of Mantua, and the districts of Trient will be governed by martial law.

The Paris correspondent of the London Herald asserts that orders have been sent to Marshal Valliant to occupy Tuscany with a portion of the French troops, and transfer his headquarters from Milan to Florence.

☞ The Boston Traveller gives "a remarkable coincidence in connection with a late accident on the Hudson River Road,—that the first passenger killed on the road was Mrs. Blanchard, who met with a *similar accident* at Poughkeepsie. She, like Mrs. Field, was a bride of but a few hours." We have heard of people handsome enough to have small pox or the measles a second time; but this being "killed on a railroad" twice, shows Mrs. Blanchard to be the most unfortunate woman in history.

☞ We learn that foxes have been quite numerous in this vicinity, of late; which is rather uncommon, as there have been scarce any since the railroads were built. It was reported that one man caught seven of these animals; but on enquiry, we learn that one fox caught seven hens, the property of the man who was said to have secured the cunning Reynards.

"Why, Tom, my dear fellow, how old you look!" "Dare say, Bob, for the fact is, I never was so old before in my life."

WINTER BATHING in the open air and cold streams and ponds, is not common in New England, although some assert that it is beneficial to health. Dr. M. G. Smith, of Newburyport, (dentist,) who has tried different climates, living several years in the West, in California, and also in Australia, as well as here, has pretty thoroughly tested the effects of bathing under various circumstances, having made a practice for several years to plunge daily from the open air into the open water, whatever the temperature. He has done this during this winter, and apparently without suffering half as much as do the spectators who chill to see him cut the ice of the river, and plunge in as fearlessly as a wild duck or a seal. The coldest he had occasion to try this season, was with the mercury from 12 to 15 degrees below zero, and then he affirms that the bath was delightful. The Herald says he very seldom suffers from what we term "colds," and enjoys the most robust health. His practice is to walk rapidly or run some distance, and take his bath before perspiration ceases. One morning his hands were somewhat bitten by taking hold of a ship's chain in climbing up from the water; but by immediately returning them to the water a few minutes, the frost came out of them without danger.

"BLOOD WILL TELL," ANYWHERE.—A well-informed writer in the Spirit of the Times, gives it as his "firm and abiding conviction, that the thoroughbred horse makes the best horse for *every* purpose for which the horse is designed or applied, providing that he is bred and chosen with care; that for *all* farming purposes the blood horse is far superior to the scrub; that the best bred horses are invariably in the best condition, without regard to size, and at all times on a push are able to do the most work." He says Snap, a racer of note on Long Island and Canada, "was got by St. Tammany out of a common farm mare, add ploughed until he was six years old; and his owner said he could plough more with him in a day than with any other horse he ever followed."

We deem it proper and just to say here, that we entirely agree with the course taken by the editor of the N. H. Journal of Agriculture, respecting the making of our Fair grounds *mere* racecourses. We have no more desire than he, to aid in introducing or patronizing a set of weedy horse-stock, which can do *nothing else* but "go." His movements at the State Ag. Society's meeting were misrepresented in the reports we saw, and our remarks were predicated on the consequent misconception. Since the correction and explanation we afterwards published from him, we can agree with him almost entirely.

☞ In the Supreme Judicial Court at Dover, as we learn from the Enquirer, the Grand Jury were discharged on Thursday, having returned 29 indictments—3 of which were for passing counterfeit money, 1 for kidnapping, 1 for stealing, 1 for arson, 1 for highway robbery, 1 for defect in the highway, 2 for assault, and 19 for selling liquor contrary to law.

Moses Montgomery and wife were indicted for assault. Moses plead guilty, and his wife *nol con.* Fined $4 each, without costs.

Samuel Quimby, for selling liquor, plead guilty; fined $50 and costs.

Charles Champion, selling liquor; fined $50 and costs.

Lewis Chamberlain, selling liquor; fined $50 and costs.

Alonzo R. Place, selling liquor; fined $50 and costs.

Daniel Rowe and John Eaton, for highway robbery of Samuel Snell, at Madbury, in November last; found guilty. Not sentenced.

Stephen Smith, for setting fire to the barn of Job Thompson of Lee; found guilty.—Not sentenced.

The trial of Dr. Isaac Farrar, for abducting his child, was called up on Tuesday.—After a portion of the evidence for the prosecution had been put in, a verdict of guilty was taken by consent of parties, and the case transferred to the law term on a question of law.

Daniel Burroughs and Davis Tuffts, for assault on Joseph Brown at Middleton, in April, 1859, who were tried and found guilty, and whose case was carried up and the judgment affirmed, were sentenced—Burroughs to a fine of $200 and six months' imprisonment; Tuffts to $100 fine and two months' imprisonment.

FICKLE WEATHER of late, sure enough. Within one week, the thermometer goes from almost zero to temperate—a thaw carries off all the snow and most all the ice—then come drifts half as high as your head—followed by a temperature balmy as June—then a small deluge, accomphnied on Thursday afternoon by thunder and lightning—and winding up with a beautiful rainbow; all which finally forces the "young Winter" to abdicate. And "to grass with him," we say.

☞ Most of the indictments against Geo. P. Burnham, the former liquor agent of Massachusetts, are quashed, and his trial postponed on the only remaining one.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heavyness of the Stomach, or any other ills arising from, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results.

W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c.

H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend it to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontiorumenos.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Fousel's Pabulum Vitæ.

☞ THE GREAT FRENCH REMEDY possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASE.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Diseases, both from its innocent nature and most astonishing efficacy in conquering disease, which are constantly received from persons respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to the unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium, or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a modera temperature. Most of the substances present are officially used in alleviating pulmonary diseases but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration

A. A. HAYES, M. D., State Assayer.

16 Boylston St., Boston, Dec. 1857.

In the Boston Transcript of December 11, 1857 the editor says:

"We have seen a letter from an eminent physician of this city, in which he says:—'I have used *Fousel's Pabulum Vitæ* in several cases of bronchial disease, and in some with great benefit. I know of no remedy equal to it for children, where a mixture is essential; or for adults of irritable stomachs, or having a tendency to reject ordinary medicines given for coughs, etc. I shall continue to use it in my practice.'"

Testimonial from the Sisters of Charity, of the Foundling Hospital, in Boston.

BOSTON, July 31, 1858.

To Mr. F. LAPORME, Agent:

"The Sisters are happy to state that, having used *Fousel's Pabulum Vitæ*, they have found it efficacious in several instances, for bad coughs and colds. Signed by the SISTERS OF CHARITY.

Testimonial from a well-known Apothecary, Clerk.

BOSTON, March 10, 1859.

J. F. LAPORME, Esq.:

Dear Sir—I had been suffering for a considerable length of time from a severe cough, and had in vain had recourse to nearly all the remedies in use. My cough began to give me much uneasiness from its serious effects on my system, when three days' use of *Fousel's Pabulum Vitæ* restored me to complete health. The medicine being new in this market, I had recourse to it last; but I can now confidently recommend it as the best medicine I know of. Yours truly,

CHAS. H. FOSTER.

At Fred Brown's, Washington, corner State St.

In the Boston Post, Sept. 24, 1858, the editor says:

"An extraordinary cure of Consumption has recently come to our knowledge, effected through the instrumentality of *Fousel's Pabulum Vitæ*; the evidence of which is in the hands of Mr. Brigham, on the subject, Mr. Wm. P. Brigham, No. 120 Albany st., in this city. It seems that for eighteen months he had been exhibiting all the usual symptoms of Consumption, and that after having had recourse to the skill of various physicians, without benefit, he ceases as desperate as his own, he concluded to try it as a forlorn hope. The result has been most happy—he has now entirely recovered, and is engaged in his usual pursuits. It is such well authenticated cases as this that we take pleasure in laying before our readers, since, by so doing, many valuable lives may be saved, and much good effected."

It is sold at the low price of 50 cents, and $1 00 per bottle, thus placing it within the reach of all classes. F. J. LAPORME, sole Agent, Boston. M. S. BURR & CO., General Agents, No. 20 Tremont street, Museum Building, Boston, and for sale by all druggists. Circulars with testimonials of the efficacy can be had of the Agents north

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and in persevering with them according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried every other means in vain. To all classes and all constitutions they are a blessing and a sure—none need despair, no matter how long the disease may have existed, nor however severe it may be, provided the organ structure of the vital organs is not hopelessly diseased. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasions hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In cases of Previous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the heart, Loss of Spirits, Hysteria, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

Sir James Clarke's Female Pills

Local.

☞ There not being a quorum present in the Common Council, last evening, no business was transacted. In Board of Aldermen no business of general interest was done.

☞ The Ball of Granite State Engine Co., No.1, came off at Rechab Hall, Tuesday evening, and was fully attended, there being about 60 couples present. Everything was conducted in No. 1 style, and reflected great credit on this enterprising Company.

A pleasing episode took all by surprise during the evening, when the Company were requested to form in line, and a lady, in behalf of the lady donors, presented them with a splendid white silk Banner, on which was inscribed the words, "Granite State Engine Co., No. 1, Portsmouth, 1860," together with the fireman's coat of arms, surrounded by a laurel wreath; on the reverse is an engine and the motto of the Company, "We drown to save." This beautiful present was procured, we are told, by subscriptions entirely outside of the Fire Department; and was received by Capt. Deering in his usual happy manner; and calling up a son of Engineer Dennett,he entrusted the banner to his care.

Among the gentlemen present we noticed that veteran fireman, Ex-Chief Engineer Hadley, some of the Assistant Engineers, the Foremen of Engine Co.'s 2, 3 and 6, with large delegations from the several companies.

School Examination is the order of the day about this time. The Grammar School in Ward Three, under charge of Mr. A. M. Hoyt and assistants, was examined by the Committee on Thursday, both forenoon and afternoon. We were able to attend in the afternoon only, and can say that the school, which is composed of both sexes, appeared very favorab y. This school is quite a large one, and enjoys probably the best school room in the city, and as good, no doubt, as any in the State. The scholars did themselves great credit, and indicated that their teachers were not only possessed of the knowledge requisite for success in their position, but a full capacity of imparting it. The mind appeared to be trained, rather than the memory, which is eminently the correct method of teaching. We understand that the school will have a short vacation.

Holidays.—Many a business man has expressed agreement with our desire to have one day of general cessation from business, in each month; but the difficulty is, to bring about a simultaneous and spontaneous movement. So we have long since decided to act for ourselves in the matter; and let those who choose, follow on.

The Boston Dailies all suspended on Franklin's birth-day two years ago, and on Washington's last year; but this year on neither. The Bee on Tuesday announced that they would "observe" Wednesday, &c., but next day published the following retraction:

The Day We Celebrate.—When we announced that we should not issue a paper on Thursday, it was under the supposition that our cotemporaries would follow the precedent of last year, and make the suspension general. We find, however, that in this respect we were mistaken. We gave them more credit for patriotism and public spirit than was due. In view of the fact that our neighbors will publish to-morrow as upon other days, we feel compelled to do the same. When the daily press of Boston, as a body, can agree to any given course, they will not find us a block in their way, whether the occasion is that of a public holiday, or of any other good object.

Nor *us* either. And when all *don't* agree to our having a play-day occasionally, we shall take the entire responsibility ourselves, and wait to see who will "block" our game.

☞ We are happy to correct one of our own corrections, in the matter of Democratic schoolmasters,—as we are informed on the best possible authority, that the veteran and eminent schoolmaster in the South District is a Republican, and has been so for some years. Knowing that he had formerly been of the Democratic party, and not knowing of the change, we supposed he was *the one* Democrat alluded to in the Gazette, and took his democracy for granted, without any inquiry.

☞ The examination of the schools in Dist. No. 1 will take place as follows:

Friday, Feb. 24, A. M., Miss Dodge's, North street.

Same day, P. M., Mr. Shannon's, North street.

Monday, Feb. 27, P.M., Mr. Foss's, Gravelly Ridge.

Tuesday, Feb. 28, P. M., Miss Mason's, Hanover street.

Parents and friends of the scholars are respectfully invited to attend.

JOHN S. HARVEY,
Sec. School District No. 1.

☞ Instructive, entertaining and amusing exhibition of Glass Blowing at the Temple, this evening. See advertisement and bills.

☞ Benjamin Kimball,the eminent "criminal lawyer," is now on trial at Bangor, for forging affidavits with which to secure a divorce from his wife. He defends himself.

Wheeler & Wilson's
SEWING MACHINES.
—THE—
WHEELER & WILSON M'FG CO.

Invite the attention of Seamstresses, Housekeepers, Dressmakers, Tailors, Manufacturers of Shirts, &c., to the perfect adaptation and unrivalled excellence of these Sewing Machines for their uses. Their extensive and increasing sale, and the unanimous commendation that they have received, warrant the Company in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, fitted to adorn the parlor, and suited to the workshop—applicable alike to the use of the family and the manufacturer. Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting, as they do, healthful exercises and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as Woman's Friend.

Among their undoubted advantages are—

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

The Lock Stitch made by this machine is the only stitch that cannot be ravelled, and that presents the same appearance each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

Economy of Sewing Machines.

The Wheeler & Wilson Sewing Machine Company has prepared tables showing by actual experiment of four different workers, the time required to stitch each part of a garment by hand, and with their Sewing Machine. The superiority of the work done by the Machine, and the healthfulness of the employment are advantages quite as great as the saving of time. Subjoined, is a summary of several of the tables—

	BY MACHINE. Hours	Min.	BY HAND. Hours	Min.
Gentlemen's Shirts,	1	16	14	26
Frock Coats,	2	28	16	35
Satin Vests,	1	14	7	19
Linen "		43	5	14
Cloth Pants,		51	5	10
Summer "		28	2	50
Silk Dress,	1	13	10	22
Merino Dress,	1	4	8	27
Calico Dress,		57	6	37
Chemise,	1	1	10	21
Moreen Skirt,		35	7	28
Muslin "		30	6	1
Night Dress,	1	7	10	2
Drawers,		28	5	6
Silk Apron,		15	4	16
Plain "		9	1	23

Seams of any considerable length are stitched, ordinarily, at the rate of a yard a minute.

By the sworn statements made by the several Sewing Machine Manufacturing Companies, it is shown that the

WHEELER & WILSON MANUF'G CO.

during the past year,

made more than double the number of Machines of any other establishment, and were still unable to supply orders!

They have won the highest premiums at the Fair of the United States Agricultural Society;—at the State Fairs of Maine, Vermont, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Mississippi, Missouri, Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, California, and at the Fairs of the American Institute, New York; Mechanics' Association, Boston; Franklin Institute, Philadelphia; Mechanics' Institute, Baltimore; Metropolitan Mechanics' Institute, Washington; Mechanics' Association, Cincinnati; Kentucky Institute, Louisville; Mechanical Association, St. Louis; Mechanics' Institute, San Francisco; and at hundreds of County Fairs.

These machines have been used by many families in this city for several years, all of whom pronounce them to be the perfection of a Sewing Machine. Full instruction in the working of the Machine, given to purchasers.

E. A. STEVENS'
House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S
PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

E. A. STEVENS,

No. 46 Market Street.

GROVER & BAKER'S
Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER
SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "Grover & Baker" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

Portsmouth, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. Allen & Paine.

Portsmouth, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

Charles W. Brewster.

DAHLIA SKIRTS.
The best kind of Skirt in the Market!

BACHMAN & CO.,
21 Market St.,
Manufacturers of Watch Spring Skirts,
Have received the first lot of their celebrated
DAHLIA SKIRTS.
They are not surpassed by any Skirt in the market, both for durability and beauty.
1st. The covering is the nicest of any Skirt in the market.
2d. They are made of the best tempered steel.
3d. The tapes are fastened to the steel without any clamps, which will prevent the cutting of tapes. Every lady in want of a durable Skirt, will do well to see these.

Morning Chronicle.

As a general thing animals, especially horses, do not like being left alone in wild places and upon great plains; and if they are so left, become as much frightened as a man who loses his way, and will make every exertion to find companions.—*Spirit of the Times.*

An old stage-driver has told us the same thing—and that a horse left alone in a strange field, in a snow-storm, for instance, will not move from his place, but will whinney glad welcome to his driver on his return. And we have led an old, courageous and sagacious horse, in a violent storm of thunder and lightning, and he would "coddle up" as near to us as possible, and tremble like a leaf at every flash and clap.

EXTRAORDINARY LEAP.—A bay mare, 5 years old, whilst hunting with the Lauriston foxhounds, a few days ago, cleared a quickset hedge, four feet high, and a distance from rising to landing of 32 feet, carrying 28 lbs.—*English paper.*

A saddle horse, formerly owned by Dr. Dwight of this city, once ran away, and passing down Pleasant street about sunset, jumped across the light which shone down State street—and the leap, being measured by his foot-marks, was found to be 22 feet. But he was loose, and startled, and carried no weight.

☞ Stephens and Hazlitt are to die on the 16th of March. We are all under sentence of death, the only difference between the case of other men and that of these unhappy men being, that they know when and where they are to die, and other men are ignorant of the time and place of their "last of earth."—*Trav.*

One of the best informed democrats in Massachusetts, a cool-headed and an unprejudiced man, tells us that Mr. Douglas will be nominated at Charleston on the first ballot. From appearances, we think New England alone will give the Illinoisan one-fifth of the number necessary to nominate him, under the two-thirds rule.—*Traveller.*

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN. Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and testimonies of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 WALL Street, New York, Dec. 20, 1858.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a much worse one was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dye. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,

BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

SHAMSHON, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. I am a man who had be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever, at least this is my experience. Believe it all! Yours truly,

WM. H. KENNEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of fever, while in New Orleans in 1851, I was induced to make a trial of Your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all forms, whether Acute or Chronic, Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His Family Pills are warranted paramount to any in the market, as a safe, easy and effectual Pill. Price 25 cents.

His Conserve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1856. "I hereby testify that the Cough Drops prepared by Dr. Shems Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a cough to procure a bottle of the compound, to use it freely. MARY N. RICKER.

I know the above testimony of my wife with regard to the very great effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs, soreness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, at Portsmouth, have relieved me entirely. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try for himself. JOHN BROWN.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicine with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together.

THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

MRS. WINSLOW,
An experienced Nurse and Female Physician,
presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and ten years, and can say of it, what we have of any other medicine, FAILED IN ONE INSTANCE TO EFFECT A CURE, or did we know an infant to suffer from the effects of it, we should feel as much grieved as any one could be at the misfortune of their own child. In no case, when the directions have been followed, has it failed to give immediate relief. It is not a cordial, but a soothing syrup, which, if not in death. We believe REMEDY IN THE WORLD TERY AND DIARRHŒA IN CHILDREN, whether it arises any other cause. We mother who has tried it will not hesitate a moment in recommending it to all who need it. Full directions accompany each bottle. Price 25 CENTS a BOTTLE. Sold by all Druggists throughout the world. Principal Office, No. 13 Cedar st. New York. *Price only 25 cents per bottle.*

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and R. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of stupefying its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very most pure and the best that is distilled, being from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—It is perfectly harmless, and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied upon with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as are those which the expense is borne by advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions are wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption that he considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—at last succeeded the idea of ANALYZING THE BLOOD, and applying the subject of phisology to the nourishment of the system, and the effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," which, under the blessing of Heaven Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives have been cheerfully cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, Night Sweats, &c.,* one bottle will aid in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility,* or your sleep is broken and disturbed, if your spirits are depressed and your organs relaxed, you will find in this an unfailing remedy, by commencing with *ten drops.* If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia* and costiveness it has been the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Weaknesses,* the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of one or two bottles of "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated females and children* are particularly benefitted by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

LOTTERIES.
THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under the act of 1837.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below give proof of the success and ABILITY with which THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVICE, and ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The enormous practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions from Europe, rendering his office, in connection, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved to inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure to them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at the lowest possible charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. **R. H. EDDY.**

"	"	six months,	50.
"	"	three months,	30.

Business Cards, of not more than half a square, $6 per year.

All bills settled quarterly or semi-annually.

All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of articles lost, &c.,—to be charged extra.

And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.

For Notices in editorial columns, 10 cts. per line, each insertion; per Square, double the rates of other advertising. Notices of a Public nature, 6 cts. per line, each insertion; per Square, double the rates of other advertising.

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS.

The Chronicle Office is open from 4 o'clock in the morning (till 8 in the evening) and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street door, after the office is closed—and will be inserted next morning if necessary or desired.

Advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the early hour, will be found on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be placed in the house-door; or if necessarily left out, the bell to be rung.

If subscribers will immediately inform us of any deviation from the above, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.

We will have also a new offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

SINGULAR DEATH OF A WOMAN BY THE USE OF WHISKEY.—The wife of Julius M. Smith, Esq., of Concord, Mass., came to her death Tuesday morning under somewhat singular circumstances. Wishing to have a number of teeth extracted, she desired the surgeon to administer to her whiskey in order to render her insensible during the operation. After some objection, which was overruled, a tumbler and a half was administered to her, during an hour. The teeth were then extracted, and for ten or twelve hours the woman presented only the ordinary symptoms of intoxication, except that, for a few minutes, she appeared like a person in an apoplexy, but soon recovered. About an hour after drinking the whiskey she vomited freely, and manifested no pain or unusual difficulty. Her pulse and breathing, were natural and the family and friends who called in the course of the day and evening, felt no apprehension till 12 o'clock Monday night, when the doctor, who, feeling some anxiety in consequence of the symptoms of apoplexy manifested, had remained with her the greater part of the evening, requested that another physician be called for the purpose of holding a consultation. Nothing however could be done, and she expired at about 7 o'clock Tuesday morning, without having shown any sign of returning consciousness or of suffering. An effort at the start was made to have her take ether, or chloroform, which she appeared to think would injure her, whereas it is probable these substances, particularly ether, would have proved harmless. She was about thirty years old.—*Atlas.*

☞ The striking shoemakers at Lynn are making themselves very uncomfortable; we should judge from their remarks, and from an anonymous letter to a manufacturer, that some of them, and some of the more restless, were foreigners.

The man who speculates with his own money ought to be shut up for life in Bedlam; and the man who speculates with the money of other people ought to be shut for the same time in the State Prison. The one is an irredeemable fool, and the other an irredeemable ruffian.—*Traveller.*

☞ The Siamese twins are still living in Surrey county, N. C, At a late revival the wife of Chang was baptised. Chang and Eng seemed to be much concerned for themselves, and requested an interest in the prayers of the minister.

☞ The following toast was given at a supper in Peterborough, N. H., a few evenings since:—

Woman—Without her Adam would not have staid in Paradise over night; with her the wide world is a paradise.

☞ H. W. Beecher says: There are many cases in which living is the misfortune, and dying is the fortunate circumstance.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS PERRY, JR.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor failure one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vice, and above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children, unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders the blood, deprives the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is compounded from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the cleansing of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, TUMPLES, BLOTCHES, TUMORS, SALT RHEUMS, SCALD HEAD, SYPHILITIC ERUPTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR THE DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.
Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can *rarely* withstand or evade them. Their penetrating properties purge, purify, cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec30 6m d&w

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, FEB. 25, 1860.

UNSOUND DECISIONS.

No meaner or more contemptible *dicta* were ever put forth, than those of Judge Taney in the Dred Scott case, except the *interpretations* of those dicta, made by President Buchanan and those of his cabinet who have acted upon them.

The case of Miss Sarah P. Remond, of Salem, which has excited considerable interest in Europe, is a good illustration of the iniquity of the interpretation given to the Dred Scott decision and acted upon by the present administration:

The Salem Register says that Miss Remond is a person of intelligence, good education, and higher literary culture, doubtless, than many of the Government officials in high stations at home and abroad. She is now in England, and, notwithstanding the proscribed blood in her veins, finds no difficulty in association, with persons of distinction and refinement. She is provided with a regular passport, in all respects such as is granted to white persons, signed by Lewis Cass, Secretary of State, with the seal of the Department, dated Sept. 10, 1858, in which she is called "a *citizen* of the United States," and the usual request is added, that "all necessary aid and *protection*" be given if needed.

This is decisive on *one* side. Now let us look on the *other* side.

To visit the British Islands, her passport is sufficient, but to go to the continent, this passport must be *vised* (countersigned) by our Minister or his Secretary. She wishes to go to the continent, but her request is *denied* on the ground that she (being colored) is not a citizen of the United States, and she is somewhat rudely repulsed by Mr. Dallas, the American Minister at the court of St. James.

This is as decisive as the other, and directly *contradicts* it.

The father of Miss Remond is a native of Curacao, and came to this country before the commencement of the present century. He has submitted to the editor of the Register his naturalization papers, by which it appears that, at the Judicial Court, Massachusetts, sitting at Ipswich in April 1811, he "took and subscribed the oath and declaration required by law: And thereupon he, the said John Remond, was admitted to become a *citizen of the United States*, according to the laws in such cases made and provided." This is duly attested by the seal of the Court and the signature of the Clerk. He also has a passport furnished to him in 1854, signed by W. L. Marcy, Secretary of State, where he is also acknowledged to be "a citizen of the United States," and the usual protection is requested.

This too is decisive, as to what his *status* was from 1811 to 1854.—But the modern American Solons, Solomons and Daniels, make opposite and *retrogade* decisions, and call upon the people to support them.

A portion of the poor white slaves are ready to do this, and to eat dirt by the bushel, but the public opinion of the world points the finger of scorn at them.

The mother of Miss Remond is the daughter of a man who shouldered his musket by the side of those who fell in defence of the Freedom of the country at the Lexington fight, and the gun that he carried on that day is still preserved.

Mr. Remond states that he has two daughters and a grandson now abroad. One is in pursuit of business information and health, and the other is liable to be absent two or three years; and it is very essential that they should have the protection that they are entitled to as citizens of the United States. He has himself been a citizen, duly acknowledged, for half a century, and he very pertinently asks, "if we cannot be citizens either at home or abroad, what is going to become of us?" The case must be admitted to be one of great injustice and hardship, and the present practice, (remarks the Register,) is an innovation without any redeeming qualities to recommend it.

Truly it is so: it is tyranny and the meanest kind of tyranny—entitled to the execration of men of all colors, creeds and nations; and it is also entitled to the derision of all sound lawyers, sober statesmen, and honest citizens.

☞ There are said to be forty-one thousand men employed in the work upon leather in Massachusetts, and about five thousand workmen in Lynn. Every eighth man in the State is a shoemaker, according to Richardson's Manual.

In a few years I think we shall send wine to Europe, instead of eagerly quaffing foreign abominations, indulging the while the insane idea that they are the innocent juice of the grape.—*The Scalpel.*

☞ Rev. Dr. Scudder is said to have cleared $6000 within three months, in New York and vicinity, on his India lectures, five in number. Their object was to get a small fund to educate his children. He met with unexpected success.

WASHINGTON'S BIRTHDAY IN N.Y.

NEW YORK, Feb. 22, 1860.

Washington's Birthday, though unobserved by many of our country villages, is not allowed to pass by New Yorkers, *entirely* unnoticed.

Midnight of Tuesday saw scores of the "natives" engaged in the benevolent task of cleaning Broadway: and as the sun rose, flags and streamers were flung to the breeze from the houses and stores on the business avenue. Crowds of people wending their way down town much earlier than usual, betokened a day of extra importance. By 8 o'clock the clouds had spread their dark shadow over the ethereal expanse, and shortly after broke forth in a copious flood of tears, probably in lament for Washington, "that we should never see his like again." By 11 o'clock the steps of the City Hall, and the Park were crowded with people, waiting with patience equal to that of the ancient record for the coming procession. This, composed of the different societies, formed on Chatham street and Park Row, with its right at the east gate of the Park, and at 1 P. M., being joined by the city authorities, filed across the Park and up Broadway.

With its carriages handsomely decorated, and drawn by gaily caparisoned horses, its highly colored banners, and the accoutrements of the various lodges and associations, this portion of the celebration presented a dazzling and attractive spectacle.

The 22d is not only Washington's Birthday anniversary, but also the day for the general parade of the N. Y. S. M. This parade is optional with the various companies and regiments, though most of them avail themselves of this opportunity to display their improvements and perfect themselves in their already excellent discipline. The regiments do not confine themselves to an organized procession, but parade individually, or as escort to some other division. The critics therefore are obliged to judge of the merits of each, alone, and have no chance to compare the favorite regiments.

No one could help feeling the vacancy caused by the absence of the Seventh Regiment, on their visit to Washington, and all look forward to their return to-morrow.

In the celebration to-day, several regiments elicited unrestrained applause at the uniformity and accuracy of their discipline, Among these the 8th, 12th and 69th are worthy of especial notice.

The weather during the whole day was excessively disagreeable, or the turn-out would have been more extensive; as it was, the occasion was one of much interest; all were proud of "soldier men," and the Union pronounced safe. NEWINGTON.

HALIFAX, Feb. 23—P. M.—The Hungarian was wrecked on Cape Ledge, half a mile off the shore of Cape Sable, which is an island five miles outside of Cape Sable Island, and 12 miles from Barrington telegraph office.

The latest accounts state that no one had been able to reach the wreck, which is only seen at low water.

The gale and heavy rain this morning has interrupted telegraph communication with Barrington and prevented the departure of the Revenue Cutter.

The English papers received here by the Europa, say that the Hungarian had a large cargo, and about 35 passengers, but the names of the latter are not given.

The earliest and fullest information relative to the catastrophe will be transmitted the instant it is received.

☞ The Pennsylvania Republican Convention have nominated A. J. Curtis for Governor.

The resolutions, which were passed 124 to 4, provide for the appointment by the chair, of a committee of seven to prepare an address and resolutions; also to report the names of eight Senatorial delegates to the National Convention; the names of two persons for Senatorial electors; the delegates from the different Congressional districts to report to the Convention the names of four persons from each Congressional district who shall be the representatives to the National Convention, and one from each district as electors; and the delegates from this State to the National Convention are hereby instructed to cast the vote of the State as a unit, and to vote for Gen. Cameron while his name remains before that body.

☞ The excitement at Lynn, on account of the strike, continues, and is rather on the increase. The police force is increased, and a light infantry corps is prepared to turn out at a moment's notice. Many of the most influential citizens of Lynn have volunteered their services in case they are required. Vehicles are in readiness to convey such of the strikers as may be arrested to Salem jail, and the Court at Salem is prepared to give them immediate examination.

Mayor Davis is quite ill of a heart complaint. The excitement of the last few days has borne heavily upon him, and apprehensions are entertained in regard to his health.

The committee of the strikers have organized a body of two hundred men, whose services have been offered to the Mayor.

It is quite a problem to know what to do with a thousand or two of idle men, who don't know what to do with themselves.

VETERANS AND HORSE GUARDS.

The Annual Grand Parade and Celebration of the Amoskeag Veterans, took place at Manchester on Wednesday, Feb. 22d; and as this was the first public appearance of the new and rich uniform of the Governor's Horse Guards,—the staff officers of which were guests on this occasion—and the new corps bids fair to become perhaps equally celebrated with the Veterans—we have thus named them here together.

There was an Oration by William Stark, and appropriate music, &c., at church.—About 225 persons sat down to the dinner, which was sumptuous, and the tables were beautifully adorned with boquets.

The number of invited guests was large,—and among them the Mirror mentions Gov. Goodwin and son; his Aids, Robinson and Cilley; Hon. Joseph A. Gilmore, Adjutant General Abbott; the members of the Horse Guards—Gen. Stark of Nashua, Frank Fuller of Portsmouth, A. Herbert Bellows, Benjamin Grover and J. B. Sanborn of Concord,—all in uniform; Col. Fearing of Salem, and others.

The 2d toast,—

His Excellency the Governor—Welcome soldier of the sea! Whose fame as captain of the quarter deck is lost in the higher captaincy of the good old Ship of State,—

Was neatly responded to by His Excellency Gov. Goodwin, who said, among other things; that

Though I would not revive our old military system, with our militia musters, yet I am strongly in favor of a well-regulated military organization, formed of citizen soldiers.

5. *The Governor's Horse Guards.*—We gladly greet the officers and members present; may their purpose be carried out and their organization an ornament to the Capital of the Granite State.

Dr. Fuller of Portsmouth, the Paymaster of the Horse Guards, responded happily, and spoke at much length upon Washington. He closed with a sentiment.

6. *The Women of the Revolution*—They who suffered so much at home—where is their historians? To them are we greatly indebted for the liberty we possess.

8. *The Press*—The great school-house of America.

Responded to by John B. Clarke, of the Mirror.

Col. C. E. Potter was called out by a sentiment, to which he spoke historically and ably, in which reference was made to Gov. Goodwin, complimenting him for being present and aiding the military spirit.

Gov. Goodwin responded quite eloquently, and sometimes amusingly, giving some facts to show that his love of the military was no new thing.

There was a brilliant Levee in the evening, concerning which the editor of the Mirror—an excellent judge—says,

We have never seen in this State, at any party, so many handsome ladies, or so many dressed in such a costly, gorgeous and attractive style. They vied with each other in the wealth, beauty and fashion of their attire, charming all beholders.

The Governor and his suite (or Guard) were treated with marked attention and courtesy, on all hands, during their stay—and the whole occasion was one of much interest, and long to be remembered.

☞ The U. S. Senate, Thursday, Feb. 23, took up the bill to prohibit the issue of bank notes in the District of Columbia.

Mr. Bayard moved to amend so as to prohibit the circulation of bank notes from abroad of a less denomination than $50.—Carried.

Mr. Davis moved to strike out $50, so as to prohibit altogether the circulation of bank notes in the District. Carried—yeas 36, nays 11.

Mr. Chandler moved to strike out the whole section in relation to the circulation of bank notes from abroad. It was an absolute necessity that hotel-keepers and business men should receive bank notes, and therefore it was useless to impose penalties which could not be enforced. The motion was rejected. Adj. till Monday.

The House made vigorous efforts to elect a printer. First effort, whole number 179, necessary for a choice 90. Glosbrenner had 86, Defrees 83, scat. 10. Second trial, 91 for a choice; Glosbrenner 87, Defrees 77, Ball of Ohio 9, scat. 7.

Mr. Kilgore now withdrew the name of Defrees; and Mr. Dawes nominated S. Bowles of Mass. The third vote gave Bowles only 57, Glossbrenner 84, scat. numerous.

On a fourth trial, necessary for a choice 89; Ball had 88, Glosbrenner 84, scat. 3.

THE HUNGARIAN.—It is thought at Toronto that not less than four members of the Canadian Parliament were on board the steamship Hungarian—W. H. Merritt, Messrs. Dawson, McKellar and Talbot.

HALIFAX, Feb. 24.—Telegraphic communication with Barrington is re-established, but no additional information relative to the Hungarian has as yet been received.

Breeding in-and-in, if carried to excess, destroys the species. It is so ordained that change is reform. The male sheep in a wild state, leaves the flock every year and unites with a new flock. Changes are common to all herbiverous animals that herd together in a state of nature.—*Wilkes' Spirit.*

SEWING MACHINES.—Nearly one-half of all that have been sold since the invention, have been sold during the past year. —*N. Y. Observer.*

MARRIED.

In Exeter, by the Catholic priest, Mr. Lamson Floyd to Miss Joanna McDonnell, both of Exeter.

In Kittery, Mr. Edward Bailey, of Rowley, Mass., to Miss Martha G. Peckham, of Kittery.

In Newburyport, Mr. John J. Scammon to Miss Rachel S. Jewell, both of Stratham.

DIED.

In this city, Feb. 24th, WASHINGTON WILLIAMS, Esq., merchant, aged 62; formerly in business in Dover, Concord and Boston. He retired from business about ten years ago, and has since resided in this city.

In Brooklyn, Feb. 16th, MARY P. HALLIBURTON, aged 12 years, daughter of the late J. Pierrepont Halliburton, of this city.

In New York, Feb. 13th, Kelita S. Ellis, aged 66, formerly a bookbinder in Portsmouth, and afterwards a resident of Andover, Mass.

In Kittery, Feb. 20th, G. EDDIE STRATTON, infant son of Rev. F. K. Stratton, aged 4 months and 23 days.

"Our beautiful bird of light has fled;
Awhile he sat with folded wing,
Sang round us a few hovering,
Then straightway into glory sped."

G. V. ROWE,
feb6 JOHN STORELL.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 23, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.
S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS.

AUBURN, Sept. 6, 1858.
S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.
Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.
Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.
W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.
Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.
A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON. and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at
SALEN'S DAGUERREAN GALLERY,
in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

JOHN STAVERS, No. 12 Market St.

Local.

THE BOSTON BRIGADE QUINTETT BAND gave one of the best, if not *the* best concert of the sort, that we ever had the pleasure of attending—at the Temple, Thursday evening. This club of five—all of whom are masters of their respective instruments, and solo players—are picked from the best performers in the celebrated full Brigade Band; and they give a rare variety for so small a number—appearing both as a wind and string band, with a most agreeable selection of pieces. Blodgett seems to know just how much there is in a violin, and how to bring it all out; Boardman, the leader, is astonishingly skilful on the cornet; Carl Krebs can do all that can be done with the clarionet, and shew himself besides an excellent accompanist on the piano-forte; and the capital double bass player also brought out the sweetest sounds we ever heard from a bass-horn.

The audience, though appreciative, was not large; but if our citizens had known what a delicious feast was offered them, the old Temple could not have contained the crowd that would have gathered. Mr. Cootey, through whose enterpise the concert cert was given, "deserves well" of the lovers of music who enjoyed the fruit of his labors; but we regret, for his sake, for that of the glorious Band, and for the reputation of our people, that good taste or "quarters" are so scarce among us, that the announcement of a first-class concert like this fails to meet with more hearty response. Perhaps it may be owing in part to the fact of so seldom having anything of the sort.

WASHINGTON'S BITHDAY.—Wednesday was "observed" in this city, by the joyous ringing of bells, morning, noon and night; and a federal salute at the Navy Yard, at noon. Many of the stores were closed in the afternoon; and other traders also desired to shut up, but thought they would not, because somebody else wouldn't or didn't.

THE WASHINGTON Ball, Wednesday evening, at Irving Hall, was a complete success. Not withstanding the storm,—or rather *withstanding* the storm—a large and brilliant company filled the beautiful Hall; and tripped it gaily to the inspiriting music of Lamprey & Haines' Band—to their heart's content.

A CARD.—The subscriber, having resigned his position as Porter of the Navy Yard and Coxswain of the Yard boats, after a long service of more than forty years, desires to return to his many friends in Portsmouth and Kittery his sincere and heart-felt thanks for the uniform courtesy and kindness which have marked their intercourse with him. These many years have passed away so pleasantly and so happily, that their flight has scarce been noticed.

And now, on leaving the place in which he has grown from a boy to manhood, and from manhood to the decline of life, he notices, almost for the first time, the gray hairs which silently whisper that life's voyage is nearly ended; and the heavy cloud, which hangs like a veil between the present and the past, solemnly rises, and the shadowy ghosts of years long gone by are before him. He remembers the fair faces of young men and maidens—the careworn, hurried look of weary business men—and the quick, martial step and stern commands of scores of those brave, bluff but kind-hearted officers who have honored our Navy. He has lived to see most of them, one by one, pass to their rest; while those who remain are, like him, walking wearily and only waiting—only waiting.

With a full heart the old Porter turns again to the Yard, and thanks Commodore John Pope, Capt. J. M. Berrien, who leaves this station beloved by every one who knows him, Lieut. D. D. Porter, Lieut. G. M. Colvocoressus, Purser Cutter, Dr. Henderson, and all other officers and men attached to this Yard, for their unvarying kindness;—and, with one last look at the old boat, now to be guided on its many little voyages by other hands, he retires to the quiet of his farm—where his old friends will always find a hearty welcome. OLIVER PHILBRICK.

Kittery, Me., Feb. 22, 1850.

☞ Two new pieces of music—"If he can," one of the series of Songs from Willow Farm, by that deservedly popular composer, Geo. F. Root; and "The warm young heart," belonging to another series of Songs from Home, by A. Hammerger,—are on our table from the publishers, Messrs. Russell & Tolman, Boston, through C. C. Harvey, their agent in this city.

☞ The Rockingham Weekly Chronicle, containing a summary of the news of the week, this day published, and for sale at the Chronicle Counting Room: price 3 cents; $1 per year, in advance.

☞ A number of items, prepared by ourselves and others, for Friday's Daily Chronicle, were unavoidably deferred till this morning.

☞ Instructive, entertaining and amusing exhibition of Glass Blowing at the Temple, this evening. See advertisement and bills.

THE BITER BIT.—The Ballot states that Mr. S. C. Hodgdon of Greenland was brought before a Justice in Exeter, charged by one Elias Taylor, a transient person, with stealing from the said Taylor a buffalo robe. It appears that Taylor purchased of Hodgdon a horse and carriage, and borrowed of him a robe; went to Portsmouth, and had his team attached for debt.—Hodgdon went to Portsmouth, claimed and took away his robe, and Taylor, having arranged matters with his creditor, brought the complaint against Hodgdon for theft.—The evidence, including the statement of Taylor himself to a third party, fully exonerated Hodgdon, who was acquitted; and then a writ was served on Taylor for perjury, on which he will be examined in a few days.

☞ On Saturday morning, about half past two o'clock, a fire broke out in Benj. F. Webster's carpenter shop on Bow street, and from thence communicated to a dwelling house on one side, and to the Gas Factory on the other. The joiner's shop, which contained a lot of blinds and sashes—was entirely destroyed, together with its contents. The house was damaged to a considerable extent; and one end of the gas house was burnt. No injury was done to the retort house.

The watchmen say the alarm was given nearly a half an hour before any one could be aroused to render assistance.

Mr. Sennott, in a speech in defence of Stevens, tried for participating in John Brown's incursion, defined a professional politician as "the feeblest production of the decay of American statesmanship—a thing that has neither heart nor brain, but only a tongue and a belly."

HIGH WIND.—*Cleveland, O., Feb.* 23. A great blow prevailed here last night, which seems to have been general at the South and West. A house was unroofed, numerous chimnies blown down, and considerable other damage done in this city.

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

Wheeler & Wilson's

SEWING MACHINES.

—THE—

WHEELER & WILSON M'FG CO.

Invite the attention of Seamstresses, Housekeepers, Dressmakers, Tailors, Manufacturers of Shirts, &c., to the perfect adaptation and unrivalled excellence of these Sewing Machines for their uses. Their extensive and increasing sale, and the unanimous commendation that they have received, warrant the Company in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, fitted to adorn the parlor, and suited to the workshop—applicable alike to the use of the family and the manufacturer. Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting, as they do, healthful exercises and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as Woman's Friend.

Among their undoubted advantages are—

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

The Lock Stitch made by this machine is the only stitch that cannot be ravelled, and that presents the same appearance each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

Economy of Sewing Machines.

The Wheeler & Wilson Sewing Machine Company has prepared tables showing by actual experiment of four different workers, the time required to stitch each part of a garment by hand, and with their Sewing Machine. The superiority of the work done by the Machine, and the healthfulness of the employment are advantages quite as great as the saving of time. Subjoined, is a summary of several of the tables—

	BY MACHINE. Hours	Min.	BY HAND. Hours	Min.
Gentlemen's Shirts,	1	16	14	26
Frock Coats,	2	38	16	35
Satin Vests,	1	14	7	19
Linen "		48	5	14
Cloth Pants,		51	8	10
Summer "		38	2	50
Silk Dress,	1	13	10	22
Merino Dress,	1	4	8	27
Calico Dress,		57	6	37
Chemise,	1	1	10	31
Morsen Skirt,		36	7	29
Muslin "		30	6	1
Night Dress,	1	7	10	2
Drawers,		28	5	6
Silk Apron,		15	4	16
Plain "		9	1	26

Seams of any considerable length are stitched, ordinarily, at the rate of a yard a minute.

By the sworn statements made by the several Sewing Machine Manufacturing Companies, it is shown that the

WHEELER & WILSON MANUF'G CO.

during the past year,

made more than double the number of Machines of any other establishment, and were still unable to supply orders!

They have won the highest premiums at the Fair of the United States Agricultural Society;—at the State Fairs of Maine, Vermont, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Mississippi, Missouri, Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, California, and at the Fairs of the American Institute, New York; Mechanics' Association, Boston; Franklin Institute, Philadelphia; Mechanics' Institute, Baltimore; Metropolitan Mechanics' Institute, Washington; Mechanics' Association, Cincinnati; Kentucky Institute, Louisville; Mechanical Association, St. Louis; Mechanics' Institute, San Francisco; and at hundreds of County Fairs.

These machines have been used by many families in this city for several years, all of whom pronounce them to be the perfection of a Sewing Machine. Full instruction in the working of the Machine, given to purchasers.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS.
Asthma, Consumption, Bronchitis,
Influenza, Hoarseness,
Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for, half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S
PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of roasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

No. 46 MARKET STREET.

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $60 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest; handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & FAINE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

Edward Everett will continue to write for the Ledger, together with the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

DAHLIA SKIRTS.

The best kind of Skirt in the Market!

BACHMAN & CO.,

21 Market St.,

Manufacturers of Watch Spring Skirts,

Have received the first lot of their celebrated

DAHLIA SKIRTS.

They are not surpassed by any Skirt in the market, both for durability and beauty.

1st. The covering is the nicest of any Skirt in the market.

2d. They are made of the best tempered steel.

3d. The tapes are fastened to the steel without any clasps, which will prevent the cutting of the tapes. Every lady in want of a good and durable Skirt, will do well to secure one of our Dahlias.

BACHMAN & CO.,

No. 21 Market Street

Morning Chronicle.

AN ELOQUENT "BUST."—A Union meeting was held at Bowdoin College recently. The peroration of the biggest speech, says the Bangor Times, was as follows:—

"Go on," said the orator, "chorishing these feelings, until America, which is now the day star of the noon of the nineteenth century, shall rise to the effulgence of the sun at its zenith, and only sink to rest in the eve before eternity."

☞ The editor of the Bath Times has been sued for libel, damages $1000, for saying that a candidate for a revenue office there, was drunk. He called no names, but one Edwin Noyes put the coat on; and when he gets the whole suit, and the money in his pocket, we hope it will do him good, and that he will "sin no more."

A CURIOUS IDEA.—A rich miser in Auburn, N. Y., has made arrangements to be buried in Owasco lake, a beautiful sheet of water near that town. He has a stone coffin made, which takes twelve yoke of oxen to draw it. He gives a man a good farm for burying him. He is to take him to the middle of the lake and sink him.

OLD SUBSCRIBERS.—The New York Commercial Advertiser relates the fact that a subscriber to that paper recently died who had for *sixty-three* years taken and annually paid for the paper; and thinks "probably this is the oldest subscription to any one paper ever matured in this country—possibly it has no parallel in England."

GOOD.—A successful competitor at a Boston skate race, a few days since, returned thanks in the following apt and expressive terms: "Gentlemen, I have won this cup by the use of my legs; I trust I may never lose the use of my legs by the use of this cup."

☞ When the Pemberton Mill began to fall, Mr. Howe, the treasurer, and Mr. Chase, the Agent, were within, and hastily started for a door, when Mr. Chase very politely offered Mr. Howe the opportunity of going out first! Mr. Chase may be set down as a well-bred man.

☞ Mrs. Ingalls, wife of Wm. Ingalls, of Vernon, Vt., was frozen to death, Wednesday of last week, while returning home on foot from a visit to Hinsdale, N. H.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.
FOR STATESMEN, JUDGES, CLERGYMEN.

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 29, 1858.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. At age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeables increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color once from it grew gray. I was however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,
BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Siamaston, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my lady and husband, who I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A lady of ours was very nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever, at least that is my experience. Believe it all! Yours truly,
WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE

Professor O. J. Wood:—*Dear Sir:*—Having had the misfortune to lose the best portion of my hair, from the effects of the fever in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.
FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Head Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c. &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Cousers** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 32 cts; large, 60 cents.

CANAAN, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough, and I would advise all those who have a visit from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony; my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1851. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops, and I think I could sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of weak spread lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering preacher try a phial and try it. Eld. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr. Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in every last case of phthisic in our family, than from all other medicines put together.
THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, *in confidence and truth*, of it, that we have never been able to say of any other medicine, NEVER HAS IT FAILED, IN A SINGLE INSTANCE, when timely used. Never did we know an instance of dissatisfaction by any parties, on the contrary, all are delighted and do *know*, after ten years *our reputation for the sale of this article is founded on the merit of the article*, that if the child is suffering from pain and exhaustion, if given in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST SKILLFUL NURSES in New England and has been used with THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects, acidity, and gives tone and energy to the whole system. It will almost STOP ALL PAIN, GRIPING IN THE BOWELS, WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe this is the best and surest remedy in the world, in all cases of DYSENTERY AND DIARRHOEA IN CHILDREN from teething, or from any cause. We have never heard of an instance of a child suffering from any other medicine after using this article, or even of a single instance of dissatisfaction from the use of the Soothing Syrup. *Do not let your own feelings or those of your friends or prejudices, or the prejudices of others, between your suffering child and the relief that will be SURE—yes, SURE to follow the use of this medicine, if timely used.* Full directions to each bottle. Your genuine article bears the fac-simile signature of CURTIS & PERKINS, New York, is sold by Druggists throughout the world. Principal Office, No. 13 Cedar st, New York. *Price only 25 cents per bottle.*

Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and B. Hutchings. sept26

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has ever recommended to you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from Morphine or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; and the opium which it is distilled being drug from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit and universal recommendation.

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, Fever, Inflammation of the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied upon with perfect confidence, and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to know no time lost in procuring it—Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as those whose whole expense is spent in advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions accompanying each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—and being thus conceived the idea of ANALYZING THE BLOOD, and applying the subject of phisiology to the improving of constitutions, and effect on the state of the blood upon the health and system. The result has been the production of this BLOOD FOOD, by which Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptive persons had entirely cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, Pain in the Side*, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your system is broken down by the effects of Spirits, or depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *two drops*. If your liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. It is the most inveterate cases of *Dyspepsia*, the patient can try this, the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle*. In *Male or Female Complaints*, the sufferers, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *one or three bottles*. This BLOOD FOOD is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated females and children* are immediately benefitted by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are invited to wonder-fully test it.

For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston,
And by all respectable Druggists through out the country. In Portsmouth by W. R. PRESTON.

LOTTERIES.

THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in the strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of
WOOD, EDDY & CO.,
are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all parties concerned.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to
WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington,
AND ATTORNEY AT LAW,
76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments and all papers pertaining to Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent issued, may be had for One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have obtained more patents for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any other which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE. Inventors should bear in mind, as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he can and does, for the reason that he has advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any other which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE. He would add that

Morning Chronicle.

RAPID INCREASE OF THE CELTIC RACE.—In Boston, we believe, a majority of the children born are of foreign parentage, chiefly Irish, and the same is probably the case in many of the large places of the New England States. In the town of Newton, which has a population of about eight thousand, somé twelve hundred are Irish, and the total number of births during the year 1859 was 210, of which 100 were from Irish parents, 14 of other foreign parents, and only 92 of American parents.—*True.*

Some apprehensions are entertained that if Louis Napoleon persists in his endeavors to diminish the papal possessions, he will share the fate of Henry IV. of France, who for his protection of Huguenots was assassinated by a priest, at noon-day, in the streets of Paris. Such an event, should it happen, would make a final settlement of the Roman question, for in the storm that would follow, Rome itself and all the influence that goes out from St. Peter's, would be blotted out.

In the Senate of Maine there are seven men who are six feet and two inches high; nine that are six feet high; fifteen that are five feet ten inches high, and the shortest Senator is five feet seven inches. This is undoubtedly the *highest* Senate ever convened in the State, and that it is not the *slimest* we can prove from the fact that one weighs two hundred and fifty-six pounds, another two hundred and fifty pounds;—four others weigh over two hundred pounds each, the whole four making an average of two hundred ten pounds and a half.—*Kennebec Journal.*

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1856.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

DRY GOODS.
Store No. 11 Market Street.
STEPHEN H. SIMES. JOHN S. RAND.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poisonous. Wherever it circulates it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor tissue escapes its ravages. It may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vice, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases, consequently suffer more perils by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but many of those other affections which arise from it, such as
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which good health is impossible in contaminated constitutions.
Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vigor. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health and energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of everybody, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the Blood.
Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior compounds thru-t upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. K. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec20 6m d&w

Morning Chronicle.

Portsmouth, N. H.

MONDAY, FEB. 27, 1860.

☞ The Striking Shoemakers, at Lynn, seem to make little progress, save in getting up a muss. A military company is in readiness, the Mayor has issued a proclamation, a deputation of twenty Boston police are there, and several of the rioters have been arrested.

The Strike extends to Marblehead, Natick; and is talked of in Haverhill and other places.

In Dover several shoemakers' meetings have been held, and "addressed by a number of lawyers and one clergymen."

☞ In relation to the Lynn strike, the Newburyport Herald has the following comments on the trouble among the cordwainers:

We do not wish to say that the shoemakers have no reason to complain. Wages are indeed low, and many families find it hard to live on what they now earn; but they must recollect that they have had long years of good times, when they could earn from one and a half to three dollars a day; and all trades and occupations are subject to the like fluctuations, which no strikes can remedy. They are in the same condition as ship carpenters. They had their good times from 1845 to 1855—for ten years, and now have the winter of their discontent. So in the cotton and woolen manufactures, and in all other pursuits, the flood tide follows the ebb, and then it is low water again. Away back in the days of the Egyptian Pharaoh, the seven fat kine were followed by the seven lean; the seven full ears by the seven withered; the seven years of plenty by the seven of famine; and so it is likely to be to the end of time. If in difficulties we learn prudence, and in dull seasons learn economy—it may be that the last days will be better than the first.

We have been somewhat surprised that any shoemakers hereabouts should have sympathized with the Lynn strike. For a long time it has been the complaint of the Lynn workmen and of their friends, that work was sent out of town—that shoes were sent to Newburyport, Salisbury, and other places to be made; and then these very persons come to Newburyport and Salisbury asking the workmen to join in a strike. A strike, for what? To prevent themselves having work. This seems to have been one of the chief objects of the strike; and the Lynn men pledged themselves, by fair means or foul, to stop expressmen and others from carrying the cases for workmen abroad. The man, therefore, in this city, where we have no manufacturers, who aids them, assists in starving his own wife and children; for if they are successful, he must either quit the business or away to Lynn to work.

Draper, the ringleader, is not a shoemaker, and removed from Boston to Lynn. He is a demagogue, but has not proposed violent action, yet it may not be in his power to control the movement. Among the five thousand men in the strike are a great many worthless drunken rowdies. As soon as out of work they are in the rum shops, and violence may follow. It will be seen that knives and pistols have been drawn, threatening letters written, and violence really done.—There is never any dependence to be put on drunken men. We don't know how long the authorities will allow this play to proceed—but possibly the farce may end with a tragedy. When the police seriously attempt an arrest they must make it, let who will live or die thereby.

Draper says he will visit other towns to extend the strike. All must see now how abortive is this scheme for the welfare of the workingmen, and we think everybody out of Lynn will now keep their hands out of it. It will disgrace and impoverish all who have to do with it.

☞ It is almost as astonishing as it is amusing to note the blunders that the London papers, the Times included, make respecting American affairs. A recent article in the London News, says that "in Philadelphia there are *blocks of houses and groups of shipping* belonging to negroes, which show that they are much like other men in a state of freedom."—The News has probably read some blarney about *black republicans*, in American papers, and supposes they have black skins.

VETO BY GOV. MEDARY OF KANSAS.—*Leavenworth, Feb. 24.*—Gov. Medary has vetoed the bill abolishing slavery in Kansas. The Legislature has taken the bill up again, and will probably pass it over his veto.

This is the latest phase of modern popular sovereignty, and of the operation of that bill which carried on its face the swindling statement that it was not intended to legislate slavery *into* the territory nor out of it.

☞ The Chinese New Year was celebrated in San Francisco by the pig-tails, after their odd style. Fire crackers were snapping and cracking on every side, and there was a Fourth of July odor in the air. Some complaint was made of the noise. The moment the Police communicated to Chinadom the fact that the explosions were offensive, there was a sudden silence. The Pagan churches were thrown open to the public.

☞ A distinguished lawyer writes to the London Times "that in the course of a legal experience of nearly forty years he has seen a very large number of cases of privately arranged separations between husband and wife. In every case but one, the wife had a provision independent of her husband; and in almost every case the wife was the chief wrongdoer."

☞ A telegraphic dispatch from Halifax states that the Hungarian had 360 passengers, a large majority probably in the steerage. With the crew, the number on board will probably reach 450. The supplementary mail bags for Canada and New York have been picked up, but in a very damaged condition. Wednesday the body of a small child was found, and a man, supposed a fireman.

HUNGARIAN WRECK.—*Portland, Feb. 24.*—The steamship Bohemian, which sails from this port to-morrow, for Liverpool, will call at Cape Sable on her passage out, to glean such facts and information as can be there obtained relative to the wreck of the Hungarian.

☞ At this moment, when every reader wishes to know more about the wreck of the steamer Hungarian, and of the probable loss of her passengers, it is proper to call up the recollection of a noble deed performed by the officers and sailors of that ship, no longer ago than last November.

At that time, on the Hungarian's voyage from England, her life-boat was the means of saving the lives of 42 persons from the wreck of ship Jean Martin.

The following were the officers and seamen of the Hungarian who manned the life-boat:—William H. Hardie, 1st officer, Richard Porter, 3d officer, in charge of the boat; Edw. Makin, Jonathan Crosthwaite, Thomas Phillips, Edward Ramsden, and Archibald McMillan, crew.

On that same voyage, as the Hungarian was approaching Portland, there was a meeting of the passengers, officers and crew of the Hungarian in the large saloon, for the purpose of expressing to the gallant crew of the life-boat their admiration of their heroic conduct in saving the lives of forty-two fellow beings on board the Jean Martin.—These seven gallant men were assigned the place of honor, when Capt. Jones expressed to them his admiration of their conduct. He then called on the Hon. James Morris of Canada, a distinguished member of the Legislative Council, to speak for him and his fellow officers and crew. Mr. Morris gave the seven men two sovereigns each, making an appropriate speech, which he closed as follows:

I am directed by my friends around me to say to you, Capt. Jones, that they appreciate highly your magnanimous conduct, and that of your officers and crew: and I am also directed to intimate that the occasion calls for something more tangible than words, and therefore a small amount of money has been raised among the passengers in the after-saloon and those in the forward cabin, with which three silver cups, with appropriate inscriptions, will be purchased and presented, one to you, Captain Jones, another to you, Mr. Hardie, and the third to you, Mr. Porter; and to each of the brave sailors before me I am directed to hand two sovereigns: and in doing so, I can only wish you a prosperous and virtuous life, and at its close a happy death, solaced (as it is not impossible you may then be) by the reflection that you periled your own lives to save the lives of others.

☞ A man named Stephen Hamel, of Cincinnati, endeavored to drive some cats from a garret, and struck one of them several blows with a stick, when suddenly the cat leaped upon him with the ferocity of a tiger, and before he could free himself from its grasp, scratched and bit him about the face in a terrible manner. The next day he grew delirious, and his head swelled up to twice its natural size. In this condition he lingered till the 17th, when death came to his relief.

☞ A young man named William Barlow attempted to commit suicide during public services in a church at Sumner, Ill., on the 5th inst., by cutting his throat with a pocket-knife. As might be supposed, the frightful incident threw the congregation into confusion, and the remainder of the service was omitted.

☞ Of Mazzini is told the romantic story that early in life he loved a beautiful countrywoman, who was torn from him by the Church and placed to wither in a convent. He then consecrated his life, through her, and no other passion has supplanted this of his youth. He still maintains a correspondence with her, as if they were youthful lovers.

☞ The Essex Banner gives a curious description of Haverhill:—

Haverhill is most essentially a one idea place. We are all leather and meeting-houses, and any man who is on a move may be safely supposed to be either on a building committee or about to "start in the shoe business."

☞ The Fire Departmenr of New York reports that there are many stores, warehouses and manufactories in that city which are very insecure; and urgently recommends additional legislation to confer upon the City Inspector, or some other officer, new authority to prevent the disasters which must ensue if some new measures are not adopted.

☞ Mr. Fanshaw of New York, one of the oldest and most successful printers in the country, died on Monday. He was the first to substitute rollers for "ink balls," and was also the first to introduce improved printing machinery. He was a man of many noble qualities, and lived to a good old age.

☞ In the U. S. Senate, Friday, Feb. 24, Mr. Brown's resolution relative to the Territories, was taken up.

Mr. Doolittle addressed the Senate. He said—John Quincy Adams, during the last years of his life, said the best thing ever uttered by Jackson was that for which he was the most abused—that he had sworn to support the Constitution as he understood it, not as others understood it. He had, therefore, no apology to make for the Supreme Court of Wisconsin, in construing the Constitution according to its convictions. No Senator had a right to demand an apology, and least of all the Senator from Georgia—for the Supreme Court of that State, as late as 1854, after an able resume of its difficulty with the United States, decided that it was co-equal and co-ordinate, and not inferior or subordinate—that, as to reserved powers, the State Courts were supreme;—and as to delegated power, the U. S. Court was supreme; therefore the U. S. Court could not give an order to a State Court.

It would never do to say the decision of the federal courts should be received as final and conclusive. When it usurps power, its decisions must not be respected, and are binding upon nobody. When a State and the United States differ, there is no common umpire but the people. He beheld a party calling itself Democratic, in the face of its own platform, now bowing down to worship at the feet of our imperial court, and which had asserted the new doctrine of judicial infallibility—of immaculate decision—in order to irrevocably fix slavery in the Territories.

Mr. Toombs got the floor. Adjourned till Monday.

In the House, there were three attempts to choose a printer. The third resulted in nothing as follows:—Whole number, 185; necessary to a choice, 93; Ball had 75, Glosbrenner 75, Seaton 16, Mitchell 16, scattering 3. The votes for Seaton were by the Southern Opposition and some Democrats.

The President's annual message was taken up. Mr McPherson declared his views on political subjects, speaking of the Democratic party as a mere machine to be handled against the people. In reviewing the proceedings during the contest for Speaker, he said mischievous and incendiary speeches were made by Southern Democrats in order that miserable party purposes might be promoted.

☞ George P. Burnham, the ex-liquor agent of Massachusetts, has been *cleared* of the charges against him. In the Superior Court, on Friday morning, says the Boston Journal, District Attorney Cooley being called on by the Court to state when he would go to trial in Mr. Burnham's case, on the final indictment pending against Mr. B., replied that he "could not go to trial at all upon the indictment."

The Court immediately ordered that Mr. Burnham's bail be fully discharged. The defendant then entered his own personal recognizance to appear at any future day when the government may call for him.—The motion for Mr. Burnham's discharge was made by his counsel, and this is the end probably of the charges which have been brought against Mr. B., on account of which both himself and the Commonwealth have been put to very great expense, and for which it is now apparent there was no valid ground, the government having failed to sustain itself, after the finding of five different bills before the Grand Jury of Suffolk.

SPAIN.—Marshal O'Donnell is created Duke of Tetuan, and raised to the rank of a Grandee of Spain. He had also been presented by the Queen with the ground on which the victory was won.

Fifty cannons were found at Tetuan.

In the battle of the 4th, the Spaniards lost ten officers, and 711 men were wounded. O'Donnell judged it useless to persue the Moors into the interior.

The Madrid Epoca expresses the opinion that on the capture of Tetuan, England would again offer mediations for the bringing about of peace, and it would probably be excepted.

AUSTRIA.—It is confirmed that Austria refuses to accede to the principal proposition of England for the settlement of the Italian question, but formal communications on the subject-notice have been received by England and France.

ITALY.—Count Arese has left Turin, for Paris, charged with an official mission.

The ministerial troubles still prevailed at Naples, as the King had not given up the idea of ordering the army to pass the frontier.

The revolutionary movement had broken out at Accra, near Naples. The troops were sent there, and a state of seige proclaimed.

The resignation of Filanghieri, the Neapolitan Premier, is definitive.

A slight disturbance caused by the address of the Pope, had occurred among the students at Rome.

A foreign loan of 50,000,000 francs was spoken of at Rome.

☞ The New Orleans Crescent estimates the crop of cotton already received at all ports or depots at 3,618,594 bales, and says the grand total of the season will be 4,400,000 bales. The value of this product is two hundred millions of dollars.

☞ A member of Congress receives as salary $3000 per annum; the cost of his franking privileges, according to the Postmaster General's estimate, averages just twice as much, or $1,800,000 in the aggregate!

John Bodker, a prisoner in the House of Correction at New Bedford, has been attacked with hydrophobia. He says he was bitten by a dog eight years ago in Cuba.

MARRIED.

In Barrington, John Peavey, Esq., of Strafford, to Miss Mary Clark, of Barrington.

DIED.

In Kingston, Mr. William Winslow, aged 60.—He was found in the woods, having been exposed to the severe cold weather of Monday night, Feb. 13th. He leaves a family.

G. V. ROWE,
feb6 JOHN STOKELL.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Rendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and consider it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of cough medicines, and take great pleasure in recommending it to the afflicted. W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. K. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot ‡wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

Fousel's Pabulum Vitæ.

☞ THE GREAT FRENCH REMEDY possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASE.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease both from its innocent nature and most astonishing curative properties; *it being the only remedy known that will arrest the development of Tubercles in the Lungs or restore the vital functions of the pulmonary organs to their normal condition.* Its invalu able properties have obtained for it the highest recommendation and praise from some of the most eminent physicians and chemists in the country; while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to its unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium, or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration

A. A. HAYES, M. D., State Assayer.
16 Boylston St., Boston, Dec. 1857.

In the Boston Transcript of December 11, 1858, the editor says:

"We have seen a letter from an eminent physician of this city, in which he says:—I have used *Fousel's Pabulum Vitæ* in several cases of Bronchial disease, and in some with great benefit. I know of no remedy equal to it for children, where a minute dose is essential; or for adults of irritable stomachs, or having a tendency to reject ordinary medicines given for coughs, etc. I shall continue to use it in my practice."

Testimonial from the Sisters of Charity, of the St. Vincent's Orphan Asylum, in Boston.

BOSTON, July 31, 1858.

To Mr. F. LAFORME, Agent:

"The Sisters are happy to state that, having used *Fousel's Pabulum Vitæ*, they have found it efficacious in several instances, for bad coughs and colds. Signed by the SISTERS OF CHARITY."

Testimonial from a well-known Apothecary's Clerk.

BOSTON, March 10, 1859.

J. F. LAFORME, ESQ.:

DEAR SIR—I had been suffering for a considerable length of time from a severe cough, and had in vain had recourse to nearly all the remedies in use. My cough began to give me such weakness from its serious effects on my system, when three days' use of *Fousel's Pabulum Vitæ* restored me to complete health. The medicine being new in this market, I had recourse to it last; but I can now confidently recommend it as the best medicine I know of. Yours, truly,

CHAS. H. FOSTER.

At Fred Brown's, Washington, corner State St.

In the Boston Post, Sept. 24, 1858, the editor says:

"An extraordinary cure of Consumption has recently come to our knowledge, effected through the instrumentality of *Fousel's Pabulum Vitæ*; the evidence of which is in the handwriting of the subject, Mr. Wm. P. Brigham, No. 139 Albany st., in this city. It seems that for eighteen months he had been exhibiting all the usual symptoms of Consumption, and that after having had recourse to the skill of various physicians, without benefit, he had to abandon his business and be confined to his house. Hearing of *Fousel's Pabulum Vitæ*, and of several remarkable cures effected by it, in cases as desperate as his own, he concluded to try it as a forlorn hope. The result has been most happy—he has now entirely recovered, and is engaged in his usual pursuits. It is much to be lamented cases as this that we take pleasure in laying before our readers, since, by so doing, many valuable lives may be saved, and much good effected.

It is sold at the low price of 50 cents, and $1.00 per bottle, thus placing it within the reach of all classes. F. J. LAFORME, sole Agent, Boston M. S. BURR & CO., General Agents, No. 26 Tremont street, Museum Building, Boston, and for sale by all druggists. Circulars with testimonials of its efficacy can be had of the Agents. novTly

Local.

THE FIRE in Bow street, Saturday morning, consumed many thousand dollars' worth of property. Mr. Webster, in whose shop it began, can account for it in no other way save by incendiaries. There had been no fire in the shop for days, and no person there by right since 6 o'clock Friday evening; and the flames were not discovered till half past two Saturday morning. This building was a good one, of four stories, besides basement; and was filled with dry lumber, doors, sashes, and work prepared for the school-house in Cabot street. Mr. Webster had insurance on building, of $700, and on contents of about $1200; over which, he estimates his loss at $3000. Besides this, several valuable chests of tools, belonging to carpenters employed there, were lost; and two of Mr. Charles Walker's well-known letting boats,—the Hope and Dart,—which were in the basement.

The damage to the Gas Co.'s property, the Agent estimates at about $1400—on which was no insurance; and but for the most strenuous and well-directed exertions of the firemen, the entire works would have been consumed.

N. L. Merrill & Son lost a considerable quantity of lumber, on the wharf in the rear—part being burned, and part thrown overboard to stop the fire. Not insured.

The large wooden house next north of Mr. Webster's, which was very much damaged, was owned by Mr. Moses Noble, and was insured.

In rear of this was a smaller house, owned by Mr. Jacob Wendell,—which was entirely consumed. It was insured $400.

Much praise was awarded the Fire Department, on all hands, for their long-continued and well-directed exertions to subdue the flames;—which efforts were successful beyond the expectation of all.

A man narrowly escaped being crushed by a falling chimney, by running to the edge of the wharf. And a couple of pigs jumped from their burning sty, and ran into the river, and swam a piece, and we believe were rescued.

☞ Besides the veritable fire, Friday night, there was a false alarm just before 9 o'clock in the evening—caused, some say by a chimney on fire, and others lay it to the young rowdies or boys. No matter what the cause of these frequent alarms—it is certain that they do have the effect to make people to hesitate a little, and "be sure they are right," before they rally at the call of fire.

☞ Messrs. Shores and Foster, booksellers of Portsmouth, have just issued, in a neat pamphlet form from the Journal press, Three Sermons, (on the Scripture Doctrine of Christ,) preached at the Stone Church in Portsmouth, Dec. 25, 1859, and Jan. 15, 1860, by Andrew P. Peabody, pastor of the South Church.

The titles of the sermons are: 1, What think ye of Christ; 2, Christ, the son of God, and the son of Man; 3, Unitarianism vindicated.

These titles clearly indicate the purpose and character of the sermons, which will command and repay attention from those who, having read Prof. Huntington's charges against the doctrine, would be willing and desirous to read a brief and calm reply.

☞ Our attention has been called within a few days past to the very large collection of Lithographs, Photographs and Ambrotypes on exhibition at the rooms of Messrs. Davis Brothers, Daniel street. These pictures are attracting praise and admiration from many of our citizens, and we do not know how any one can while away an hour more pleasantly than by visiting their rooms and looking at their complete and extensive collection. The Messrs. Davis have just executed a view of Market Square, which is said to be very perfect, and which is securing many encomiums from those interested in this work of art, and which they will, no doubt, be pleased to show to all who will favor them with a call.

We are pleased to learn that these young and deserving artists are second to none in this vicinity, and are receiving a "recompense of reward." A. B.

SOMETHING FRIGHTFUL.—*Messrs. Editors:*—I see it stated, and suppose it is true, that Rockingham County pays betwee 14 and $15,000 this year, for County paupers—about half the whole expense of the County.

Now, Messrs. Editors, I need not tell you that a very large proportion of these County paupers are of foreign birth, and most of the men and women among them are drinkers of strong drink, which impoverishes them and beggars their children.

This fourteen or fifteen thousand dollars, then, is at once a *pauper rum tax*, and a plum for our "foreign relations," as Mrs. Partington calls them.

Let us ask how we can reduce this tax?

TAX PAYER.

☞ We are in receipt of Harper's Magazine for March, through J. F. Shores, jr., from A. Williams & Co., Boston.

THANKS.

GRANITE STATE ENGINE COMPANY NO. 1, wish to acknowledge the polite attention of B. B. SWASEY, Esq., one of their efficient and reliable corps of Volunteers, for his timely supply of Refreshments for Lunch, at the fire in Bow street, saturday morning.

Also to Mr. H N. DANIELSON, for similar favors. How singular it was that Mr. D. should happen along with that huge and well filled coffee-pot, just at the moment the crackers and cheese arrived. Per Order.

A CARD.

The Officers and Members of LACONIA ENGINE CO. No. 2, hereby tender their sincere thanks to the Portsmouth Gas. Co., Messrs. Burt, Danielson, Merrill, Rider and Rice, for the liberal supply of Refreshments furnished by them at the fire on the morning of the 25th inst.

Feb. 27. CHAS. H. KENNEY, Clerk.

A CARD.

The Officers and members of GOV. LANGDON ENGINE CO. NO. 3, wish to express their thanks to Bostwain HART, for "piping all hands" to plentiful and capital grub; to the Messrs. Danielson, for excellent coffee; to Mr. Burt and Mr. ——, for similar favors; and to nine host Figgs, of City Hotel, for special attention and delicacy at breakfast,—all and after the exhausting siege at the fire of Saturday morning.—"To the hungry soul, every bitter thing is sweet," even—how much more acceptable, then, such a bounty as Mr. Hart and the other gentlemen named, spread before us.

We would also tender our thanks to the Gas Co. and all other gentlemen and ladies who in any way contributed to our comfort on that occasion.

Per Order. E. J. MOULTON, Clerk.

A CARD.

The Officers and Members of PISCATAGUA ENGINE CO. No. 4, use this means of expressing their sincere thanks to ex-Foreman Henry Danielson, and Messrs. Danielson, for the bountiful supply of Refreshments received from them on the morning of the 25th. Also gratefully acknowledge the obligation incurred on the said morning, to our worthy Director, Sam'l G. Folsom; also to John E. Rider, the well-known friend of the Firemen—for their liberal supply of those "cordials for comfort" so desirable to the inner man after hours of hard labor. The members of this Company *do not forget.*

Per order. T. J. TRAFTON, Clerk.

A CARD.

The officers and members of ATLANTIC ENGINE COMPANY NO. 6, would return their sincere thanks to the P. G. L. COMPANY, for the bountiful supply of refreshments, furnished us at the Bow street fire on the 25th inst. Also, to GEORGE RICE, Esq., for the refreshments furnished when they were so much needed. Also, to LACONIA ENGINE CO. NO. 2, for their assort to breakfast. We hope at some future day to be able to reciprocate. Per Order.

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

Here's Health for the Million!!

CLARKE'S SHERRY WINE BITTERS

Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Man cannot feel too thankful, that our all-wise Creator has so amply supplied us with the effectual means of preserving and regaining our health. This compound is a mild, effectual and regular Tonic, very pleasant to the palate, and exceedingly healthy for the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR. CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and collected.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** for a pint bottle.

25 cts. for a Pint Bottle; 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

Wheeler & Wilson's

SEWING MACHINES.

—THE—

WHEELER & WILSON M'F'G CO.

Invite the attention of Seamstresses, Housekeepers, Dressmakers, Tailors, Manufacturers of Shirts, &c., to the perfect adaptation and unrivalled excellence of these Sewing Machines for their uses. Their extensive and increasing sale, and the unanimous commendation that they have received, warrant the Company in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, fitted to adorn the parlor, and suited to the workshop—applicable alike to the use of the family and the manufacturer. Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting, as they do, healthful exercises and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as Woman's Friend.

Among their undoubted advantages are—

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

The Lock Stitch made by this machine is the only stitch that cannot be ravelled, and that presents the same appearance each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

Economy of Sewing Machines.

The Wheeler & Wilson Sewing Machine Company has prepared tables showing by actual experiment of four different workers, the time required to stitch each part of a garment by hand, and with their Sewing Machine. The superiority of the work done by the Machine, and the healthfulness of the employment are advantages quite as great as the saving of time. Subjoined, is a summary of several of the tables—

	BY MACHINE. Hours	Min.	BY HAND. Hours	Min.
Gentlemen's Shirts,	1	10	14	28
Frock Coats,	2	38	16	55
Satin Vests,	1	14	7	19
Linen "		48	5	14
Cloth Pants,		51	5	10
Summer "		38	3	50
Silk Dress,	1	13	10	22
Merino Dress,	1	4	8	27
Calico Dress,			6	57
Chemise,	1	1	10	31
Moreen Skirt,		35	7	28
Muslin "		30	6	1
Night Dress,	1	7	10	2
Drawers,		28	5	6
Silk Apron,		15	4	16
Plain "		9	1	26

Seams of any considerable length are stitched, ordinarily, at the rate of a yard a minute.

By the sworn statements made by the several Sewing Machine Manufacturing Companies, it is shown that the

WHEELER & WILSON MANUF'G CO.

during the past year,

made more than double the number of

Machines of any other establishment, and were still unable to supply orders!

They have won the highest premiums at the Fair of the United States Agricultural Society—at the State Fairs of Maine, Vermont, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Mississippi, Missouri, Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, California, and at the Fairs of the American Institute, New York; Mechanics' Association, Boston; Franklin Institute, Philadelphia; Mechanics' Institute, Baltimore; Metropolitan Mechanics' Institute, Washington; Mechanics' Association, Cincinnati; Kentucky Institute, Louisville; Mechanical Association, St. Louis; Mechanics' Institute, San Francisco; and at hundreds of County Fairs.

These machines have been used by many families in this city for several years, all of whom pronounce them to be the perfection of a Sewing Machine. Full instruction in the working of the Machine, given to purchasers.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS.
Asthma, Consumption, Bronchitis,
Influenza, Hoarseness,
Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 60 pills, by return mail.

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S

PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of roasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The ease with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

ALLEN & FAINE.

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

NEWSPAPERS.

CHEAP BOOKS, ANNUALS, TOY BOOKS,

Fancy Goods, Stationery, &c.,

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability.—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

DAHLIA SKIRTS.

The best kind of Skirt in the Market!

BACHMAN & CO.,
21 Market St.,

Manufacturers of Watch Spring Skirts,

Have received the first lot of their celebrated

DAHLIA SKIRTS.

They are not surpassed by any Skirt in the market, both for durability and beauty.

1st. The covering is the nicest of any Skirt in the market.

2d. They are made of the best tempered steel.

3d. The tapes are fastened to the steel without any clasps, which will prevent the cutting of the tapes. Every lady in want of a good and durable Skirt, will do well to secure one of our Dahlias.

BACHMAN & CO.,
No. 21 Market street

From the Journal.

THE NEW COUNTY OF AMOSKEAG.

It will be seen in the warrants for the meetings published to-day, that the citizens of Rockingham County are to be called upon to vote on the division of the county—or the detachment of several of its valuable towns, which now contribute a good share to meet our county expenses, and leave about the same expenses to be borne by the towns remaining; of course increasing the State expenses nearly ten per cent.

The views of the editor of the Nashua Telegraph so nearly coincide with our own, that we here present them.

As a member of an old county, we are opposed to this movement. We do not want to see the old county dismembered, and shorn of her glory. There are decided disadvantages in it, without any advantages to compensate. The records of the county will become divided, and occasion a good deal of inconvenience to the towns affected by it, and the increased expenses to the people of the whole county is an evil for which there is no compensating good. Besides this, there is the necessary expense of erecting an entire new set of county buildings. Whether the towns which it is proposed to detach from their old associations are disposed to contribute their hard earned means to build an expensive court house and jail in Manchester is a matter for them to decide. It will be found no trifling affair however. The old county is well enough as it is, and it is always best to let well enough alone. It is a matter which is of importance to Manchester, but not to other sections of Hillsborough or Rockingham counties. The mass of the people have so very little to do with the courts, any way, that there is no reason in the world why they should tax themselves to further the interests of parties who have not virtue, or wit, or prudence enough to keep out of them. The present system in the county accommodates the people of the county just as well as any other can, and is carried on at less expense proportionably than it could be if cut up into smaller counties, with an additional corps of county officers.

We trust that the decisive "No" will be generally received at the ballot box.

STRIKES OF THE SHOEMAKERS.—The Boston papers are filled with accounts of the strikes by the Journeymen Shoemakers for higher wages in Lynn, Marblehead, Natick, Dover, &c. The advance of six cents on every pair of shoes, given directly to those who perform the labor, would probably render shoemaking the most profitable mechanical labor performed among us. The public would feel this but better—tens of thousands would rejoice in the change effected. The general prosperity is promoted by bestowing upon labor its just reward.

THE STORM AND THE BAROMETER.—On Sunday morning last, the Barometer was lower than it had been for seventeen months. The weather was calm, but the wind which was coming was as certainly indicated as though it was actually blowing with the hurricane force it exhibited after ten o'clock through the day. We placed by the side of our old standard Barometer one of the newly invented compact Parlor Barometers advertised by Mr. Thacher. In the extreme range of last week, which has afforded an excellent opportunity to test them, they have kept together, at no time varying more than two-hundredths of an inch,—and it may therefore be relied upon as accurate for all purposes of indicating the weather.

Thursday last was like a summer day—the mercury at 60 at noon, and a thunder shower in the afternoon—clearing off with a more beautiful display of summer clouds than usually seen in February.

POOR JACK!—A large number of the crew of the U. S. frigate Merrimac, recently paid off at Norfolk, arrived at New York, in the steamer Yorktown, on Thursday afternoon. A large party "put up" for the night at one of the hotels, and were obliged to pay for their supper, night's lodging, and breakfast, the moderate sum of *ten dollars and eighty* cents each. Some fourteen, bound to Boston, bought tickets at a sharper's den in Liberty street, for the shore line train, paying *eight dollars* and receiving bogus tickets, thus obliging the poor Jack tars to purchase regular tickets at $5 apiece, to enable them to get to this city.—*Boston Traveller.*

WASHINGTON'S BIRTH-DAY.—The 127th (not the 128th, as almost every paper has it,) anniversary of the birth-day of the Father of his Country was only noticed in this city by the ringing of bells at sunrise, noon, and sunset,—and a federal salute was fired at noon. The stores generally were closed, and a ball terminated the festivities of the day.

A PLEA FOR JEFFERSON DEMOCRATS.—The letter of Rev. Dr. Lord of Dartmouth College, in defence of the institution of slavery, which is now going the rounds of the pro-slavery press, contains the following slap at the author of the Declaration of Independence, the great father of democracy.—The Rev. Doctor, is apologizing to his Virginia correspondent for the "fanaticism" which prevails in New England on the subject of freedom, and says:

"We owe it mainly to your own Jefferson, for whose sake you should bear, as long as possible, with our infirmities. He was caught with the illuminism and Cosmopolitism of his times, and embodied his chimera in the "*glittering generalities*" of the Declaration of Independence. That *gilded falsehood* has betrayed us."

That's it exactly; that is, if Dr. Lord and the democratic party of the present day are right,—Jefferson was a fanatic—a dreamer—almost as much so as old John Brown, and had he lived in these times his "chimeras" and "glittering generalities," on the subject of human freedom, might have brought him to the same end. The democracy of New Hampshire will see that they have got to give up their old fashioned notions on this subject, Thomas Jefferson included; or modern democracy and Dr. Lords. Which will they believe in?—*Dover Inquirer.*

BALLASTING A CHAISE.—The Cape Ann Advertiser says it is not often that it is found necessary to take in ballast for a land voyage to Essex, but during the high wind on Friday last, David Choate, Esq. of Essex, found that he must do so, or his chaise would be blown over; consequently he arrived at Essex with two great rocks, of some two hundred pounds weight, in the bottom of his chaise.

The "Spiritual Register" for 1860 says there are 1,587,000 Spiritualists in the United States, and 63,000 in Canada, Cuba and South America.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1,00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and in the family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and symptoms, Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 30 years of his study and practice of medicine. Price $1,00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His Concerve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops I received of you some time since of Mr. Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a cough that that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines I ever taught, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, are very valuable remedy. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try it. EDS. JOHNSON.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. CANAAN, Aug 28, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together

THEOPHILUS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and ten years, and can say, in truth of it, what we have of any other medicine, FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, nor did we know an action by any one who tried it, all are delighted to speak in terms of highest praise of its medical effects and medical this matter, "what we experience, and *pledge the fulfilment of what we write.*" Immediate relief from pain and exhaustion in fifteen or twenty minutes after they are administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost INSTANTLY relieve GRIPING IN THE BOWELS, AND WIND COLIC.

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST AND SURE REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA, IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own feelings of others, stand between your suffering child and the relief that is ONE HUNDRED TIMES PRECIOUS to you.* ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Ann-st, New York. *Price only 25 cents per bottle.*

THE SHILLING SONG BOOK.

A collection of 175 of the most favorite National, Patriotic, Sentimental and Comic Songs and Ballads of the day. Published by O. Ditson & Co., and for sale by

JOSEPH H. FOSTER.

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

This Cordial is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric, or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a companion of it with any other article for infantile complaints will show; the very roots from which it is distilled being dug from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—It is perfectly harmless and cannot injure the most delicate infant, as a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

FOR INFANTS AND CHILDREN ATTENDING TEETHING: such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain, and regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be safely and perfect confidence; and by being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs so much more than the preparations of the kind, that we cannot afford such long advertisements as can those whose whole expence is their advertising, for the sake of introducing itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of phislology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, or Pain in the Side,* lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your sleep is broken and disturbed, if your Spirits are depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *ten drops.* If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia*, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Complaints or Weaknesses*, the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles.* The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children and adults* are immediately benefited by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success. For full directions, see circulars. Price $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 36 Maiden Lane, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country. In Portsmouth by W. R. PRESTON.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send order for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

JOHN S. HARVEY,
Real Estate and Stock Broker,
jy11 No. 47 Congress St., Portsmouth, N. H.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, Author of the Patent Law of 1857,

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent issued, for remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it the inventor has the advantage for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered thus to the public. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the undersigned, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that no other office can claim to be more reasonable for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of law and mechanic works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities to Inventors or Patentees.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure them a patent, and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one will, I believe, yet be granted, and that one is my best talent and ability, on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Boston, Jan. 1, 1860. R. H. EDDY.

"	" six months,	80.
"	" three months,	50.
"	" one month,	25.
"	" one week,	10.
Half Column, in Daily, per year,		$80.
"	" six months,	50.
"	" three months,	30.

Business Cards, of not more than half a square, $6 per year.

All bills settled quarterly or semi-annually.

All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of articles lost, &c.,—to be charged extra.

And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.

For Notices in editorial columns 10 cts. per line, each insertion. "Special Notices," 6 cts. per line, each insertion; per Square, double the rates of other advertising.

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS,

The Chronicle Office is open from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed—and will be inserted next morning if necessary or desirable.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered; but afterward "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be put inside the house door; or if necessarily left out, the bell to be rung.

If subscribers will promptly inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that the carriers do their duty, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when we have the paper delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

JOB AND CARD PRINTING

PROMPTLY EXECUTED

At the Portsmouth Chronicle Office.

Anything from good Sized Posters, Bill Heads, Circulars, &c. to the smallest Label.

Morning Chronicle.

PAPACY THE FOE OF THE PEOPLE.—Everybody knows the Hebrews at Rome are confined to a "Jews Quarter" called the Ghetto; their minds are imprisoned in a moral Ghetto, they are forbidden to learn any of the arts and sciences, or letters, or even to exercise any of the mechanical arts, and they are forbidden to sing, or to play on any musical instrument. Yet their oppressors are the fellows who yell so loudly if in our common schools their children are made to recite the Lord's Prayer or the Ten Commandments! Gibbon never wrote a truer remark than "the banners of the Church of Rome have never been found on the side of the people." These banners only float over priests and oppressors.

A RAILROAD accident took place a while ago in Maine, upon which occasion the attorney of the road visited the scene of the disaster to satisfy the claims of the injured parties. After paying for black eyes, bloody noses and cracked crowns all round, at the approval of the injured, he supposed his business over, when he was saluted by a tall Yankee, with feet like snow-shoes, a bell-crowned hat, and a blue coat over his arm, with:—"Well, Squire, what are you going to allow me?" "You!" said the attorney, "where are you hurt?" "Oh nowhere to speak of Squire, but I was most terribly scart, and I think that's worth about a dollar, the way you've been payin' on 'em." The dollar came of course.

One day recently, as three business men of Boston were ascending by a steam elevator to the upper loft of one of the five-story granite stores not far from State street, to examine some goods as referees, one remarked, "What would become of my nine children in case of an accident to me?" Another said, "What would become of my ten children?" The third exclaimed,—"what would become of my eleven children? The three gentlemen, it appears, have thirty children now living.

HALLET, DAVIS & CO.,
409 WASHINGTON ST., BOSTON,
Manufacturers of
Best Square & Grand Piano-Fortes,
WHICH ARE WARRANTED FOR FIVE YEARS.

Having had an extensive experience of 25 years in the business, and having at present the most complete facilities for turning out twenty Pianos per week, they feel confident in guaranteeing perfect satisfaction to all patrons.

As an evidence of the superiority of their Pianos,—this house has received the awards of thirty-two Premiums, with Medals of gold, silver and bronze; nine of which were first Premiums for the best Grands and Parlor Grands, over all competitors.

There are many instruments in Portsmouth, from this manufactory—to the owners of any of which, we would respectfully refer.

A splendid 7-octave Piano from the above celebrated makers, may be seen at the Temple; and any information given, or instruments furnished at the manufacturers' prices, on application to
FRANK W. MILLER.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

STEPHEN H. SIMES. JOHN S. RAND

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which the constitution becomes vitiated, weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial diseases, improper living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whether from its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."

His effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can derive for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expulsion of this foul disease from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from impure or vitiated BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are recommended that disease within the range of their action can rarely withstand or even resist them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting the disorders of which sickness is the healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is encouraged to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral

FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have died and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our *remedies are* for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec6 3m 4w

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, FEB. 28, 1860.

☞ A dispatch from Halifax, Feb. 25th, says the clearance of the Hungarian has been found. She had three hundred and sixty passengers on board. No names have as yet been found.

It is thought, both at Portland and Montreal, that there must be some mistake about the Hungarian having 360 passengers on board, as she was never known to carry half that number before, nor any of the other steamers belonging to the same line as herself.

☞ In the Supreme Court at Dover, Stephen Smith was sentenced to 15 years in the State Prison, for burning the barr of Job Thompson of Lee. Smith kept the rum nuisance near the line between Lee and Nottingham.

Some years ago he borrowed money of Thompson, to aid in buying a farm, giving him a mortgage, and we understand also mortgaging elsewhere. Instead of paying off the mortgages, he embarrassed himself more and more by extravagance, idleness and vice, until his creditors generally, among them Thompson, sued and attached his right in equity to redeem. Purchasers were scarce, and Thompson bought it. Smith threatened to burn and did burn T.'s barn, making plain tracks across lots in the snow, to the barn and back to his own house.—He was easily proved guilty, and now must serve the State for a season.

☞ In the case of Dr. Farrar, who was prosecuted in the S. J. Court at Dover, for kidnapping his own child from its mother, no witnesses were called for defence, as the carrying off was fully proved, but the counsel moved to quash the indictment, because the government had failed to make out a case of kidnapping, arguing that it was necessary in order to do this, to prove that the child was carried off against its will.—The Judge decided against them. By consent of parties, the jury brought in a verdict of guilty, without leaving their seats, and the case goes up to the full bench on a question of law. If the Judge's decision be sustained, it only remains for Farrar to be sentenced. If it should be reversed, he goes free.

GAMBLING.—The Washington correspondent of the Cincinnati Gazette says that a democratic member of Congress from one of the northwestern States, who the other day drew pay and mileage to the amount of $2800, went in the evening to a gambling hell. Here he drank, and as he drank he played. "Luck" was against him, and when the gray dawn stole through the windows, his $2800 had gone unto the man of the "tiger." He was so drunk too, that he could be got home only by stratagem. He was made to believe that he had been challenged, and was led away to prepare for the meeting at Bladensburg.

BOGUS MINISTERS.—The Baptist church in Methuen, Mass.,ublish a document denouncing an English impostor, named Charles W. Broadbent, who brings forged credentials as a Baptist minister; and they request that the religious and secular press generally make public the notice throughout the country. They resolve that Chas. W. Broadbent, in assuming to be and officiating as a minister of the gospel, is guilty of fraud and deception in his public as well as in his private capacity, involving almost every phase of hypocrisy—that he is, moreover, an arrant impostor.

The Pittsfield, Mass., Eagle, unmasks another scoundrel named Henry H. Thomas, who has just been excommunicated from Baptist church there, for drunkenness, lewdness, bigamy, lying, gambling, &c. He married one wife in Hingham, five years ago,—went back to Pittsfield and married another there, one year ago,—both being members of Baptist churches, and estimable young women. In a week or two after this second marriage he went to Trenton, N. J., with genuine church certificates—was kindly received by the pastor of a Baptist church there, was introduced into society, and proceeded at once to court an estimable young lady, in high standing in society, and a member of the church. He succeeded in winning her affections, and preparations were making for the marriage, when, fortunately, the clergyman received accidental information of his previous marriage, and taxed him with it.

The bubble now burst; the news got back to Pittsfield, Thomas was promptly excluded from the church, and measures taken to trace him. These resulted in showing that he is travelling in Maryland as an agent of the Home Journal, being last heard of at Baltimore. He has with him the same documents which have enabled him to deceive heretofore, and probably will make use of them again, if he can.—Pass him round.

☞ John Wentworth has been re-nominated for Mayor of Chicago.

☞ Walker, the bucanier at large, left Alabama on the 20th, for New York.

THE SHOE-MAKERS' STRIKE at Lynn, Natick, Marblehead and other places, seem to spread its influence to Dover, and from thence to other places in New Hampshire. At a large meeting in Dover, committees were appointed to visit Great Falls, Rochester, Farmington, Salmon Falls, Strafford, and Barrington, N. H., and Berwick, Me., and start the "ball" there. Committees were appointed to start a subscription paper, calling upon the citizens for aid, money, &c. The craft are all up in arms, in all these places; and whatever may be the opinion of the strike, it is certainly a spreading and powerful movement.

☞ It is said, that there are about 180 shoe manufacturers in Lynn, out of which number, it is thought about 100 do a large business throughout the whole year. These establishments have in their employ in the vicinity of 7000 jours; from four to five thousand of whom live out of Lynn, and receive their work either through the agency of the express or teams.

The workmen who make *nice* shoes have been earning $2 per day,—while many men or boys on *cheap* work, are said to get not more than 75 cents. Many of these can hardly be considered regular mechanics, but have taken up the business in an off hand manner.

But three or four of the one hundred and eighty manufacturers of Lynn have yet signed the strikers's bill of wages. The others seem determined not to. They have a middling supply of shoes on hand, and feel confident that the strike will be all over before they sell out.

SENSATION FUNERAL IN NEW YORK. The New York correspondent of the N. O. Picayune writes as follows:—

This sombre subject reminds me of what may be termed a *sensation funeral* which has recently taken place in the upper part of New York. *La Traciata* was a married woman, without children, beautiful beyond conception. When the eye saw her it blessed her for the beauty of her person and the perfection of her toilet. In the streets, in the ball-room, at the opera, she ever reminded one of the neat, artistic sketch of Scott:

"Ne'er did old Grecian chisel trace.
A nymph, a maiden, or a grace,
With finer form, or lovelier face."

Last week, this fair, frail flower suddenly wilted and died. On the announcement of the fact in the newspapers, there was an extraordinary demand for white camelias, white rosebuds, orange blossoms, and all other pale and precious flowers fit for the bridal bed of Death. In a robe of white satin, in a rich casket lined with the same material, the faultless form which no sculptor's art could rival, lay in its last repose, wreathed and garlanded, and bestrewn with flowers. The funeral was largely attended, by *men only;* and strange to say, mostly by men utterly unknown to the bereaved husband, although among the multitude of the afflicted; who followed *La Traviata* to the tomb, each felt himself entitled to fill the place of "chief mourner" at her funeral. Such is life and death too, in this great cosmopolitan city, which is growing every day more and more like "the cities of the Old World," and perhaps, in some respects, like the cities destroyed for their sins by the grand cataclysm of Noah.

CHURCH GOING IN PRUSSIA.—An American, writing to a Rochester paper, says few persons attend church in Prussia. In Berlin there is but one church to every 15,000 inhabitants, and except on special occasions these are empty. He went to one of these great churches, built by Frederick the Great, when a very celebrated preacher was to speak, and found the audience to consist of three American and two German gentlemen, and about twenty old women.

THE PROPORTIONS OF THE HUMAN FIGURE are strictly mathematical. The whole figure is six times the length of the foot. The face is one-tenth of the whole stature. The hand is the same. The chest is a fourth, and from the nipples to the top of the head is the same. From the top of the chest to the highest point of the forehead is a seventh. The navel is the central point of the frame — whether measured from tops of the fingers, or from head to foot, which distances are alike.

☞ The Dutch government has swept away the last vestige of slavery from its East India possessions. On the 20th of September last, the institution ceased to exist. The government offered an assessed compensation in money to the owners, many of whom, however, refused to take it, while others took it and made it over to the emancipated slaves themselves. Three cheers for the Dutchmen!

☞ The Christian Witness learns that Professor Huntington has applied for orders in the Episcopal Church, but will retain the Plummer Professorship until the close of the present Academic year.

☞ There is a Senatorship involved in the New Hampshire election. Mr. Clarke's term will expire a year hence, and the Legislature to be chosen in March will have to choose his successor.

A MODEST POET.—An English poet advertises in a public journal that he wants to borrow $2500 on a manuscript poem, the estimated value of which is $50,000.

☞ A cow belonging to Edmund Hills, Esq., of West Newbury, Mass., brought three calves a few days ago.

NEW PUBLICATIONS.

AN ARCTIC BOAT JOURNEY, in the Autumn of 1854. By Isaac I. Hayes, Surgeon of the Second Grinnell Expedition. Boston: Brown, Taggard & Chase, publishers. Sold in this city by C. C. Harvey.

This is a volume of 375 pages, with two charts of the polar regions, which add much to the interest and information of the book.

Some reader of the paper may ask, What can be said new or interesting, on this voyage, after reading Dr. Kane's book?—The only answer which we think proper to give, is, that no one will ask this question, after he has read two or three chapters of the book before us.

In the style of writing, and the variety of incident, it is like Robinson Crusoe; and, unlike that, it deals in facts, which are many of them stranger than fiction.

THE BRITISH PERIODICALS.—Messrs. Leonard Scott & Co., of New York, who republish the four great British Reviews and Blackwood's Magazine, deserve the thanks of all lovers of sound and sterling literature in this country. These periodicals have long been justly celebrated for their elaborate and able criticisms, their learned, brilliant and attractive essays, and their chaste and classic style. They represent respectively all the great parties in England, both in Church and State—the London Quarterly representing the Conservatives, the Edinburg Review the Whigs, the Westminster Review the Liberals, Blackwood's Magazine the Tories, and the North British Review the Free Church of Scotland.

Scott & Co. furnish the reprints at *less than one-third* what the originals cost in England. The four Reviews and Blackwood cost only $10 in this country, while they cost $31 in England.

EVERYBODY SHOULD READ IT.—It will be seen, on reference to an advertisement elsewhere, that the New York Weekly—that most readably of all story and sketch papers—has commenced the publication of another new and charming serial, from the pen of Miss Lucy A. Randall, daughter of S. S. Randall, Esq., the well-known City Superintendent of Public Schools in New York. The story in question is entitled "Amy Rayner; or, The Tangled Path,"—and judging from Miss Randall's previous contributions to the columns of the New York Weekly, under the *nom de plume* of "Helen Forest Graves," we are satisfied that it will be one of the most chastely written, as well as one of the most deeply-interesting dramatic romances ever given to the world. The New York Weekly now stands at the very head of the journals of its class.—*Exchange.*

A CUT FROM DR. DIXON'S SCALPEL.—We propose to avail ourselves of the pages of the "Scalpel" to tell all those who stand committed to demonstrate the intoxicating properties of lager bier in general, all we know of the matter in dispute. As the contest is now pursued we feel very little interest in it; we neither believe in Sunday nor week day coercion; nor yet much in persuasion. If an ignorant and bull-headed man is determined to brutalize himself on lager bier, or any of the vile American compounds, which our own hypocrisy allows to be manufactured, he will do it; he has no power to reason, and no ability to appreciate the reasoning furnished for him; he drinks intemperately for the express purpose of putting out the little thought or conscience that he has; and so long as the vile compounds are *manufactured*, they will be sold and consumed. They would meet with no sale if they did not intoxicate.

The common people of every nation under heaven demand a drink that *will* intoxicate; and they will never extensively patronize one that will not. The lager bier of the German, the common wine of the Frenchman, the tea of the Chinaman, the coffee of the Arab, the opium of the Turk, the cider of the American, and the pulque and the aguardiente of the Mexican and South American, the arrack of the Hindoo, the whiskey of the Irishman, and the "cut throat," "red eye," "lightning," etc., etc., furnished by our enterprising countrymen, and retailed by the owners and keepers of the corner groggeries, and the chewing-tobacco and cigars of the civilized (!) world, are all compounded for the purpose of producing a greater or lesser degree of drunkenness.

Of course everybody knows that nothing but water will quench thirst; every other liquor produces it. We are very sorry to be obliged to state these views, but it is the fashion of the Scalpel, and the ladies who snuff and drink strong tea and lager, must come in with us—we treat all alike.

In the articles on Champange and other wines, and "Teas and Coffee as Food," we have given our reasons for the general use of the latter, and our conviction of their necessity to the human race in their present condition of forced labor and the poisoned atmosphere of the factory and workroom. In-door laborers cannot eat enough to preserve the tissues.

WASHINGTON ITEMS.—At the Democratic caucus on Saturday, Mr. Brown's resolution for an immediate slave code received five votes, viz: Mason, Clay, Chestnut, Robert Johnson, and Brown. Those of Mr. Davis were carried without a division, and will command every Southern Democratic vote in the Senate, and all from the North except Douglas and Pugh.

The new-born child of the Queen of Spain has received sixty-one names. We hope none of them are so bad as the "name" the Queen has borne for years past.—*Hartford Times.*

GETTING MARRIED.—As the Catholics do not marry during Lent, not a few hurry up in the last days preceding the great Fast in order to save the forty days. We say save, for all the time that people remain unmarried after the earliest days they can prepare for that event, is lost—a dead loss. Last Sunday no less than twelve couples were published for the last time in the Catholic Church in Newburyport—enough if they are as fruitful as people of their race usually, to make a new congregation in a short time. They were probably all married between that and Ash Wednesday. —*Newburyport Herald.*

A CARD.

THE BOARD OF ENGINEERS desire to express their thanks to the Portsmouth Gas. Co., Messrs. Wm. Hart, Joseph and Henry Danielson, and other friends, for their kindness in furnishing refreshments for the Firemen, during their arduous labors at the Row Street fire on the morning of the 25th inst. Also to Capt. Wm. Laighton and his men from the Navy Yard, who so promptly responded to the "fireman's call." Rest assured, gentlemen, these favors will not soon be forgotten. Per Order of the Board,

SAMUEL G. FOLSOM, Sec'y.

INTERESTING, INSTRUCTIVE & AMUSING

EXHIBITION

—OF—

FANCY GLASS-BLOWING,

—by the—

NEW ENGLAND TROUPE,

G. Y. ROWE,
feb6 JOHN STORELL.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 23, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend it to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan F. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spn6 6wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontutorumenos.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

Has readily cured or effectually relieved, in numerous cases in various parts of New England, the following complaints, viz: Neuralgia, Sore Throat, Croup, Chapped Hands, Chilblains, Cuts, Bruises, Sprains, Burns, Scalds, Spider Bites, Sore Breasts, Erysipelas, Frost Bites, Dysentery, Colic, Cramp in the Stomach or Limbs, Rheumatism, Ague, Toothache, &c. These complaints may either be relieved or cured in a few minutes.

Here's Health for the Million!!

CLARKE'S SHERRY WINE BITTERS

Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Man cannot feel too thankful, that our all-wise Creator has so amply supplied us with the effectual means of preserving and regaining our health. This compound is a mild, effectual and regular Tonic, very pleasant to the palate, and exceedingly healthy for the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR. CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of 25 cents for a pint bottle.

25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

Local.

NAVAL.—The New York papers state that "the U. S. ship Marion is daily expected at Portsmouth, N. H., from the coast of Africa. She has been over twenty-six months in commission."

Lieut. Nicholson, U. S. N., has received orders to report for duty here.

Capt. J. M. Berrien, lately detached from this Yard, has been ordered to the command of U. S. Ship John Adams, now lying at the East India station. This vessel was condemned, and her officers discarged; but has been recalled into the service again, after examination.

Isaiah Hanscom, Esq., late Constructor at the California Yard, has been detached, per request; and we hear is to visit his numerous friends in this vicinity. Mr. Simmons, late foreman at the Charlestown Yard, has been appointed Constructor, and ordered to Mare Island, Cal.

The U. S. Ship Powhattan, Capt. Pearson, is soon expected to arrive from Japan, —and will bring the two Ambassadors from Japan to the United States, with their numerous suite, said to number about fifty.

MASQUERADE BALL.—*Messrs. Editors:* On Friday evening, the Kittery Artillery gave a Masquerade and Fancy Dress Ball, which was well attended and carried out in fine shape. The spacious armory was filled at an early hour, by young and old, who were dressed in costume of ye ancient times, interspersed with those of more modern styles. At 9 o'clock a delegation of twenty-five arrived from Portsmouth, all of whom were masked and dressed to personate particular characters. The principal personations were a Polish Count, a Norwegian, a French Hussar, a Turkish soldier, an ambassador in costume of 1700, with two retainers; a Mexican officer, a Continental, a Negro, a sailor, two English officers, an old French gentleman, a representation of the Pawnee tribe, a Devil.—Falstaff was personated by a portly gentleman from Kittery, who took the part to perfection. The ladies appeared in huge bonnets, and dresses that were worn fifty or a hundred years ago; while some were costumed in tasteful and showy robes. The music was furnished by Lamprey's Band, and everything passed off in perfect harmony and decorum.

Those who attended from this city were so much pleased with the entertainment, that a similar Ball was decided on for this city, which will come off on Thursday evening next, at Irving Hall. H.

TO CORRESPONDENTS.—Editors generally, like other people, have rather a poor opinion of anonymous communications; and they are much more likely to find a place in the stove than in print. We have three or four on hand for to-day.

One * wants us to relate how he was disturbed at church, and prevented from getting any good from the sermon, by "a man with large, bad-looking eyes glaring about the house," &c. Sorry he didn't pay closer attention to the preacher.

W. H. N. wants us to censure a pipeman of one of the Engines, for needlessly and intentionally sprinkling him and others at the fire on Saturday; and an Engineer, for adding insult to the injury. But we think the best way is, for those who do not work at fires, to keep out of the way of those who do.

"Rye" wants us to "give the *perticulars* of loss at a late fire—but as we are not an insurance agent, we can't trouble ourselves *perticularly* about it, unless he will pay well.

☞ The temperance lecture by Rev. Mr. Pike, which was advertised for Wednesday evening, is postponed for a few days, on account of another engagement of the Temple. It will be delivered as soon as new arrangements can be made.

The Newburyport Herald speaks in the following terms of a late lecture by him in that city:

Elder D. P. Pike gave a very interesting and instructive temperance lecture to a crowded audience at the City Hall, Friday evening. He showed the mental and physical degradation which results from the use of alcoholic liquor, and especially such as is now sold under the "extension" system. He invited all present to become members of the Essex Division of the Sons of Temperance, under whose patronage the lecture was given. This was organized in July of last year, and now numbers about one hundred and seventy members and ladyvisitors. In Massachusetts there are 157 Divisions, with more than 26,000 members. He pressed the subject home upon his hearers with an earnest appeal to aid in the triumph of temperance.

☞ The Bath Times "occasionally finds a Republican friend too conscientious to subscribe for a Democratic paper;" and the editor "only wishes such persons were equally conscientious about *reading* Democratic papers which other people pay for!"

So we have had many a man say to us, he would like to take the Chronicle *if* it didn't fail to suit his whims, some way or other. But we always find that such folks are as regular *readers* as any we have.

PURE CLARIFIED HONEY

In Glass Jars; or for sale by the pound, by JOHN STAVERS, No. 12 Market St.

South Natick shoemakers very generally refuse to join the movement, and are denounced by their Natick brotheren as "scabs." At a meeting on Saturday, in Natick, the strikers voted to march in a body to South Natick to hear Rev. Mr. Babcock preach his farewell sermon, he having been dismissed, as he says, because he had taken too active a part in the strike.

In Haverhill the strike as yet is partial, embracing about 600 out of 900. One of the chief speakers counselled them not to interfere with the express men. If manufacturers wanted to send work out of town, let them do so, and if any one desires to go work don't prevent him.

PERSONAL.—The numerous friends and acquaintances of Hon. John S. Wells have been sorry to hear of his protracted illness, at his residence, in Exeter. We are glad to be informed that he is rapidly recovering, and will probably be entirely well in a few days. Mr. W. is one of the State electors at the Charleston Convention.

MARRIED.

In Newcastle, 26th inst., by Rev. Mr. Alden, Mr. GEORGE AUSTIN WHITE to Miss TEMPERANCE AMAZEEN.

DIED.

In this city, Feb. 26th, JOHN HENRY PEARSON, aged 2 years and 6 months, son of the late John Henry Pearson.

"A bud on earth, to bloom in heaven."

In Newburyport, Ebenezer Hale, aged 14 years, only son of the late Ebenezer Hale, M. D. He was heir expectant of a very large property.

In South Eliot, Feb. 26, Mr. WM. R. DICKSON, aged 52 years and 6 months.

In Nottingham, Feb. 26, Mr. EBENEZER HARVEY, aged 84. The immediate cause of his death was a fracture of the thigh, occasioned by a fall, in attempting to get out of bed.

—Feb. 22d, Mrs. BETSY DEARBORN, aged 65, wife of Ebenezer Dearborn. On the day of her death she was preparing to wash: and while waiting for the water to heat, fell forward from her chair to the floor, and was taken up dead.

—Feb. 15th, Mr. BENJ. WATSON, aged 88.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Arr 26th, sch H. E. Bishop, Amazeen, Boston.

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

ANOTHER SPLENDID STORY!!

written expressly for

THE NEW YORK WEEKLY!

WILL BE COMMENCED

IN

THE NEW YORK WEEKLY,

On THURSDAY, March 1st, 1860,

the publication of a

NEW AND BEAUTIFUL STORY,

entitled

AMY RAYNER; or, The Tangled Path.

From the pen of

OUR GIFTED LADY CONTRIBUTOR,

MISS LUCY A. RANDALL,

Daughter of the widely-known and greatly-esteemed City Superintendent of Public Schools,

S. S. RANDALL, ESQ.

Miss Randall has earned for herself an enviable reputation as a sketch-writer under various *nomes de plume*, but she is better known, perhaps, as "HELENE FOREST GRAVES," in the NEW YORK WEEKLY, and "Mrs. George Washington Wills," in a cotemporary journal.

Tens of thousands have admired the beautifully written sketches of this talented young lady, and every one of these will hail with delight the announcement that she has undertaken a serial narrative. It has often been remarked by many that so exquisite a writer as MISS RANDALL would accomplish wonders in a novel; and we beg to assure all who have formed this opinion that they are not mistaken.

The Tangled Path

Will be ready in the NEW YORK WEEKLY,

On THURSDAY, March 1st, 1860.

FOR SALE EVERYWHERE.

OUR TERMS.

The NEW YORK WEEKLY is sold by all respectable News Agents in the United States. The price is FOUR CENTS, but in some cases, where Agents have to pay extra freight or postage, a higher price is necessarily charged. When there is a News Agent in the town, we desire our friends to get the WEEKLY through him. We do not wish to mail the paper except to places where there is no other means of getting it.—When sent by mail, the price will invariably be $2 a year, in advance. Subscriptions taken for three months. Two copies will be sent for a year for $3; four copies for $6; eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-six cents extra with every subscription, to pre-pay the American postage.

Specimen Numbers sent Free.

STREET & SMITH,

PROPRIETORS OF "NEW YORK WEEKLY,"

100 PRS. FRENCH AND ENGLISH PRINTS, just opened, and for sale by

JONES & MENDUM.

Exchange Buildings, Portsmouth.

Wheeler & Wilson's

SEWING MACHINES.

—THE—

WHEELER & WILSON M'FG CO.

Invite the attention of Seamstresses, Housekeepers, Dressmakers, Tailors, Manufacturers of Shirts, &c., to the perfect adaptation and unrivalled excellence of these Sewing Machines for their uses. Their extensive and increasing sale, and the unanimous commendation that they have received, warrant the Company in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, fitted to adorn the parlor, and suited to the workshop—applicable alike to the use of the family and the manufacturer. Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting, as they do, healthful exercise and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as Woman's Friend.

Among their undoubted advantages are—

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

The Lock Stitch made by this machine is the only stitch that cannot be ravelled, and that presents the same appearance each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

Economy of Sewing Machines.

The Wheeler & Wilson Sewing Machine Company has prepared tables showing by actual experiment of four different workers, the time required to stitch each part of a garment by hand, and with their Sewing Machine. The superiority of the work done by the Machine, and the healthfulness of the employment are advantages quite as great as the saving of time. Subjoined, is a summary of several of the tables—

	BY MACHINE. Hours	Min.	BY HAND. Hours	Min.
Gentlemen's Shirts,	1	16	14	26
Frock Coats,	2	38	16	35
Satin Vests,	1	14	7	19
Linen "		48	5	14
Cloth Pants,		51	5	10
Summer "		38	2	50
Silk Dress,	1	13	10	22
Merino Dress,	1	4	8	27
Calico Dress,		57	6	37
Chemise,	1	1	10	31
Morceau Skirt,		35	7	28
Muslin "		30	6	1
Night Dress,	1	7	18	2
Drawers,		22	5	6
Silk Apron,		15	4	16
Plain "		9	1	28

Seams of any considerable length are stitched, ordinarily, at the rate of a yard a minute.

By the sworn statements made by the several Sewing Machine Manufacturing Companies, it is shown that the

WHEELER & WILSON MANUF'G CO.

during the past year,

made more than double the number of Machines of any other establishment, and were still unable to supply orders!

They have won the highest premiums at the Fair of the United States Agricultural Society;—at the State Fairs of Maine, Vermont, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Mississippi, Missouri, Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, California, and at the Fairs of the American Institute, New York; Mechanics' Association, Boston; Franklin Institute, Philadelphia; Mechanics' Institute, Baltimore; Metropolitan Mechanics' Institute, Washington; Mechanics' Association, Cincinnati; Kentucky Institute, Louisville; Mechanical Association, St. Louis; Mechanics' Institute, San Francisco; and at hundreds of County Fairs.

These machines have been used by many families in this city for several years, all of whom pronounce them to be the perfection of a Sewing Machine. Full instruction in the working of the Machine, given to purchasers.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S

PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine.

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker as far superior to all others. ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

NEWSPAPERS.

CHEAP BOOKS, ANNUALS, TOY BOOKS,

Fancy Goods, Stationery, &c.,

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability.—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through pretendable and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various keys, strings to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Morning Chronicle.

MEETING IN CHARLESTON, S. C.—*Charleston, Feb.* 24.—The Courier says the meeting last night was well attended, and that it was unanimously resolved that in their opinion it is right and proper for South Carolina to be represented in the Charleston Convention. A State Convention will be held at Columbia to nominate delegates.

ALABAMA LEGISLATURE.—*Montgomery, Ala., Feb.* 24.—The Legislature has passed a bill exempting goods imported into Southern ports from taxation, when sold in Alabama. It has also passed a bill providing for a Convention to reform the State Constitution.

☞ Florida planters, in large numbers, accompanied by their slaves, are said to be moving westward to the Mississippi Valley and Texas, in search of more fertile lands.

☞ The Senate of Alabama have passed a joint resolution, appropriating $50,000 for the relief of Virginia in paying the expenses of the Harper's Ferry affair.

THE
ONLY
PREPARATION
WORTHY OF
Universal Confidence and Patronage.
FOR STATESMEN, JUDGES, CLERGYMEN.

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and testimony of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20, 1858.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling of the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very respectfully,

BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Slamaston, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever, at least this is my experience. Believe it all! Yours truly,

WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair came out in all glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

TINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least three times as much in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $5 a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaints, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound has been proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His **Family Pills** are without paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the tight cough and pain in the breast, I would advise all who have a visit from that distressing complaint, to use it freely. MARY N. RICKER.

"I have tried the above testimony of the complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together

THEOPHILUS CURRIER,

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and *can say, in confidence and truth,* of it, what we have of any other medicine, *never* been able to say NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of the highest virtues. We speak, in *its know,* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found within half an hour after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC.

and overcome convulsions, which, if not speedily remedied, end in death. We believe there is no remedy equal to it in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints, *do not let your own prejudices, or the prejudices of others, stand between your suffering child and the relief that will be* ABSOLUTELY SURE *to follow the use of this medicine, if timely used.* Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York. *Price only 25 cents per bottle.*

THE SHILLING SONG BOOK.

A collection of 175 of the most favorite National, Patriotic, Sentimental and Comic Songs and Ballads of the day. Published by O. Ditson & Co., and for sale by

JOSEPH H. FOSTER.

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience to intelligently compound a medicine for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of rendering its senses dull and stupid. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show. Fourthly—It is the only one from which it is distilled being drawn from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING: such as DYSENTERY, COLIC, etc.; there is no medicine so efficacious in regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELEANARETA CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others affected, that the Cough Drops prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quickly. Let every suffering preacher take a phial and try it. Eld. EDWIN BURNHAM.

EXETER, July 20, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for the cough, and any other complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and having called a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the blood which Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were restored to health, if your spirits are depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *two drops.* If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia,* the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Debilitated or Weakness,* the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles.* The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children and females* are invariably benefitted by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have seven commissioners appointed to examine and distribute the drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the tickets of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and one at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Keep your money at home and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plain and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

Uncurrent money bought, sold and exchanged.

JOHN S. HARVEY,
Real Estate and Stock Broker,
Jy11 No. 47 Congress St., Portsmouth, N. H.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, [illegible] in Oct. 1857.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies Charter Oak (Life) Hartford, of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he would refer inventors to the Commissioner, that at no other office of the kind are the charges for professional services so moderate. The immense practice and connections of the twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. This, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on twenty reissue applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Boston, Jan. 1, 1860. R. H. EDDY.

" " "	three months,	50.
" " "	one month,	25.
" " "	one week,	10.
Half Column, in Daily, per year,		80.
" " "	six months,	50.
" " "	three months,	30.

Business Cards, of not more than half a square, $6 per year.

All bills settled quarterly or semi-annually.

All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of articles lost, &c.,—to be charged extra.

And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.

For Notices in editorial columns 10 cts. per line, each insertion. "Special Notices," 6 cts. per line, each insertion. Per Square, double the rates of other advertising.

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS.

The Chronicle Office is open from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left at the drop-box in the street-door, after the office is closed—and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterwards "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be put inside the house door; or if unconvenient to do this, to be rung.

If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that good results from lack of a suitable place to protect or secure their papers, we shall consider our contract ended when we have the paper in delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

Morning Chronicle.

THE MODEL RAILROAD CONDUCTOR. The position of railroad conductor is one of great responsibility, and can only be well filled by a man possessing a combination of peculiar qualifications. He must necessarily be a gentleman, for his daily duties require the constant exercise of every quality which makes the gentleman. He must possess a temper of admirable and unyielding equanimity. His conversational powers must be immense, and his fund of information upon every variety of topic must be inexhaustible. Under all circumstances—at all times and in all places, he must be prepared to answer all sorts of questions to all sorts of people, politely and satisfactorily.

The duties of his avocation bring him into every variety of collision with all sorts of characters. The rules which define his duties must be enforced with manly independence and the most perfect courtesy. He must possess the determination of Napoleon, with the suavity of Chesterfield. He has constantly in charge the lives of many hundreds of people, and, at the same time, must devote his talents to the interest of his employers, who will hold him to the strictest accountability.

When on duty his judgment and his temper is almost constantly tried. Here he comes across a brave fool who *will* stand on the platform—there a consequential gentleman, who selfishly insists upon occupying two seats, to the manifest discomfort of a half dozen standers. This gentleman, whom he has just aroused from a bacchanal sleep, has left his home and his money behind him, and his muddled condition is utterly ignorant where he has come from and whither he is going. Mark how politely the Conductor hands him from the car at the first stopping place, and assures him he will find most excellent accommodations round the next corner.

Next comes a customer who travels on his impudence, a commodity which does not pass current with railroad conductors; and he is assured that unless he produces his ticket, or his money, that he will reach his journey's end at the next stopping place. The Conductor receives his abuse with a smile, and while his angry customer is promising to report him at headquarters, he hands him on the platform, there to wait for the next train and play the same game for another ten miles ride. There are women as well as men who will attempt to travel on "shape and talent" without money.—Doubtless necessity induces many to attempt to travel without money, but the larger number who refuse payment do so out of pure meanness.

All these classes of persons the Conductor must dispose of without unnecessary annoyance to others. He must enforce strict obedience to every regulation of the road, and still upon him, in a great degree, depends its popularity. He must do disagreeable things as politely as he would ask a lady to dance, and for a large share of the annoyances and disagreeabilities of travel, right or wrong, he will be held responsible.

Men who cannot put up with every phase of human weakness, never make railroad conductors. Those who succeed in this become models in their profession. They are necessities of the railroad system, created by it. The public owes them much, and their employers more. They are high-minded and honorable men, and the constant annoyance and dangers of the business renders them brave, resolute, decided, cautious of risk, and just and courteous to all.

The profession is one of danger, responsibility and hardship, but it has its pleasures, and perhaps the greatest of these is found in the high esteem which the intelligent public give to the model railroad conductor.—*Pittsburg Post.*

Bickford's Spring Balance,

for Window Sashes, to take the place of weights.

It is one of the most complete and useful inventions ever introduced into the market.

It balances the Sash perfectly at any point.

It requires no expense for boxing, consequently it is much cheaper than weights.

It can be applied to old as well as new buildings, without any alteration of the frames.

It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole system, and shows itself in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the curse of him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on the fact that there is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate vitiated, diseased, or feeble and sickly health is impossible in contaminated constitutions.

Ayer's Cathartic Pills.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease and disorder in their recesses can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every part of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the sick and those who are down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many to middle and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the Blood.

Ayer's Cherry Pectoral

FOR THE CURE OF

COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

PREPARED BY

DR. J. C. AYER & CO.,

LOWELL, MASS.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

All our remedies are for sale by W. K. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec30 6m d&w

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, FEB. 29, 1860.

LETTER FROM CUBA.

HAVANA, January, 1860.

I was glad to have a letter from you, although I had read all about the Pemberton Mill accident before. Most of the principal news is published in the Spanish papers here, and more especially if it is anything bad. It is amusing to see how quick the papers catch up all the murders, rows, railroad accidents, &c., &c., and parade them at length before the Cubans, as specimens of the state of society in the *Republic* of the United States.

Let an unprincipled paper, like the New York Herald, dwell with much seeming glee on a row in "the National bear garden," (as A. used to call Congress,) and bemoan the shocking state of society, and predict with much zest the speedy dissolution of the Union—and the papers here are sure to publish it in full, as a warning to the Cubans of what they must expect when Mr. Buchanan may have fulfilled the "manifest destiny" and annexed Cuba to the United States.

The newspapers here are under the strict control of the government, who appoint a censor to read all articles before they are allowed to appear. Even yet the papers here have not ceased to comment on the *wise* attempt of poor Brown and the rest of the Republicans to kill all the wicked slaveholders, and form a new constitution. And speaking of slaveholders, reminds me of a little story (a true one) told me when I was in Cardenas a short time since.

On the steamer, on my return, was a Yankee sea captain, who had just succeeded in running a load of African negroes—or bozales as they call them here—at a place called Sagua la Grand. He had on board 800, all of whom were sold immediately after landing. His part of the profits was 25 bozales, whom he sold for $1000 each;—good for about four months' work. There is not a week that there is not a cargo of these negroes brought into the island, and very much the larger part of the vessels, captains and crews are from the North of the United States. I was on a sugar estate last week, where seven-tenths of the slaves (there were nearly a thousand) came from Africa. I did not see an old one among them.

Cardenas is comparatively a new town, and originally must have been like the Frenchman's celebrated water lots—that is, it must have needed a ten-foot pole to find out where the land lay. The soil now appears to be composed of equal parts of oak shavings, sand and railroad. There are no less than 160,000 hogsheads put together here every year, and they use the shavings, mixed with sand, to fill up with. All the town bordering on the port is covered with railroads, to facilitate the shipping of sugar and molasses; In order to give you an idea what a sweet place this must be, I give you an item. There were shipped last year 98,000 hogsheads of molasses, 400,000 boxes (about 400 lbs. each) of sugar, and 60,000 hogsheads (1400 lbs. each) of the same. At least one-fifth of the whole crop of the island is shipped from this port. It contains now about 14,000 inhabitants, very many of whom are Americans. In fact one hears almost as much English as Spanish spoken there. The streets are very wide and straight, and altogether it is the handsomest town that I have seen in the island. But it must be exceedingly unhealthy in the summer season. All the ground that has not been reclaimed and built upon, is still an immense swamp for miles around.

There is here the handsomest market in the island. It is brick and iron, in the form of a Greek cross, with a handsome dome.—It cost $165,000. The only fault about it is, that the dome is about twenty ft. too low.

While I was in Cardenas, I made a flying trip to a sugar estate, one of the best in Cuba. The estate is called Alava, and I will try to give you an idea of the extent of a sugar estate, and what money is necessary to make a pound of sugar. The owner of this one has about five square leagues planted in sugar cane. But he has three different estates. In order to facilitate the carrying of the cane to the mill, he has a railroad through the grounds. At first he had a locomotive, but the sparks set fire to the cane, and he was obliged to abandon it and have recourse to oxen. Now, see what he saves by his railroad. Two yoke draw five car-loads of cane, and each car-load is equal to six cart-loads, and it requires two yoke of oxen to a cart-load. So you see that two yoke of oxen can draw what it would take thirty yoke to draw on a common road. The house for the making of sugar occupies a space of thirteen acres, and is filled up with all sorts of machinery, which cost over $400,000. They have two presses, and the juice ran from them at the rate of 60 gallons a minute. This estate is a town in itself, having about a thousand slaves, with the usual number of whites for engineers, overseers, &c.

There is a church and a priest (Catholic, of course,) especially for the negroes, and they are all required to hear mass every Sunday morning. I was on the estate two days, and the negroes appeared happy and well treated. The way that they drank the guarapo (canejuice) was a caution. The overseer told me that the juice drank by them daily would make over a hundred pounds of sugar. It is considered very healthy. The works are in operation night and day without cessation. It would require a volume, and a good-sized one, too, to give even a slight description of the machinery for the different processes from the mill to the clarified sugar. They make on this estate a little over 20,000 boxes of white sugar every year, and about 3000 hogsheads of molasses, besides clayed sugar. The income from the estate cannot be less than $500,000 yearly, but then the expenses are very heavy, So much for making sugar.

The weather here now is delicious, and although we call it winter, we still sport white linen pants and thin coats. Havana in winter is a paradise, (I speak of the weather,) but summer—whew! it is almost literally another place. But after all, I would rather live in the United States on a crust and a cup of water, than here. W.

CONGRESS.

MONDAY, Feb. 27.

SENATE.—Mr. Seward presented petitions praying for pensions to soldiers of the war of 1812.

Mr. Hale presented the memorial of Frank Sanborn, protesting against the order for his arrest, and asking that it might be rescinded.

Mr. Bingham presented a petition in favor of the Homestead Bill.

Mr. Collamer introduced a resolution that the Committee on Post Office and Post Roads inquire into the expediency of having letters, which may remain in any Post Office for thirty days, returned to their writers. Mr. Collamer advocated the resolution as necessary to relieve the dead letter office of the immense amount of matter thrown upon it. The resolution was adopted.

Mr. Wilson gave notice of a bill to reduce the rates now paid for public printing 25 per cent.

Mr. Toombs made a speech, and in reply to Mr. Hale he said the ordinance of 1787 passed before this government was formed, and, therefore, rested upon no Constitutional authority. The opinions of the early fathers were misrepresented.

Further consideration of the subject was postponed until Wednesday, a week hence.

The bill granting increased pay to officers of the Navy was taken up, but, without action upon it, the Senate went into executive session, and subsequently adjourned.

HOUSE.—The House passed the bill for the payment of the Invalid and other Pensions; and a bill for the support of the Military Academy.

Mr. Conkling asked, but failed to obtain, the consent of the House to offer a resolution instructing the Committee on the Judiciary to inquire whether any, and if so, what legislation is necessary to secure the liberty of speech and person in the District of Columbia, and whether any, and if so, what practical legislation is necessary to secure the rights of free persons in said District.

Mr. Gurley, from the Committee on Printing, reported a resolution that there be printed for the use of the House, 25,000 extra copies of the President's annual message, with the reports proper of the Heads of Departments and Chiefs of Bureaus connected therewith, omitting the statistical parts; and that there be also printed 5000 extra copies of said message and accompanying documents complete. Mr. Gurley said these resolutions are an innovation on former practices. The Committee propose not only to largely reduce the number of volumes, but to exclude the dry statistics. Instead of sending out three or four volumes as heretofore, one of 400 or 500 pages will afford all the really valuable information, and at the same time be convenient for the mails and for handling. The cost formerly was nearly $39,000. By the new plan $16,000 would be saved. This is the Senate's plan, which has worked so well that that body has recently reaffirmed it. In reply to a question he said he understood that under the law this printing would go to the Senate printer. The resolutions were adopted.

A very lively time ensued. Mr. Adrain and Mr. John Cochrane wanted to make explanations in relation to the charges of shabby treatment of the Seventh Regiment. Objections were made principally by Messrs. Lovejoy and Farnsworth.

The House proceeded to vote for Printer. After three votings, in which nobody came near an election,—Mr. Heard asked whether it would be in order to move that after the next trial, if unsuccessful, the plurality shall elect.

The Speaker replied in the negative.

Mr. Farnsworth moved that the subject be postponed till the first Monday in June. Negatived—74 to 10.

Several ineffectual motions were made to postpone until Monday, Wednesday and Friday, and to adjourn.

The House again voted:—Whole number of votes 185; necessary to a choice 93; Thomas H. Ford, elected, had 93; Glosbrenner 71; Seaton 18; Ball 2; Winton 1.

Mr. Blake announced the death of Cyrus Spink, of the 14th District of Ohio. He pronounced an appropriate eulogy. Messrs. Curtis and Sherman also paid a tribute of respect.

The customary resolutions were adopted and the House adjourned.

☞ Joe Pentland's Circus, consisting of forty-eight horses, two ponies, fourteen baggage wagons, &c., &c., has been sold by auction in Boston, in one lot, for $3322. Jas. L. Torrey of New York was the purchaser.

Why is it that "Ole Virginny Never Tires?"—Because Ole Virginny is so remarkably slow.

NEW PUBLICATIONS.

HOME PASTIMES, or Tableaux Vivants. Published by J. E. Tilton & Co., Boston.

Here is a beautifully printed and bound book of 254 pages, by James H. Head of this city, designed to aid in the tasteful getting up of those beautiful spectacles known as Tableaux. A hundred or more of these are described, and the mode of placing the different figures, style of dress and adornment minutely described. It will be found exceedingly useful, not only to those having charge of public exhibitions made up in whole or in part of these life pictures, but also to those who would make such scenes contribute to the pleasures of the home fireside. The beauty and effect of a tableaux depends upon the good taste with which its parts are arranged, and in having everything harmonize with the general design of the spectacle. Besides the speciality of its title, the work embraces numerous other auxiliary matters relative to art and amusement, of interest and value on other occasions.

The volume is a handsome one, larger than we expected; creditable, both in point of literary and mechanical execution, to all concerned in its issue. It is very neatly and fittingly inscribed

"To Samuel P. Long, Esq., as an humble tribute of admiration for his artistic and literary usefulness; and to those friends who have participated in many of the scenes."

We are glad to learn the work is meeting a wide sale, everywhere. It is the only one of its kind; and will meet success on its own merits, and be especially regarded here as a home book. For sale by the author and all booksellers. Price $1.

SHORT BUT BRUTAL.—The brutal doctrines of Helper's book meet with a cordial response from Mr. Giddings, who recently was so much glorified by Governor Banks and his Republican friends. This book, assuming to speak for the Republican party, recommends business non-intercourse between the South and the North, and the abolition of slavery by violence. Is the intelligence and patriotism of the North prepared to do this? If not let them trample down the party which responds to the terrible doctrines of Helper's book.—*Boston Post.*

Uncle Toby will thank the Boston Post or any other paper, to give a quotation from Helper's book, (naming the page,) which *recommends business non-intercourse* between the North and South! We have seen no such thing there, though we have sought it carefully.

THE HUNGARIAN.—Messrs. Edmunston, Allan & Co., agents of the Canadian Steamship Company in Portland, received a dispatch Monday afternoon, from Capt. Crawford, who left there on Saturday in the schooner Sarah, in which he announces his arrival at the scene of the disaster.—He states that he had found fragments of the steamer's boats, but no more bodies had been recovered.

The Advertiser states that some of the Southern papers have published as identical with the one in which the public are now so painfully interested, the list taken out by the Hungarian on her last voyage from that port.

AMUSEMENTS.—Cooke's Royal Amphitheatre announces their first performance at the Academy of Music in Boston on Monday evening, March 5th. This company has recently performed in London and in New York with great success. The representation of the historical chivalric pageant, entitled "the field of the cloth of gold," being a graphic illustration of the celebrated interview between Henry VIII. and Francis I. and their Queens, has been greatly admired and is a truly wonderful performance. Mlle. Ella Zoyara is a charming rider, and her beautiful horse Zaidee is an animal of uncommon beauty and intelligence. See advertisement.

HOW SEA BIRDS OBTAIN FRESH WATER.—An old skipper says, these birds at sea, far from any land that could furnish water, hover around and under a storm-cloud, clattering like ducks on a hot day at a pond, and drinking in the drops of rain as they fall. They will smell a rain squall a hundred miles or even further off, and scud for it with almost inconceivable swiftness.

If a temptation solicits, think whether you would yield to it, if you knew you should die next day.

☞ Dr. Hiram Hosmer of Watertown, Mass., father of Miss Hosmer, the sculptor, and one of the leading physicians of Middlesex county, experienced an attack of paralysis, on Thursday, and has since remained in an unconscious state. He is not expected to recover.

Our conversation should be such, that youth may therein find improvement, women modesty, the aged respect, and all men civility.

☞ Philadelphia has now so many steam fire engines—(twenty-one)—that hand engines have become an unneedful superfluity, and a considerable number of them are offered for sale.

The best panacea on earth—that has the best claim to the title of Catholicon, literally "Cure All"—is abstinence from food.

MARRIED.

In Danville, Dr. Josiah C. Eastman, of Hampstead, to Miss Mary H. Harris, of Salem, Mass.

DIED.

In Danville, Mr. Horace Meserve, aged 84.
In Brentwood, Rev. Jonathan Ward, aged 90.

G. V. ROWE.
feb6 JOHN STOKELL.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have induced the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co,—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results.

W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c.

H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot swd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

Has readily cured or effectually relieved, in numerous cases in various parts of New England, the following complaints, viz: Neuralgia, Sore Throat, Croup, Chapped Hands, Chilblains, Cuts, Bruises, Sprains, Burns, Scalds, Spider Bites, Sore Breasts, Erysipelas, Frost Bites, Dysentery, Colic, Cramp in the Stomach or Limbs, Rheumatism, Ague, Toothache, &c. The above complaints may either be relieved or cured in a few minutes.

Local.

INCENDIARISM.—We have never been very ready to credit all the tales and suspicions of intentional fires in and about our city; but it would really seem as though many of the conflagrations of the past few years must have had criminal origin. We have it on good authority, that just before the discovery of the fire in Bow street, last week, a woman living near saw three men pass, and heard profane language from them. And almost at the same time, fire was discovered and extinguished at a barn belonging to J. W. Peirce, Esq., on South road, and also on the premises of a woman in Hunking street. From this it would appear that a general conflagration was deliberately planned—though for what earthly object, does not appear.

EXPLANATORY.— Several friends have taken exceptions to our item respecting the pipesman and engineer at the fire in Saturday morning. But we see no reason for their complaint. We did not attempt to judge the case at all — only, as a general rule, we say, those who don't work at fires, should be careful to keep from under the feet of those who do. We would excuse no man in forgetting to be a gentleman, whatever his situation or circumstances. Respecting this particular case—there are two sides to every story; and while some blame the pipesman who showered the spectators, and the engineer who upheld him, others hold them blameless. Be that as it may—when any man or set of men wish to make a *personal* complaint or attack, through a newspaper, let them just sign their articles themselves, and pay for them like any other advertisements. We ask no aid in fighting on our battles, but we don't exactly like the "anonymous" writers' plan of shoving editors out as shields from behind which they may shoot in safety, at convenience—being sure that whoever the return shot may hit, *they* are safe. No, no, let us have fair play and no dodging.

A NEW BRIDGE.—The Boston Traveller announces that the Eastern Railroad have at length concluded to rebuild the bridge over the Merrimac river, between Newburyport and Salisbury. We are told that the present structure is one of the strongest in the country; but for a long time they have been contemplating its rebuilding.—The bridge is 2300 feet in length. The new structure is to be built of iron and wood, and its cost is estimated at $60,000. The bridge is to be built very gradually, and it is caculated that it will require five years to complete it.

WINTER leaves us to-day—or, at any rate, he ought to, for his time is up; and Spring is entitled to the track to-morrow and thereafter. It would seem, to judge by the weather of the last few days, as if the frosty old fellow was going to abdicate in peace and quiet, without a struggle; but those who knew his predecessors are slow to believe it. There will be a deal of cold, blustering weather yet, before we can sing, "Summer has come."

☞ We record to-day the death of Father Ward, commonly so called, who died in Brentwood last week, at the age of 90 years. He was a native of Plymouth, N. H., graduate of Dartmouth College, class of 1792; and was settled in the ministry in Maine; but being dismissed, preached in his native town from 1818 to about 1828; afterwards in Brentwood, and many other places. He was widely known and highly esteemed; was a thorough abolitionist and temperance man; remarkably attached to the doctrine and polity of the orthodox congregationalists, among whom he was the oldest minister in the State at the time of his death.

☞ Several days ago, a gift-book sale was advertised here by posters and handbills—in which the sale was books, and the gifts were to be jewelry, &c.; and the whole affair to be temporary.

Complaint was made by some regular traders here to the Mayor; by his direction the City Marshal visited the place of sale, and pointed out the breach of law to the salesman, who promptly suspended operations, saying he was not aware they were illegal, as he had told in Nashua, and elsewhere, without interference.

No arrest was made, no prosecution commenced, nor cost incurred: but the salesman, quiet and orderly, took his wares to some other market.

THE GLASS BLOWERS at the Temple, give very entertaining exhibitions for all; and those who have never witnessed the process, especially the young, will have a chance to learn something. Open day and evening; and this afternoons for children especially. Let them all go.

PERSONAL.—We are glad to welcome back our old friend Freeman G. Beal, Esq., who went out as Purser's Clerk on board the U. S. ship Jamestown, on her cruise, from this station, about twenty months ago.

NOTICE.

☞ Subscribers for the "Home Pastimes" will receive their copies on calling at J. H. Head's Book Store, No. 14 Pleasant street.

MONTREAL, Feb. 28.—The following dispatch wat received by the Agents of the Hungarian last evening:

"From Barrington, Feb 27, to H. Allen:
Arrived at 9 A. M., one boat complete, with oars lashed to the thwarts, was found bottom up at Port Latour. Several pieces of boats have been picked up off Cape Sable. Goods are strewn along the beach from Tusket Island round Cape Sable as far east as Ragged Island.
No more bodies have as yet been found.
A. CRAWFORD."

☞ The Countess of Newbourgh is now the only member of the titled British aristocracy. She has just entered her 90th year, and her sight and memory are but very slightly impaired.

☞ Mitchell's Steamship Journal, of London, of the 19th, says the Hungarian had seventy passengers.

☞ The Salem Gazette of Tuesday says:

The workmen in Newburyport have declined to join in the strike.

The Newburyport Herald of Tuesday says:—

We are informed that Mr. Draper will visit this city this week, to effect a strike here.

FESTIVAL.

The Ladies of the CONGREGATIONAL SOCIETY of RYE, will hold a Festival at their Vestry, on
Tuesday and Wednesday Evenings, Feb. 28th and 29th.
The entertainment will be bountiful. No pains will be spared to render the occasion pleasant and attractive, by way of innocent amusements, among which may be mentioned, a "*Social Quilting Party.*"
If either of the above named evenings are stormy, the next fair one. Admission 15 cents.

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

MADAME DUBOIS,
THE CELEBRATED ASTROLOGIST,
FORMERLY OF PHILADELPHIA,

To accommodate her numerous visitors, will remain a short time longer in this city. She will give information in relation to the *Past, Present and Future* events of Life. Also the *Prospective Position in Life*, the progress or drawbacks of position in the *Married State*, *Pecuniary Prospects*, and in fact all things pertaining to our sublunary existence.

MADAME DUBOIS has Room No. 1, CITY HOTEL, where she can be consulted from 9½ A. M. to 9½ P. M.

TERMS—Ladies 25 cents; Gentlemen 50 cents

Here's Health for the Million!!

CLARKE'S SHERRY WINE BITTERS

Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Man cannot feel too thankful, that our all-wise Creator has so amply supplied us with the effectual means of preserving and regaining our health. This compound is a mild, effectual and regular Tonic, very pleasant to the palate, and exceedingly healthy for the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR. CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** for a pint bottle.

25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

DR. E. R. CLARKE, Sharon, Mass.,
Manufacturer and Proprietor.

DR. CLARKE'S HERB PILLS
ARE THE CHEAPEST AND BEST IN THE WORLD!!

DR. CLARK'S HERB SYRUP
cures everybody. Try it!!

Prepared by DR. E R. CLARKE, and Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and R. Hutchings. feb27

Wheeler & Wilson's

SEWING MACHINES.

—THE—

WHEELER & WILSON M'FG CO.

Invite the attention of Seamstresses, Housekeepers, Dressmakers, Tailors, Manufacturers of Shirts, &c., to the perfect adaptation and unrivalled excellence of these Sewing Machines for their uses. Their extensive and increasing sale, and the unanimous commendation that they have received, warrant the Company in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, fitted to adorn the parlor, and suited to the workshop—applicable alike to the use of the family and the manufacturer. Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting, as they do, healthful exercises and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as Woman's Friend.

Among their undoubted advantages are—

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction combined with durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which hems of any width are turned and stitched without any previous basting, serve the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

The Lock Stitch made by this machine is the only stitch that cannot be ravelled, and that presents the same appearance each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

Economy of Sewing Machines.

The Wheeler & Wilson Sewing Machine Company has prepared tables showing by actual experiment of four different workers, the time required to stitch each part of a garment by hand, and with their Sewing Machine. The superiority of the work done by the Machine, and the healthfulness of the employment are advantages quite as great as the saving of time. Subjoined, is a summary of several of the tables—

	BY MACHINE. Hours	Min.	BY HAND. Hours	Min.
Gentlemen's Shirts,	1	16	14	26
Frock Coats,	2	28	16	33
Satin Vests,	1	14	7	19
Linen "		48	5	14
Cloth Pants,		51	6	10
Summer "		38	2	50
Silk Dress,	1	13	10	22
Merino Dress,	1	4	8	27
Calico Dress,		57	6	37
Chemise,	1	1	10	31
Moreen Skirt,		35	7	23
Muslin "		30	6	1
Night Dress,	1	7	10	2
Drawers,		22	5	6
Silk Apron,		15	4	16
Plain "		9	1	26

Seams of any considerable length are stitched, ordinarily, at the rate of a yard a minute.

By the sworn statements made by the several Sewing Machine Manufacturing Companies, it is shown that the

WHEELER & WILSON MANUF'G CO.

during the past year,

made more than double the number of Machines of any other establishment, and were still unable to supply orders!

They have won the highest premiums at the Fair of the United States Agricultural Society;—at the State Fairs of Maine, Vermont, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Mississippi, Missouri, Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, California, and at the Fairs of the American Institute, New York; Mechanics' Association, Boston; Franklin Institute, Philadelphia; Mechanics' Institute, Baltimore; Metropolitan Mechanics' Institute, Washington; Mechanics' Association, Cincinnati; Kentucky Institute, Louisville; Mechanical Association, St. Louis; Mechanics' Institute, San Francisco; and at hundreds of County Fairs.

These machines have been used by many families in this city for several years, all of whom pronounce them to be the perfection of a Sewing Machine. Full instruction in the working of the Machine, given to purchasers.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothign hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heariness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful disease occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S

PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. — PRICES REDUCED $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

NEWSPAPERS.

CHEAP BOOKS, ANNUALS. TOY BOOKS,

Fancy Goods, Stationery, &c.,

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN.

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20, 1858.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair suburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added, to them, by hair falling of the top of my head, and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly, to arrest the falling of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dye. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling of arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives, to pay a graft by my example, and use it if growing gray or getting bald. Very Respectfully,

BENJ. F. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Slamaston, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since it commenced to leave it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly,

WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our southern papers you will get more patronage south, that will repay of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a remedy.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 50 per cent. more in proportion, and retails for $3 a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Scrofula, Salt Rheum, Erysipelas, Cancker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion. Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole period of his study and practice of medicine. Price $1.00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a visit from that distressing complaint, to use it freely. MARY E. CURRIER.

I know the above testimony by my wife with regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. CURRIER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found more relief by using Dr. Swett's Cough Drops than from all other medicines put together, though I have tried many. MARY E. CURRIER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would similarly recommend to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. ELIZABETH CURRIER.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and difficulty of voice, after preaching or labors. I wish by this card to say to them, and to all others affected, that the cough drops, prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering preacher take a phial and try it. EZR. KEWIN BURNHAM.

EXETER, July 20, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. SAMUEL CURRIER.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very bad cases of phthisic in our family, than from all other medicines put together

THOMAS CURRIER,
SALLY CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

DR. SIMEON SWETT'S MEDICINES

constantly for sale at his residence in

THE SHILLING SONG BOOK.

A collection of 175 of the most favorite National, Patriotic, Sentimental and Comic Songs and Ballads of the day. Published by O. Ditson & Co., and for sale by

JOSEPH H. FOSTER.

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every medicine that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article will show the complaints will arise the very roots from which it is distilled being dug from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—It is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure cure. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the most reliable in all cases. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 33 Maiden Lane, New York

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the combined skill of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, discovered the art of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Hoarseness, Palpitation of the Heart, Loss of Appetite, or Pain in the Side,* lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility,* or your sleep is broken and disturbed, if your Spirits are depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *ten drops.* If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia,* the patient can here find the most efficient aid. Persons who A benefit is always experienced after taking *only one bottle.* In *Male or Female Complaints or Weaknesses,* the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles.* The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children and adults* are immediately benefitted by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

THOMAS O. HOYT, Proprietor and Driver.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have seven commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Distance makes no difference.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.

Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

WITHOUT ADDITIONAL EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, U. S. District of Iowa.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Also, Reissues, Appeals, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by mail, for One Dollar. Assignments recorded at Washington.

☞ This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not unequaled by any other Agency in the country. For twenty years past, he has added to his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able to answer any question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners in the United States. I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more able to obtain a valid application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,

Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on twenty rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. **R. H. EDDY.**

" "	six months,	80.
" "	three months,	50.
" "	one week,	25.
Half Column, in Daily, per year,		80.
" "	six months,	50.
" "	three months,	30.

Business Cards, of not more than half a square, $6 per year.

All bills settled quarterly or semi-annually.

All Advertisements outside the regular legitimate business of the advertiser—such as real estate notices, advertisements of wants, notices of articles lost, &c.,—to be charged extra.

And all excess of space occupied above the amount contracted for, to be charged at one-half the above rates of transient advertising.

For Notices in editorial columns 10 cts. per line, each insertion. "Special Notices," 6 cts. per line, each insertion; per Square, double the rates of other advertising.

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS.

The Chronicle Office is open from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed—and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterwards strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be put inside the house door; or if necessarily left out, the bell to be rung.

If subscribers will promptly inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

Morning Chronicle.

THE YOUNG PRINCE OF ORANGE, who is expected to marry the English Princess Alice, being determined to "have his fling" before allowing himself to be bound in the chains of matrimony, lately had a "fast" time of it Paris, when on his way to see his *fiancee*. This came to the knowledge of his intended mother-in-law, and she prevailed upon his father, the King of Holland, to regulate him to Bordeaux. To the city of the Garonne he went, taking with him three handsome young women from the Grand Opera to temper exile, and make it endurable. These were taken from him, and at the end of four days he was again in Paris; whereupon he was ordered to pack up his traps and go to Cherbourg, where, though it is so near the the sea, it is supposed he will be safe from the songs of the sirens. The Princess Alice will probably like him none the less because of his "spree," ladies being partial to gentlemen who "are a little wild." The throne of Holland can't be perilled for such a trifle.—*Transcript.*

RETURNING TO SLAVERY.—The Cincinnati Commercial of Thursday last says: The Tecumseh yesterday took down a family of six persons, mulattoes on their way to Helena, Arkansas, to enter again the service of their old master. There was something remarkable and unusually attractive in the appearance of this group, who, despite the obvious tinge of the African in their complexion, were fine looking men and women, with graceful and well rounded forms, and eyes sparkling with intelligence. They were manumitted about six years ago, since which time they have been living in New York, and now, strange as it may seem, having tasted the sweets of liberty, voluntarily return to bondage.

The mother of Cassius M. Clay, a venerable Kentucky matron of eighty years old, or thereabout, was told of a report which had got abroad, that the zealous pro-slavery men of the country in which her son lives, had given him notice to quit.—"They need not give Cassius notice to quit," said the resolute old lady, "he will not go; and for my part I had rather see him without his head, than hear of his deserting the post of duty."

There have endless disputes about the distinction between pride and vanity. One fact is sufficient to show the vastness of the difference. Many men are almost pleased to be called proud. You can call no man vain without insulting him. Another surely sufficient distinction is, that the former is one of the principal guardians of women, and that the latter is one of their most frequent betrayers.

It seems to be quite common for churches when destitute of a pastor to ask the Lord to send them one; but when they want him to depart out of their coast, they assume that duty and responsibility, without asking the Lord's help.—*Ex.*

BEFORE AND AFTER.—A henpecked husband writes:—"Before marriage I fancied wedded life would be all sunshine, but afterwards I found out that it was all moonshine."

Closing out a large Stock of Clothing.

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

STEPHEN H. SIMES. JOHN S. RAND

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Like a putrid element it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children.
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse from the system so much revolting of the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND DISTRESSING INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills.
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthful vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find the health and energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what medicine to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec30 6m d&w

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, MARCH 1, 1860.

☞ One Richard Grindle, who runs a wood coaster from Sedgwick to Rockland, is now in jail at Bangor, having plead guilty to a charge of treatment to a young daughter on board his vessel, and elsewhere, too gross to be named here. He will doubtless go to the State's prison, as the evidence is very strong, aside from his plea of guilty.

BATHING.—Dr. Smith of Newburyport says he has bathed, by sponge, or shower, or plunge, for these twenty years—for nine years last past in the river or open sea.—And his large and world-wide experience and observation is decidedly in favor of the practice—those who reduce bathing to a system rarely suffering from cold or other sickness. He usually runs a couple of miles, uses flesh brush and towels, sometimes in severe snow storms and cold N. E. winds: takes no coffee, tea or spirituous drinks, or tobacco. Never feels cold after leaving the water; never suffers from cold; never has coughs; never had diseases of any kind—no aches; no pains.

His bathing time is by or before sunrise. He says cold baths should not be used at all times. He gives a good rule for guidance. Should reaction occur after bathing, it is a safe practice—not otherwise. No man can judge for another—every one may for himself. If, immediately after the shock, plunge or shower, a warm glow is diffused over the body, it is beneficial. A rent in one's coat, a fracture of a boot, damp feet, or a current or air, is often more dangerous, nay deadly fatal, than the entire submersion of the body in congealing water, or its exposure to freezing air. More risks are daily incurred by ladies with unprotected feet in one day, than in a winter's bathing.

Again: never bathe when fatigued. Exercise or circulate the blood by friction.—Never feel timid if there is reaction. Wipe dry. Should one go shivering to his bath like a galley slave scourged to his dungeon, he soon would wrap around him the drapery of death

☞ The striking shoemakers at Dover were to have a meeting on Monday evening, when John H. Wiggin was to be the speaker; and they are to have a grand mass meeting on Thursday evening, when strikers from Farmington, Rochester, &c., are to be present. The Traveller's correspondent says:

We have had conversation with several manufacturers, and they tell us that the strike will be of benefit to them, as they can now dispose of their stock, which has been largely accumulating.

There is one great fact which is observable here, and that is, the great excess of "farmer-jours" back in the country. New Hampshire is fully of them from the Navy Yard to Mount Washington. They take stock and make up the shoes on the farm in winter, and even late in the Spring.—at 25 per cent. *cheaper* than regular experienced jours in large towns. Shoes are made for 12 1-2 cents per pair by them which cannot be made in Dover for less than 25 cents by good hands. Also there are a number of "boy jours" who the past year have turned shoemakers, and by the injudicious action of some manufacturers, are learned pegging in a few days, and the lasting and fitting in a few months: then they take stock at reduced rates, which keeps the prices down, of course; and the best workmen must suffer. Then they learn more young men, their friends, in the same short space of time, and so the good old apprenticeship of a year or two is done away with.

A correspondent from Lynn says:—

I learn that one of the leading manufacturers yesterday sold to a southwestern dealer seventy-five cases of shoes at a greatly advanced price, and that orders are constantly being received from the South and West.

Two bosses with whom I conversed last night spoke favorably of the strike, altho' in every previous conversation I have had them they opposed it.

Woodin, the expressman who was so badly hurt in the row on Exchange street, by the strikers, a few days since, is, I learn, at Newburyport, confined to his bed and in a critical condition. It is feared he will not live. The City Marshal has the name of the assaulter.

☞ Hon. Henry A. Edmundson of Virginia, who made the assault upon Mr. Hickman, at Washington, a few days since, is a large, gross man, coarse in manners and person. The Tribune says that in 1856, he was so disgracefully intoxicated on the floor of the House of Representatives that he had to be carried out by his friends.

Edmundson is to have a Palmetto cane, from Columbia, S. C., by way of reward for his assault on Mr. Hickman. He deserves more—that is, a caning.

☞ Shipbuilding revives a little as an increased demand for ships encourages the merchants. Mr. John Currier, Newburyport, has laid the keels for two ships of a thousand tons each—and several small vessels have been commenced on the Merrimac.

"Dick, why don't you turn that Buffalo robe t'other side out? The hair side is the warmest." "Bah! Tom, don't you suppose the animal knew how to wear its own hide?"

THE MISER'S COFFIN.

Messrs. Editors:—I thought it might be interesting to you and your readers, to have a few additional items to what you have already published, concerning that rich miser in Auburn, N. Y., who has a stone coffin prepared for himself. I was once acquainted with the man. His name is Wooden.—The first time I saw him was on a Fourth of July, more than 25 years ago.

It was announced that blasphemer Wooden was going to ride through town dressed in uniform, to spite the Presbyterians for prosecuting him for blasphemy. At the hour appointed he appeared on horseback—and, sure enough it *was* a uniform. I will not attempt to describe it, but one thing I remember, and that was a horn on each side of his head and a flag behind, which made fine sport for the boys, who followed him as far as he went, saluting him with fire-crackers, &c.

He was at that time, and for many years after, confined to the limits of the corporation, for refusing to pay his fine—and never left it on a week-day while I knew him, but would busy himself with sawing wood, working in gardens, &c. As an instance of his fidelity, it is related that a gentleman owned a garden part on each side of the corporation line; the old man went and worked the part inside, but could not be persuaded to go over the line.

His coffin was made in the Auburn prison. It is dug out of a solid granite rock, with a lid or cover of the same, fastened down by large iron bolts running through it. After it was all completed, he got in and tried it as coolly as he would sit down to his dinner.

It was a long time after the coffin was made before he could decide whether he would be sunk in the middle of Owasco lake, or be buried. If buried, he wanted to be buried so deep that the Lord could not find him, but it seems by your notice that he has decided at last to be sunk in the lake.

That it requires twelve yoke of oxen to move his coffin, I think is an error; but it is more like he has agreed to give this man a farm (as you mentioned) to use twelve oxen to convey him to the lake. But what is all this for? I answer, it was done to defy a resurrection; he is determined never to be raised from the dead. But I think it is more than probable that the Lord will keep him alive till he comes the second time to judge the world, and so bring the poor man to judgment before he has an opportunity to be buried or cast into that lake of water. E. A.....

☞ A great fire took place in Amoskeag, the farming part of Manchester, on Monday evening, at the former tavern stand of Col. Daniel Farmer, by which a large stable and two barns were destroyed. A man went to the stable with a fluid lantern to feed the horses. A calf had got loose and was covered in the straw on the floor. It jumped up and knocked the lantern, breaking it, and the scattered fluid set on fire everything near by. The flames spread with immense rapidity, but the nine horses, and all the other live stock were got out before it was too late. There were 40 head of cattle, and 4 hogs, which were under the stable at the time, but had an underground canal for their use, running from the stable to the barns, and they knew enough to take to it.

The stable was very large, and contained much valuable property; the loss was some $7,000 or $8,000. The house and furniture were saved by the steam engine, but damaged by water.

☞ Prof. C. A. Goodrich of New Haven, died on Saturday, in the seventieth year of his age. He was known chiefly to the public through his admirable work on British Eloquence, and his valuable services in editing, revising and enlarging the later editions of Webster's Dictionary. He was for many years Professor of Rhetoric and Oratory in Yale College, and he has been, since 1839, Professor of the Pastoral Charge in the Theological Seminary.

☞ The editor of the old New York Spirit of the Times relates a singular circumstance which occurred lately in Virginia. A large hawk made an attack upon some chickens, when the old hen—a game one—seized the intruder, and after a desperate encounter left him dead upon the field. The hawk weighed about four pounds. "Blood will tell."

☞ The Boston Musical Times is the title of a new sixteen page paper, to be published semi monthly by Russell & Tolman, the well known enterprising music dealers of that city. The first number looks well, and gives promise of being a vigorous and healthy exponent of musical taste and news.

☞ The Arterian Well, in Worcester, has reached the depth of 159 feet, of which the last five feet have been in a strata of black lead. The 80 feet above it was in solid rock.

☞ I. M. Singer & Co. had a suit against Ladd, Webster & Co. for infringing their Sewing Machine patent. It has just been decided in the U. S. District Court at Baltimore, in favor of the defendants.

CONGRESS.

CONGRESS, Feb. 28.—*Senate.*—On motion of Mr. Mason, a resolution was adopted, calling upon the President to furnish a copy of any report made by Commissioners for making boundaries between the United States and Great Britain.

The hour of meeting was fixed, on and after Thursday, at 12 o'clock noon.

Mr. Davis moved to take up the bill authorizing the sale of arms to States and regulating the appointment of superintendents of public armories. The question being on the amendment to appoint Superintendents of armories from the officers of the Ordnance corps.

Mr. Hale opposed it. He had examined the studies of the students of military academies, and found that they contain nothing to fit them for these posts.

Mr. Davis said the Senator's remarks had no application to the bill.

The Senate then went into executive session. Adjourned.

House.—Mr. Millson ineffectually endeavored to introduce a resolution providing for the election of a Chaplain to-morrow.

Mr. Sherman, from the Committee on ways and Means, reported a bill, providing that it shall be the duty of the President to cause his annual message and executive documents to be printed, and copies delivered to the Secretary of the Senate and Clerk of the House, in time for distribution at the commencement of each session of Congress; that said printing shall be executed by the printer of the Senate, and the printer of the House, at the rates prescribed by law; *provided* that one half the sum allowed for composition be allowed to each, and no more. It is also provide that 10,000 additional copies of the message and reports proper of the departments and bureaus, omitting the statistics, be printed for the use of the Senate, and 25,000 for the House, and for each 5000 of the complete documents in addition.

The bill was referred to the Committee on Printing.

Mr. Sherman also reported a bill proposing, in place of the present mileage to members of Congress, to allow twenty cents per mile, to be computed by straight geographical lines, and repealing all acts and parts of acts on this subject.

After some debate the House refused to take the bill—24 against 149; and also refused to refer it to the Committee of the Whole, by 77 to 107. Finally Mr. Sherman's bill was adopted—125 to 44—as a substitute for the original.

Mr. Sherman moved the previous question on the final passage of the bill.

Further proceedings were interrupted by Mr. Ruffin rising to a privileged question. His name upon the last vote for Printer yesterday was not upon the journal. He wished to enter his motion to correct it.

This movement created much interest all over the Hall. By the entering of C. W. Ruffin's name for Mr. Glosbrenner, the election would be vitiated, as Mr. Ford obtained only a sufficient number to effect a choice, according to the announcement.

Mr. Sherman insisted that his own motion should be put first.

Mr. Ruffin said he would hereafter bring up his question. Adjourned.

☞ Tuesday evening's items from Washington intimate that Col. Lee, of the U. S. Army in Texas, is ordered to pursue Cortinas and take him, anywhere, even though it be in Mexico.

Senator Mason means to press the Mexican treaty daily, till he gets a vote on it.

The John Brown Committee have examined Horace White, formerly a Secretary of the National Kansas Committee. He knows all about Kansas, but nothing of Harper's Ferry.

DEMOCRATIC CONVENTION.—*Baltimore, Feb.* 28.—The Democratic Convention met last night, for the purpose of choosing eleven delegates to represent the city in the State Convention, which meets in this city in March, to choose delegates at large to the Charleston Convention. The convention elected nine Douglas, and two administration delegates. Resolutions were also passed, by a vote of 53 to 26, declaring Mr. Douglas the first choice of the Democratic party of Baltimore, as nominee of the Charleston Convention, and also sustaining the action of the Fourth Congressional Convention, which elected Robert J. Brent and Thomas M. L. Mahoney, who are Douglas men, to Charleston. The Convention adjourned sine die, with three cheers for Douglas.

The true gentleman, as he respects himself, so he respects his fellow-men and God's image in them all; no true gentleman will ever deliberately, wantonly, or needlessly, wound the feeling of others, trample on their self-respect or self-love, nor in any way discompose them, put them out of countenance, or make them ill at ease.

LEAP YEAR.—Speaking of the ladies' invites to parties, &c. the Boston Sat. Eve. Gazette says that such parties differ from the masculine in this, that no lady ever invites more than one gentleman.

A poet says the wind kisses the waves.—That is probably the kiss for a blow which is so highly commended.

THE YOUNGEST BROWN.—A few days ago, the widow of Oliver Brown, who was killed at Harper's Ferry, son of Old John Brown, gave birth at North Elba, N. Y., to a daughter. The child only lived four days. The widow is but little over seventeen years of age.

Those who leave a lucrative business, or an honest business if not lucrative, and enter the theatre of party politics, to take part in its "comedy of errors," are sure to be crowned with one kind of official honors. They seldom fail to be *Just-asses* of the *Piece!—Bath Times.*

ST. LOUIS, Feb. 28.—The bill abolishing slavery in Kansas, which was vetoed by Gov. Medary, has been passed over his veto, by a vote of 30 to 70,

What key opens the gate to misery?—Whis-key.

NEWSPAPERS,

CHEAP BOOKS, ANNUALS, TOY BOOKS,

Fancy Goods, Stationery, &c.,

may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability.—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

and keeps constantly for sale, a fresh supply and good assortment of

CHOICE FAMILY BREAD.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 23, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co.—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan P. Rowe, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontiorumonos.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

Has readily cured or effectually relieved, in numerous cases in various parts of New England, the following complaints, viz: Neuralgia, Sore Throat, Croup, Chapped Hands, Chilblains, Cuts, Bruises, Sprains, Burns, Scalds, Spider Bites, Sore Breasts, Erysipelas, Frost Bites, Dysentery, Colic, Cramp in the Stomach or Limbs, Rheumatism, Ague, Toothache, &c. The above complaints may either be relieved or cured in a few minutes.

THE OLD WAREHOUSE.

A gentleman who used to be a clerk in the store of Mark Simes, Esq., has handed us the following account of the old warehouse on Church Point, which was destroyed by fire on Friday night.

Many readers who have passed the age of three-score will recollect the different and unprofitable business generally carried on in the building just destroyed. It was built about the year 1800, by Mark Simes and Capt. Thomas Lunt, for a flour and corn store, and so occupied by Mark Simes until the war of 1812, as the only flour store in Portsmouth. Since then the sugar refining business was commenced in it, which proved unfortunate, as all the capital was sunk. After that the business of making starch from potatoes by Daniel Brown began in it, and also proved a total loss. Next the Portsmouth Iron Foundry was there established by a company with a large capital, which, after two or three years, was likewise all sunk. It was next occupied by Jasper Crane as a stocking factory, which also failed. Lastly, it was purchased by B. F. Webster for a carpenter's shop, and owned by him at the time it was destroyed.

So it may be truly said to have been a building doomed to misfortune from the beginning to the end of it. One other misfortune about this building we will mention.—Fifty years ago a cargo of Russia iron, belonging to Wm. Gray, of Salem, was stored in it, and it was taken out and loaded on a gondola in the dock, when one night the craft filling, it slid off the bank and brought up in the middle of the Piscataqua, some sixty feet under water. Messrs. Clifford & Tripe of Exeter went to the bottom in a diving bell, and recovered most of it. The wicked boys of that day (like all their successors since) parodied a hymn used by Elias Smith, and would stand on the wharf, while the bell was descending, and sing it. The first verse was:

Attend, ye saints, and hear me tell
The wonders of the diving bell;
How Tripe & Clifford went down to hell,
And brought up iron and nails to sell.
Oh, join this blessed union. J. F.

Messrs. Editors:—The undesired publicity given by your correspondent "H." to the fact that a Masquerade and Fancy Dress Ball is in course of preparation by some of the dancers of this city, rendering misapprehension probable—it seems proper that we should state that the ball is intended to be strictly *private*, special tickets having been issued, and particular instructions given to admit only the limited number of persons who procured them. Spectators and non-holders of tickets will therefore be rigidly excluded. W.

☞ Mr. Isaac W. Ambler, a reformed man and a religious man, earnest and zealous in the reformation of those who, like himself, have been lost in intemperance, is now in Portsmouth, offering for sale a neat volume, his own Biography, written for him at his dictation.

Mr. Ambler is the City Missionary at Biddeford, Me., from whence he brings the best testimonials, signed by leading citizens and his book contains descriptions of many troubles through which intemperance has led him, with a great deal of interesting matter besides. It is written with the avowed purpose of procuring an education for its subject, by its sale; and the purchaser may feel assured that the pay for the book goes to help a worthy object, while he gets its worth in reading which will affect his best feelings.

☞ The Glass Blowers have offered a prize of a glass Speaking Trumpet, to be presented to that Fire Company, which sells the largest number of tickets before the entertainment, which is next Saturday evening. It may be seen at Bennett's Jewelry Store. Also the audience are to be presented with fifty prizes, valued from 25 cents to $5 each.

WASHINGTON, Feb. 27.—(Tribune cor.) After disposing of the morning business, the Senate went into executive session upon the Mexican treaty.

Mr. Mason had brought himself with some reluctance to approve the project, because it seemed to favor a departure from the settled policy of the government, which he would never consent to sanction. But in view of the state of anarchy which existed in Mexico, he was willing to make the experiment.

Mr. Wigfall followed in an able and effective speech, denouncing the whole scheme as unworthy of countenance or toleration. There was no government in Mexico capable of making a treaty, or carrying out its stipulations, if made. We did not want Mexico, or her mongrel population. Juarez and his Indian crew could not govern themselves.

Mr. Pugh objected to some of the commercial provisions, as favoring certain interests over others, but was willing to take the treaty if amended in these particulars.

Mr. Simmons of R. I. closed the discussion in one of his strong and conclusive practical arguments, exposing the sophistries of the alleged commercial advantages.

The subject is postponed till Thursday, Mr. Seward having the floor to-morrow.—The treaty is as dead as Julius Caesar.

RECEIPT FOR HAPPINESS.—Go without your dinner, and see if you don't feel happy when it comes supper-time.

MARRIED.

In Kingston, by Rev. N. L. Fletcher, Mr. Joseph W. Brickett, of Kingston, to Miss Sarah E Wood, of Fremont.

SPIRITUALISM.

A TRANCE-SPEAKING MEDIUM will deliver an address at MERCANTILE HALL, on SUNDAY afternoon and evening, March 4th. Seats free—collection taken.

TIME OF THE REPUBLICAN NATIONAL CONVENTION CHANGED.—*Albany, Feb.* 28. The question of the propriety of changing the time of holding the Republican National Convention having been submitted to the members of the Republican National Committee, and their views having been communicated by letter, it is determined, in accordance with the wishes of a majority thereof, that the said Convention be held on Wednesday, the 16th of May next.

EDWIN D. MORGAN, Chairman.
Wm. M. Chase, Secretary.

☞ The journeymen painters of Lynn gave the striking shoemakers a banner, on Wednesday. 100 men, probably shoemakers, were digging clams in Saugus river.

At a meeting of the strikers at Haverhill, on Wednesday, Mr. Cooper reported that no manufacturer had signed the bill of wages, but wanted modification in the list.—An alteration of the list was discussed, when it was voted not to change it.

☞ The Beloit, Wis., Herald & Times, has become a republican paper, changed its name to the Beloit Courier, and dressed itself up in new type.

MADAME DUBOIS,

THE CELEBRATED ASTROLOGIST,

To accommodate her numerous visitors, will remain a short time longer in this city. She will give information in relation to the *Past, Present and Future* events of Life. Also the *Prospective Position in Life*, the progress or drawbacks of position in the *Married State*; *Pecuniary Prospects*, and in fact all things pertaining to our sublunary existence.

MADAME DUBOIS has Room No. 1, CITY HOTEL, where she can be consulted from 9½ A. M. to 9½ P. M.

TERMS—Ladies 25 cents; Gentlemen 50 cents

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, Examiner of 1857.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him t. accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to prepare their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made twenty rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. R. H. EDDY.

Wheeler & Wilson's

SEWING MACHINES.

—THE—

WHEELER & WILSON M'F'G CO.

Invite the attention, of Seamstresses, Housekeepers, Dressmakers, Tailors, Manufacturers of Shirts, &c., to the perfect adaptation and unrivalled excellence of these Sewing Machines for their use. Their extensive and increasing sale, and the unanimous commendation that they have received, warrant the Company in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, fitted to adorn the parlor, and suited to the workshop—applicable alike to the use of the family and the manufacturer. Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting, as they do, healthful exercises and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as Woman's Friend.

Among their undoubted advantages are—

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

The Lock Stitch made by this machine is the only stitch that cannot be ravelled, and that presents the same appearance each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

Economy of Sewing Machines.

The Wheeler & Wilson Sewing Machine Company has prepared tables showing by actual experiment of four different workers, the time required to stitch each part of a garment by hand, and with their Sewing Machine. The superiority of the work done by the Machine, and the healthfulness of the employment are advantages quite as great as the saving of time. Subjoined, is a summary of several of the tables—

	BY MACHINE. Hours	Min.	BY HAND. Hours	Min.
Gentlemen's Shirts,	1	16	14	20
Frock Coats,	3	38	16	35
Satin Vests,	1	14	7	10
Linen "		48	5	14
Cloth Pants,		51	5	10
Summer "		33	2	50
Silk Dress,	1	13	10	22
Merino Dress,	1	4	8	27
Calico Dress,		57	6	37
Chemise,	1	1	10	31
Morcen Skirt,		33	7	28
Muslin "		30	6	1
Night Dress,	1	7	10	2
Drawers,		28	5	6
Silk Apron,		15	4	16
Plain "		9	1	26

Seams of any considerable length are stitched, ordinarily, at the rate of a yard a minute.

By the sworn statements made by the several Sewing Machine Manufacturing Companies, it is shown that the

WHEELER & WILSON MANUF'G CO.

during the past year,

made more than double the number of Machines of any other establishment, and were still unable to supply orders!

They have won the highest premiums at the Fair of the United States Agricultural Society;—at the State Fairs of Maine, Vermont, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Mississippi, Missouri, Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, California, and at the Fairs of the American Institute, New York; Mechanics' Association, Boston; Franklin Institute, Philadelphia; Mechanics' Institute, Baltimore; Metropolitan Mechanics' Institute, Washington; Mechanics' Association, Cincinnati; Kentucky Institute, Louisville; Mechanical Association, St. Louis; Mechanics' Institute, San Francisco; and at hundreds of County Fairs.

These machines have been used by many families in this city for several years, all of whom pronounce them to be the perfection of a Sewing Machine. Full instruction in the working of the Machine, given to purchasers.

CHAS. C. HARVEY,

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothign hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

E. A. STEVENS'

House Furnishing Establishment,

NO. 46 MARKET STREET.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water into which as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.

made upon the same principle as the Coffee-pots.

WOOD'S

PATENT COFFEE-ROASTER.

A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.

It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

GROVER & BAKER'S

Celebrated Family Sewing Machines.

NEW STYLES. — PRICES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE

GROVER & BAKER

SEWING MACHINE COMPANY

Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and durably, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

LINES

ON THE DEATH OF MRS. HARRIET LAIGHTON, who died in Sudbury, Mass., Feb. 20, 1859.

Slumber on, beautiful woman, in thy robe of
sadness,
It is only the casket, moulded in nature's perfec
tion;
The wisdom that made it, the power that moved
it,
Is still the God of Heaven and Earth.
The forests are waving with life and with vigor,
All nature is teaching God's power in earth.

Slumber on, beautiful woman, thy robe is not all
sadness,
The rose in thy bosom, the garlands of friend-
ship;
Tell man, the wisdom that gave them their thats
of gladness,
Is still the God of Heaven and Earth.
The forests are waving with life and with vigor,
All nature is teaching God's power in earth.

Slumber on, beautiful woman, thy sleep is not
sadness,
Nature is sleep, is life in God's being;
The death of the body is the life of the soul.—
For Jesus has taught it in God's Holy Word
The forests are waving with life and with vigor,
All nature is teaching God's power in earth.

Slumber on, beautiful woman, death is not
sadness,
The darkness of earth is the light of the soul;
The secrets of nature are darkness to light,
Hid from man's vision until the new birth.
The forests are waving with life and with vigor,
All nature is teaching God's power in earth.

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN.

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you not to read it.

47 Wall Street, New York, Dec. 20, 1858.

GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dye. I was however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her, am I strongly recommended to pay her back value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,

BENJ. A. ALEXANDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Sumaston, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly,

WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood:—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1853, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion, and retails at $1 75 per bottle; two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3 a bottle.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Ulcer in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1,00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the stomach and side, Piles, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for Rheumatism that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His Conserve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents per bottle.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a visit from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of my wife's wife regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found nothing to relieve me like Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MIXER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops. I therefore would sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine in my knowledge. EZRA CUMMINGS.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish by this card to say to them, and to all others who feel the want of a good cough prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering person take a phial and try it. Ed. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaints of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, in very hard coughs, than from any other medicines put together

On account of the numerous frauds and impositions on Travellers, those bound to California are cautioned to buy tickets at the only authorized agencies of the N. A. & P. M. S. Co.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama; and Tickets thus signed, can be obtained at the only Authorized Agency for the N. A. & P. M. Steamship Companies, where State Rooms and Berths can be secured, viz: at the old established Office, well known for ten years past,

16 Broad Street, Boston,

C. L. BARTLETT.

☞ *Be sure to Observe the name and No.*

Boston, Nov. 18, 1859. 1yeod

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every other preparation that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who has had more much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show the very roots from which it is distilled being dug from the fields under the direction of Dr. Eaton; many of them by his own hands. Fourthly—It is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is the best merit over every other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING, such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and be ing a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it costs no more than other preparations of merit, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 35 Maiden Lane, New York

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, never been able to say of it, what we have of any other medicine, — NEVER HAS IT FAILED, in one INSTANCE, TO EFFECT A CURE, when timely used. Never, or did we know an instance of dissatisfaction by any one who tried it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak, in this matter, *what we do know*, after many years experience, and *pledge our reputation for the truth of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success*, in THOUSANDS OF CASES.

It not only relieves the child from pain, but it also invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY IN THE WORLD IN ALL CASES OF DYSENTERY AND DIARRHŒA, IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints, *do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be ABSOLUTELY SURE to follow the use of this medicine, if timely used. We believe it to be the best medicine in the world, when used according to the directions, and will cheerfully refund the money to any one who may be dissatisfied in its operation, and we will make the same statement respecting CURTIS & PERKINS' Teething Syrup, which we know to be a *reliable article.*

Sold by Druggists throughout the United States, at 25 cents per bottle.

Principal Office, No. 13 Cedar-st. New York.

Price only 25 cents per bottle.

Ayer's Cherry Pectoral.

THOMAS O. HOYT, Proprietor and Driver.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that every thing connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons are a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and orders can be deposited in the GOVERNMENT POST OFFICE STAMPED ENVELOPE, or the Express Company cannot receive them.

jy11 No. 47 Congress St., Portsmouth, N. H.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself, the physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the principles of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. A NEW SYSTEM was the product of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Headache, Palpitation of the Heart, Loss of Appetite, or Pain in the Side*, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your sleep is broken and disturbed, if your Spirits are depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *ten drops*. If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia*, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle*. In *Male or Female Complaints or Weaknesses*, the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles*. The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children and adults* are immediately benefitted by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS.

The Chronicle Office is open from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed—and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterwards "carried or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the door. All left at residences, to be placed in the storm-house, if any; and if none, to be put inside the house door, or if necessarily left out, the bell to be rung.

If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that we have complied with our part, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when we have left them to be delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

NEWSPAPERS.
CHEAP BOOKS, ANNUALS, TOY BOOKS,
Fancy Goods, Stationery, &c.,
may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability.—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.
Consumption in the first stage, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

STEPHEN H. SIMES. JOHN S. RAND

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor where one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children, and children of the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed subercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is compounded from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the means of ridding the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but for those other affections which arise from it, such as
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOLOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "purifying the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.
Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search out and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a diuner Pill, and for Purifying the blood.
Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over *every* other medicine of *its* kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what medote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. R. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec20 6m d&w

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, MARCH 2, 1860.

SEWARD'S SPEECH.—The principal business in the U. S. Senate, Wednesday, Feb. 27, was to listen to Mr. Seward's speech, which occupies about five columns in the Boston Post. The Post says of it:

It is a defensive speech. The waning fortunes of the Republican party only could have elicited from its lawgiver an elaborate defense of its position before the country.

The Atlas says:

It is a powerful speech. It is cool and dispassionate, not excited and fiery.

We say it is a speech sustaining liberty and union, free debate and human rights. Mr. Seward says he learned of Jefferson, and says:

Thomas Jefferson addressed Dr. Price, an Englishman, on his treatise on emancipation in America, in this fashion:

"Southward of the Chesapeake, your book will find but few readers concurring with it in sentiment on the subject of slavery. From the mouth to the head of the Chesapeake, the bulk of the people will approve it in theory, and it will find a respectable minority ready to adopt it in practice; a minority which, for worth and weight of character, preponderates against the greater number who have not the courage to divest their families of a property which, however, keeps their consciences unquiet. Northward of the Chesapeake, you may find here and there an opponent to your doctrine, as you may find here and there a robber or a murderer; but in no greater number." * *

"This [Virginia] is the next State to which we may turn our eyes for the interesting spectacle of justice in conflict with avarice and oppression—a conflict where the sacred side is daily gaining new recruits from the influx into office of young men, grown and growing up." * * * *

"Be not, then, discouraged. What you have written will do a great deal of good; and could you still trouble yourself about our welfare, no man is more able to help the laboring side."

CONGRESS.—A flaw has been discovered in the election of Gov. Ford as printer, and the House has again set with renewed energy about the occupation of balloting. Mr. Ruffin of North Carolina has discovered that his name was not registered in the election, and the Speaker has declared the election vitiated.

On Wednesday, Feb. 29, after discussion, the House ordered the journal to be corrected, when the Speaker declared that the election would be considered a nullity, and the House would proceed to vote for a Printer. The House voted. Whole number, 180; necessary to choice, 91; Ford had 87, Glosbrenner 78, Seaton 9, Winton 2, Ball 3, Ritchie 1.

All but about a dozen members went to the Senate Chamber.

In the Senate, the galleries were densely crowded and the heat excessive.

The invalid pension bill was reported and passed.

Mr. Gwin reported the Military Academy bill, without amendment, and it was laid aside.

Mr. Seward moved that the bill for the admission of Kansas be put upon its second reading. Carried.

By consent, Mr. Mason offered a resolution that the President communicate every message received from the Governor of Texas, relative to the disturbances on the Rio Grande. Adopted.

Mr. Seward presented a memorial of the Legislature of Kansas, praying for admission into the Union.

Mr. Seward then addressed the Senate.

The Senate was in session till half-past 6 o'clock.

After Mr. Seward's speech there was a long debate, in which Douglas, Davis, Doolittle, Trumbull and Wigfall participated, when the subject was postponed till Monday. Adjourned.

☞ In Congress, Hon. Eli Thayer proposes to introduce a bill for the discontinuance of the clause in the act establishing new States, by which they are prohibited from taxing the lands of non-residents at higher rates than the lands of residents.—This will be check to the speculators, who buy up lands in the territories at a dollar and a quarter an acre, and hold it until they can sell it at twenty.

☞ Cortinas is in possession of the west bank of the Rio Grande, and continues his depredations in Texas. Captain Storeman's cavalry and Capt. Towle's rangers are guarding the borders to the extent of their ability.

☞ The Grand Jury of Campbell county, Kentucky, found bills recently against a number of persons—about twenty—for a riot, in the destruction of Mr. Bailey's paper, the Free South.

☞ Enoch Ward, a boy 9 years of age, was drowned in Lamprey river, near the raceway of No. 2 Mill on Monday, and the current being very strong at the time, the body could not be recovered.

☞ A portion of the Union cotton press, in New Orleans, with some 1000 bales of cotton, was burnt on Tuesday morning.—Loss $50,000.

☞ The Senate of Ohio has passed a bill to punish kidnapping in that State.—The crime is one that has long been carried on in several free States.

WRECK OF THE HUNGARIAN.—*Barrington Feb.* 29.—I have just returned from the wreck—found nothing above water but the starboard bow from the break of the forecastle—all abaft of that is gone, excepting fifteen feet of the stern close aft—both parts laying with a heavy list.

No more bodies have yet been found.—From what I can learn from the fishermen, all must have gone to the eastward, about Port Letour, for which place I start this morning.

From all that I can see or learn of the goods, nothing has been on shore whole.—The packages have been all broken up, taken into boats in pieces, and carried into the fishermen's houses. I have not seen a whole case or bale all round the Island of Sable. A great many loose letters were found at the different houses—had them all collected and brought here; also twelve or fifteen bags at the post-office, open.

Have issued notice to all persons having wrecked goods to bring them here, put them on shore, and have them surveyed.

There is a diver here from Yarmouth, but he has not been able to do anything.

Have seen no passengers' effects that could be identified.

(Signed) ANDREW CRAWFORD.

FROM EUROPE, BY THE JURA.—*London, Feb.* 11—noon.—Prince Alexander Von Hesse is going so St. Petersburg, on a special mission to the Emperor Alexander.

The Vienna correspondent of the Times reports that Austria is about to make another attempt to bring about a coalition between Russia, Prussia and herself.

Orders were sent from Paris by telegraph to the prefects and sub-prefects in all the departments to interdict the publication of the last letter of the Bishop of Orleans, as very bad effects on the public mind were anticipated.

The Paris correspondent of the Times, says that orders were given on Thursday morning to the newspapers not to allude any more to the annexation of Savoy to France, but in the afternoon counter orders were given, and the papers were instructed to write it up as before.

COCHECO POLKA.—We are indebted to our old friend Warren K. Day, of Dover, for a copy of a new and pretty Polka, dubbed the Cocheco—of which he is the composer. It is inscribed "To the Teachers and Pupils of Dover High School," and is embellished with a beautiful picture of that building—which, by the way, is located in one of the neatest places for a school-house, that we ever saw.

AFFLICTING DEATH OF A CHILD.—The New York Tribune gives an account of the death of the little daughter of James Stephens, executed at New York last week for poisoning his wife. The child was eight years old; and her ailment, according to the testimony of her physician, was 'trouble.'

The Bath Times says that heaven, earth, h—l, and the post office were moved in Lawrence, a few nights since to secure anti-Douglas delegates; and the result was, a double set. Now, pray Mr. Times, tell us which set came from the "bad place."—*Ellsworth American.*

Nothing easier; the set from "h—l *and* the post office" was headed by a postmaster. We regret to say "heaven and earth" were voted *down*, and the other places were in the ascendant.—*Times.*

☞ Mr. William Forbes, of Newburyport, has relinquished his express to Gillett & Co. Mr. Forbes was one of the "Knights of the Whip" of the old Eastern Stage Company.

The Merrimack House, Newburyport, has also changed proprietors and landlords, Col. Charles Tuttle having sold to Capt. Charles W. Cary, his late Clerk.

READING, Pa., Feb. 29.—The Democratic State Convention met at noon. Geo. R. Smith and William P. Schell were nominated for temporary chairmen. Much confusion and excitement ensued, during which tellers were appointed. The vote stood: Smith, (anti-Lecompton), 69; Schell 58.

This is an index to the state of the party.

DEBT.—The first step in debt is like the first step in falsehood, almost involving the necessity of proceeding in the same course—debt following debt as lie follows lie.

☞ Rev. Mr. Mott, pastor of the Free-will Baptist church in Great Falls, has resigned his pastorate, having accepted a call from Lowell, Mass.

The Brooklyn Young Men's *Christian* Association have decided to erect a $500,000 building for their social meetings, library, reading room, &c., to incude a gymnasium and *bowling alley.*

☞ The Newburyport Railroad has been leased to the Boston & Maine, which will hereafter operate it on their own account.

The campaign in New Hampshire is being prosecuted with vigor. The Democrats are hopeful, and will give a good account of themselves.—*Bath Times.*

☞ The funeral of Rev. Jonathan Ward took place at the Congregational Meeting House in Brentwood, on Monday. Sermon by Rev. Dr. Bouton, of Concord.

"What," said a lady, "do you think of Platonic love?" "Ah, madam," said the gentleman, "it is like all tonics—very exciting."

☞ In Haverhill, Mass., the Boarding House keepers have *struck* against all boarders who don't pay. Some shoe-manufacturers agree not to employ any journeymen who are on the black list for non-payment.

ROCKINGHAM TEMPERANCE SOC.

The Rockingham County Temperance Society held its annual meeting at North Hampton, on Wednesday, Feb. 22, 1860, at 11 A. M. Prayer was offered by Rev. Mr. Stearns of Epping.

James Perkins of Hampton was chosen chairman, and T. H. Miller of Portsmouth, Secretary.

Rev. Messrs. Dinsmoor, Stearns and Chase were appointed a Committee of Nomination, and Rev. Messrs. Miller, Durgin and Colby a Committee on business.

Adj. to meet at half-past 1 in the Congregational Church.

The afternoon session was opened with prayer by Rev. Mr. Durgin of Hampton.

The Committee on Nomination brought in their list of officers, which, after amendment, was adopted as follows.

County Committee.—Rev. John Colby, Hampton; Rev. Ebenezer G. Parsons, Derry; Rev. J. H. Stearns, Epping; Rev. T. H. Miller, Portsmouth.

Derry District Committee.—Rev. E. G. Parsons, Derry; Rev. Wm. Page, Salem; Rev. H. O. Howland, Chester.

Deerfield District Committee. — Rev. J. Fullonton, Raymond; Rev. U. W. Condit, Deerfield; Rev. J. H. Stearns, Epping.

Exeter District Committee.—Rev. M. Peck and Rev. O. T. Lamphear, of Exeter; Rev. W. Fifield, So. New Market; Nathan H. Harvey, New Market.

Portsmouth District Committee.—Rev. T. H. Miller, Portsmouth; Rev. John Dinsmore, No. Hampton; Rev. Mr. Guernsey, Greenland.

TOWN COMMITTEES.

John Kelly, Atkinson.
Benj. Chase, Auburn.
Rev. Hugh McLeod, Brentwood.
E. P. Prescott, Candia.
Lucien Kent, Chester.
Aaron Quimby, Danville.
Judge Sinclair, Deerfield.
Chas. Parker, Derry.
Rev. J. M. Sanborn, East Kingston.
Levi Thompson, Epping.
Theodore Kellogg, Exeter.
Rev. J. Marsh, Fremont.
Elvin Newton, Gosport.
Rev. J. F. Adams, Greenland.
J. F. Ordway, Hampstead.
James Perkins, Hampton.
T. M. Prescott, Hampton Falls.
Geo. A. Chase, Kensington.
Rev. J. H. Mellish, Kingston.
Deacon Anderson, Londonderry.
Thomas Tarlton, New Castle.
Wm. Berry, Newington.
Timothy Murray, Newmarket.
Rev. S. Cook, Newton.
J. R. Leavitt, North Hampton.
Dudley F. Tucker, Northwood.
James H. Butler, Nottingham.
Stephen Badger, Plaistow.
Frederic W. Rogers, Portsmouth.
Jeremiah Fullonton, Raymond.
J. T. Walker, Rye.
E. C. Gordon, Salem.
Josiah Clough, Sandown.
Chas. Brown, Seabrook.
Geo. O. Paul, South New Market.
Rev. S. E. Brown, South Hampton.
D. W. Hatch, Stratham.
Dr. Weston, Windham.

The Committee on Business reported a series of Resolutions, which, after discussion and amendment, were passed as follows:

1. *Resolved*, That we renew our expression of devout thankfulness for the past success of temperance efforts; rejoice in the present benefit derived from them; and look forward with good hope for the future.

2. *Resolved*, That while we are thankful for all the restraints imposed upon intemperance by wholesome laws,—we must rely mainly on the influence of moral efforts.

3. *Resolved*, That associated and combined effort are specially called for to oppose an evil so destructive to social and domestic happiness and well being.

4. *Resolved*, That we request the ministers of the County to preach frequently on the subject of Temperance, and that we request all the Religious Bodies in the County, in their annual reports, conventions, etc., to note the progress of temperance, or intemperance, in the several towns,—and to keep the subject before the people and the churches, as an important branch of christian morals.

5. *Resolved*, That in our view, it is desirable to hold an adjourned meeting of this society at the same time and place with the Rockingham Conference of Congregational Churches.

In the discussion of the first resolution, facts were called for, and reports were made of the progress of temperance and intemperance in more than half the towns in the county,—going to show a decided improvement in many places, and the contrary in a few.

In the discussion of the other resolutions, a judicious and active friend of temperance suggested that the *small* towns generally would do well to avail themselves of the law of 1857, which allows them to dispense with a town agency. He named one case of great abuse in this office.

The 5th resolution was adopted, after full discussion, partly for the purpose of having two meetings a year, and partly to secure a report, which can be had at the Conference, from nearly or quite every town in the County.

The following resolution, favoring the formation of a State Society, was reported at the same time, but after discussion was postponed.

Resolved, That in our view it is expedient that a State Temperance Society be formed, which shall hold its Annual Meeting at the same time and place with the General Association; and that County or District Societies be formed in connection with the several County or District Conferences.

The Society was then adjourned to meet with the Rockingham Conference in June. [This meeting will probably take place at Epping.] T. H. MILLER, Sec.

SUPREME JUDICIAL COURT, DOVER.—Peter McGaw indicted for an aggravated assault upon George T. Wentworth in Sept. last. Verdict guilty; ordered to pay a fine of $100 and be imprisoned in jail for 3 months.

James Sherman, for keeping for sale intoxicating liquors. Verdict guilty; fined $50 and cost.

John Jones, for an aggravated assault on Joseph Brown at Middleton, in April, 1859, was ordered to pay a fine of $100 and be imprisoned in jail two months and pay cost of prosecution.

Paul C. Warren, for contempt, in not appearing to testify before the Grand Jury in a liquor case, was fined $50 and cost, and stands committed till paid.

Henry Curtis arraigned for passing counterfeit money, plead not guilty; afterwards retracted and plead *nolo contendere*. Sentenced 2 days solitary and 2 years in State Prison.

Patrick Hughes, John Horley, and Philip Cassiley, were each fined $50 and costs for violation of the Liquor Law.

Nathaniel Young ordered to pay a fine of $50 and costs for contempt, and stands committed till paid.

Daniel Rowe for highway robbery, 3 days solitary and 10 years in State Prison.

John Eaton, highway robbery, 3 days solitary and 7 years in State Prison.

John Sawyer, for contempt, in keeping witnesses from testifying before the Grand Jury; fined $100 and 30 days in jail.

The Court adjourned on Saturday, the 25th, after a session of eleven days—having taken *eighteen* verdicts in eight working days—a despatch of business seldom witnessed in our Courts. The Petit Jurors drawn for the third week were notified not to appear—a circumstance probably which has not occurred before "within the memory of the oldest inhabitant."—*Enquirer.*

☞ The Glass Blowers have offered a prize of a glass Speaking Trumpet, to be presented to that Fire Company, which sells the largest number of tickets before the entertainment, which is next Saturday evening. It may be seen at Bennett's Jewelry Store. Also the audience are to be presented with fifty prizes, valued from 25 cents to $5 each.

☞ At New York, a few days since, Mr. Peter Cooper, who was largely interested in the Atlantic Cable Company, showed some company a piece of the cable about three feet long, and quietly made the remark,—"Gentlemen, this little piece of cable cost me the full sum of $250,000."

☞ In the House, Washington, Feb. 29, Mr. Parrott presented the resolution of the Kansas Legislature, asking admission in the Union under the Wyandotte Constitution. Referred to the Committee on Territories.

BREAD STORE.

CYRUS PLUMER,

Has taken the Shop of the late AVERY PLUMER, No. 5 CHURCH STREET, REAR NORTH CHURCH,

and keeps constantly for sale, a fresh supply and good assortment of

CHOICE FAMILY BREAD.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.

S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co.—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results.

W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used it in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c.

H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17 1858.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of trusty medicines, and take great pleasure in recommending it to the afflicted.

W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having used Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.

A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON. and Wm. B. Fowle, J. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heartonfiorumenos.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the

CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, ensure the preservation of flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR JAMES CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a safe and safe remedy for Female Difficulties and Obstructions, from any cause whatever: and although a powerful remedy, it contains nothign hurtful to the constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 56 pills, by return mail.

Local.

CITY COUNCIL, THURSDAY Eve, Mch. 2.

In Convention,—John N. Frost, Geo. T. Vaughan and Wm. R. Martin were elected Port Wardens, on the first ballot.

In Both Boards,

The committee on the subject of placing gates at Liberty Bridge, to keep the water in Puddle Dock as a reservoir; reported that it is advisable to build gates under the Bridge, if the owners of property on the Dock do not object—the estimated probable cost being $600. The matter was recommitted to the committee, to make further investigations; and report in full.

A petition signed by I. Goodwin and many others, for a fire-bell on the new Cabot St. School House, was referred to joint committee on school-houses, in both Boards.

In Board of Aldermen, the resignations of Asst. Engineers S. G. Folsom and J. E. Rider, were accepted; and the recommendytson of the Board of Engineers that they be re-appointed to that office, was laid on the table for one week.

In Common Council.—A petition signed by Jones & Mendum and numerous others, to have one of the Fire engines removed from Court street to some part of High or Hanover streets, for the protection of that section of the city—was referred to a joint special committee:—the committee to report a suitable site for new locatioe; the cost of building; and whether the Hook & Ladder carriage be placed in the same.

The subject of appropriating $100 to lay water-pipes into the Engine Houses,—was referred to a joint special committee of three.

It was voted to revise City Ordinances, and print with Charter, Rules of Council, &c. Not to cost more than $100 for one hundred copies.

In accordance with a statement and suggestion from the Mayor—it was voted to instruct the Committee on City property, to inquire into the expediency of insuring the Poor House, High School House, &c., and report at what rate it can be done.

Samuel G. Folsom and John E. Rider resigned their seats as Councilmen—on account of their holding the offices of Assistant Engineers. Their resignations were not acted upon, but laid on the table for one week.

THE DEAD LOCK EXPLAINED.—Last week, a committee of the Aldermen, consisting of Messrs. Bufford, Jackson and Kimball, gave their reasons before the Board, stating why they did not concur with the Mayor in sundry appointments to City Offices.

At a meeting of the Mayor and Aldermen on Thursday evening, this week, Mayor Reding presented his view of the same subject, in an elaborate address, in which he sought to put himself right before the Board and the public,—in reply to the report of the Committee.

FIREMEN'S RELIEF ASSOCIATION.—At the annual meeting of the Trustees, on Wednesday evening, the following gentlemen were elected officers for the ensuing year:

J. G. Hadley, President; A. K. P. Deering, Vice President; J. E. Rider, Secretary; B. M. Parker, Treasurer.

A. K. P. Deering, J. E. Rider, John Norton, Albert Foye, B. M. Parker, Committee of Relief.

B. M. Parker, J. G. Hadley, A. K. P. Deering, Committee on Resources.

J. G. Hadley, B. M. Parker, T. J. Trafton, Committee on Funds.

THE PERJURY CASE.—Elias Taylor, complained of for perjury in swearing to the ownership of a buffalo robe proved to be the property of Mr. Hodgdon of Greenland, as stated before, was examined before Justice Nathan H. Harvey at New Market on Monday, and bound over in the sum of $800 for trial at the April term of the S. J. Court.

☞ The Portsmouth Gas Co. has recently declared a dividend of eight per cent., payable April 1st to stockholders Jan. 1st.

☞ The Eastern Railroad Co. have just placed on their road a new twenty-six-ton coal-burning locomotive, named the "Cape Ann," built at Taunton, Mass.

☞ William H. Hackett, Esq., of Portsmouth, has resigned the office of Deputy of the U. S. Marshal for the District of New Hampshire.

THE CHARITABLE CONCERT, on Sabbath evening, in aid of the City Mission, should not be forgotten. The programme is a very fine one, and has been rehearsed by members from the several choirs in the city, and we anticipate one of the best concerts ever given here. We hope the audience will be so large as to demand its repetition; as the labor necessarily bestowed upon the rendering of such a concert don't amply reward by once hearing. We trust trust the liberality of the wardens and parishioners of the Stone Church, in allowing the free use of their house on the occasion, and the united efforts of the choir, will be met by the general response of a benevolent public. P.

DIALOGUE BETWEEN A CITIZEN AND FIREMAN.—"Say, Charlie, what's your hurry, and what's the rush?" "Why, I am selling tickets for the Glass Exhibition, Saturday evening; and as for the rush, there will be a great rush. Everybody is going. Better have a ticket, Jake, and three or four for your family. We are bound to have the trumpet." "What trumpet?"—"Why, the glass trumpet, to be sure." "Yes, and what shall I get for my ticket?" "Why, a chance for one of fifty other prizes, valued from 25 cts. to $5, to be presented to the audience by numbers." "All right; I will take ten tickets."

☞ The Senate of Alabama, some time since, passed a joint resolution appropriating $50,000 to aid Virginia in defraying the expense of trying and hanging the Harper's Ferry conspirators. The resolution has been tabled in the House.

QUEBEC, Feb. 29.—Spencer Wood, the residence of the Governor General, was totally destroyed by fire last night. The building was the property of the Province, and was insured for about $20,000. It is supposed the fire originated in a defect in the heating apparatus.

PORTLAND, March 1.—The Maine Legislature, numbering 250, visit this city today, under the invitation of the city government to inspect the new government building, which is intended to accommodate the State government when they see fit to remove the Capitol from Augusta to this place. They were received by the city government, a military escort, and a drizzling easterly storm.

☞ The Bath Times says the new naval steamer recently constructed at the Mare Island Navy yard, San Francisco, it is said will prove a complete failure, owing to the total unfitness of the timber used in her construction.

MARRIED.

In Amesbury, 28th, Mr. Charles E. Plummer to Miss Sarah Moody Cook, youngest daughter of Rufus Cook, Esq., both of Newburyport.

DIED.

In this city, March 1st, Mr. JOHN W. RAND, aged 23 years, son of Nathaniel M. and Nancy W. Rand.

In this city, Feb. 28th, ALBERT BERRY, son of Robinson F. Berry, aged 6 years.

In Kittery, Me., Feb. 28th, at the residence of her son-in-law, Rev. Joel Wilson, Mrs. NANCY PAYNE, widow of the late Capt. Samuel Payne, of York, and mother of Rev. George Moore Payne, of Kittery. She was a pure minded christian, and her end was peace.

Portsmouth, March 1, 1860.

Wheeler & Wilson's
SEWING MACHINES.
—THE—
WHEELER & WILSON M'FG CO.

Invite the attention of Seamstresses, Housekeepers, Dressmakers, Tailors, Manufacturers of Shirts, &c., to the perfect adaptation and unrivalled excellence of these Sewing Machines for their uses. Their extensive and increasing sale, and the unanimous commendation that they have received, warrant the Company in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, fitted to adorn the parlor, and suited to the workshop—applicable alike to the use of the family and the manufacturer. Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting, as they do, healthful exercises and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as Woman's Friend.

Among their undoubted advantages are—

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers for confirmation of this opinion, to the thousands of families and manufacturers who use them.

The Lock Stitch made by this machine is the only stitch that cannot be ravelled, and that presents the same appearance each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

Economy of Sewing Machines.

The Wheeler & Wilson Sewing Machine Company has prepared tables showing by actual experiment of four different workers, the time required to stitch each part of a garment by hand, and with their Sewing Machine. The superiority of the work done by the Machine, and the healthfulness of the employment are advantages quite as great as the saving of time. Subjoined, is a summary of several of the tables—

	BY MACHINE. Hours	Min.	BY HAND. Hours	Min.
Gentlemen's Shirts,	1	16	14	29
Frock Coats,	2	36	16	35
Satin Vests,	1	14	7	10
Linen "		48	5	14
Cloth Pants,		51	5	10
Summer "		38	2	50
Silk Dress,	1	13	16	22
Merino Dress,	1	4	8	27
Calico Dress,		57	6	37
Chemise,	1	1	10	31
Women Skirt,		35	7	28
Muslin "		50	6	1
Night Dress,	1	7	10	2
Drawers,		28	6	6
Silk Apron,		15	4	16
Plain "		9	1	26

Seams of any considerable length are stitched, ordinarily, at the rate of a yard a minute.

By the sworn statements made by the several Sewing Machine Manufacturing Companies, it is shown that the

WHEELER & WILSON MANUF'G CO.

during the past year,

made more than double the number of Machines of any other establishment, and were still unable to supply orders!

They have won the highest premiums at the Fair of the United States Agricultural Society;—at the State Fairs of Maine, Vermont, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Mississippi, Missouri, Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, California, and at the Fairs of the American Institute, New York; Mechanics' Association, Boston; Franklin Institute, Philadelphia; Mechanics' Institute, Baltimore; Metropolitan Mechanics' Institute, Washington; Mechanics' Association, Cincinnati; Kentucky Institute, Louisville; Mechanical Association, St. Louis; Mechanics' Institute, San Francisco; and at hundreds of County Fairs.

These machines have been used by many families in this city for several years, all of whom pronounce them to be the perfection of a Sewing Machine. Full instruction in the working of the Machine, given to purchasers.

Just received, a fresh invoice of the world-renowned

OLD DOMINION COFFEE-POTS!!

of which so many thousands have been sold during the past year.

COFFEE.

Boiled coffee, it is well known, is superior to coffee made after the French fashion, by straining; but, when boiled in an ordinary coffee pot, the fine aroma goes off with the vapor, leaving the infusion flat or bitter, hence a resort by many housekeepers to the French biggin.

The "Old Dominion Coffee Pot" removes the common objection of waste of strength and flavor by evaporation in boiling. It is made with a condenser at the top, in which two syphons are arranged. After the coffee and water are placed in the coffee pot, the condenser, containing a small portion of cold water, is put on, and the spout closed with a movable cap, so that not a particle of vapor can escape. As soon as the coffee begins to boil, the vapor, instead of being given off into the room, passes up one of the syphons, and is condensed by the cold water introduced as much of the aroma as was carried off with the vapor is discharged. As the coffee continues to boil, the vapor, loaded with the aroma, continues to pass through the syphon into the water held in the condenser, until the water is raised above the level of the other syphon, when the whole passes back, by suction, into the coffee below. Thus the coffee is boiled, and yet does not lose a particle of its fine aroma or strength.

Several attempts have been made to construct a coffee pot that would accomplish this desirable object, but, until the "Old Dominion Coffee Pot" appeared, none was found entirely adapted to the purpose. It is simple in construction, easily used, and will always give good coffee at one fourth less cost than by the old modes of boiling.

There is in coffee both an aromatic and a bitter principle. In boiling, the aromatic (which is very volatile) escapes if the boiler is open, and the bitter remains. The excellence of coffee depends on the amount of aroma retained in boiling; but all know that this delicious fragrance of the berry is allowed to pervade the whole house for half-an-hour or so before breakfast, during the boiling process, and that, in too many cases, the flavor of the coffee is so impaired, that little or no enjoyment is found in the drinking. Coffee thus deprived of its aroma, is neither so pleasant nor so healthy as a beverage.

We would recommend to housekeepers a trial of the "Old Dominion Coffee Pot," which some families have had in use for over a year, and say they would on no consideration be without it, as it retains the whole of the strength as well as the aroma of the berry. One-fourth less coffee is required; and this is a consideration in these times. *Ladies' Home Magazine.*

The above is only one of hundreds of like testimonials in favor of these justly celebrated Coffee-Pots.

OLD DOMINION TEA-POTS.
made upon the same principle as the Coffee-pots.

WOOD'S
PATENT COFFEE-ROASTER.
A great loss of the aroma of the coffee berry is suffered by the common method of wasting it in an open pan. This is entirely obviated by the use of the Patent Roaster.
It is a simple, hollow iron syphon, or globe, intended to be placed over the fire in a stove or range, and so constructed as to be easily turned during the process of burning—so that every particle of coffee is equally roasted, and in this manner retains much more of its strength, than if burned in the ordinary way. No family that uses Coffee should be without a Coffee Roaster and an Old Dominion Coffee Pot.

KEROSENE! KEROSENE!!

GROVER & BAKER'S
Celebrated Family Sewing Machines.
NEW STYLES. — PRICES FROM $50 TO $125.
HEMMERS, $5 EXTRA.
OVER THIRTY THOUSAND IN USE

These Machines sew from two spools, as purchased from the store, requiring no rewinding of thread, and finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. On account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, they execute either heavy or fine work with equal facility, and without special adjustment.

THE NEW MACHINES INTRODUCED BY THE
GROVER & BAKER
SEWING MACHINE COMPANY
Are of elegant finish, and their operation is rapid and very quiet. The EASE with which they can be managed is a distinguishable feature, and the stitch is the strongest, handsomest, and most elastic of any made.

What is specially claimed for the "GROVER & BAKER" machine is—

That it makes a *stronger* and *handsomer* seam than is made by hand or by any other machine

That it makes a more *elastic* seam, which will withstand the tests of wear, and washing and ironing, better than that made by any other machine.

That the speed at which it can be used is higher than any other, and the power required to operate it is less than that required by any other machine.

That it is nearly noiseless in its operation.

That its construction is more simple, and its liability to disarrangement less than any other.

That it can be quicker learned, more easily kept in order, got ready for use, and changed from one quality or grade of work, than any other.

Its applicability to the entire range of Family Sewing—from the finest and most delicate texture to the heavier and coarser fabrics.

That it uses thread or silk from the *original spools*—no re-winding—no shuttles or bobbins to fill.

That it finishes its work and fastens the end of every seam; each stitch is independent of its neighbor.

Is there a husband, father or brother, who will permit the drudgery of hand-sewing in his family, when a GROVER & BAKER Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

TESTIMONIALS.

PORTSMOUTH, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Ragians, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

Here's Health for the Million!!
CLARKE'S SHERRY WINE BITTERS
Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Man cannot feel too thankful, that our all-wise Creator has so amply supplied us with the effectual means of preserving and regaining our health. This compound is a mild, effectual and regular Tonic, very pleasant to the palate, and exceedingly healthy for the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR. CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shaeked frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** for a pint bottle.
25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

Morning Chronicle.

For the Chronicle.

LINES SUGGESTED ON THE DEATH OF M. P. H., OF THIS CITY, WHO RECENTLY DECEASED AT BROOKLYN, N. Y.

Oh! who had thought, one year ago,
A form so beautiful and fair;
Like some sweet flower, would fade ere now,
And from our vision disappear.

Ah! never more shall we behold
Her winsome smile, or laughing eye;
No more will a fond mother fold
Her to her heart so lovingly.

But though this beauteous child of Heaven
Hath left us, still, we will not grieve;
The purest spirits God hath given,
He early calleth "Home" to live.

Oh, happy Home! sweet seraph now!
We could not wish thee back again;
For uncongenial Earth, we know,
A world of sorrow, tears, and pain.

Portsmouth, March 1, 1860. C.

It is not sufficient for a man to do as he *has been* done by, but he should do as he *would be* done by. No exigency can absolve a person from his allegiance to this rule.

Tom—"Don't you think some verses would touch her, Charley—a beautiful poem?"

Charley—"Oh, hang your verses, Tom. If you want to enjoy life, drop poetry and the gals altogether, and join a fire company."

BURNING SPURGEON'S SERMONS.—The Montgomery (Ala.) Mail says the vigilance committee at that place is engaged in burning dangerous books, and that two volumes of Spurgeon's sermons have been contributed for their bonfires, and that they will be burnt. The Mail calls for more.

FOR AN APPETITE.—An hour of vigorous labor will give a man a better appetite than all the bitters or "nippers" between here and Egypt.

The policy of every man of business, who must live by the public, is to let the public hear of him. His best speaking trumpet is the *newspaper advertisement.*

A PAIR OF RULES.—The Golden Rule—Give and forgive. The world's rule—Get and forget!

THE
ONLY PREPARATION
WORTHY OF
Universal Confidence and Patronage.
FOR STATESMEN, JUDGES, CLERGYMEN,

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20, 1858.
GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you, gentlemen, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling of arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend to my husband who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very Respectfully,
BENJ. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, N. Y.

Slamaston, Ala., July 20th, 1859.
To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" is worth my boy's weight in gold, since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man may become nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than at least it was before. Such is my experience. Believe it all! Yours truly,
WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. K.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood.—Dear Sir:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1853, I was induced to make a trial of your preparation, and found it to be the very thing needed. My hair is now thick and glossy, and has wonderful curling propensities to you in giving to the afflicted such a treasure.
FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market St., St. Louis, Mo.
Sold by all good Druggists.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success, who are following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1 a bottle.

Cordial of Dandelion. Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound has proved to be the surest remedy for these complaints that has been tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and a sure remedy for worms in young or old. Price 25 cents

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

LAWRENCE, July 27, 1854. "I hereby testify that the Cough Drops prepared by Dr. Simeon Swett, have given me very great relief from the whooping cough of late, and I would advise all who have a visit from that distressing complaint, to use it freely. MARY N. RICKER.

I know the above testimony of Mrs. Ricker in regard to the salutary effect of Dr. Swett's Cough Drops to be correct. CHARLES C. RICKER.

CANAAN, Dec 11, 1841. "I have been troubled with the phthisic for a number of years, and have found some relief in using Dr. Swett's Cough Drops, than from all other medicines put together, though I have tried many. FANNY MINER.

"I have been cured of a severe cough, by using Dr. Swett's Cough Drops, and I feel bound in sincerely recommend them to all who are afflicted with lung complaints, as I believe them the best medicine I ever found for that disease. EXPERIENCE.

EXETER, March 3, 1841. "Many of my brethren in the ministry, frequently complain of oppressed lungs and hoarseness of voice, after frequent labors. I wish to this card to say to them, and to all others affected, that the cough drops prepared by Dr. Swett, of Portsmouth, is a valuable remedy. I have found nothing that gives relief so quick. Let every suffering minister of the Gospel and try it. EBE. EDWIN BURNHAM.

EXETER, July 30, 1841. "I have found Dr Swett's cough drops to be the most effectual remedy for Coughs, and for any other complaint of the Lungs, of any medicines with which I am acquainted. NANCY F. JONES.

CANAAN, Aug 29, 1850. "This certifies that we have found greater relief from Dr. Swett's cough drops, than from any other medicine in our family, than from all other medicines put together
THEOPHILUS CURRIER,
ABIGAIL CURRIER.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. MATHES & YARRELL.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other Foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure patents, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1853.
"Mr. R. H. Eddy has made for me THIRTEEN applications, of not one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at reasonable charges." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN PEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1860. **R. H. EDDY.**

MOTHERS,

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has invented to pacify you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.—Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the cause of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very roots from which it is distilled being dug from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over any other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for weaning the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, it is reliable and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions, it is earnestly recommended to all loose no time in procuring it—Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the cheapest and best medicine. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 36 Maiden Lane, New York
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

MRS. WINSLOW,

An experienced Nurse and Female Physician presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and *can say,* of it, what we have never been able to say of any other article, NEVER FAILED, IN A SINGLE INSTANCE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in the highest terms of its virtues. We speak, in this matter, *what we do know,* after ten years of trial, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found within fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it is the best remedy in all cases of DYSENTERY AND DIARRHEA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. We believe it will be SURE—yes, we will say it—we feel it our duty to say it—we do say it—that more children have been killed by the use of Opiates, than have been saved by the use of all other medicines combined; we, therefore, in view of the fact that one of the most fatal opiates is now sold in almost every village in the country, under the guise of a harmless preparation for children, we feel it our duty to say that this preparation is entirely free from any opiate or poisonous drug, and may be given with the most perfect confidence that it will do only the good for which it is recommended.

Sold by all respectable druggists throughout the country, at 25 cents per bottle.

LOTTERIES.

THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for adventuring, and the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of
WOOD, EDDY & CO.,
are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving lit. All communications strictly confidential.

Write your address plainly, and direct to
WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

Real Estate and Stock Broker,
Jy11 No. 47 Congress St., Portsmouth, N. H.

BLOOD FOOD.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—at last recovered the idea of ANALYZING THE BLOOD, and applying the subject of phiology to the improvement of his health, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over 2000 consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Cough, Cold, Headache, Palpitation of the Heart, Want of Appetite, or Pain in the Side,* lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility,* or your mind is broken and disturbed, if your Spirits are depressed or your organs relaxed, you will find in this an unfailing remedy, by commencing with *ten drops.* If your Liver is torpid or diseased in any manner whatever, *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia,* the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Complaints or Weakness,* the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles.* The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum, Scrofulas, and other like complaints. *Pale and emaciated children and adults* are manifestly benefitted by its use. It gives strength to the body, and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

NOTICE TO ADVERTISERS.

The Chronicle Office is open (from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed—and will be inserted next morning, if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

NOTICE TO SUBSCRIBERS.

In consequence of the numerous complaints we have made to us, by city subscribers, of the non-receipt of the Chronicle; and the frequent instances in which we are called upon to duplicate papers, often already once delivered, but afterwards "strayed or stolen," from unprotected positions at the doors of subscribers—we are induced to adopt the following plan, in attempting to secure more prompt and regular delivery of our papers, and less vexation for ourselves and patrons.

We expect all papers to be delivered as early as half-past 7 o'clock, in pleasant weather and under favorable circumstances. All papers left at stores, open at the time of delivery, to be placed on the counter or desk, and never on the floor. All left at residences, to be placed in the storm-house, if any; and if none, to be put inside the house door; or if necessarily left out, the bell to be rung.

If subscribers will immediately inform us of any deviation from these rules, we will endeavor to remedy the evil; but when we are convinced that they are complied with, and that any loss results from lack of a suitable place to protect or secure the papers, we shall consider our contract ended when once the paper is delivered, and cannot supply any loss at our own expense.

We will here also renew our offer of $10 reward for evidence to convict any person of stealing a copy of the Chronicle from any door.

JOB AND CARD PRINTING

NEWSPAPERS.
CHEAP BOOKS, ANNUALS, TOY BOOKS,
Fancy Goods, Stationery, &c.,
may be found at the subscriber's store.

Among the very large number of Newspapers that I furnish, I will call particular attention to but two—THE NEW YORK LEDGER—a paper that excels all others in enterprise and ability.—The Hon. Edward Everett will continue to write for the Ledger, together with all the best talent in the world. THE NEW YORK TRIBUNE, the best paper in the world, for the news.

In calling the attention of the public to my list of Magazines and Newspapers, I would caution all against subscribing for Magazines, Newspapers, or other works, through irresponsible and transient persons, or travelling agents; for in nine cases out of ten you will be swindled and cheated.

If you wish to take any Magazine or newspaper, subscribe of some responsible agent in town. Hundreds of dollars are lost every year by subscribing for works of strangers and travelling agents, and by being induced to subscribe by the thousands of contrivances to cheat the public—such as Art Unions, Premiums, Cosmopolitan Art Associations, and various humbugs to gull the unwary. Keep clear of these, and pay your money to those whom you know to be responsible. The subscriber has been in the business fifteen years, and will guarantee to furnish any publication as cheap as can be obtained.

Patronize your own.

JOSEPH P. MORSE,
Periodical and Newspaper Agent,

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 3 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.
Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsy, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS PERRY, JR.

DRY GOODS.
Store No. 11 Market Street.
STEPHEN H. SIMES. JOHN S. RAND

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous;—their persons are invaded by this terrible infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fearful malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, RETSIPELAS, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popularity of "purifiers of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of the Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating power, searching and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.
Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral
FOR THE CURE OF
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. Whilst many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.
All our remedies are for sale by W. H. PRESTON, Portsmouth, and by all druggists and merchants in the civilized world. dec30 6m d&w

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, MARCH 3, 1860.

THE "POOR PRINTER."—We despise and protest against the common editorial custom of whining about the hard fate and poverty of printers. When a man can't get a living at printing or any other business, let him go to work at something else. As a last resort—though it ought not be that—there is plenty of corn to plant. Even our friends of the Portland Transcript—one of the best papers of the sort in the country, and without doubt reasonably successful—have the following piteous paragraph—not as speaking for themselves in particular, however:

Of all men who labor hard and honestly, the poor printer has least reward. There is cheating in all trades but his. He gives his subscribers a great deal more than their money's worth, even when he gets their money. Though cheating no one, he is himself most abominably cheated. There are men who take his paper for years, and think it an insult to be asked to pay for it, and always accompanying the money with an order to "stop my paper." There are others who put him to great expense to collect his just dues; and others again who subscribe without the least intention of paying, and sneakingly leave the postmaster to inform the printer that "Mr. Smallsoul's paper is not called for."

Now we believe the success of any man depends on himself, a hundred times more than on the business he is in. And the same rules apply to all sorts of business—discretion and discrimination being more or less necessary to all. The wear and tear of brain *and* muscle in the newspaper business is doubtless greater than in most other occupations; but the publisher who gets many and long bad accounts on his books, is like other men in similar circumstances—and must be set down as not so sharp as he should be. We are convinced that, in the newspaper business, as in any other, all that is necessary is to serve the worthy, reliable patrons faithfully, present their bills promptly; and *cut off all others from the books* at the earliest moment they are discovered to be such. The only business worth doing, of any kind, is *cash* business—and this will hold good with reference to newspaper printing, perhaps, with more force than some other business, where patrons are less widely scattered. But those who find it so mean, or so poor—do just leave it, and not be eternally crying it down.

☞ Burleigh says that in New York,—the strike in Lynn is printed in detail in all papers and commented upon with great interest. We have a large number of Southern men in the city, and it is curious to hear their comments. They regard it as a judgment; say that these Lynn magnates and other New England men contributed their money to raise riots and insurrections in the South, and now the cup is commended to their own lips by the rising of the Shoemakers, with no incentives from the South, and they wonder how you 'like it.'

Our answer would be, that every journeyman has the right to call for higher wages, and get them if he can by all fair and lawful means; and there is no good reason why workmen may not combine to raise their prices, as well as merchants or shopkeepers.

Aside from suffering by the strikers and their families, there is nothing bad in a strike.

If violence, intimidation, and oppression are resorted to by strikers,—they are as bad there as anywhere, and no worse.

A strike for wages is no more like a rebellion or insurrection, than a free journeyman is like a chattel slave.

The shoe manufacturer is as really dependent on his workman, as they are on him. One may discharge or fail; the other may strike or leave.

☞ Friday morning, about one o'clock, in Boston, fire was discovered in the attic at the southerly end of of the repair shop of the Boston & Worcester Railroad Company, and in a very few minutes the whole building was in flames. The fire communicated to the engine houses adjoining, in which were ten or twelve engines of the company. In the repair shop were two engines for repairs, which are a total loss.—Those in the engine house were removed in safety, with the exception of four, which were destroyed. In one hour from the time the alarm was given, both buildings were completely destroyed.

It is estimated that the total loss will be about $75,000. The company were fully insured. It is the general belief that the fire was the work of an incendiary.

☞ Mrs. Cynthia P. Clapp, of Hartford, has brought a suit against Mr. J. L. Prosser, for breach of promise—damages $25,000. Mr. Prosser is worth about $100,000, and recently married.

☞ Elijah Cowles of Hadley has been made to pay $958 to Mary E. Russell of Pelham, for promising to have her, and then sneaking away. She sued for $6500.

The more a man has on his body, the harder it is for him to manage him; but the more he has on his mind, the easier it is for him to manage it.—*Beecher.*

CONGRESS.

THURSDAY, MAR. 1.

SENATE.—The Senate passed a bill amending the act regulating the collection of duties on imports, &c., altering the time in which Collectors may take possession of vessels, from four days to one.

The Military Academy appropriation was then taken up, when Mr. Wigfall offered an amendment appropriating eleven thousand dollars for the support of a regiment of mounted volunteers for the defence of the frontiers of Texas.

A long discussion ensued, in which Messrs. Wigfall, Douglas, Doolittle, Fessenden, Hale, Wilson and Mason participated, and in the course of which both Mason and Wigfall said unless Congress acted in the premises war would result, as the people in Texas were resolved on seizing the Northern province in case Congress refuses relief.

The matter was finally referred to the Committee on Military affairs.

Mr. Gwin moved to reconsider the vote referring the Military Academy bill to the Military Committee, pending which the bill authorizing the sale of arms to the various States, and requiring the Superintendents of Armories to be taken from the Ordnance Corps, was considered.

Mr. Hale opposed the latter, and Mr. Davis replied.

Mr. Simmons moved to strike out the first section, saying arms would be better made in private establishments.

A long debate ensued, in the course of which Mr. Mason said Virginia had found it necessary, owing to the relations the States now bore to each other, to appropriate $500,000 for the purchase of arms, and would continue that from year to year until she was prepared for any emergency. She had sent to Europe for estimates, and would be very cautious how she bought arms in the northern section of the country.

Mr. Pugh opposed the bill.

After further debate, Mr. Fessenden said he had an amendment to offer, and the Senate adjourned.

HOUSE.—Mr. Washburn of Illinois, from the Committee on Commerce, reported a bill providing for the safety of passengers on steamboats. Consideration postponed for three weeks.

John Cochrane reported a bill for the better protection of female emigrants on the high seas.

The election of Printer, was postponed till to-morrow, and the House went into Committee on the President's annual Message, when Mr. Ashmore, of South Carolina, spoke on the slavery question. Adj.

☞ The latest news from Europe, Liverpool, Feb. 15, shows the condition of Italy to be still unsettled.

Furloughs granted to the French soldiers at Rome, have been suspended.

The Dresden Journal asserts in a letter of its Vienna correspondent, that France has requested the Pope to make proposals for settling the Italian question of the Romagna.

M. Venillot, editor of the (late) Univers, has arrived at Rome. A pamphlet from his pen is shortly expected to make its appearance, simultaneously at Paris, Brussels, and Genoa.

The Paris correspondent of the Herald says if the intense uneasiness and apprehension which prevails in France were made known through a free press, it would create consternation throughout Europe.

The Times' correspondent notices the same in connection with the intensity of feeling which prevails on the Roman question. Masses and prayers for the Pope are offered up in every Church throughout France day after day, and violent or insidious pamphlets are appearing with scarcely any cessation.

MISSOURI OPPOSITION CONVENTION.—ST. LOUIS, March 1st. The Missouri Opposition Convention met at Jefferson yesterday. Mr. Abel Leonard presided, who, on taking the chair, announced the object of the Convention.

A series of resolutions were introduced, denouncing the Democratic party for its action in favor of slavery and kindred questions; and nominating Edward Bates for the Presidency—all of which were unanimously adopted.

BREACH OF PROMISE CASES.—A correspondent at Natick says:

"There are two breach of promise cases on the tapis in Natick; one, the eldest daughter of the Methodist clergyman, has sued a flour and grain dealer in Boston for for $10,000; and the other, a gentleman, from New Hampshire, steps in and claims the affections of one of our citizens' wives to the tune of $5000."

THE SCHOOL MISTRESS ASSAULT CASE. The case of Joseph Barnard, for an assault upon Miss Rebecca Drake of Brookline, Mass., a schoolmistress, has been settled by payment of $1400. The amount sued for was $10,000.

CINCINNATI, March 1.—This morning, while workmen were engaged in tearing down the walls of the St. Javier Catholic Church, they fell, burying twenty men beneath the ruins. Ten bodies have already been taken out.

☞ Out of the German population of fifty thousand in Wisconsin, the papers say, there is not a single individual from the Faderland confined in the Penitentiary of the State.

HOME FOR AGED MEN.—A correspondent of the Transcript says several gentlemen have associated for the purpose of obtaining an act of incorporation for a "Home for Aged Men," similar to that excellent Home for Aged Women. Several wealthy citizens have pledged the means needed.

PORTLAND, March 2.—John Dameny (Irishman) was arrested at Stroutwater early this morning, for the murder of Patrick Cassidy on Wednesday night last in Cape Elizabeth.

Local.

☞ We have occupied considerable space this morning, with a couple of political documents,—which speak for, if they not explain, themselves.

The Mayor's Address is in reply or respone to the Report of a Committee, made in the Board of Aldermen *last* week, and which was published in the Journal and Ballot. Copies of the Journal containing it, may be had at the office.

Mr. Rider's Address was partly read by him in the Common Council; but on account of the numerous reflections on the Board, he was not allowed to finish it. We publish it at his request—merely remarking that his statements do not all seem facts to us, nor all his conclusions legitimate.

THE FIREMEN IN THE COMMON COUNCIL.—The Common Council, a fortnight ago, sent a protest to the Aldermen, against four members of the City Council (one Alderman and three Common Councilmen,) being appointed to and holding the offices of Firemen—two of the five being Assistant Engineers, and members of the Common Council. That protest was (singularly enough) referred to the Com. on Fire Dep. in the Aldermen—of which committee the Alderman who is also a Fireman, is himself a member!

Well, no report from that committee, or reply from the Aldermen, has yet reached the Common Council. But on Thursday evening last, the two Assistant Engineers resigned their seats in the Common Council, and also their commissions as Engineers. It was moved in the Council that their resignation be not accepted; the President decided it was final, and admitted of no action; an appeal was taken, the President not sustained—and the matter laid on the table for one week.

☞ The Masquerade Ball, at Irving Hall, on Tuesday evening, is reported as being a decided success. About fifty couples were present, in every variety of costume, "From King and Queen to Beggar mean;" and taste, skill and expense were lavished upon the adornments of the company. A person who has experience in such matters estimates the original cost of the costumes and dresses worn on this occasion at not less than two thousand dollars. Mr. Lamprey announces a second ball of this character for next Thursday evening.

DIALOGUE BETWEEN A CITIZEN AND FIREMAN.—"Say, Charlie, what's your hurry, and what's the rush?" "Why, I am selling tickets for the Glass Exhibition, Saturday evening; and as for the rush, there will be a great rush. Everybody is going. Better have a ticket, Jake, and three or four for your family. We are bound to have the trumpet." "What trumpet?"—"Why, the glass trumpet, to be sure." "Yes, and what shall I get for my ticket?" "Why, a chance for one of fifty other prizes, valued from 25 cts. to $5, to be presented to the audience by numbers." "All right; I will take ten tickets."

☞ Your last chance to see the Glass Blowers, to-night. Go early.

☞ We learn that the First Church and Parish in Exeter, N. H., have extended a call to Rev. S. R. Dennen of Watertown to become their pastor.

THE WISCONSIN RESCUE CASE AGAIN.—*Milwaukie, Feb.* 2.—Sherman M. Booth was yesterday re-arrested by the United States Marshal on the Glover rescue case. Should our State Supreme Court issue a habeas corpus as before, the writ will be resisted by the United States authorities, and the question tested as to the power of the States Courts over the United States Court.

ST. LOUIS, March 2.—Major Gaines, Paymaster in the U. S Army, died at Fort Smith on the 18th ult.

Advices from Utah say that the editor of the Valley Tan has been denounced by the Church authorities, in consequence of some strictures published in his journal, and the civil officials have notified him that they can no longer be responsible for his safety.

☞ The wealth left by Stephen Whitney of New York cannot be estimated from the provisions of his will. It is said, however, to amount from ten to fifteen millions of dollars. He has divided the whole of this vast estate among his family, not a cent being left to charitable or literary institutions.

☞ By the Portland Argus it appears that the officers of the Anglo-Saxon do not know the number of passengers on board the Hungarian. But they confidently assert the number could not be so large as has been reported. The number of cabin passengers is variously estimated at from 20 to 35.

THE SITE OF THE PEMBERTON MILL. Mr. Nevins, the purchaser of the real estate on which this mill was located, will immediately re-construct a fire-proof building.—Mr. Nevins was one of the principal owners in the old company, and he gave $76,000 for the land and ruins of the building. The old iron, &c., of the machinery brought about $12,000.

☞ At a public "Tea Party" recently held in one of our country towns, where "sentiments" were in order, a timid bachelor was bold enough to remind the ladies that leap year was upon them, by offering the following:

Three long, dreary years I have waited for this,
Now if you'll pop the question, I'll surely say yes.

To which a lady promptly responded as follows:

The man without courage to do his own wooing,
May do his own washing and baking and sewing.

The bachelor looked despair.

MARRIED.

In Newcastle, 28th inst., by Rev. Mr. Alden, Mr. THOMAS RAND to Miss ADELINE A. TWOMBLY.

In Eliot, March 1st, by Rev. Mr. Waterhouse, Mr. HIRAM W. EMERY, of Lockwood, Ind., to Miss SARAH F. BARTLETT, daughter of Mr. Nathan Bartlett, of E.

DIED.

In this city, Feb. 29th, JOHN WELSH FOSTER, aged 14 months, son of J. Hos. and A. M. Foster. Funeral this (Saturday) afternoon, at 2 o'clock. Relatives and friends are invited.

In Epping, March 2d, Mrs. OLIVE LAWRENCE, aged 84 years and 4 months, widow of the late David Lawrence, Esq.

Here's Health for the Million!!

CLARKE'S SHERRY WINE BITTERS

Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Man cannot feel too thankful, that our all-wise Creator has so amply supplied us with the effectual means of preserving and regaining our health. This compound is a mild, effectual and regular Tonic, very pleasant to the palate, and exceedingly healthy for the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** for a pint bottle.

25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

DR. E. R. CLARKE, Sharon, Mass.,
Manufacturer and Proprietor.

DR. CLARKE'S HERB PILLS

ARE THE CHEAPEST AND BEST IN THE WORLD!!

DR. CLARK'S HERB SYRUP

cures everybody. Try it!!

Prepared by DR. E R. CLARKE, and Sold in Portsmouth by Mathes & Varrell, Joseph H. Thaeher, and B. Hutchings. feb27

Special Notices.

NOTICE.

The firm of ADAMS & CURTIS is not dissolved.
JOSIAH F. ADAMS.
WOODBURY CURTIS.

Portsmouth, March 2, 1860.

LOST—On Thursday evening last, at Irving Hall, or between the Hall and Brewster street, a GOLD BRACELET. The finder will be suitably rewarded on leaving it at the Chronicle Office.

$25 REWARD.

LOST, on Wednesday, either in Exeter, or on the road to Portsmouth, a bronze POCKET-BOOK, with steel clasp, containing about 250 dollars: 80 in $10 gold pieces, and most of the bills on the Bank of the Commonwealth, New York.—The finder shall receive the above reward, on leaving it at the Chronicle office.

Liver Complaint.

The liver, being the great purifying organ, arrests in its substance many morbid products, the fertile sources of disease. The PERUVIAN SYRUP stimulates the liver to the performance of its functions, lessens the evils of bad digestion, and thus acts at the same time in a restorative and preventive manner.

Testimony from a well known physician.

Letter from S. H. Kendall, M. D., Boston, Jan. 22, '59.—I was for many years afflicted with Liver Complaint, of which I was cured in 1854 by the use of the PERUVIAN SYRUP, and have enjoyed perfect health ever since.
S. H. KENDALL, M. D.

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia and like diseases, is the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

The unequalled success that has attended the application of this Medicine in Coughs, Colds, Asthma, Bronchial Affection, Diseases of the Throat and Lungs, Incipient Consumption, has induced many physicians of high standing to employ it in their practice, many of whom advise us of the fact under their own signature:

WISTAR'S BALSAM OF WILD CHERRY RECOMMENDED BY PHYSICIANS

AUBURN, Sept. 6, 1858.

S. W. Fowle & Co.—Sirs:—I most cheerfully add testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. B. LYNCH, M. D.

MANSFIELD, Tioga Co., Pa., Aug. 1858.

Gentlemen:—Having used in my practice the last four years, Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.

CAPE VINCENT, N. Y., July 17, 1868.

Gentlemen:—After using Dr. Wistar's Balsam for a long time I can say from repeated observation that I regard it as one of the best kind of Cough medicines, and take great pleasure in recommending it to the afflicted.
W. H. WEBB, M. D.

BROWNVILLE, N. Y., July 18, 1858.

Gents:—Having sold Wistar's Balsam two years past, and having used the same myself with great success, I cheerfully recommend to all who are suffering with Asthma or Consumption.
A. A. GIBBS.

None genuine unless signed I. BUTTS on the wrapper.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, A. P. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spuct 4wd&w

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtonthiorumenos.

☞ **Mrs. Winslow.** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Smith's Curative Cleansing Compound

Has readily cured or effectually relieved, in numerous cases in various parts of New England, the following complaints, viz: Neuralgia, Sore Throat, Croup, Chapped Hands, Chilblains, Cuts, Bruises, Sprains, Burns, Scalds, Spider Bites, Sore Breasts, Erysipelas, Frost Bites, Dysentery, Colic, Cramp in the Stomach or Limbs, Rheumatism, Acne, Toothache, &c. The above complaints may either be relieved or cured in a few minutes.

HILL & CARR.

SYRUP AND BUCKWHEAT.

NEW ORLEANS SYRUP and Fresh Ground BUCKWHEAT, just received and for sale at No. 12 Market St., by JOHN STAVERS.

ADDRESS TO COMMON COUNCIL,

BY J. E. RIDER,

On Resigning his Seat in that Board.

Mr. President:—Being about to present a subject for the consideration of the members of this Council, one of some importance to myself as well as to my constituents, I must ask the indulgence of the members while I make a few introductory remarks, and recapitulate the action of this board, while I have been a member, towards myself and colleagues.

At our last annual municipal election, I was elected by a larger majority than any member from either of the two upper wards, to represent a constituency in this Council. Prior to my election, I was an Assistant Engineer of the Fire Department, and held that office at the time of my election as Councilman. In the month of January, and before the inauguration of the city government, I was re-elected to fill the office of Engineer for the ensuing year. I entered upon the duties of both offices, supposing that I was acting under and in conformity with the laws of the State; but it seems that in this particular I was to find myself, according to the strict interpretation of the law, greatly mistaken.

At the first meeting of the Council, on the day of inauguration, we proceeded to the election of officers, and with a result that was much to the satisfaction of the Democratic members of this board;—for there had been elected our veteran City Clerk—and the worthy President of this Council, who from our previous acquaintance with him, we always found just in his dealings. With this result, I say, we were well satisfied. At the second meeting the Committees were announced, and with those appointments we were convinced that, whatever the result was with the members, as far as the presiding officer was concerned there was a desire on his part to act without party feelings. At the third meeting, a communication was received from the Board of Aldermen, directing the Mayor to inquire as to the expediency of purchasing a steam fire engine; then one of the members from Ward 2 arose and said they wished for no advice from a Democratic Mayor, or from the Democratic side of the house.—This was the first intimation that we had from the Republican side, that the majority intended to discuss party matters.
